ERIC GARCETTI, MAYOR OF THE CITY OF LOS ANGELES**

STATEMENT OF REASONS

We, the undersigned voters of the City of Los Angeles do hereby petition The Los Angeles City Clerk's Office for redress of our grievances and do hereby request a Recall Election to be held – for cause – against Mayor Eric Garcetti.

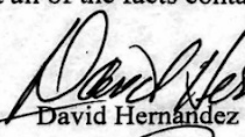

There are more than 36,000 people who are homeless in the City of Los Angeles. Numbers released by the Los Angeles Homeless Services Authority via The Los Angeles Times on June 4th, 2019, show an increase of 16% in homelessness in the City of Los Angeles. According to The Los Angeles Times, there has been a 75% increase in homelessness in the past six years. According to City Controller Ron Galperin, since voters funded Measure HHH in 2017, with \$1.2 billion for supportive housing, not one unit to house the homeless has been completed. This is a direct result of failed leadership at the top!

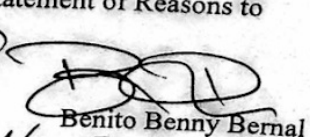

Garcetti has failed to prevent homelessness in Los Angeles, causing a serious risk to all of the public health with reported diseases such as typhoid-fever, tuberculosis and other fecal and rodent, flea and bedbug-borne diseases. Garcetti's inaction, lack of prioritization for the citizens of Los Angeles caused third-world conditions, with disease breeding devastation on the homeless who are forced to live and die in conditions that are a danger to all of the public health.

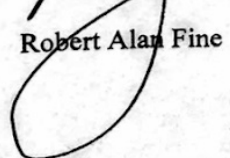

According to the Los Angeles County Department Medical Examiner-Coroner, more than 3,612 homeless men and women have died, with a total of 918 in 2018 alone. In the past year, the number of deaths among homeless women has more than doubled. The latest numbers also show an 8% spike in homeless adult youth, between the age of 18-24 (LAHSA). It is also reported by the Los Angeles Times more than 16,000 people in Los Angeles are living in his or her car.

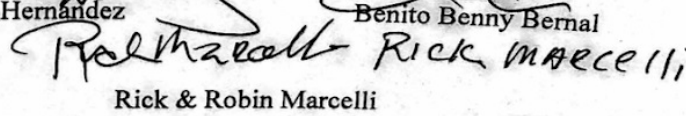

The voters and citizens of Los Angeles will not accept this type of failed, weak, lack of leadership. We hereby declare that all of the facts contained in this Statement of Reasons to recall Eric Garcetti are true.
