

**SUMMARY:** European sources have joined those who say that the money for the RV/GCR will be released this week.

Several have asked what I meant by “Plan B” being released. I meant that if Pres. Trump is not able to get the international support to release the funds globally, he will release other options to increase funding for the US economy. No, he does not have the authority to make Europe or Australia follow suit!

I have mentioned this here before, and I do not know how accurate it is, but I keep hearing a well connected source imply that tier 5 currency holders, the “John Q Public” uninformed public currency holder, will have the opportunity to exchange his Zimbabwe bonds/ currency in October, *but he will NOT be able to redeem Zimbabwe Bond/Currency notes such as many of us hold*. So, if you have gifted Zim to someone who just stuck them in his sock drawer, and is not paying any attention at all to the possibility of an RV, you might want to remind him, when the RV finally starts, that he had better call right away and get an appointment to exchange in the next few weeks, **OR HE WILL LOSE HIS ABILITY TO EXCHANGE AT ALL.** (Other currency will not be affected.)

If this is indeed true, I suggest that YOU not take the responsibility from your gift recipient, and you not make it YOUR responsibility to see that he exchanges on time. I do strongly believe that God has set many such “winnowing and sifting” opportunities to insure that **only those who can handle the opportunity actually receive it**. I have seen many people just withdraw themselves from the RV for no good reason, and I do not feel that it is wise to dissuade them from that decision, else the karma land on the head of the dissuader! God/Heaven/Angels know what those people can accept, and what they cannot, and I suggest again that it is fine to give them the opportunity to participate in this blessing, but do not be surprised when some people just can’t receive it.

-----  
I said a few days ago in a private post that i didn't think that extra insurance on your funds was necessary. that was assuming that the QFS system was up and running. if it is not, then some of that Lloyds insurance would probably be a good idea.

# TNT Update for September 29 & 30, 2018

Saturday - A bank source reported **rates on Zim flashing Friday night from .22 to .55** and then turning gray. The dinar was reportedly having the same activity with rates flashing **from 3.71 up to 4.81** and then graying out. They expect final rates the first week of October if all continues as informed.

Iraq TV reported an agreement from members of Parliament blacklisting anyone who participated in the Kurdistan referendum from holding the title of President and not inviting them to take part in Parliament. Kurds were told they have two days to select a candidate to represent them as their President or Saleh would be appointed.

Sunday - Kurds did not yet agree on a candidate-select for president and dislike that Baghdad is making their decision for them. They left the meeting referencing unconstitutional activity and will not attend any Parliament meetings due to that fact. Without the Kurds, a quorum cannot be established to have official votes passed and they want the Federal Court to intervene. The saga between the Kurds and Baghdad continues.....

ADDITION - Sunday news.... **The Kurds have brokered a satisfactory arrangement** and will now cast their vote for Saleh.

## "ZIM Holders, Please Don't Destroy the World" by Paul - 9.29.18

Entry Submitted by Paul at 4:58 PM EDT on September 29, 2018

<https://inteldinarchronicles.blogspot.com/2018/09/zim-holders-please-dont-destroy-world.html?m=1>

This article is long and a bit complicated. He has some good points about the actual size of a trillion dollars, and the size of the global and national production of goods and services (Global Domestic Product) as compared to the proposed proceeds from one Zim note. But there are a lot of errors in his thinking and his numbers, and more in his understanding of economics, so that his conclusions are invalid.

For example, if you ship a million dollars' worth of water, and it costs a million dollars to ship, you didn't inflate the world economy by two million! You spent two million on goods and services, an equal balance of two million spent for two million of goods and services.

Spending money to make goods and services available to people who don't have the goods doesn't inflate the economy! It just spends money for stuff. Even if it was not you who benefited by you spending your money.

Most important is to understand **that the reason for the emphasis on projects is that projects MAKE MORE goods and services from your money.** Inflation only happens when there is too much money to buy all the stuff. But by requiring projects, there is more stuff made, to be bought by more money. **More money AND more stuff is not inflation, it is a bigger, STILL BALANCED economy. In other words, it is greater PROSPERITY.**

I also hope that Paul guy does not get Zim, because he obviously does not understand what to do with it!

Paul Davis: CANADA'S GDP IS ABOUT 2 TRILLION A YEAR, US IS ABOUT 23 T A YEAR. THE WORLD IS ABOUT 200 TRILLION A YEAR CURRENT FIAT RATE. IT IS ALL ABOUT THE INTEREST RATE RE STRUCTURED PAYOUTS. IF INFLATION REARS ITS UGLY HEAD THEY CAN JUST LOWER THE RATE OF INTEREST PAID ON STRUCTURED PAYOUTS. WHO KNOWS WHAT THE NEW COMMON LAW REGULATIONS WILL BE LIKE AND ABOUT. I TRUST THERE ARE MANY OF THE LIGHT THAT WILL KNOW HOW TO KEEP PROSPERITY FROM SELF DESTRUCTING AND IN BALANCE.

joel.ggtrust

I think that these sums of \$ are being made available for it to reach all people on earth that do know what to do with it in a wise way. Those that do not, will spend a few million here and there and no more, which will stimulate the economy a little bit.

Number wise, we at GGT have a plan to use close to three hundred T per year, (it will take us several years to reach that level) we will do it without causing inflation and other problems. So yes, it can be done if you know what you are doing.

## Is this why the RV was put off for a couple of days?

Sat. Blackhawk helicopters landed on several buildings in Chicago - after which there was **an assassination attempt on Trump**. The report said it was put off because of security reasons. I think they have started the arrests.

From my interpretation, AF 1 went on Alert (from the title of the jpeg) due to something inbound. From the text Air (N)G Splashed 1 (destroyed the target). Folks, this was a midair assassination attempt on POTUS!!!

Q

Q has always said to expect social media sites to go down during the cabal's last ditch desperate stand. Your favorite citizen journalists are advertising back-up sites - make sure you prepare by Bookmarking them now. I have saved Lisa Mei Crowley's back-up site.

Q post number 2298 features a picture of an aircraft interior, clearly Business or First Class. Here is Lise Mei Crowley's tweet regarding this post...

<https://twitter.com/LisaMei62>

'Anons believe this is pic from United Airlines Business First on 787 Dreamliner. Did our Air National Guard take out an attempted missile attack on one of these flights? It says [des-TFC]. Destination TFC= Taormina Harbour Airport, Italy?... "Splash" in military lingo indicates shooting down enemy aircraft.' (Lisa Mei Crowley tweet)

It is an advantage that Lisa Mei Crowley worked in the Airforce so she understands military terms. She is a fiercely proud supporter of President Trump and the Alliance.

Finally, Lisa Mei points out a lovely 'Q proof' from a recent tweet from President Trump's White House schedule. It reads '17:17:17 Arrival at Joint Base Andrews on Saturday 29th September'. Nice one, Q team!

Q post number 2297 makes it crystal clear how you can help the Alliance liberate humanity.

If you live in USA, register now and make sure you vote. We need to create a RED OCTOBER. As for the rest of us outside USA, we continue to FIGHT!!!!!!!!!! Write posts, create memes, whatever you can do to spread the word. It's all about UNITY.

From Seabreeze, shared with me [edited]

"Some of you are just not seeing the big picture. Trump didn't choose Kavanaugh. We pretend he did. The dems slander K to cover their blackmail against trump, and to slander Ks credibility as a person. We pretend its all so tragic and then BOOOOOOM. Trump calls for a FBI investigation into K which will ultimately unseal the files the Senate wasn't allowed to have. Thus incriminating all the dems involved, the Clinton's, the Bush's and even Ford [CIA] who magically made 900,000\$ last night between 5 go fund me accounts.

## Energy Update Activations & Alchemical Shifts

<https://www.youtube.com/watch?v=IEipqfP5so0> – Vid (42:33)

Description: The government is in preparation right now. There will be [a]complete change of the way systems are run. I don't know exactly what's going on, but this to me sounds like the collapse of the entire system beginning to create the new, but I am definitely seeing preparation clairvoyantly, and I'm also getting this through my own guidance.

Trust your own guidance, intuition and inner knowing with everything.

There's manipulation of the Ascension program just like there's been manipulation of spirituality creating religion based off programmed beliefs and fear.

The containment on this planet is still in place, but it is being removed. You can think of the containment as the Veil that separates the physical from the non-physical or the third dimension from the forth... separating densities.

This energy wave that I'm seeing, some have already felt a few days ago. Others will feel this in the next few days. It depends on your location. And then right after this one, there's another one going from the opposite direction

### Clairvoyant Message

<https://www.youtube.com/watch?v=MYXUDHQX3rU> – Vid (0:31)

Description: Saw this 9/24, and again just now 9/28 but more clearly Hurricane, same one I spoke of in last event message video, brings water.

Another massive earthquake, 7.5-8.0 this is separate from the one I just mentioned a week or so ago that one just hit in Indonesia. There's another one: 7.5-8.0

As I've been saying for months, after summer it all begins in a big way: mass arrests, shifts, exposing, events, mass awakenings, increase in plasmic wave density/transmissions with less distortion... all unfolding in several collective timelines collapsing into one unified field.

Changes in technology, measurement system using "new" energy (not new, just telling the collective its "new" :) ) and money will begin to be made aware to the public but may not be rolled out [until] more towards November.

*...now we know one more reason why she is known as Senator Not-so-Feinstein!*

## *Dianne Feinstein Calls Christine Ford a Liar*

### *Just Before Leaving: Trump Praises Kavanaugh, Calls FBI Investigation a 'Blessing in Disguise'*

Alex Parker

Today, Senator John Cornyn brought up the subject of the leak in an exchange with Dianne Feinstein.

Republican Sen. John Cornyn asks Democratic Sen. Diane Feinstein if her staff leaked the letter from Christine Blasey Ford and she says "the answer is no...they did not" [pic.twitter.com/VoktE3Y42q](https://pic.twitter.com/VoktE3Y42q)

— CNN Politics (@CNNPolitics) [September 27, 2018](#)

Cornyn: Can you tell us your staff did not leak it?

Feinstein: Oh, I don't believe my staff would leak it. I have not asked that question directly, but I do not believe they would.

Cornyn: Do you know that? I mean how in the world did that get in the hands of the press?

Feinstein: The answer is no. The staff would not.

Cornyn: Did you ask your staff or any other member of the Judiciary Committee?

Feinstein: I just did. Well, Jennifer reminds me I've asked her before about it.

Cornyn: Well, somebody leaked it, if it wasn't you.

Feinstein: Well, I'm telling you it was not...I did not...I mean I was asked to keep it confidential and I'm criticized for that, too.

Feinstein says most likely leak of Ford's letter was from "her friends."

Cornyn points out her friends didn't have the letter.

**Feinstein says friends may have spread story (not letter) by word of mouth.**

— John McCormack (@McCormackJohn) [September 27, 2018](#)

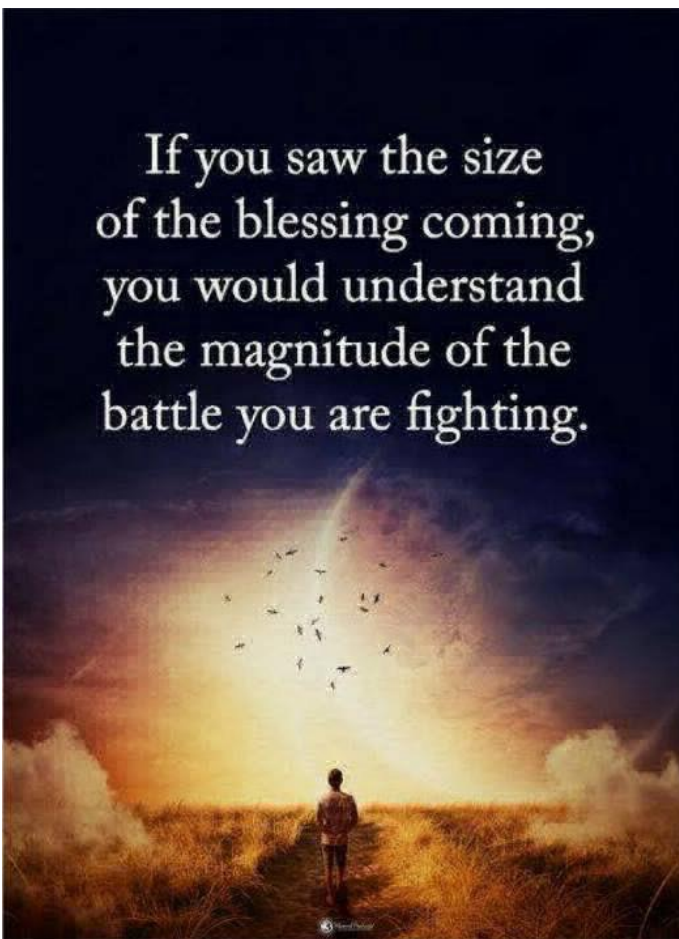

**The problem here is that a) CNN got a copy of the letter she sent to Feinstein in confidence and b) Ford said, under oath, she didn't send the letter to anyone else. While I find damn little reason to believe much of anything from Ford, this is one of the rare items that, unlike her grandmother's funeral, she remembers and which rings true.**

Feinstein is not, I think, in any real jeopardy beyond having her dubious reputation as a grifter (check the net worth of her husband since she became senator) and employer of last resort of Chinese intelligence agents made more dubious. And Cornyn did a great service by pointing out that this whole sorry spectacle was started by the ranking member of the Judiciary Committee. The fact that Feinstein would cavalierly toss her under the bus **should be a sign to everyone that no one in the Democrat party cares about Ford. She had a purpose to serve and she served it and now she is totally expendable.**
