- **The prices may increase depending on the level of complexity of the characters' design.**
- **Simple backgrounds are free. Complex backgrounds and perspectives increase the price.**
- **The method used for the payment must be Paypal.**
- **For basic commissions, extra characters are *usually* half the original price. This could change depending on the number of characters.**
- **I won't draw mecha, nor complex weapons/armors. I can't handle those lol.**
