

## How to Promote with M.A.P's Free Report

# **“Making Money With MyAdvertisingPays IS Highly ADDICTIVE!”**

### What is My Advertising Pays (MAP's) ?

M.A.P's was launched in December 2013 by Mike Deese

M.A.P's is an online advertising platform that shares its profits every 20 minutes with all members who have purchased a Credit Pack and clicked on 10 ads in the MAPs Traffic Exchange.

MyAdvertisingPays is based in Anguilla and filed in Mississippi as a Limited Liability Company in good standing as of September 2014.

Mike Deese and his team of programmers developed the advertising platform from scratch with the aim of creating an income model that would help people who needed a reliable long-term income stream without needing to sell or recruit.

Mike spent months studying successful business models, working with mathematicians and consulting attorneys. In order to create a source of stable online income, Mike knew he needed to do two things:

- 1) Find a reliable source of income in a dynamic online industry.
- 2) Offer a legitimate product that people will buy again and again.

Online Advertising - The Ideal Business To Be In!

This is why Mike designed My Advertising Pays to operate in the online advertising industry. Online advertising will continue to grow and provide income opportunities for millions of people for years to come. In the first quarter of 2013 online advertising grew by 26.3%. In 2013 US online advertising spending was over \$100 Billion Dollars. (Zenithoptmedia.com)

Every online business constantly needs to advertise and will buy advertising again and again from trusted brokers. The MAPs Income Model is therefore based on a real and legitimate service – online advertising. My Advertising Pays was built to help advertisers find customers.

To do that, Mike Deese hired highly experienced programmers who had worked with online businesses such as eBay, and he asked them to create a professional platform. The programmers concentrated on making MAPs secure and easy to use. That is why advertisers can trust MAPs to deliver and they can choose the solutions they need in minutes.

At the same time, My Advertising Pays affiliates can earn money by viewing 10 ads per day on the site. It only takes a few minutes and the result is that tens of thousands of people log in to view ads every day. In this way, MAPs can offer advertisers a powerful online advertising platform and thousands of visitors to their ads every day.

The Map's slogan is,

**“if you can click a mouse, you can earn with us”**

**Start Earning & Promoting With MAPs Today!**

**YOU** can start earning money with MAPs from TODAY by completing the following three easy steps:

### **How To Make Money With My Advertising Pays**

#### **1. Buy Ad Packs & Receive Profit Share Payments**

This is the easiest way to make money with MAPs. Buy ad packs for \$49.99 each and earn \$60 per ad pack in profit share.

You can own a maximum of 1,200 active ad packs, yielding you daily earnings of around \$400-\$500 depending on sales volume. (This is not a guarantee of income.)

When you get started, buy as many ad packs as you can afford and then purchase new ad packs every time your profit share earnings reach \$50.

In that way you will generate massive leverage and reach 1,200 active ad packs much more quickly than if you withdraw your money. Once you hit 1,200 ad packs, that is the time to enjoy your money!

#### **2. Earn Commissions On Referral Purchases**

You can earn up to 10% commissions on referral purchases. Once people see the power of MAPs profit share they will want to keep on buying ad packs, so MAPs gives you a great way to earn a steadily growing RESIDUAL income. Focus on recruiting a team and train them to duplicate your efforts.

#### **3. Earn Money On The MAPs Traffic Exchange**

Every ad pack you buy gives you 500 credits. You can use your credits to promote your own business or programs to MAPs members. The MAPs traffic exchange is much more powerful than any other traffic exchange I have experienced. I get people signing up to my list from the MAPs traffic exchange and buying my products and services every day.

Why is the MAPs traffic exchange so much more effective than other traffic exchanges?

Because people who surf the MAPs traffic exchange are PROVEN Action-Takers and BUYERS who are interested in making money on the Internet.

In contrast, MAPs traffic exchange surfers are people who have already taken action and bought ad packs. They surf the traffic exchange to qualify for the daily profit share. In short, MAPs traffic exchange surfers are committed to making money online and so they are just the people you want to promote your business to!

Click ten ads and view the ad pages to qualify for the profit share each day. It takes 5-10 minutes to do and also earns you extra ad credits.

Use your ad credits to promote your own squeeze pages on the traffic exchange so that you can BRAND YOURSELF and BUILD YOUR LIST while offering a product or service aimed at MAPs members.

MyAdvertisingPays works with two payment processors, SolidTrustPay and VXGateway.

VXGateway is the preferred option, and I especially like it as you can use it to transfer your cash from MAPs to Paypal as well as to your bank account.

You can automatically set up an account with VX Gateway by purchasing MAPs credit packs with your credit card and choosing VX Gateway as your processor.

Once your VXGateway account is set up, you can quickly and easily verify it by uploading photos of the appropriate ID documents (passport or driving licence etc).

Okay, so once you have verified your VXG account, how do you withdraw cash from MAPs to VXG?

The first step is to log in to your MAPs dashboard and check your Available Account Balance.

To start the withdrawal process, click the "Withdraw" link just below the Available Account Balance . You will be taken to the Withdrawal page where you enter the details of your desired transaction in a simple form.

Click the Preview button, and confirm the transaction on the next page:

Now go back to your MAPs dashboard and you will see that your money is on the move.

### **Conclusion**

My Advertising Pays is an exciting and potentially lucrative development in online advertising and revenue-sharing.

In summary, you can...

- make money from the MAPs profit share every day,
- make money from commissions on referral purchases,
- make money by posting ads on the MAPs traffic exchange.

This is something that ANYBODY can do. When you join MAPs you will literally get paid to promote your online business!
