**Maxims:**

All men and women know that the foundation of law and commerce exists in the telling of the truth, the whole truth, and nothing but the truth.

Truth as a valid statement of reality is sovereign in commerce.

An un-rebutted affidavit stands as truth in commerce.

An un-rebutted affidavit is acted upon as the judgment in commerce.

Guaranteed—All men shall have a remedy by the due course of law. If a remedy does not exist, or if the existing remedy has been subverted, then one may create a remedy for themselves and endow it with credibility by expressing it in their affidavit. (Ignorance of the law might be an excuse, but it is not a valid reason for the commission of a crime when the law is easily and readily available to anyone making a reasonable effort to study the law.)

All corporate government is based upon Commercial Affidavits, Commercial Contracts, Commercial Liens and Commercial Distresses, hence, governments cannot exercise the power to expunge commercial processes.

The Legitimate Political Power of a corporate entity is absolutely dependent upon its possession of Commercial Bonds against Public Hazard, because no Bond means no responsibility, means no power of Official signature, means no real corporate political power, means no privilege to operate statutes as the corporate vehicle.

The Corporate Legal Power is secondary to Commercial Guarantors. Case law is not a responsible substitute for a Bond. Municipal corporations which include cities, counties, states and national governments have no commercial reality without bonding of the entity, its vehicle (statutes), and its effects (the execution of its rulings).

Except for a Jury, it is also a fatal offense for any person, even a Judge, to impair or to expunge, without a Counter-Affidavit, any Affidavit or any commercial process based upon an Affidavit. Judicial non-jury commercial judgments and orders originate from a limited liability entity called a municipal corporation, hence must be reinforced by a Commercial Affidavit and a Commercial Liability Bond provided by a titled Bonding Agency.

A foreclosure by a summary judgment (non-jury) without a commercial bond is a violation of Commercial Law. Governments cannot make non-bonded rulings or statutes which control commerce, free enterprise, citizens, or sole proprietorships without suspending commerce by a general declaration of martial law.

It is tax fraud to use Courts to settle a dispute/controversy which could be settled peacefully outside of or without the Court. An official (officer of the court, policeman, etc.) must demonstrate that he/she is individually bonded in order to use a summary process.

**U.S.C SEC TRACER #:**

**3502935**

*Not a point of law*

An official who impairs, debauches, voids or abridges an obligation of contract or the effect of a commercial lien without proper cause, becomes a lien debtor and his/her property becomes forfeited as the pledge to secure the lien. Pound breach (breach of impoundment) and rescue is a felony.

It is against the law for a Judge to summarily remove, dismiss, dissolve or diminish a Commercial Lien. Only the Lien Claimant or a Jury can dissolve a commercial lien.

**Notice to agent is notice to principal - notice to principal is notice to agent.**

PUBLIC HAZARD BONDING OF CORPORATE AGENTS All officials are required by federal, state, and municipal law to provide the name, address and telephone number of their public hazard and malpractice bonding company and the policy number of the bond and, if required, a copy of the policy describing the bonding coverage of their specific job performance. Failure to provide this information constitutes corporate and limited liability insurance fraud (15 USC) and is prim-a-facie evidence and grounds to impose a lien upon the official personally to secure their public oath and service of office.  
[Herein, we push forth the highest in punitive damages for all listed offenses and set them for the record.]

## ALLEGATIONS:

These Allegations arise from the conduct of Lien Debtors in regards to their conduct doing business as the CLARK COUNTY NEVADA DISTRICT COURT AND ALL DISTRICT COURT JUDGES, ASSOCIATE JUDGES, ATTORNEYS, CLERKS, BAILIFFS, SHERIFFS, DEPUTIES, AGENTS: CID, CBI, FBI, BATF, IRS AGENTS and all CO-CONSPIRATORS and ANY and ALL (JOHN DOES and JANE DOES)

1. Jeremy Lowe of the Lowe family was born on August, 18, 1982, the son by blood of [REDACTED] and Paul Eric Lowe.
2. Paul Eric Lowe was born in Albuquerque, New Mexico on May 13, 1958, the son by blood of John Stephen Lowe and Donna M. Lowe.
3. Paul Eric Lowe is the direct heir of Stephen Lowe and Jane Amelia Stewart.
4. [REDACTED] was born on [REDACTED] the daughter by blood of Sara [REDACTED] and Jack Thompson.
5. Sara [REDACTED] was born on June 9, 1923 the daughter by blood of [REDACTED] and James Howard.
6. [REDACTED] is the direct heir of [REDACTED] and James Howard.
7. In the year 1946, we know it to be true that Cliven D. Bundy was born to one Bodel and David Bundy across state line of Arizona in the Bundyville Township. He is heir to Dudley Leavitt.
8. In the year 1948, David and Bodel Bundy moved to Nevada state to reside on the Bundy Ranch farm that is settled within the Bunkerville Township, operated as private property since 1900.
9. After a decade of working to restore the soil on several dozen acres of farm land, Cliven Bundy by title deed acquired rights to private property held in the Gold Butte region near Las Vegas.
10. Cliven and Carol Bundy acquired rights to this property by natural succession, after moving to Bunkerville it is foresworn on the record this day. This passed onward according to the rules of heirs.
11. The property of some 100 acres, a main house and a historic pasture came under the Title of Bundy Family Trust for trustee-ship of David and Bodel Bundy. Both are heirs to the Leavitt estate.
12. The main Ranch address is 3315 New Gold Butte Road off the clef of Bunkerville, NV.
13. Jeremy Lowe does present as a witness, that the parties Cliven Bundy and Ammon Bundy were named as heirs to this private Trust. In addition, the mining company **BARRICK GOLD** took a vested interest in this region during the 1990's which was in some circles dubbed "The Golden Arrow." The acreage was greatly sought after by Steve Barringer. These records are being submitted to several Grand Juries to open investigations. This ranch was hereby deeded before the BLM's arrival.
14. The monetary investment for the estate amounted to some \$800,000.00 US Dollars. The purchase of the property was made from Raoul and Ruth Leavitt in 1948 for development of each square inch of this local land.
15. In 1954, this property was officially opened for cattle grazing with use of the

deed owners own private land; guaranteed under their constitution and state law charter for ranchers.

16. Several decades later in 1996, the ranchers in the area file to have their land returned back to their territorial possession and be entirely free of federal encroachment. The assemblies pass this new law in lieu of Barrick Gold's entry.

17. In 1998, the government attempts to sue Cliven Bundy and the Bundy Ranch to have it shut down over grazing permits; even as earlier law shows this is private land. The government loses the case, and the ranchers as well as Bundy are still locked up and inconvenienced many times over.

18. Again the government sues Bundy in 2008, this time to seize the property and impound the cattle. The suit is successful and it is discovered Harry Reid has an interest in making that land federal land, for use in their new solar energy project and eventual seizure for prospect Gold mining.

This fact is not disclosed to the public who relies on truth.

19. Cliven Bundy again refuses to remove the cattle in 2012 and also again on April, 5, 2014 leading to the Bundy Ranch Stand-Off. BLM agent **Daniel P. Love** falsely claims Bundy had made physical threats upon him. The cattle is impounded but is then released following the militia's arrival.

**If no timely rebuttal, it is AFFIRMED.**

20. After an unrelated incident in Oregon, a local rancher Lavoy Finicum is shot and killed during a public protest on behalf of private property rights. Agent W. Joseph Astarita of the FBI covers up that incident of Finicum's shooting with Special Agent Greg Bretzing. Cliven Bundy and his son Ammon stand up for these ranchers the same way and are arrested on Feb. 12 2016 for the original April 2014 ranch stand-off.

**If no timely rebuttal, it is AFFIRMED.**

21. Beginning in March 2016, deputy undersheriffs including Brent C. Moody for the Nye County Sheriff's office in Nevada are witness to torture, malpractice and subjugation of prisoners including prolonged beating of Ryan Bundy at the correctional facility in Pahrump, Nevada. These allegations involve and are not limited to: torture, deprivation of civil rights and numerous felonies perpetrated against Ryan and Ammon Bundy in broad daylight. On several occasions Moody does nothing about the abuse, or attempts by Nye County to forcefully remove 1 bullet from Ryan's skin. The bullet at that stage is now state's evidence which can exonerate Bundy during a physical trial by Jury. Any intervention by outside counsel is blocked. Repeated attempts to request the abuse cease is dismissed, quite deliberately.

**If no timely rebuttal, it is AFFIRMED.**

22. After this discovery was reported to Judge Gloria Navarro, absolutely nothing was done to prevent the abuse from occurring. The abuse was precipitated and increased by a significant amount as soon as the date passed June of 2016. In lieu of this, the defense was not offered any opportunity to file a motion for the Bundy defendants in their own defense. There was no warrant or probable cause to deprive these men of their Civil Rights in any manner for the issuance of such a search. **If no timely rebuttal, it is AFFIRMED.**

---

23. **NOTE: Undersheriff Brent C. Moody does not produce an Affidavit that can show “Probable Cause” and/or “Injured Party” in this case or any other. No “Injured Party” means “No Crime committed ...No Crime in progress.”**  
**If no timely rebuttal, it is AFFIRMED.**

24. **Sharon Wehrly and her municipal agents had a fiduciary responsibility to Arrest Undersheriff Brent C. Moody and the various Deputies for enacting a Warrantless Search and Cavity Search attempt on Ryan Bundy et. all for those reasons.**  
**If no timely rebuttal, it is AFFIRMED.**

25. Brent C. Moody is a Private Contractor barely employed by the Nye County Sheriff Office.

**If no timely rebuttal, it is AFFIRMED.**

26. The morning of May 12, 2017 Sharon Wehrly was compelled to complete an investigation of the torture being enacted upon Ryan Bundy, yet still refused to do anything to prevent it.

It was known at that time of the illegal conduct taking place by each of the deputies, as well as their attempt to shut down protests against the level of mistreatment occurring.

**If no timely rebuttal, it is AFFIRMED.**

[<http://209.157.64.200/focus/f-bloggers/3555723>]

27. On May 2 of 2017, it is discovered that both Cliven and Ryan Bundy have been kept in solitary confinement under deplorable conditions for more than 8 weeks hence. Judge Gloria Maria Navarro was aware of it and did nothing; in spite of violating §42 U.S.C. three separate times.

**If no timely rebuttal, it is AFFIRMED.**

28. Shortly after on May 13, a video is shown of the mistreatment and violations to Sheriff Sharon Wehrly , who does not halt the treatment despite it being listed in her job duty’s description.

**If no timely rebuttal, it is AFFIRMED.**

29. Undersheriff of Nye County Brent C. Moody and all assigned deputies, proceed to remove all protests and protest site literature and props from the protestor camp despite it being illegal under Nevada law; while being filmed off-site. This done in public violation of their 1<sup>st</sup> amendment rights, all while breaking code §42 U.S.C. (3) in the process.

**If no timely rebuttal, it is AFFIRMED.**

30. In June 2017, the deputies then proceeded to beat Ryan Bundy repeatedly in a 3 x 3 cell on the prison grounds and toss him down into a hole like area. This overseen or at minimum is witnessed by public agent **Brent C. Moody**, all searches being done without a **lawful 4th Amendment Constitutional Warrant**. This being vital knowledge to counsel.

**If no timely rebuttal, it is AFFIRMED.**

31. Cliven Bundy and son Ryan Bundy were remanded into Federal custody in 2016 as well as again in Mar. 1, 2017, and held in deplorably isolated conditions against their will on recommendation of Judge Carl Hoffman Jr. following an oral request from **Navarro**. It takes place at the exact time Navarro is requested to oversee another unrelated case against **BARRICK GOLD**; by Judge Robert Jones, which we will prove is involved with this same very matter.

This all occurs with no outside access to counsel, on account of them being seen as a threat to the community. It takes place in spite of there being no evidence offered into the record which would prove any type of “imminent” threat.

**If no timely rebuttal, it is AFFIRMED.**

32. At the Prison on the morning of July 10, 2017, Ryan Bundy was again accosted by deputies at gunpoint inside an isolated jail cell in Pahrump, NV despite there being no explicit reason to illegally search without due process. He was beaten severely with no outside reasons offered.

**If no timely rebuttal, it is AFFIRMED.**

33. Under Sheriff Brent C. Moody also told protestors they may not camp out or protest near the **prison site, for fear of it making the prison personnel “uncomfortable.” This despite it being their guaranteed 1<sup>st</sup> amendment right to do so. (Violation of Title UCC 1-207 T. D. C. /§42 U.S.C. without prejudice)**

**If no timely rebuttal, it is AFFIRMED.**

34. The Under Sheriff Brent C. Moody issues arrest warnings and then proceeds to order his deputies to arrest everyone at the protest, despite there being no sworn warrant or probable cause to do so. Eye witnesses log this at the site.

**(Violation of Title UCC 1-207 T. D. C./ §42 U.S.C.(3) without prejudice)**

**If no timely rebuttal, it is AFFIRMED.**

35. Under Sheriff Brent Moody instructed a number of deputies to conduct a search of their vehicles for incriminating evidence, all without probable cause or merit. Once again without a **lawful 4th Amendment Constitutional Warrant.**

**If no timely rebuttal, it is AFFIRMED.**

36. Ammon and Ryan Bundy were in unlawful detainment in a open air prison for more than 10 weeks without a hearing or any **lawful 4th Amendment Constitutional Warrant ever presented.**

**Brent C. Moody was witness to the conditions and presides over the process in the region of Nye County.**

**If no timely rebuttal, it is AFFIRMED.**

37. **That same week, court produced an unsworn statement alleging a warrant for making threats.** There were no procedural reasons cited for seizure of the men including Cliven Bundy other than an unpaid permit.

**If no timely rebuttal, it is AFFIRMED.**

38. **There was no warrant or hearing offered to Cliven Bundy or the parties in question, who were illegally jailed under color of law and allowed no defense.**

**If no timely rebuttal, it is AFFIRMED.**

39. **“Probable Cause” can only be validated by a signed Oath and Affidavit from the “Concerned Citizen”. As there was No Injured Party and/or No Injury to Property, there was No Crime in progress.**

**If no timely rebuttal, it is AFFIRMED.**

40. **In Mid August of 2017, Cliven and Ryan Bundy were tortured in jail and offered no redress as required by the Bill of Rights which is now on the official public written record. If no timely rebuttal, it is AFFIRMED.**

**Notice is hereby given that all Lien Debtors have ten days (10 days) to rebut, deny or to prove the above Allegations that are assigned to this Affidavit of Obligation. Failure of any Debtor to rebut, deny or to prove any one of these allegations will Be construed to be failure to rebut, deny or to prove all of these allegations.**

Toni Suminski testified in court under oath in the first Bundy trial that recordings of those transmissions were lost after the the hard drive running the recording software had mysteriously come un-plugged during the protest on April 12, 2014. "Community groups from Chile's Region III and politicians have submitted to national environment authority Conama close to 70 complaints against Barrick Gold's (NYSE: ABX) Pascua Lama gold-silver project, newspaper Diario Financiero reported. The groups and politicians, including senator Nelson Ávila and senator-elect Alejandro **Navarro**, also requested that Barrick carry out a new project EIS, local press reported. Last month, Region III environment authority Corema gave its conditional approval to the Canadian miner's modification to the Chilean side of the US\$1.5bn project, giving the company and groups 30 days to submit responses to Conama. According to Corema's ruling, Barrick cannot interfere with the three glaciers on the mining property and must set up "rigorous methods" to protect water resources in the Huasco valley, which is downstream from the proposed project. Pascua Lama would occupy a high-altitude zone in Region III and stretch across the border into Argentina. The mine is designed to churn out 750,000-775,000oz/y of gold and 32M-34Moz/y of silver in the first 10 years of operation."

**ELKO - Historic Star Hotel has new owners, Scott and Tricia Ygoa, but they will maintain the traditions of the famous Basque restaurant.**

**"We will keep everything the same - a fun family restaurant for everyone," Scott Ygoa said. "The staff hasn't changed."**

**"We're planning to keep the same things on the menu," said Tricia Ygoa.**

**The Ygoas are taking over the Star from Miguel and Teresa Leonis and Severiano Lazcano, who bought the Star from Joe and Anita Sarasua in 1989.**

**"We'll do a little travel, and then I'm not sure of our plans," said Teresa Leonis.**

**Miguel and Teresa Leonis also are giving the new owners a hand as needed. Miguel Leonis said he's been helping in the bar on the busiest days.**

**The Basque restaurant has been an Elko attraction for many years. The hotel was built in 1909 or 1910, depending on the news account, and all the proprietors have been Basque over the years.**

**Miguel Leonis and Lazcano are natives of Navara, Spain, and Scott Ygoa said he is Basque and an Elko native. He worked for Barrick Goldstrike Mines Inc. for 16 years before taking on this new venture.**

**Tricia Scott said she is a Nevada native, but she's not Basque. She was a hairdresser for 17 years.**

**The Star is known for its Basque food, and the hotel also features a bar that draws customers for the famous Picon punch.**

**The bar where drinks are served dates from 1910, according to Miguel Leonis. That's the year the Star opened.**

**Traditionally, the Star also was home to bachelors who took their meals at the hotel. The Star provided a home away from home for the Basque shepherders who came to Elko to work and didn't know any English.**

**Scott Ygoa said there are still Basque shepherders living upstairs, "and we rent rooms by the week or month."**

**A framed list of the hotel's owners quoted in a 1989 Elko Daily Free Press article shows that in 1910 the title to the new hotel went from Emilio Dotta to Peter Jauregui for \$4,000. Jauregui and his wife Matilde kept the business until 1929.**

**They sold to Joe Corta, who sold it the same year to G.F. Arrascada and Albert Garamendi. Arrascada sold to Pete Jauregui in 1943, and he sold it in 1944 to Fred and Bibiana Bengoa, who kept it until 1953.**

**Domingo and Marguerite Ozamis then sold to Jose Jauristi and Luis Alfonso Esnoz in 1959, and the Sarasuas purchased the Star in 1964. They had a partner, the late John Aldazabal, who sold his share to them in 1979.**

**An article in the Dec. 13, 1910, Elko Free Press states that the Star is just nearing completion at the corner opposite the Western Pacific depot and is an "up-to-date hotel, with all the conveniences the traveling public demands."**

**The newspaper also reports proprietor Peter Jauregui was planning a grand opening.**

**"The dance will be free and a good time is assured to all," the article states.**

**The advertisement in the Dec. 20, 1910, Free Press reads: "Newly opened. The Star Hotel. Everything new, fresh and clean, and first-class throughout. Moderate rates. Courteous treatment."**

**Today, the Star serves Basque-style dinners that always include soup, bread, salad, French fries and vegetables. Customers select the meat or seafood dish of their choice.**

**Lunches are served at 11:30 a.m. Mondays through Fridays, and dinner is served from 5 p.m. to 9:30 p.m. Mondays through Saturdays at the Star, located at 246 Silver St.**

**The new owners said, however, that the Star will be closed Christmas Eve and Christmas Day.**

Northeast Clark County Cattle Trespass

**Cattle Trespass Impacts**

Cliven Bundy has no legal authority to graze cattle on federal lands in the Gold Butte area, including Lake Mead National Recreation Area. The U.S. District Court of Nevada has permanently enjoined Cliven Bundy's trespass grazing, ordered him to remove his trespass cattle from public lands inside and outside the former Eunkerville Allotment (including from the Lake Mead NRA) before December 2013, and stated the U.S. is entitled to seize and impound any cattle that have not been removed by the judicially imposed off-date and that remain in trespass. A large number of the trespass cattle on the federal lands are feral cattle that can pose a threat to members of the public recreating or traveling over the federal lands. The trespass cattle have also caused damage to private property, as well as to the federal lands and natural resources.

**Examples of Recent Incidents of Private Property Damage Caused by Bundy's Trespass Cattle**

- One feral cow was hit by an automobile within Lake Mead National Recreation Area. Cattle are frequently seen on public roads, including State Route 170 and pose a danger to vehicles and to members of the public traveling on public roads.
- Overton Wildlife Refuge (State of Nevada) employee attacked by a Bundy bull.
- Crop destroyed by Bundy cattle on private land.
- Mesquite Heritage Community Garden damaged by trespass cattle.
- Mesquite golf course damaged by trespass cattle.

**Examples of Restoration Funding and Viability Impacted**

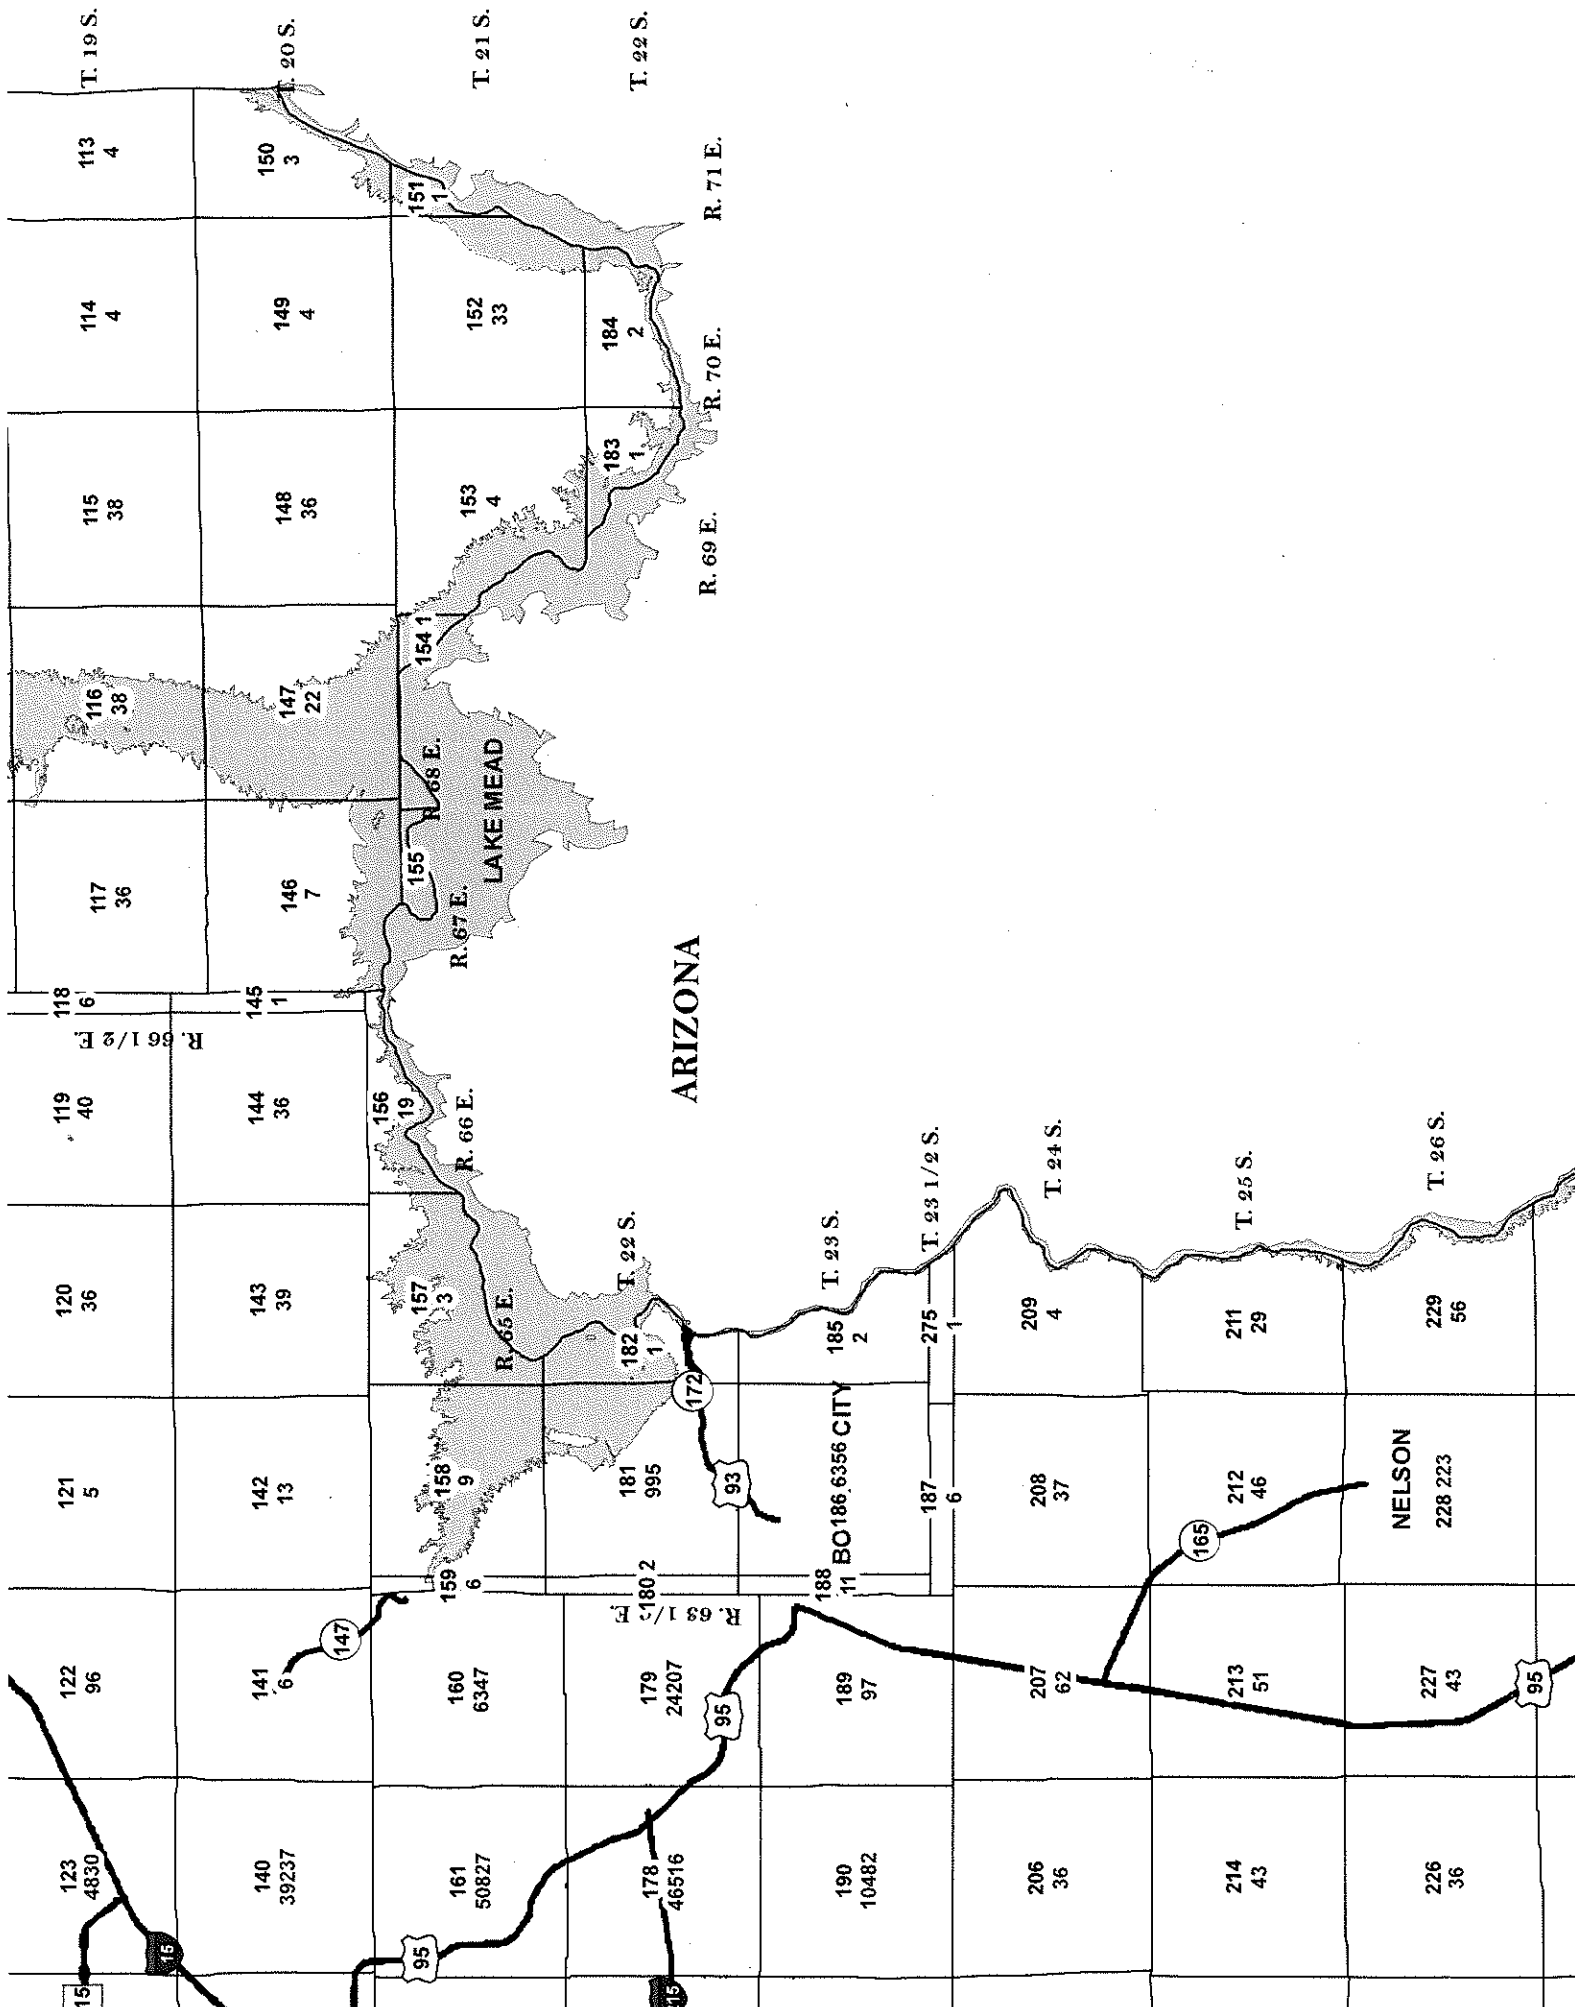

- A \$400,000 matching grant to restore Southwest Willow Flycatcher habitat along the Virgin River from the Walton Family Foundation was withdrawn until the trespass cattle have been removed.
- A \$500,000 funding from the Nevada Public Land Management Act project to restore Southwestern Willow Flycatcher has been delayed until trespass cattle are removed.
- Non-Governmental Organizations have expressed concern that the regional mitigation strategy for the Dry Lake Solar Energy Zone utilizes Gold Butte as the location for offsite mitigation for impacts from solar development, and that these restoration activities are not durable with the presence of trespass cattle.
- The Nevada State Department of Wildlife has built extensive fences to protect state and federal lands protected as the Overton Wildlife Refuge from the trespass cattle.

**Examples of Public Concerns**

- Residents of the communities of Eunkerville and Mesquite have complained about the impact of cattle on city facilities.
- Within the last month, letters requesting action have also been received from several individuals, Friends of Nevada Wilderness, Friends of Gold Butte and Friends of Joshua Tree Forest.
- The Center for Biological Diversity has demanded action to resolve trespass in designated critical desert tortoise habitat in several letters.
- Western Watersheds has requested a verbal status update and later filed a Freedom of Information Act request.

**Examples of Natural and Cultural Resource Damage**

- Cattle have crushed artifacts at the "Red Racer" and St. Thomas cultural sites.
- Damage to springs, including fecal contamination, trampling soils and vegetation and impacts to wildlife. Wildlife will avoid springs with large numbers of cattle.
- Damage to springs with sensitive amphibians, including the rare relict leopard frog.
- Multiple instances of vegetation damage to rare plants, including on monitoring plots after extensive wildfires within critical habitat for Desert Tortoise.
- Unauthorized reservoir constructed with bulldozer twice.

- a.) **Count 1.** Gloria Navarro is hereby charged with *Breach of Contract*, by violating due process of all residents of Nevada state. The Judge is charged with violation of Nevada public law in respect to tort law/land acquisition, *NRS 568.230*, along with any assorted penalties it carries.
- b.) **Count 2.** Gloria Navarro in her private capacity is charged with holding **Fraud on the Court**, by violating due process for all defendants in this case under Civil Rights act with deliberate intent. To include subversion of the public trust and criminal persecution as ascribed.
- c.) **Count 3.** Gloria Navarro is hereby charged with making **sworn materially false statements**, on the record in public forum. The charge also carries the penalty of collusion to adjoin for perjury.

**GLORIA NAVARRO'S** own actions demonstrate a stunning lack of candor, manufactured consent, and insurrectional denial of freedom of speech just of solely her own accord with no basis in doing so. Indeed, these actions are not in line with anything that the Nevada public would expect from the bench – in any sort of venue. Commonly they are referred to as practicing from the bench. There must instantly be actions taken to compel justice be served against her, yet also in reference we confer there be further motions for discovery for evidence.

We have never at any point been allowed to see all the held available evidence, since former Senator Harry Reid appears to be in the business of hiding things. That as well as their open declaration of deals with Uranium One, the Solar Energy Plant being assembled in Nevada, and their flagrant violations of the law by making materially false statements...is of greater interest to these parties on this day. And from there, perhaps we should move to see formal trials up and down the chain of command with the request that the militia be brought in as witnesses.

Indeed, it could be held that many of the actions undertaken by State are called out as treasonous. We of course cannot condone such inflammatory conduct, yet are not about to disagree. It seems the parties in question take it far beyond the breaking point, and now the people of Nevada are striking back rightly at this act of sabotage to their own state. Ignorance of the law *is* no excuse.

Apparently, these alleged actions have been very disconcerting for the militia as well as every single Nevada rancher. Imagine that, they actually hold the view that Judge Navarro's actions were inappropriate. They were yet to have their day in court, and given the major attention this issue has since received, we are certain they will most enjoy enlightening each side as to the true nature of this fracas.

This instrument was prepared by Jeremy Lowe© under the agreed to principal terms. Executed without the UNITED STATES, I declare under penalty of perjury under the laws of the united states of America that the foregoing is true and correct. Without Prejudice, UCC 1-207.

Given the highly disconcerting breadth of this case, it is incumbent upon each of the aforementioned parties to review this for all factual display of bias and incorrect observations that in most instances occur in due course. Land acquisition and state debt ownership has been a settled matter in every sense in the last sixty-five years, and today more than ever it follows that certain criteria scrupulously be applied. See Leyva v. National Default Servicing Corp App No. 55216, Appealed from Clark Co. District Court A-10-600-651.127 Nev. P.3d (Adv. Op. No. 40. Jul, 7, 2011) for further details on why such a statement is of high consequence. Be it absolved, that the handling of this case now be met forth with immediate review and redress. With particularly on the settled questions, perhaps then with the truth coming out justice will indeed be done.
