

GOOGPEPE

Just Pepe.

INTRODUCTION

Pepe OG is the home of the original Pepe Hero that we all know and love Community driven token with Global following. It features the iconic meme character Pepe and the Blockchain Hero, Pepe needs your help. he wants to escape the pond and travel to the moon! With your support he can moon if he has enough community behind him. His token is based on the Binance Smart Chain.

To support \$OGPEPE, we have an in-house Industry leading Marketing Team to drive it to success, our Team has led many tokens to million dollar marketcaps! We will ensure users have access to safe and completely decentralized finance, aimed at giving the power for wealth back to where it belongs - In the hands of the people. Through harnessing the complete potential of community, positive energy and the Power of Blockchain, Pepe will be the next Meme Hero of 2023. In 2008, Pepe made his first steps to internet stardom, since then he has made way to Blockchain and made a tremendous amount of wealth. We will utilise that success and ensure a steady forward plan.

OBJECTIVES

Build a Community Driven DeFi Project

We aim to create a DeFi project which gives power back to its community, fully community driven and responds to the needs of its holders.

Explosive Marketing

Use industry leading Marketing strategies to formulate and implement the most explosive entry to the Market DeFi has seen.
