

New Custom Skate Options

New plastic/nylon toe cap available for sizes 7-10

Our new plastic toe cap enhances durability and aesthetics while maintaining protection, performance and fit

The green shaded area above represents the position of the carbon fiber shell, which is located under the new toe cap, and provides additional protection for the foot around and in front of the toes.

Color Options for the new toe cap (currently no charge)

Red

White

Blue

Yellow

Silver

Green

Liner Options (no extra Charge)

Tan Clarino

Hydrophobic and antimicrobial treated.

Black wick liner

Moisture wicking and antimicrobial treated.

New one piece tendon guard available in all sizes (no extra Charge)

Our new Tendon guard is a one piece polymer infused plastic that is designed for optimal ankle mobility, and external durability.

Optional Enhanced Impact Protection (no extra Charge)

Enhanced impact protection is realized through additional composite layering strategically placed over higher vulnerability areas of the foot, and seamlessly integrated into the carbon fiber shell. The green shaded area depicts the location. Enhanced impact protection does make the boot stiffer, and adds an additional 30 grams.

Tongue Upgrade Options

Enhanced metatarsal guard (stiffer tongue)
\$20

Custom embroidery (up to 3 digits)
\$20
