

## Overview

This Sparkman & Stephens designed Nauticat 43 has been constructed in 1984 in the yard of Siltala Yachts in Finland. She's a cutter-rigged ketch with dual Furlex and a full batten mainsail. Powered by a Ford diesel 89 hp with 4.500 hours of use. She has a new (2005) navigation outfit as a Furuno radar, GPS, Navtex, and autopilot. Equipped in 2006 with a battery plate and air-exertion.

She has a really commodious interior and sleeps 6 in 3 cabins. She's a fair condition and elevation's still ongoing, recently new-laid cork sundecks, new anchor winch, new sundries, new establisher, and new antifouling. Understandably a veritably popular cruising yacht- she has good sailing performance combined with the important machine. This bone with watermarked is well worth consideration and seriously for the deal. newly reduced in price.

The Nauticat 43 is an elegant Sparkman & Stephens-designed ketch for the roaming sailor who likes good sailing performance. Probably one of the stylish models of the well-known Nauticat range. Loaded with extras like establisher and bow thruster. truly good lodgment, sauna, sundeck saloon, and luxurious owner's cabin with separate shower. Lots of storage space and long-range capability.

The Nauticat 43 is a really heavy sailboat that is a graciously good performer. It's nicely stable stiff and has an excellent righting capability if overturned. It's stylishly and suited as a heavy bluewater roaming boat.

This boat has a good score and ranks in the top section. It's an excellent choice
