With a string of activities lined up, Goa has become one of the most popular **adventure holiday destinations in India**. All the water sports in Goa have been planned to meet international standards to maintain the safety of the participants.

Yatch Ride

To unearth the beauty of the majestic ocean, indulge in a yatch ride in Goa. It is perhaps the best way to explore the surrounding beauty while enjoying some spectacular views of the Arabian Sea. There are many Yatch trips available around Miramar Beach, Candolim Beach, etc. Do not forget to carry your sunglasses, casual clothes and swim outfit for a yatch ride.

Kneeboarding

Kneeboarding is perfect for the new adventure enthusiasts. In the past few years, Kneeboarding has become extremely popular among those who wish to partake in soft water adventures. This activity is available at beaches like Candolim Beach, Mobor Beach, and Rajbaga Beach.

Kayaking

For the worshippers of peace and rejuvenation, nothing can be more satisfying than Kayaking. This exciting water sport is way different than hard hitting water sports as it takes you deep into the ocean with great ease. Just paddle and move forward while exploring the green expanses nestled around. South Goa beaches are highly popular for Kayaking whereas for those staying in North Goa, beaches like Palolem Beach, Dona Paula jetty, and Hollant Beach are hot spots to partake in this fun activity.

Wakeboarding

One of the fastest growing water sports in Goa is Wakeboarding. It looks similar to Water Skiing where the rider enjoys a ride on a single board which is towed with a boat. The sport can be practiced by inexperienced adventurers as well as it's easy to perform and balance. If you are at Candolim Beach, Mabor Beach, or Rajbaga Beach, you must try out Wakeboarding for an exciting ride on the waters of Goa.

Paddleboarding

Many people confuse paddleboarding with a simple surfboard. Though to many it looks easier, it is way more difficult to perform. One needs to have real strength to partake in paddleboarding as the rider needs to balance his weight by using only one paddle in hand while canoeing. This activity offers ultimate thrill to the most veteran sports lovers. The best beaches to partake in paddleboarding are Candolim Beach, Mabor Beach, and Rajbaga Beach.

Windsurfing

An **adventure travel in India** goes sheer waste until one partakes in Windsurfing at Goa. This hugely popular sport is performed using a windsurf board. The professionals guide the participants on maintaining balance and changing directions frequently for a more electrifying ride. Windsurfing is available at many Goan beaches including Dona Paula Beach, Bogmalo Beach, Vagator Beach, Calangute, Colva, Palolem, Miramar, and Baga Beach.
