

Bellotti Wins Agreement For Asbestos Cleanup In Charlestown

An agreement for emergency asbestos cleanup at the site of the former Charlestown High School buildings on Monument Square was filed in Suffolk Superior Court on Tuesday, May 7, 1985 by Attorney General Francis X. Bellotti.

The agreement follows the filing of a lawsuit and the issuance on April 29th, by Suffolk Superior Court Judge Hiller B. Zobel, of a temporary restraining order preventing the continuation

of a demolition and renovation operation on the Charlestown buildings, which are known to contain hazardous asbestos materials. The restraining order further required the defendants - New England Contractors, Inc. of

Arlington; N. E. Building Contractors, Inc. of Everett; and Graham Gund and The Charlestown High School Limited Partnership, both of Cambridge - to immediately seal the former school

Public Meeting On Old Charlestown High School

The old Charlestown High School building on Monument Square and the adjacent annex will be the topic of

discussion at a meeting to be held on Wednesday evening, May 15, 1985 at 7:30 p.m. at the Charlestown High School Cafeteria, 254 Medford Street.

Representatives from Graham Gund Associates, the developer of the site, will be present to discuss the concerns of residents regarding the demolition of the annex and the construction planned for the former high school and its impact on the neighborhood.

A second meeting will be held at a later date to discuss the traffic and parking situation.

All area residents, regardless of whether they support or oppose the plans as they stand now, are urged to attend this meeting and participate in this open discussion.

HOW TO GET THE BEST PRICE

Selling your home? You'll want the best possible price, of course. Getting the best price involves **how you price it** and **how you market it**.

Pricing factors to consider when setting a price:

comparable sales	size	number of units
competing offerings	amenities	brick or wood construction
location	rent control	separate utilities
condition	renovation	original features
interest rates	parking	economic trends

Marketing factors — getting the highest price requires the **broadest possible exposure** including

- qualified buyers
- advertising: classified and other
- multiple listing and co-brokerage
- reaching buyers outside the immediate area

There's more to getting the best price than you'd think. Anyone can sell a house. Getting the best price requires the experienced skill that Gibson offers.

Graduates From Leadership School

Staff Sergeant Daniel J. Noonan, son of William J. Noonan of 30 Austin Street, Charlestown, has graduated from the Air Force non-commissioned officer leadership school at Davis-Monthan Air Force Base, Arizona.

The sergeant studied techniques of leadership, management and supervision.

Noonan is a computer operator with the 836th Air Division.

His wife, Kathleen, is the

daughter of Daniel J. Wrenn of Medford.

Noonan is a 1977 graduate of Charlestown High School.

Rummage Sale

On Saturday, May 11th, St. Catherine's Church is holding a Rummage Sale from 10:00 a.m. to 3:00 p.m. in the School Hall on Tufts Street.

There is a large collection of clothing for toddlers and children. The average price is 25¢. Come early and bring a bag.

Child Safety Night

The Capitol Area Council for Children is sponsoring a "Child Safety Night" on Thursday, May 23 at 7:00 p.m. at the Kent Community School, 50 Bunker Hill Street.

The presentations by the various speakers are designed to educate parents and professionals by addressing the issues of child safety in local neighborhoods and beyond. Topics covered will range from basic "street sense" to the dangers of sexual and physical violence. Boston School Committee President John Nucci will be the moderator.

For more information, call Adele Castater at 889-4660.

Friends Of The Harvard Mall Second Annual Fair

A Fair will be held on the Harvard Mall on this Saturday, May 11th from 10:00 a.m. to 2:00 p.m. This is the second year that the Friends of the Harvard Mall have presented a Fair for Charlestown to enjoy. The event will take place rain or shine and admission is free to all.

If New England drizzle dampens May 11th, the fun will take place at the Mary Colbert Apartment Community Room on 20 Devens Street — just one block away from the Mall in the direction of Thompson Square.

Features of the Fair will include a French Cafe, selling filled croissants, baked especially for Charlestown that morning; a traveling

zoo, arriving at 1:30 p.m.; tables with arts and crafts and very inexpensive white elephant items.

Other organizations participating in giving membership information and selling items are the Gardens for Charlestown, the Constitution Museum, and the Charlestown Preservation Society.

Reverend Isaiah Sears has consented to chair the book table and as all books are at very low prices, his committee expects to be cleared out by noon!

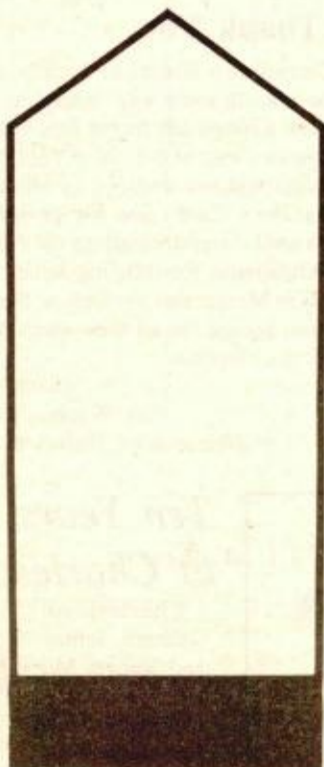

At the white elephant table, some battleship patterns in bold colors should interest modern art collectors and those history buffs in

town. Several large children's murals will be there for brightening nursery walls and a plant table will offer attractive Mother's Day gifts.

Friends of the Harvard Mall invite Charlestown families to take part in the fun. Money raised will be used in matching a grant from the Park Department designated for plantings in the Mall. The organization is a Boston Park Partner, funded in part by the Boston Parks Department.

You'll be sold on our extra effort.

So many people are. In fact, the CENTURY 21® system is preferred 3 to 1 over all our national competitors combined. Here's why.

1. We help more people sell more houses than anybody else. We close an average of one transaction every minute of the day, every day of the year. Last year that amounted to more than 550,000 transactions for sales of more than \$35 billion.
2. We don't just list your house, we represent it. With over 6,000 offices, the CENTURY 21 system can find you a buyer across town or across North America.
3. Put the largest real estate advertising budget to work on your house. Over \$25 million a year in advertising to help market your property.

So why choose anyone else? If you're buying or selling or both, you can have all of this marketing power bringing more qualified buyers to you.

Put Number 1 to work for you.

Reilly's Garage - A Vanishing Breed Being Forced To Close

To the Editor:

On May 22, 1985, Reilly's Garage is being forced to close its doors forever. The Boston Redevelopment Authority notified Mr. Reilly on April 22, 1985 that he had thirty days to vacate the building. This historic old building is being demolished so that Mishawum Street can be widened. My question to the Boston Redevelopment Authority is: Why is it necessary to demolish the building in order to widen the street?

Many residents of Charlestown use Reilly's for major and minor repairs. He is one of a vanishing breed. Look around, several other auto repair shops have been forced out by the B.R.A. to make way for condominiums.

Charlestown is in transition with new construction, old buildings being remodeled, condominium conversions, etc. The B.R.A. regards this as progress, but is it?

Soon the people of Charlestown will not be able to have any auto repair work done within their own community.

A Concerned Townie

Thank You

On behalf of the Charlestown Historical Society, I would like to thank everyone who, in some way, helped to support the Bunker Hill Museum through our recent fundraiser. The Tenth Birthday Celebration, held at the Navy Yard on April 26th, was a huge success and one enjoyed by all.

A thank you to Marilyn's Card Shop for providing the helium for the balloons used in our decorations for this festive event and to Kevin Whitehouse for inflating same.

A very special thanks to Margie and Joe Kent of the Badger Coin Shop in Thompson Square for all their many hours of help. They truly made a difference.

Thank you all,

Kay Whelan, President
Charlestown Historical Society

The Charlestown Historical Society Celebrates The Tenth Anniversary Of The Bunker Hill Museum

photos by Kathy Giordano

Eighty members and friends of the Charlestown Historical Society gathered in the former Officer's Club in the Charlestown Navy Yard on Friday evening, April 26th to celebrate the Bunker Hill Museum's Tenth Birthday. Present for the festivities was John Burchill, new superintendent of the Boston National Historical Park, who congratulated President Kay Whelan for such a successful evening and reiterated his support of the Museum and commit-

ment to assist the Society in an ongoing partnership in maintaining the building in which the Museum is housed.

Also present was Boston City Councillor Robert Travaglino, who brought greetings from the City of Boston and his personal best wishes for the continued success of the Museum.

Winners of the drawing, held in conjunction with this celebration were: Cabbage and the Basket of Cheer -

Robert Lanza, both of Charlestown.

The Bunker Hill Museum, located at 43 Monument Square, will open for the season on Saturday, June 1st, with new and exciting exhibits dealing with the community of Charlestown, and her distinct architectural designs, historical period pieces of pottery, bridal gowns from Priscilla of Boston, the old Charlestown Navy Yard and shipbuilding at that site, and most impor-

tantly, the exhibit on the Battle of Bunker Hill and the construction of the Monument. This exhibit is a memorial to Charlestown's important role in the American Revolution and is depicted in a carefully constructed display to allow visitors an opportunity to view historic documents and follow the construction of the Monument to its dedication in 1843.

The Museum will be open Tuesdays through Sundays from 10:00 a.m. to 4:00 p.m. Admission is free and all are welcome to visit.

Accommodations can be made for groups, especially school groups, by calling President Kay Whelan at 242-0817 prior to opening day.

CUB Update

The Consumer Utility Board (CUB) Bill S:872 was voted favorably by the Committee on Government Regulations. This bill, sponsored by Senator Louis P. Bertonazzi, has 25 Senators and 85 Representatives as co-sponsors. Two of the co-sponsors are Charlestown's Representative Richard A. Voke and Charlestown's Senator Francis D. Doris.

The CUB Bill S:872 is to establish a Consumer Utility Board to be able to Cut Utility Bills.

There is also CUB Bill H:2763, sponsored by Representative William F. Galvin, which is in the House Ways and Means Committee with the Senator Bertonazzi CUB Bill S:872. Thus it becomes a little more confusing, because both bills have the same number — H:2763.

Galvin's bill starts by calling CUB a **Citizen** Utility Board, whereas Bertonazzi calls it **Consumer** Utility Board.

The comparison of the two bills is as follows:

CUB COMPARISON

Galvin's Version (H:2763)

Limited Powers

CUB can only intervene with the Department of Public Utilities.

Restricts CUB's

Educational Functions

CUB can only inform consumers about CUB and its "purpose, nature and activities."

Limits Ability To Collect Funds

Limits the contribution of an individual ratepayer to \$6 per year. "If you want to contribute to CUB, you may add six dollars **more** to your payment on this bill."

Limits CUB Enclosures

CUB could only place an insert in a utility's monthly bill four times per year.

Bertonazzi Bill (S:872)

Broader Powers

CUB can intervene in any case which will have an impact on Massachusetts residential utility consumers. CUB can participate in Federal Communications Commission (FCC) phone cases, Federal Regulatory Commission (FERC) natural gas and pipeline cases, Nuclear Regulatory Commission cases, etc.

Broader Educational Functions

CUB can educate consumers about CUB, utility companies, governmental regulators, other energy and telecommunications issues which may affect Massachusetts residential utility consumers.

Allows Flexibility In Contributions

Statement on customer's bill would read, "You may join CUB, a consumer-controlled utility watchdog group, by adding \$6 or more to your payment on this bill," adding more flexibility to CUB's fundraising capability.

No Enclosure Limit

The CUB board of directors, elected from its membership, would determine the number of enclosures per year.

Bargains! Bargains!

The Student Council and PTA at the Holden Academy, 8 Pearl Street, Charlestown are sponsoring their Third Annual Car Wash - Bake Sale - Rummage Sale on Saturday, June 1st from 10:00 a.m. to 3:00 p.m. Proceeds of this fundraising event will benefit the Academy's educational program and student activities.

Signs Recording Contract

Rocco Antonelli, a member of the 1985 graduating class of Bunker Hill Community College, has just signed a contract for his musical group, known as "Capture the Flag," to cut a series of music albums under the Throbbing Lobster label in Boston.

The group is well known throughout the New England area and with college radio stations, as their recent single "American Eyes" is

now number four on the music chart. The group will be touring the United States this summer and plan to put an extended play album together, which should be out sometime in the fall for commercial sales.

Antonelli plays guitar and is the lead vocalist and songwriter for the trio. Ron Vitale, former Bunker Hill Community College student plays bass, with Stephen Albert on drums.

Table space is available for rummage sale items for a donation of \$15.00.

Holden Academy students, parents and staff are donating their time and energy to bring you bargains, baked goods and a clean car. This has been a lot of fun for everyone in the past and should prove to be again. Donations of rummage items are welcome.

The Holden Academy is a private non-profit school serving students in grades 6 through 12. This is a diploma granting school, offering a full curriculum, excellent student-teacher ratios, individualized instruction, small classes and career education.

Past and present families and students of the Academy state that this program meets a variety of adolescent needs. In addition to the educational program, the Holden Academy provides crisis counseling, family support and a structured and caring atmosphere. Applications for September enrollment are now being accepted.

Please help us to continue helping area teenagers by attending and/or donating items to the Car Wash - Bake Sale - Rummage Sale.

Board Of Appeal Defers Action On Old Charlestown High School Until June

by Kathy Giordano

"In view of the contents of the letter to the Board of Appeal from the Commissioner of Traffic and Parking, very clearly outlining her concerns and reservations about that area and the safety of the children in the impacted area, and because we may, or may not, qualify for the National Register if we move the entrance (of the parking garage)...when it comes to a question as to the safety of the children or whether you are put on the National Register, it's a very clear choice!" stated Boston City Councillor Robert Travaglini at the Board of Appeal hearing held on Tuesday, May 7, 1985 in City Hall. The site referred to was the old Charlestown High School on Monument Square and the adjacent annex on Cedar Street.

Many area residents, although in agreement as to the need to develop the building, strongly opposed the traffic and parking plans as they stand.

Representatives from developer Graham Gund and the Charlestown High School Limited Partnership, stated that an application has been made to place the building on the National Register of Historic Places (this allows the developer tax credits, but also prohibits them from making any substantial visible alterations to the exterior of the building).

Planned on this site is a

total of 44 apartment units, four units more than the developer agreed to at the last public meeting with the community held on November 28, 1984. These units will include 23 - one bedroom, 19 - two bedroom and three - three bedroom apartments. 40 parking spaces for these tenants are included in the plans, 23 in the basement of the old high school and an additional 17 on the site of the annex building, which will be razed to allow for the parking lot.

According to the developer, rents for these units will start at \$750, with an additional fee for parking at the

FORMER Charlestown High School Building on Monument Square.

monthly rate of \$45 for garage parking and \$25 for parking in the lot. Area resident Matt O'Neil, Jr. questioned the feasibility of an additional fee for parking, fearing that tenants may not want to pay for parking and park on the street, causing more hardships for the

residents in obtaining already scarce parking spots.

Lucy Ferullo from the Mayor's Office reiterated concerns discussed at the public meeting in November that, to date, have not been answered by the developer. First: Would the parking lot be recessed to avoid headlights interfering with abutting homes? Second: What happens when the Spencer Building (annex) is being razed? Will this be done from the inside out, as this heavily congested area would not allow usual demolition procedures? and Third: Will sandblasting of the old high school take place?

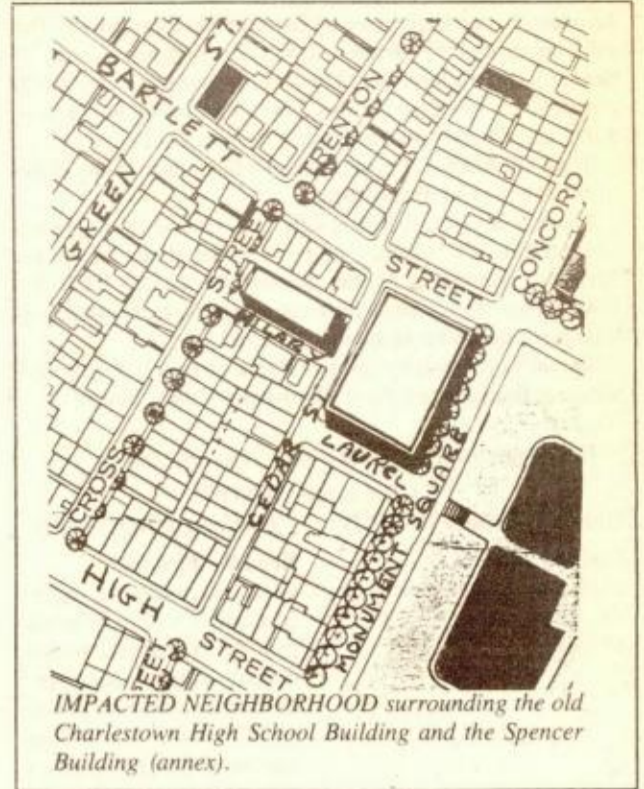

Ferullo went on to state that rents, such as the \$750 quoted, are upgrading area residents right out of their own community, since most Charlestown residents could not afford such rents.

Ferullo further stated that the developer has had six months since the last public

meeting, but has never come back to the community to discuss these problems. She requested that the project be deferred by the Board of Appeal to allow time for a public meeting, since the neighborhood has no protection right now and things cannot be worked out after the fact. "We have a need to sit down and discuss the problems of demolition and traffic" and "the Traffic and Parking Department is willing to sit down with the developer" to work out these problems.

Two petitions were submitted to the Board at the hearing, one consisting of 27 signatures in favor of the plans as they stand and the other, with over 130 signatures, agreeing development should take place, but citing opposition to traffic and parking plans. Many concerns and questions were brought to light at the hearing by both area residents and Board of Appeal members alike. Dan Jaffee of Bartlett Street submitted two maps of the surrounding area, showing current traffic flow and the density of the area and suggested a pattern of traffic flow to alleviate traffic problems. He stated that he was in favor of developing the high school, but opposed the way the project is being planned now, with the entrance to the garage on Bartlett Street. He felt that there would be no significant historic change to the front of the building if the garage entrance was placed there and that the pitch on Monument Square is not too steep for the entrance, as the developer had stated. His concerns included not only traffic but the removal of refuse. "Trucks cannot make the curve without removing some 14 parking spaces on Bartlett Street and residents are in desperate need of all the parking spaces we currently have." He continued, "We also have a concern as to the safety of the 20 children on Cross Street alone, with the additional traffic entering and exiting the area."

Mary Moloney of Hilary Street stated that the "developer has workers in the Spencer Building demolishing the inside without a permit to do so and that dust was flying everywhere and

IMPACTED NEIGHBORHOOD surrounding the old Charlestown High School Building and the Spencer Building (annex).

when residents would complain to the workmen they got fresh answers."

Margaret Blaikie of Cross Street stated that "on three different occasions she has been exposed to abusive language and denied access to Cross Street because of their construction equipment." She felt that residents were receiving no satisfaction from the workers. She informed the Board that a hole has already been punched out of the high school for the parking garage entrance on the Bartlett Street side of the building and the hole is only covered with a thin layer of plastic, thus further exposing the building to vandalism. She also voiced concern for the many children in the area of Cross Street, with the flow of traffic that would come from the parking lot, and requested the exit from the lot be changed to Cedar Street, abutting their own property.

Eleanor Jaffee of Bartlett Street also stated that the opening for the parking garage was already punched out on the Bartlett Street side of the building and also stated that after it was done, no other work proceeded in that area. Mrs. Jaffee told the Board that she was allowed to look at the copy of Graham Gund's Engineering Report and stated that "this study does not address the larger issues. There is nothing wrong with the

study, but it is very limited, based on assumptions and it referred to the grade (at the corner of Bartlett and Monument Square) as being feasible, not optimal, for locating the garage entrance.

Mrs. Matty O'Neil of Cross Street was not opposed to the development of the building, but to the plan for parking, stating that "Cross Street has parking on one side of the street, whereas Cedar Street has no parking and abuts that building...I suggest that cars should enter and exit the parking lot onto Cedar Street and proceed to Laurel Street and then onto Monument Square. This would not affect small children."

Eileen Burke of Cross Street and David Camara of Trenton Street reiterated concerns for the children in the area, stating that some 20 children live on Cross Street and an additional 17 live on Trenton Street. Both streets are in the impacted area.

Councillor Travaglini stated he was "against the project proceeding and unless you change the entrance, you will not have the support of the people who count the most." Councillors McCormack and O'Neil also voiced their concerns and support of the neighborhood residents.

Other concerns brought out during the hearing were the blocking of access to the streets surrounding the site, not only to the residents but to emergency vehicles as well; removal of trash from the building, not only during demolition and restoration, but also when tenants move in; and the possibility of reversing the traffic flow on the surrounding streets to prevent cars from exiting the garage and parking lot to travel through the neighborhood.

Harry Stoddard of the Charlestown High School Limited Partnership and Peter Matson of Graham Gund Associates, developers and owners of the property since February, 1985, stated that the plans submitted before the Board include the restoring and cleaning (not sandblasting) of the building, with no significant altera-

buildings to prevent any release of asbestos.

According to Bellotti, all parties have now entered into an agreement, filed in court Tuesday, which prohibits further work at the site until an asbestos cleanup and removal plan has been prepared by an expert in the field, approved by the Department of Environmental Quality Engineering (DEQE), and implemented.

The agreement also calls for all workers and others who are known to have been present during the demolition operation to receive notice of their potential exposure to asbestos, and a free test which will assist in any later diagnosis of a health problem resulting from the exposure.

The state's suit also seeks civil penalties and damages

for alleged violations of the Massachusetts Clean Air Act, and regulations and orders issued under that Act.

"DEQE officials and I share the goal of ensuring that the citizens of the Commonwealth are safe from the dangers of airborne asbestos, a known cause of cancer," Attorney General Bellotti commented. "The agreement announced today prevents the developers in Charlestown from continuing their project until that safety is ensured."

DEQE Commissioner S. Russell Sylva added, "Asbestos is a hazardous air pollutant and strict regulation of its removal is essential to protection of the public health."

Assistant Attorney General Jo Ann Shotwell, of the Environmental Protection Division, is handling the case for Bellotti.

Charlestown Preservation Society Testimony At Board Of Appeal Hearing

The following letter was read at the Board of Appeal Hearing on Tuesday, May 7, 1985 by Kathryn Downing, President of the Charlestown Preservation Society regarding the redevelopment of the old Charlestown High School on Monument Square by Graham Gund Associates.

Richard Dennis
Chairman, Board of Appeals
Boston City Hall
Room 803
Boston, MA 02201

Dear Mr. Dennis,

After examining Graham Gund Associates' plans for the redevelopment of the old Charlestown High School at our December general meeting, our members voted to endorse the project. Gund Associates' plans, which conform to the strict preservation guidelines set forth by the Massachusetts Historical Commission and the National Park Service, ensure that the facade and some of the interior detail of this very important building will be saved. The redevelopment of the High School has, indeed, been the impetus for the nomination of the entire Monument Square area to be placed on the National Register of Historic Places.

We are generally very concerned about increased density in our neighborhood and would probably oppose zoning variations relating to density, if this project was entirely new construction. However, the old Charlestown High School was built long before the current zoning code was established and it could not be redeveloped in any economically feasible way, if current code requirements were strictly adhered to. In addition it is worth noting that the current number of units proposed by Gund Associates is less than their previous proposals and less than the number of units other developers have proposed for this site.

Although it is not strictly relevant to the zoning variations under consideration, there has been considerable disagreement among abutters to the High School as to the location of the garage exit and entrance. The Preservation Society has not fully discussed this matter and takes no position on it. However, we hope that it can be speedily resolved so that the project can proceed. Leaving this large and important building vacant and subject to vandalism is in no one's best interest.

Sincerely,

Kathryn Downing, President
Charlestown Preservation Society

Jeffrey A. Goldman, D.D.S.

tions to the exterior facade, and the garage entrance would be on Bartlett Street. Stoddard stated that the building had been vacant since 1978 and had been "completely vandalized" and is a "blight on the neighborhood area."

Matson stated that at the public meeting held last November, Graham Gund did agree to scale down their original plans of 53 units with a health club on the roof and a two story garage, to the present plan.

Kathryn Downing, President of the Charlestown Preservation Society, read a letter from the Society supporting Graham Gund

Associates' plan. That letter, in its entirety, can be found elsewhere on this page.

Board Member James Fama asked the developer if they had arrived at any solution to the residents' concerns since the public hearing in November. Matson replied that "it is not possible to alleviate all the concerns regarding the increase of cars in the neighborhood." Fama expressed his "concern for the people who live in the area regarding parking and entrance of cars into the building."

Chairman of the Board of Appeal Richard Dennis, questioned the developer as to the possibility of there be-

ing any way of putting an entrance into the back of the building (on Cedar Street) and Matson replied "No, due to a 12 to 25 foot slope at that point, it is not feasible."

In rebuttal, Matson apologized to the residents for the abusive language of the demolition crew working on the Spencer Building and assured them that he was not aware of it and that it would not happen in the future. He also agreed to include the price of parking in the rental price so that tenants would not be tempted to park in the neighborhood.

The Board then went into Executive Session and after a lengthy discussion, voted

to defer action on the plans until June 25, 1985 at 10:00 a.m., when they will once again hear the proposed plans. Dennis strongly urged the developers to meet with community residents during this time and work out any problems before coming before the Board again.

A public meeting has been scheduled for Wednesday, May 15, 1985 at 7:30 p.m. at Charlestown High School Cafeteria, 254 Medford Street. Also, the plans will be available for viewing this Saturday, May 11th at the Austin Block on 92 Main Street from 10:00 a.m. to 4:00 p.m. during the House Tour.

Annual Spring Assembly At The Warren-Prescott School

by Harold G. Robinson

The annual spring assembly observing Patriot's Day and the arrival of spring, was held recently at the Warren-Prescott School. In the excellent tradition of the school, the presentation was flawless and commendations go to the children and teachers for their magnifi-

cent effort. The program was interrupted frequently by the appreciative applause of a very attentive audience of parents, faculty and students.

Chester Polisky was the master of ceremonies and introduced the event with a greeting and asked the audience to stand for the traditional salute to "Old Glory"

and the singing of a patriotic song.

AMONG the participants in the Warren-Prescott School Spring Assembly were Kent Wu and Colleen Fitzgerald.

Introductory speakers included Koon Hung Lam, Denny Ching, Nakia Polk and Tanisha Phoenix. "Yankee Doodle" was sung, followed by a recitation of the poem "How Old Is A Patriot?" by Terry Hart, Blossom Woo, Tony Tom, Paul Hanson, Raymond Tang, Judy Wong, Kazetta Perry, and Chang Foo.

The poem "Paul Revere," dedicated to a great and courageous patriot, was recited by Maryellen Wood, Celina Chan, Jennifer Yee, Angela McCoy, Mark Fennelly, Michael Chan, Kianga Dancy and Nancy Mui.

Another poem, "The Flag," was presented by Robert Moses, Bergson Van, Angela Wong, Connie Chu, Elbert John and Michael Lacey.

The presentation of the song "Red, White, and Blue" was followed by the Bill of Rights for Children executed by Brent Dobbins, Jason Smith, Latoya Collymore, David Wong, Jaelyn

Heafey, Colleen Fitzgerald, Eric Paguin, Hilman Kwong and Quina Montiero.

Jaelyn Heafey introduced the second portion of the program which opened with the song "Spring Has Come" followed by the "Song of Spring." Singers included Kerri Ferreira, Thomas Whelan and James Tallent. The chorus then joined in on the song "Carmelita" with individual participants Chang Bolz, Jason Londino and Kianga Dancy.

The poem "March" featured the precision marchers Tanisha Phoenix, Akinyi Smith, Kianga Dancy, Kent Wu, Sylvia Eng and Koon Hung Lam.

BRENT DOBBINS takes part in the Warren-Prescott School Spring Assembly.

The song "Lilac Time" was followed by Annie Luong reciting "When Blue Skies Smile." "Waltz Song" was next on the program and the poem "Wind" was recited by Susan Sanabria, Carla McCoy and Jeffrey Luu. The program concluded with the "Lollipop Song."

The accompaniment for the assembly was provided by Priscilla Vadeboncoeur of the Music Department of the Boston Public Schools.

"Streetwise" Premiere To Kick Off 15th Anniversary Of Bridge Over Troubled Waters

On Thursday, May 16, 1985, Bridge Over Troubled Waters, the Boston runaway and homeless youth agency, will kick off its 15th Anniversary celebration with the New England premiere of the Academy Award nominated film "Streetwise" at Sack Cinema Copley Place. A. Alan Friedberg, President of Sack Theatres, chose Bridge Over Troubled Waters as the recipient of this premiere because of how closely related its work is to this extraordinary documentary which examines a group of runaways and castaways in Seattle, who survive as pimps, prostitutes, panhandlers and small-time drug dealers, mainly on their own.

Founded in 1970, and headed by executive director, Sister Barbara Whelan, Bridge Over Troubled Waters, as its name suggests,

works to bridge the gap between troubled, alienated young people in Boston and the society from which these "street children" feel rejected. Bridge Over Troubled Waters has helped thousands of homeless, wandering children and addresses the needs of its young clients by offering outreach counseling, shelter, dental, medical and educational services free of charge.

Attending the benefit will be one of the film's producers, Mary Ellen Mark, and her husband, director Martin Bell. A reception at Arne's Seafood Restaurant will precede the film, with "Streetwise" scheduled to begin at 8:30 p.m.

For further information and ticket reservations, call Bridge Over Troubled Waters at 423-9575.

"Parent To Parent"

Dr. Lonnie Carton for PERC

PERC is the Parent Education Resource Center developed by School Volunteers for Boston to address issues of concern to parents by providing a central information bank, public forums, workshops, and training courses for parents.

Media personality, Dr. Lonnie Carton of "The Learning Center," a trusted authority on family relationships, is the expert advisor of the PERC program. She authors PERC columns for weekly newspapers and provides taped messages on parenting issues on the PERC hotline, 451-1151.

DR. LONNIE CARTON

Most boys and girls need all the help they can get from their parents. Children need assistance in: developing good study habits...practicing the skills they've learned at school...applying themselves attentively and physically to get the most out of their education.

Just ten or fifteen minutes a day of a parent's attention can greatly improve a youngster's effort and achievement level.

Here's how it's done:

1) Talk to your son, daughter, grandchild, niece, etc., about what he/she learned in school for the day. If the youngster says "Nuttin'" or doesn't seem willing to talk about school, be patient. Try using such conversation "door openers" as: "Tell me about it. I'm really interested in knowing" or, "Maybe I can help."

2) Answer whatever questions you can and help the child organize his/her own thoughts, or look up information in a dictionary or encyclopedia. Encourage the youngster to set a schedule for doing her homework assignments so that she/he will make better use of time.

3) Find some quiet, well lit space the youngster can regularly use for studying.

4) Insist the child finish homework responsibilities in a conscientious way before rushing off to watch television.

5) Make sure the boy or girl gets enough sleep each night to be wide awake enough to learn the next morning.

Boys and girls learn to respect the school and all that it offers when they discover that parents believe so much in education that they are willing to devote some of their precious spare moments to it. In the process, not only do the young people gain valuable information, but the adults at home do too. They become more aware of their child's academic strengths and weaknesses. This puts the adults in a better position to discuss their son's or daughter's performance with the teacher and to take a more active role in making sure the school is properly serving the best interests of the child.

Dr. Lonnie Carton is making a series of visits to parent groups in Boston's Public Schools. Call School Volunteers for Boston at 451-6145 to learn about her local appearances, or to request her visit to your child's school.

Charlestown Police Line

From the desk of
 Deputy Superintendent Ronald X. Conway
 Commanding Officer, Area A
 Downtown, Charlestown, East Boston, Beacon Hill

On April 25, 1985 at 9:00 a.m., Detectives observed a male suspect known to be wanted on a warrant issued from Rhode Island for the unlawful sale of narcotics. The suspect, a 41 year old Boston resident, was placed under arrest and transported to Area A pending notification of Rhode Island State Police.

On April 26, 1985 at 2:04 a.m., Police Officers observed a motor vehicle traveling at a high rate of speed on Medford Street. A check on the registration revealed that the vehicle had been reported stolen. The officers pursued the vehicle to Old Landing Way, where it crashed into a wall. At this time, two male suspects exited the vehicle and fled on foot. Both suspects were apprehended and placed under arrest for larceny of a motor vehicle. The suspects were identified as Charlestown residents, ages 18 and 20.

On April 26, 1985 at 4:40 a.m., Police Officers responded to a radio call relative to an assault at Bunker Hill and Monument Streets. On arrival, the officers observed a female standing in the street, screaming hysterically. The officers also observed a motor vehicle in the street with all four windows smashed. At this time, the officers were approached by a man who was bleeding profusely from a head wound. This man stated that a female suspect had struck him with a tire jack and then proceeded to smash the windows of his vehicle. The female suspect was identified at the scene and placed under arrest. This suspect, a 26 year old Charlestown woman, was taken to Area A and booked for assault and battery with a

dangerous weapon and willful and malicious destruction of property. The victim was transported to M.G.H. for treatment of head and eye lacerations.

On April 26, 1985 at 6:00 p.m., Officers of the Housing Police, while on routine patrol, were approached by two women who stated that while at 18 O'Meara Court, they were assaulted by a white male. The officers went to the home of the suspect, where he was placed under arrest. The suspect told the officers that he had kicked and assaulted the victims. The suspect, a 26 year old Charlestown resident, was taken to Area A and booked for assault and battery with a dangerous weapon, to wit, a shod foot.

On April 26, 1985 at 11:00 p.m., Police Officers responded to Medford Street relative to family trouble. On arrival, the officers observed a 22 year old male, who was known to have a warrant issued for him from Charlestown District Court. A computer check confirmed the existence of the warrant and the suspect was placed under arrest. He was taken to Area A and booked.

On April 27, 1985 at 1:00 a.m., Police Officers observed three males drinking beer on Main Street. The suspects, all residents of Charlestown, ages 18, 20, and 21, were placed under arrest. They were transported to Area A and booked for public drinking.

On April 27, 1985 at 11:00 p.m., Police Officers responded to Bunker Hill Street for a breaking and entering. The officers spoke to witnesses who stated that a male suspect had attempted to break and enter a business on Bunker Hill Street. As a result of the information received from the witnesses, the officers arrested a 23 year old Charlestown man. This suspect was taken to Area A and booked for attempted breaking and entering.

The next Community Service Meeting will be held on Tuesday, May 14, 1985 at 7:00 p.m. at the Kent Community School, 50 Bunker Hill Street. This meeting will feature guest speakers P.O. Robert O'Leary, Departmental Crime Prevention Officer, and Chris Hayes of the Bureau of Neighborhood Services. They will speak on "Crime Watches."

Community Center News

On Friday morning, May 10, 1985 at 9:00 a.m., the Charlestown Community Center at 14 Green Street will present a program on the Charlestown Community Schools.

Charlestown Community Schools offers a variety of youth and adult education programs. An education program can be fit into almost anyone's schedule as classes are offered days and evenings. Spokespersons from Community Schools will be on hand to provide information on the programs.

If you would be interested in finishing your high school education or have a child who has dropped out of school and would benefit from an alternative classroom setting, come to the Community Center on May 10th to see what Community Schools has to offer.

For more information, call 241-7020 between 9:00 a.m. and 2:00 p.m.

Report Drug Activity

Charlestown residents are being asked to assist the Boston Police Drug Control Unit in cracking down on the sale and distribution of illegal drugs in this community. Information is needed as to the locations of drug activities, the names of persons involved with the distribution of drugs, along with any and all other information on drugs trafficking in the community.

Persons with such information are asked to call the Drug Unit number 247-4695 between 8:30 a.m. and midnight, seven days a week.

All information will be held in strictest confidence. Callers may remain anonymous. If a caller wishes to leave his/her name, that person's identity will be protected.

The Police need the cooperation of the residents. Report any drug activity to 247-4695.

Mayor Flynn Basketball Tourney

The Eighth Annual Ray Flynn All-Boston Basketball Tourney, Men's Division, will be held at Don Bosco Technical High School on Saturday, May 18th and Sunday, May 19th. Tournament Director John Horan announces that all teams are ready to compete for the "Bragging Rights" of Boston.

Admission is free and donations will not be solicited — everyone is invited to attend and view Boston's finest basketball talent.

Thanks to the efforts of School Committee member John Grady, Don Bosco has offered the use of their spacious gym and seating accommodations at no cost to the public. In addition, the McCourt Cable Company has agreed to sponsor all costs incurred to operate the Tourney, including the Mayor Flynn Trophy that will crown the city's champion.

Conditioning, endurance, and bench strength will probably be important factors in the Tourney. In a single round elimination tourney such as this, a winning team could play as many as four games in two days, if they make it to the finals. There is no substitute for talent, however, and this Tourney will feature many of Boston's All-City All-Stars.

Neighborhood pairings are set for the opening games. They are:

10:00 a.m. - Roxbury vs. South End

11:15 a.m. - Hyde Park vs. East Boston

12:30 p.m. - Dorchester vs. Jamaica Plain

1:45 p.m. - South Boston vs. Brighton

Last year's two finalists, West Roxbury and Charlestown, will play as follows:

3:30 p.m. - West Roxbury vs. winner of Roxbury/South End game

4:15 p.m. - Charlestown vs. winner of East Boston/Hyde Park game

Semi-finals are scheduled for Sunday, May 19 at 10:00 a.m. and 11:15 a.m.

The Championship Game is Sunday, May 19 at 12:45 p.m.

Babe Ruth Baseball Cancels Season

Due to the apparent lack of interest, the Charlestown Babe Ruth Baseball Executive Committee has decided to cancel operations for the 1985 season.

The Committee sincerely hopes that there will be a revival and it can look forward to a resumption of operations for the 1986 season.

Celebrity Softball Game

A Celebrity Softball Game to benefit Boston City Hospital's "Boston Youth Program" will be held on Saturday, May 11th at 1:30 p.m. at Roberto Clemente Park in the Fenway. The game is being sponsored by Mayor Raymond Flynn's Coordinating Council on Drug Abuse and will feature the Boston Police Department's All-Star Softball Team against a team of local media personalities, and representatives from the School Committee, the City Council and the city administration.

Hop-n-ing - An Easter Seal Benefit To Be Held At Boys And Girls Club

As part of a new handicap awareness program initiated recently by Charlestown Boys and Girls Club, children will be participating in a "Hop-n-ing" on Wednesday and Thursday, May 15 and 16, 1985 to benefit the Easter Seal Society. During the event, each child will hop for three minutes and will then collect money for Easter Seals based on pledges received from neighbors and friends prior to the events.

The "Hop-n-ing" is a unique program organized by Easter Seals for nursery schools and day care centers across the state. In the past, the Society has been instrumental in establishing other programs to increase public awareness of people with disabilities, and this year wanted to help young children learn what it means to be disabled.

"We are delighted to be able to share our handicap awareness knowledge, for the first time, with the very young people in this state," said Sister Mary Caritas, S.P., Chairman of the Massachusetts Easter Seal Society. "And we are equally delighted that preschoolers will be actively involved in an event to help children with disabilities."

During the handicap awareness program, children will learn the causes of disabilities, the purpose of many pieces of adaptive equipment and will experience, via role playing, what it is like to be disabled.

The "Hop-n-ing" is the conclusion of this week long program. As a thank you for their participation in the event, each child will receive an Easter Seal Hop-n-ing "Everyone is Special" coloring book. Children raising \$5 or more receive a special pair of "Hop-n-ing" shoestrings and those raising \$15 or more will receive a book bag.

All funds contributed by

this event benefit Easter Seal services including recreation and swim programs, stroke clubs, camping opportunities and therapy services. They also help to offset the costs

of free care provided by Easter Seal Home Health Care, bringing nursing, therapy, home health aid and social work services into a person's own home.

Minor League: Patriot 17 - Curtin Club 3. The game scheduled for Sunday, May 5 had to be postponed. It will, hopefully, be played at a later date.

The Minor League schedule is: Curtin Club vs. Patriot, Saturday, May 11 at 6:00 p.m. and Patriot vs. Curtin Club, Sunday, May 12 at 1:00 p.m.

There was a great turnout by the new Minor League parents and friends of the players. Welcome to the thrills and chills. The weather did not bother the kids, they enjoyed playing baseball. Of course, they were a little up tight, swinging at high and wide pitches and at times they were a little confused on the base paths, but for most of them, it was their first time in competition. They have competent and dedicated managers and coaches. By this time next year, they will be good baseball players.

Note: I have two pullover jerseys. Somebody please claim them — they won't fit me!

BETTER SPEECH AND HEARING MONTH

The month of May has been designated as Better Speech and Hearing Month by the American Speech-Language and Hearing Association. This is a good time to think about the ability to communicate, which we daily take for granted.

Communication plays a vital role in all aspects of everyday life - in our jobs, our families, and our recreation. **Speaking, hearing, and understanding** are essential for human communication and a disorder in one or more of these skills can interfere with a person's capacity to communicate effectively with others. Statistics show that one out of every ten people has a speech, hearing, or language problem.

Most people with communication disorders can be helped through medical or surgical intervention and/or through speech/language treatment. Speech-Language Pathologists are some of the professionals who work with individuals with speech, language, voice, stuttering and hearing impairments.

During this month, posters and handouts will be on display. Also, free hearing/speech/voice screenings for the Bunker Hill Health Center staff and for the public will be held on Thursday, May 23, between noon and 1:00 p.m. in the Speech-Language Pathology Department on the second floor of the Health Center. If interested, you will need to call for an appointment and you will need to bring your blue hospital card.

If you would like further information regarding speech, language, and hearing disorders, please call the Speech-Language Pathology Unit, Bunker Hill Health Center at 242-5748.

Boys And Girls Club News

The College Club, sponsored jointly by the Boys and Girls Club and the Kennedy Center, is planning a field trip to the National College Fair on Monday, May 13th from 6:00 to 9:00 p.m.

Sophomores and Juniors who are planning to attend college or even just thinking about going, should begin at the National College Fair. Here representatives from many colleges from throughout the United States will answer questions about majors, costs, financial aid, and campus life. The National College Fair is sponsored by the National Association of College Admissions Counselors (NACAC).

Young people wishing transportation to the National College Fair should call Jack Sheehan or Kevin Gallagher at the Kennedy Center at 241-8866 or Connie MacDonald at the Boys and Girls Club at 242-1775.

A Science Fair will be held in the library of the Boys and Girls Club on Saturday, May 11th from 1:00 to 3:00 p.m. At this time, members of the science club will present science projects they have been preparing during the year.

Children participating in this project range in age from seven to 15. These youngsters have researched a wide variety of subjects, ranging from goldfish to dinosaurs and from plants to electricity.

The general public is invited to come and explore this adventure in science.

The Education Department of the Boys and Girls Club has sponsored a three session historical workshop in conjunction with the Paul Revere House.

Two of the workshops, "Working Class Hero" and "For Ready Money" held April 30th and May 7th, were hands-on activity workshops designed to give young people experience on what city life was like in pre-revolutionary America. The third session, to be held on May 25th, is a field trip to Sturbridge Village. This session is designed to contrast life in the city with life in a pre-revolutionary farm community.

Children taking part in this workshop are between the ages of nine and 12.

Representative Voke Announces Low Interest Mortgages

Representative Richard A. Voke has recently announced that \$135 million in low-interest home mortgage loans will be made available to first time Massachusetts homebuyers. This latest round of mortgages will again be administered by the Massachusetts Housing Finance Agency and the Executive Office of Communities and Development, and is expected to assist 2,500 homebuyers purchase their first homes.

The \$135 million in mortgage funds are available at a fixed interest rate of 9.95% for a term of 30 years, with a minimum five percent downpayment. To qualify for a loan, borrowers must be first time homebuyers who meet income guidelines and other program requirements.

According to Representative Voke, there are exceptions to the first time homebuyers requirement for Boston residents, so that people who presently own their own homes could qualify for this program. "If borrowers in this category sell the interest they hold in their principal residence prior to receiving a MHFA mortgage, and if a portion of the proceeds from

that sale is used as downpayment on the new residence, then the person is eligible for the low interest loan," noted Voke.

The program calls for \$71 million to be available to borrowers who meet general eligibility requirements. Starting on May 16th, applications for these funds will be available on a first come, first served basis through participating Massachusetts mortgage lenders. These general eligibility loans will be held for 60 days for "high priority groups," namely Vietnam Era Veterans, low-income, minority, and physically handicapped borrowers. After the 60 day period, other qualified borrowers will be able to apply for leftover funds through a lottery system. In general, applicants must have accepted an Offer to Purchase Agreement or executed a Purchase and Sales Agreement at the time they apply for the loan.

Another \$25 million in mortgages has been reserved for the purchase and rehabilitation of homes in specially designated neighborhoods in a number of communities, including Boston. In Boston, assistance for

this particular program is available through the Neighborhood Development and Employment Agency.

Finally, \$39 million is reserved for new single-family home construction. For this portion of the program, specific builders and developers have received a reservation of funds for mortgages on homes they will build and sell to eligible borrowers. Developed in cooperation with the Homebuilders Association of Massachusetts, this program will be administered in the Boston area through the Bank of New England, the Boston 5 Cent Savings, and the Shawmut Bank.

Commenting on the program, Voke said, "This will provide an excellent opportunity for those residents of Massachusetts who have

been priced out of the buying market but would like to purchase their own home. By taking advantage of the low interest rates and small downpayment requirements of this program, I sincerely hope that many local residents will be able to afford the house they have always wanted."

Voke also stated that the MHFA is planning to offer similar types of homeownership programs every Spring and Fall for the next few years, so those who do not take advantage of this round of mortgages can plan for further opportunities to do so in the future.

For a brochure fully explaining all of the programs available through the MHFA, write to: Representative Richard Voke, State House, Boston, MA 02133.

Worked His Tail Off For M. G. H.

PETER RABBIT, otherwise known as Tom Jackson of Charlestown, is shown with Herbert Henderson of the International Fair Committee of the Massachusetts General Hospital.

On April 4th, Tom Jackson worked his tail off for Massachusetts General Hospital, but he loved every minute of it.

You see, Jackson, a resident of Charlestown, volunteered to dress in a rabbit costume for several hours on that Thursday before Easter to promote the hospital's International Fair on Saturday, May 18th at the Bayside Expo Center in Boston.

With rabbit-like quickness, Jackson went from department to department, meeting hundreds of employees along the way.

Although you may not have been able to tell through his mask, the man behind the costume enjoyed it as much as the employees. "I love

making people happy," said Jackson, an MGH volunteer. "I dress up in costume as often as I can. People seem to get a big kick out of it, especially the children."

At the International Fair, Jackson will take on a new identity, that of a smurf, and he expects his appearance will be just as popular.

Members of the MGH's Bunker Hill Health Center will also be represented at the Fair, which is the first in a series of events planned by employees aimed at helping to raise money for the construction of new inpatient buildings at the Boston hospital.

"The Fair really expresses what we are as a hospital staff," said Pat McGurty, chairman of the event. "It's a way for everyone to become involved — not just the employees as a community, but also the people we serve."

Supervisors Sought

Four supervisors will be hired at \$6.90 an hour to provide education and guidance to Youth Conservation Corps enrollees at Boston National Historical Park, Charlestown Navy Yard.

The supervisors will operate an eight week program for the National Park Service that will provide employment to the difficult to place 15 to 18 year age group and add \$45,000 to the local economy.

The program will begin July 1, and continue for eight weeks. Applications are available at the personnel office of Boston National Historical Park, Charlestown Navy Yard. Completed applications must be submitted to the personnel office no later than May 10.

Donates Labor During Renovation Of Rosie's Place

Dean Millspaugh of Charlestown was among the nearly 200 Massachusetts Building Trades union members who donated countless hours of labor during the just-completed renovation of Rosie's Place. Located in Boston's South End, Rosie's place is a drop-in center and emergency shelter for poor and homeless women and serves between 50 and 60 women and their children daily. The 11 beds available for overnight use will be made available in several weeks.

Rosie's Place has been under renovation during the past few months following a devastating fire that hit the historic townhouse in May.

1984. Public support following the fire was overwhelming. Union members from throughout the Greater Boston area volunteered their time to help put Rosie's Place back together...better than ever. In all, 17 different trades participated in the historic re-building.

Millspaugh is a member of Roofers and Waterproofers Local 33.

Mystery At The C.W.T.

Both the plot and the theater are set amid Victorian era architecture, as the Charlestown Working Theater presents "Gaslight" (otherwise known as "Angel Street"), opening May 10th. The play, written by Patrick Hamilton in 1939, was originally set in London in the 1880's and starred Vincent Price. It was also made into a movie starring Charles Boyer and Ingrid Bergman.

This spine-tingling melodrama is the demonic story of the Mannings of Angel Street. At first, all appears to be normal, but it is soon apparent that Manningham, a suavely sinister and handsome man, under the guise of kindness, is

slowly torturing his wife into insanity. The tensions and suspense build to a climax after a police inspector arrives on the scene and convinces Mrs. Manningham that her husband has murdered before. They must build the evidence to prove his guilt and they manage this exciting game shrewdly.

The story moves from London to Beacon Hill for this production. "Gaslight" is directed by Jim Cooke, and produced by Mary Curtin-Stevenson, Charlestown Working Theater. It runs from May 10 through June 9, Friday and Saturday nights at 8:00 p.m. and Sunday afternoons at 2:00 p.m.

at the Theater, 442 Bunker Hill Street. Tickets are \$8.00, and \$7.00 for Charlestown residents, students,

and senior citizens. Reservations are available through the Box Office at 242-3534.

IN A SCENE FROM "GASLIGHT," which opens on Friday, May 10th at the Charlestown Working Theater, is John Lawrence Chatty and Susan McGinnis.
