## SE 20

### Commercial Carpet/Upholstery Cleaner

ST-SE20

**TYPHOON SE20** is a spray extraction carpet/upholstery cleaner specially designed for small and medium areas of carpets and floors.

Compact and easy to carry, the **TYPHOON SE20** is especially suited for cleaning of tight spaces found in places such as hotels, private houses, offices, shops, car wash companies, carpet shops and for household cleaning companies' various applications.

#### Features & Benefits

- Extremely portable despite its reasonably-sized tank.
- Cleans both carpet and hard floor using the same tool in a single pass!
- S-shaped wand allows easy access under tables or low heights.
- High density polyethylene tanks, die-cast aluminium vacuum head & stainless steel vacuum tubes for enhanced machine life.
- Adjustable handle height of cleaning tool allows worker to manage it with little effort.
- Transparent cover enables monitoring suction of dirty water when machine is in operation.
- Vacuum motor filter can be easily removed for cleaning.
- Water pump with bypass regulates the optimal water flow automatically according to the tool used, thereby improving the pump's performance reliability.
