

The folks at Tech Radar take a look at the best fitness tracker devices 2015. The [list](#) includes all types of wearable fitness trackers, including bands, bracelets and smart watches. It also includes a nice mix of older, tried and proven fitness trackers along with some yet unproven at the time the video was made. Those untested include the Misfit flash and the Apple Watch. Here are the devices that make Tech Radar's best fitness tracker devices 2015 list. It is not a ranked order list, but merely a short introduction to each device:

- [Jawbone UP24](#)
- [Fitbit Charge \(HR\)](#)
- [Nike Fuelband SE](#)
- Basis Health Tracker (Carbon Steel Edition)
- [Samsung Gear Fit](#)
- [Garmin vivofit](#). Newer version, the [Garmin vivofit 2](#) now available
- [Misfit Flash](#)
- [Microsoft Band](#)
- [Samsung Gear S](#)
- [Fitbit Surge](#)
- Apple Watch (the one to "watch")
