# Young dermatologists

This is designed exclusively for you

Esteemed Colleague,

As part of IMCAS Annual World Congress 2020, Jan 30 to Feb 1, we are happy to announce that on Saturday we have designed an entire day dedicated to **YOUNG PHYSICIANS**.

Among those sessions, 5-hours are dedicated to young interventional dermatologists and will cover the most sought-after topics in the field of dermatology. World-renowned speakers are here to share their knowledge and years of practical experience in clinical, aesthetic and surgical dermatology and dermoscopy. The final session will be the ‘Young Derm Awards’ where Young Dermatologists are encouraged to submit an abstract of their latest clinical cases. These cases will be presented in front of a Jury of experts who will elect the best presentation! It’s the perfect opportunity to form essential connections with your peers in the field, and to stand on stage in front of a world-wide audience.

Don’t miss this chance to join us ! We look forward to welcoming you to IMCAS Annual World Congress 2020.
