RE: 11-Worth Cafe

Our customers and staff are of the utmost importance to our family. The verbal abuse, taunting and having to be escorted to and from their cars by police and security officers for their safety for two straight days was more than we could watch them endure. Our Staff and customers were the backbone of our operation and we appreciated every one of them.

So it is with a heavy heart to inform all of you we have shut our doors as of Sunday June 14, 2020 for good we have no plans on reopening.

We have had numerous threats to all of our family members via social media and two incidents at two of our family homes where the police had to be called.

To all the staff that worked so hard especially this year through the covid pandemic, you showed up day in and day out to take care of the wonderful customers that have walked through these doors for so long and have showed us so much support and love over the past forty-four years WE LOVE ALL OF YOU.

Thank you,  
The Caniglia Family
