MAX MOBILE

Type-C to Type-C Cable

UDC3029

SPR POWER RANGE CABLE

This cable is one of the strongest and most durable on the market. Max Mobile UDC3029 cable includes Kevlar the world's leading abrasion resistant fibre material used in many industries including aerospace. It features increased torsion strength and durability due to its carbon braided hard-wearing body. It is resistant to extreme temperatures, shrinking, bending and abrasion. It will survive bends, hand pulls and twists and does not tangle.

It is ideal partner to your device!

Type-C to Type-C Cable

MaxMobile USB-C to USB-C 5A cable lets you charge mobile phones, tablets, notebooks compatible with up to 100W SUPER FAST CHARGING at maximum speed.

- Sync & Charge Super Speed USB-C™ to USB A 3.1 charging cable
- Quick charge function - USB-C™ charging cable for super-fast synchronisation and charging of USB-C™ enabled devices with a power of up to 100 W.
- SuperSpeed data transfer - The USB-C™ cable supports data transfer rates up to 10 Gbps.
- Backward compatibility - The USB-C™ cable is backward compatible.
- Sync & Charge - USB-C™ sync cable for synchronisation, data transfer and charging.

Instructions/Upote za uporabu:

Connect cable from your mobile phone or Tablet to Type-C port. For safety and maintenance refer to your device manual. Povežite kabelom vaš mobilni uređaj na Type-C port. Za sigurnost i održavanje pročitajte upute vašeg uređaja.
