

HUÑANO

THE TRIBE

## ABOUT BURNING MAN

Once a year, tens of thousands of people gather in Nevada's Black Rock Desert to create Black Rock City, a temporary metropolis dedicated to community, art, self-expression, and self-reliance. In this crucible of creativity, all are welcome. It's a vibrant participatory metropolis generated by its citizens. A unique and distinctive culture emerges from a burning man experience. Rooted in the values expressed by the ten principles, this culture is manifested around the globe through art, communal effort, and innumerable individual acts of self-expression.

To many, it's a way of life.

This year's theme is a RADICAL RITUAL. The theme will occupy the ambiguous ground that lies between reverence and ridicule, faith and belief, the absurd and the stunningly sublime.

## HUMANO GIVING BACK

In an effort to contribute to the local communities that provide so much to us, a part of the contributions raised on each experience will be donated for materials to build rooms for families on rural communities.

Along with our contributions we will be spending a week to help them build or improve their home.

“We make a living by what we get, we make a life by what we give”  
-Sir Winston Churchill

## HUMANO ONE

We are bringing our iconic vehicle back to the Playa this year, the Humano One.

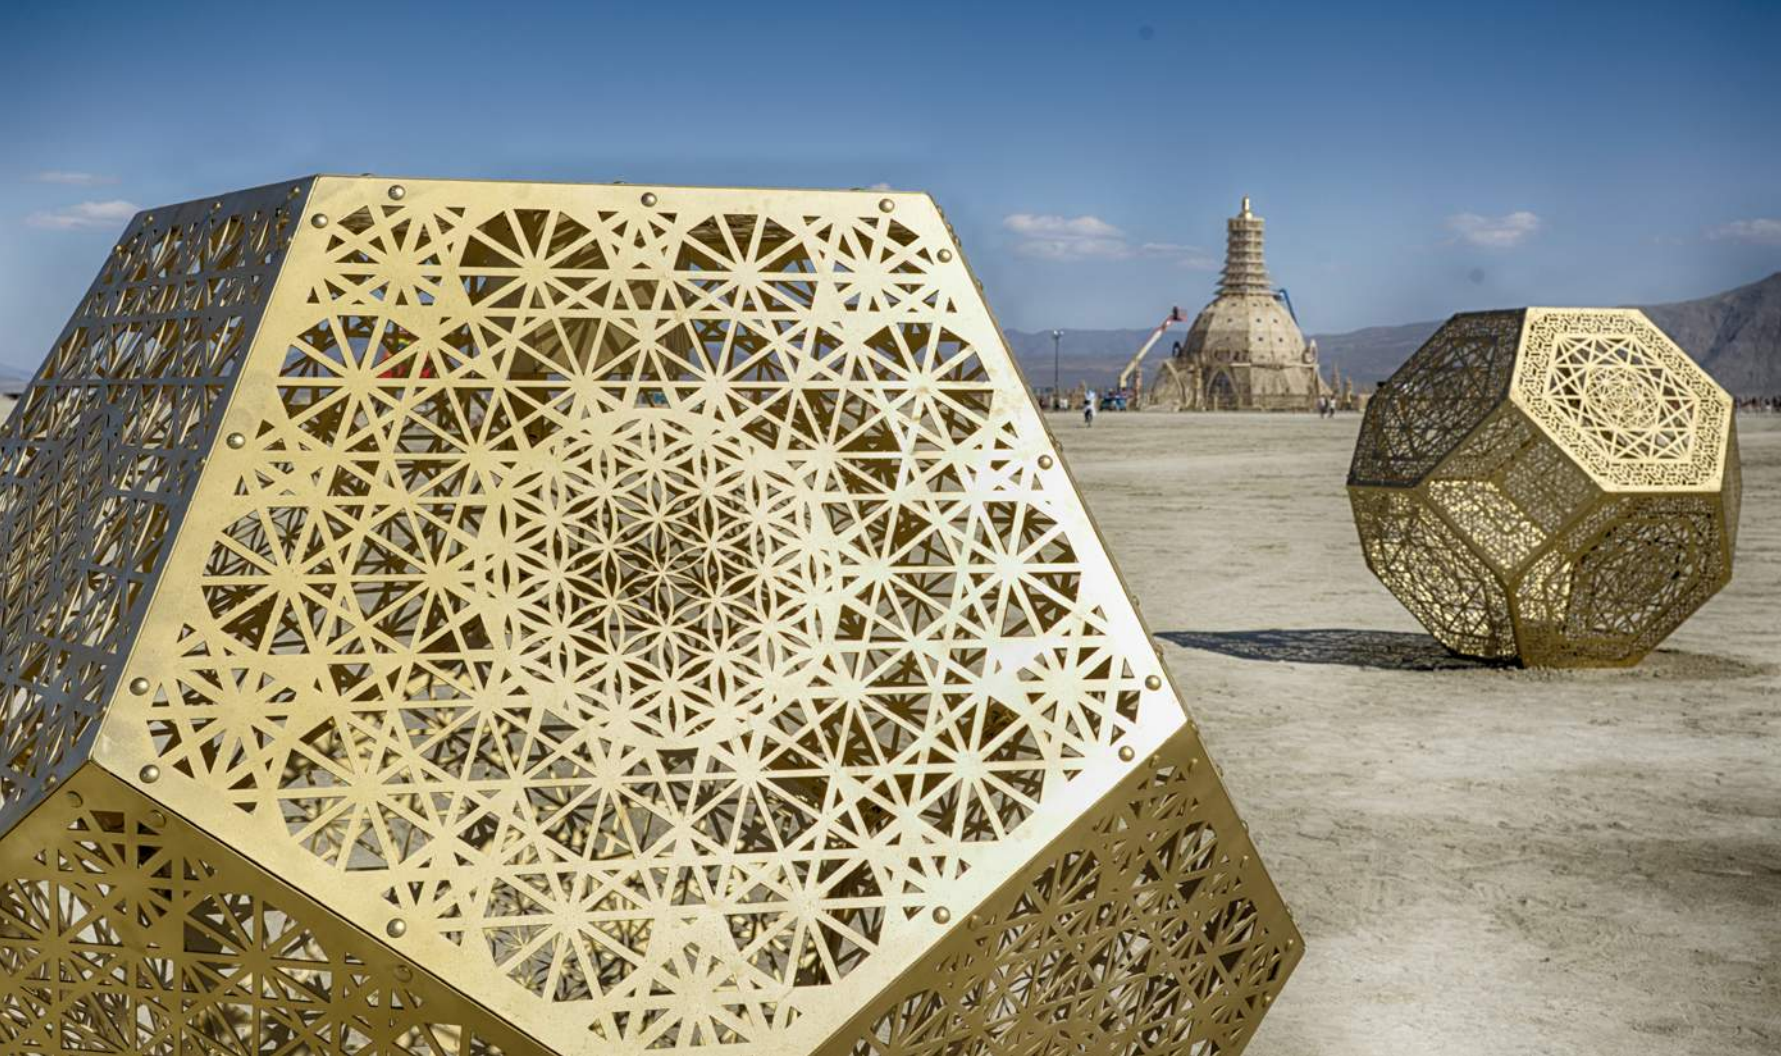

She is a 52' long, 25' high and 39' wide, 35,000 watt blasting, rolling performance platform which will be equipped with a top deck dj booth, platform wings, a full on blasting sound and new fire props that will blow your mind.

Along with her lights, H1 is an incredible vehicle and an incredible gift to the Playa, can fit up to 80 people and plug into other major sound systems. Bam!

We will be presenting a unique line up with amazing artists that will perform throughout the week

## HUMANO ART

We are honored to announce that all the efforts behind building and designing our first art piece has come true.

Humano will be contributing with another grain of sand to this universe of creativity and talent, and will be presenting our art piece, which is being designed and curated by Javier and a his wonderful team of volunteers inside our tribe.

We will present an art piece that can reflect the spirit and essence of this year's theme, Radical Ritual along with our interpretation of the relativity of time

## WORKSHOPS AND RITUALS

Our work shop program is curated by Alexis and it's focused on different variations of ceremonies, rituals with ancient wisdom techniques, that use the natural elements in order for us to re connect with ourselves and our fellow members.

## CELEBRATIONS

Honoring the core of our tribe, we would be hosting our traditional Sol and Luna parties, making tribute to our spirits, with performances from various artists following the vision of our music curator and member Serge Devant

## FOOD PROGRAM

Our food program has been carefully curated, by Alejandra, one of our chef members and is focused in raw and organic foods, always supporting local farms and producers that support sustainability in the region, offering a wide variety of flavors and high energetic meals throughout the week.

## ACOMODATIONS

SINGLE INDIAN TENT

COUPLES INDIAN TENT
