Introduction

This eBook is a step by step guide to obtain countless amounts of Lynda account for absolutely no cost at all!

The methods mentioned are not created by me, they have been collected from the internet. I've just perfected them and collected them in to one easy guide to follow!

Method #1

Method #1

Creating your fake identity.

- 1) The first step is to create a fake identity located in California, this can easily be done by following the link below and using the settings below.

<http://www.fakenamegenerator.com/>

- a) To create a fake Californian identity you'll have to click the advanced options menu located next to the generate button.
- b) Make sure that American is selected in the names menu
- c) Now click the "Switch to Region" tab and select California.
- d) Now you can click Generate and should get something similar to the picture below.

Logged in users can view full social security numbers and can save their fake names to use later.

Scott S. Palma

2846 Edgewood Avenue
Fresno, CA 93721

Curious what **Scott** means? [Click here to find out!](#)

Mother's maiden name Hazeltime

SSN 555-29-XXXX

You should [click here](#) to find out if your SSN is online.

Geo coordinates 36.733315, -119.782778

PHONE

Phone 559-314-4874

Country code 1

BIRTHDAY

Birthday April 17, 1994

Age 22 years old

Tropical zodiac Aries

Method #1

Finding a zip code.

2) Now its time to find a zip code matching your fake identity's location. This does however not have to be spot on so you can choose a location relatively close to address. You can find the zip codes at the following website.

http://data.mongabay.com/igapo/zip_codes/CA.htm

California Zip Code Listings Zip Code Listings 2016

At 163,696 square miles, California is the 3rd largest state in America. Administratively California is divided into 482 cities and towns and 58 counties. The state's population is 38,332,521, according to the 2013 United States Census, making it the 1st most populous state in America.

As of January of 2014, California has roughly 2,597 zip codes, which are listed below with the respective city, town, village or location name as well as the area code. The state's capital is Sacramento (2011 population: 477,892) and its largest city is Los Angeles (2010 population: 3,792,621).

Method #1

Obtaining a library card number

3) To create your free online library card number you'll have to go to this website. Fill the form with your newly created fake id, it should look something like this.

<https://millennium.newport.lib.ca.us/selfreg>

Please enter the following information: (* means required field)

First name:*	<input type="text" value="Scott"/>
Last name:*	<input type="text" value="Palm"/>
Address:*	<input type="text" value="2846 Edgerwood Avenue"/>
City:*	<input type="text" value="Fresno"/>
State:*	<input type="text" value="CA"/>
ZIP Code:*	<input type="text" value="93721"/>
Email:	<input type="text"/>

Self Registration

Palm, Scott, thank you for registering. Your temporary card number allows you to place holds on items in the catalog or to use our online databases.

You must visit the library within 30 days to pick up your permanent card in order to check out library items, including downloadable books. After 30 days, your temporary account will be deleted.

Your temporary barcode is: **1198062** (Please write it down - you will need it to place holds or search the databases)

DON'T FORGET TO WRITE DOWN YOUR "TEMPORARY BARCODE"!

Method #1

Creating a Lynda account

4) So now that you have the library card number (obtained in the previous step) you can finally create you Lynda account. Head over to this link to register an account using your library card number.

Create a profile

Enter your library card number and choose a secure password so that you can log in to lynda.com.
