EAST	1036 S JACKSON ST, SEATTLE, WA 98104	18-00008649	1/15/18	Homeless encampment. We have experienced vandalism and theft along with an increase in garbage.
	1051 LAKE WASHINGTON BLVD, SEATTLE, WA 98122	18-00016284	1/26/18	Illegal campers at Spring. They've been using a site on Lake Washington Blvd at about McClellan for the last 5 or 6 months and occasionally come to this location before returning to the other site. All three vehicles travel and camp together at each site. It's past due time to enforce the ordinance against camping in Seattle Parks property.
	1065 E PROSPECT ST, SEATTLE, WA 98102	18-00066085	4/9/18	Homeless person camped at SW entrance to Volunteer
	110 12TH AVE, SEATTLE, WA 98122	18-00069306	4/13/18	I am a person whom uses a power wheelchair and this homeless camp is blocking the sidewalk to the point I can't get by it. I have to use bicycle lane to get by and this is a busy road and my wheelchair is almost the same size as the bicycle lane and I feel uncomfortable having to use it and I have noticed that drivers are uncomfortable as well.
	1100 POPLAR PL S, SEATTLE, WA 98144	18-00043137	3/6/18	This encampment had two propane tanks explode. The Fire Dept had to put that out. Then they brought in more propane tanks and a gas can, and the gas can exploded. An employee of an area business put that out. In addition to the hypodermic needles, human poop, open drug use, various trash, and knives being brandished in an area where children congregate, this is getting increasingly dangerous.
		18-00037706	2/27/18	Encampment with uncapped needles
	1103 POPLAR PL S, SEATTLE, WA 98144	18-00034626	2/21/18	Homeless encampment with open drug use, knives brandished, and hypodermic needles dumped. Right next to a recreation facility commonly used by children.

EAST	1230 LAKEVIEW BLVD E, SEATTLE, WA 98102	18-00047681	3/13/18	There was a nice place for a viewpoint here, but now a tentsite has grown and grown. What started as a tent now has a tarp canopy and attachments to the fencing. People try to avoid walking near it now. I've attached a Google Streetview Image of what it used to look like. You'll notice that it's a 5 star view and now it's occupied by a tentsite.
		18-00010947	1/18/18	Homeless encampment on the west side of Lakeview Blvd. E. at the old bus stop has remained there for months. Occasional garbage spills into the sidewalk.
		18-00037455	2/27/18	Illegal camping - tent and garbage piled up - occupying 100% of lookout viewpoint on Lakeview drive. Please remove!
	1232 LAKEVIEW BLVD E, SEATTLE, WA 98102	18-00031231	2/15/18	Homeless camp across the street from this address, on the sidewalk. There are now 2 tents there. I reported this about 3 months ago....why are you not taking care of it?
		18-00011527	1/19/18	I have a homeless camp in front of my house. They are blocking the sidewalk and are in an emphasis zone. They are leaving their needles on the sidewalk as well as going to the bathroom on the street. They are also leaving mattresses and other garbage. They are in an emphasis area so I would like to get this rectified. They are ruining our neighborhood. Its not under an overpass or out of the way its right in front of our house. There is also a no trespassing sign on the street and they obviously are ignoring it. See a photo. This has only gotten worse. The guy is also on drugs and my wife is afraid. I have a one year old child. This is not acceptable.
	1247 15TH AVE E, SEATTLE, WA 98112	18-00067581	4/11/18	1 large tent, 1 person there, been there 1 day. East of the water tower under a big tree.
	1275 RAINIER AVE S, SEATTLE, WA 98144	18-00022841	2/4/18	Illegal campers
		18-00067853	4/11/18	Encampment on I-90 S Rainier exit coming into Seattle. This encampment is growing with no access to bathrooms, running water, or garbage disposal.
		18-00063704	4/5/18	Johnson called to report people camping above 1-90 on the northeast side before reaching downtown Seattle. Johnson reports that the camping looks more permanent with a hut structure and a generator at the "foot of the ledge." Johnson is concerned about the hazard to drivers of having someone camping so close to the edge of the road. Johnson believes the camping situation has gotten out of hand and people should not be allowed to live on public lands.
		18-00010709	1/18/18	Garbage piles spilling into road/ tents
	12TH AVE & E OLIVE ST, SEATTLE, WA 98122	18-00005788	1/10/18	A heroin addict that has been stealing things around the neighborhood moved his tent from the Lutheran Church to this corner. Now he is blocking the sidewalk and shitting in the bushes. Please get him the fuck out of here.
	12TH AVE S & S LANE ST, SEATTLE, WA	18-00016047	1/25/18	Customer called CSB to report 2 or 3 tents, at least 4 people that come and go, garbage, needles, human waste. Campers have been there for at least a month.
	12TH AVE S & S LANE ST, SEATTLE, WA 98144	18-00004308	1/8/18	Tents, garbage, ladder, structures, portable grill

	1310 LAKEVIEW BLVD E, SEATTLE, WA 98102	18-00069855	4/13/18	Customer called CSB on 4/12/18 to report three tents plus other structures in the St Marks's greenbelt behind his home. Customer said the neighborhood has had a rash of car prowl incidents.
	1330 LAKEVIEW BLVD E, SEATTLE, WA 98102	18-00053616	3/21/18	Our backyard abuts the St Mark's Greenbelt. There are a number of illegal camps in the greenbelt. Early this morning (5:25am) there was a big disturbance. Loud screaming and swearing coming from the woods that went on for a about an hour.
	1333 RAINIER AVE S, SEATTLE, WA 98144	18-00002673	1/5/18	The homeless encampment there has approximately 20 propane tanks lined up within a few feet of the freeway. This is dangerous. This is getting ridiculous King County. You can't let dozens of propane tanks pile up to explode next to major traffic thoroughfares.
	1335 23RD AVE S, SEATTLE, WA 98144	18-00046410	3/11/18	Shopping baskets next to the trail and a huge mess including needles and garbage
		18-00007075	1/12/18	camping and related trash has returned to i90 between mt baker tunnel and rainier way exit
		18-00039985	3/2/18	Dangerous things falling into freeway -- there's going to be an accident. Also, why do I have to keep reporting? Don't just get it cleaned up, KEEP it cleaned up. This is a serious hazard. Shopping carts on i-90, especially right as people come out of the tunnel in the changing light, it's not something the city should take so lightly.
	1350 S DEARBORN ST, SEATTLE, WA 98144	18-00041152	3/4/18	Tent camper
	1355 E THOMAS ST, SEATTLE, WA 98102	18-00056622	3/26/18	I would like the tents removed from the sidewalk strip along the south side of E. Thomas St. between 13th and 14th Avenues East. Illegal camping has been taking place there for the past 4 months despite previous complaints to the City of Seattle. What does it take to get the city to respond and have the tents and debris removed from the site? It's about time the rest of the neighborhood regains access to that site.
		18-00020413	1/31/18	There has been an illegal tent on the sidewalk strip on the south side of E. Thomas Street between 13th E and 14th E. This tent has been there for more than 3 months. The resident has placed wood chips along the ground near the tent, and many personal items nearby. I alerted the city about this matter 2 months ago, and nothing has been done. Doesn't the sidewalk strip belong to all of us? Shouldn't we all have access to it? Please remove this tent NOW. It is not acceptable to have people camping in our residential neighborhoods. This is not an acceptable solution to our homeless problem.
	1356 E OLIVE WAY, SEATTLE, WA 98122	18-00004727	1/8/18	Illegal encampment
	1385 23RD AVE S, SEATTLE, WA 98144	18-00003521	1/6/18	Broken fence - the fence between the park and i90 is all busted. This encampment was just cleared as it poses a serious safety concern on the freeway. Because this fence is busted, the encampment is already coming back. Please fix immediately and prevent this encampment from getting so bad again.
	13TH AVE S & S LANE ST, SEATTLE, WA	18-00007407	1/12/18	Abandoned or occupied vehicle being used as a long-term residence at this location. Encampment set up curbside out of the van. Chevrolet Astro Van WA LIC # AOC8210, multi-colored.

	1404 RAINIER AVE S, SEATTLE, WA 98144	18-00008680	1/15/18	Illegal camping in green space, garage is being dumped on sidewalk which is attracting rats. A man was passed out on the sidewalk with an injection needle in his hand. The encampment had been growing over the past month.
		18-00004005	1/8/18	litter; campers up the hill by I-90. also shopping carts on path going up to Judkins Park
	1406 RAINIER AVE S, SEATTLE, WA 98144	18-00025077	2/7/18	Junk trash. Needles. Garbage dumped at the entrance to city park Jenkins Park. At Rainier Ave S & I-90 overpass north side. Great concern for kids and others being hurt.
		18-00029039	2/13/18	Debris from illegal campsite flowing onto sidewalk at i90 & Rainier North.
	1408 RAINIER AVE S, SEATTLE, WA 98144	18-00010554	1/18/18	A large amount of trash from campers is spilling out onto the sidewalk which must be hazardous to ones health as I'm sure there are rodents and fecal matter. This is considered trespassing according to signs yet the city continues to ignore these campers under the 90 viaduct and along Ranier towards Massachusetts.

	1520 E INTERLAKEN BLVD, SEATTLE, WA	18-00067842	4/11/18	Location is approximately 1/8 mile south of this address, above (west of) the concrete wall. A box-like structure (visible from the roadway) has recently been installed there....I'm not sure if this is a homeless camp, or something else, but there has been a camp in the vicinity for the past 2 years. This is in a greenbelt, but I'm not sure if it's within the boundary of Interlaken Park. Please inspect and evict if necessary. Thanks.
		18-00022692	2/3/18	Homeless camp approximately 1/8 mile south of this address, somewhere above the stone wall. It has been cleaned in the past but I believe has been reoccupied, because there are at least 2 bicycles "parked" above the wall, and a makeshift stairway has been cut into the dirt hillside. A camp is not visible from the roadway, but it is likely there is one there. This location is in a greenbelt...I'm not sure if it is within the boundary of Interlaken Park.

	159 MARTIN LUTHER KING JR WAY, SEATTLE, WA 98122	18-00042674	3/6/18	There is a homeless couple living across the street from our house and are dumping litter on the sidewalk, next to their care. It's becoming a pattern with others who stay in RV's and vans across the street. People who stay in their RV's & vans leave their trash across the street all the time. I don't mind people staying across the street but the garbage is becoming an issue. I've attached the license plate of the van that is littering.
	1601 E YESLER WAY, SEATTLE, WA 98122	18-00047923	3/13/18	Sandra called CSB on 3/6/18 to report a tent that has been set up on the side of the parking lot of the Langston Hughes Performing Arts Center. Someone came into the building in the evening when the building was closed and appeared to use the bathroom (a door was unlocked). There are also two vans that have been parked for several weeks along 17th Ave that people have been living in. Both of the vans are old, with curtains in the windows.

	169 12TH AVE, SEATTLE, WA 98122	18-00017220	1/27/18	This is the second time I have reported this encampment/pile of stuff that is on the corner of Spruce and 12th by the St Francis House. It has grown significantly from last time and is now really on the sidewalk. I am not sure what further action to take, but will call the city if needed. This is an illegal encampment that is blocking a public sidewalk. There is piles of garbage and dead grass surrounding the area.
	1691 MELROSE AVE, SEATTLE, WA 98122	18-00011415	1/19/18	Piles of trash cascading down the hill below an illegal encampment. There are large pieces of trash dangerously close to falling onto I5 northbound traffic lanes. How long until this happens and causes an accident? This is unacceptable.
	1701 LAKEVIEW BLVD E, SEATTLE, WA 98102	18-00056165	3/26/18	Customer called from the Equinox Apartments Security to report 8 tents, 10 people camping behind the property near Franklin Ave E and E Galer St at I-5 Colonnade park. He said the campers have been there for six months and are throwing their trash down the hill where it is rolling into the street. He also reported needles at the site.
	1708 MELROSE AVE, SEATTLE, WA 98122	18-00074307	4/20/18	Martin called CSB on 4/19/18 to report one green tent just set up across from 1708 Melrose Ave / green space along I-5 northbound ramp.

I live at 321 10th Ave S (Pacific Rim Condos) When walking up 10th street, and going into Yesler Terrace Park, the fence goes along the left side of the park. It is unclear if it belongs to the park or the land on the other side. The specific spot where this hole is, is on the second tier as the pathway winds back and forth up the park. There is a sign on the fence that says more information about the fence, but it is just a generic sign about the fence company. I have seen several (I am assuming) homeless people use it to access and walk to the place under the overpass. There are also a few tents now on the other side of the fence. I hope this helps you in getting more information about who to contact. Thank you.

This has been a significant problem area for the past three years. If garbage is left like it is now, it will get worse and worse, meaning the city needs to spend even MORE time cleaning this up. 		18-00064875	4/6/18	I am the Blockwatch Captain of my neighborhood. There are three large homeless encampments off of the Viewlands Trail in Carkeek Park, all with massive amounts of garbage, trash, excrement, needles, tents, structures, etc. This has been reported repeatedly to Seattle Police via Find it Fix it, we have consulted with the Viewlands Elementary School principal, the parks and police departments about this ongoing safety and health hazard. The first report was over 6 months ago, but the camps are not only still there, they and the trash associated with them continue to grow. What can a citizen do to have these hazards removed and illegal campers on our park lands ousted? I am at a loss for options, as following regular channels as suggested by both the Parks and Police departments result in continued inaction. My next step will be to contact the media - having these camps so close to an elementary school will certainly pique their interest. Please help. I have provided multiple photographs of the encampments and the associated garbage and trash numerous times. The police and parks department, along with the Viewlands Elementary School principal, have seen the camps with their own eyes. Why is there no action being taken? This seems like endangerment of the school children.

		18-00056209	3/26/18	Damaging the green belt and littering the area. Two RVs. This is a huge pain and it is not going away for the last three years I am living in this area - just getting worse. Who do I need to reach out to in order to escalate things, pls? Can u help me identify the "right address?" Idea: If the city knows that this area has the same on going issues, there are different things that can be done in advance, and become a proactive service provider to help and resolve the problems. For example, get a cleaning crew, on a once a week schedule, to the Pond and its surrounding. Instead, what is happening right now, is that many of us who live here, just bump into needles, litter, garbage, broken furniture, huge RV cars that block the pedestrian way on a daily base, and we feel helpless. It will be so great to see that the city is being proactive to the problem, and not only in a reacting mode, which means days and weeks until issues are resolved, whole in the mean time things get worse. Just for an example, there is an RV parked on 107 and Stone, for more than a month now. All the area around it is full of broken glass, broken furniture, food leftovers, empty bottles and more new things every day. There were at least 3 orange notices attached to the front glass - nothing changed. the RV is still there. The area is not walk-able for pedestrians, which means that I have to walk on the street with cars driving around me. The same things are happening to kids and their parents walking to the school bus which is just on the other corner. Last week the city of Seattle dropped 5 huge No Parking signs, all over this side walk - I guess a try to make the RVs move. Nobody moved, and nobody got a ticket. A week later - all 5 No Parking signs are still in the same place, this time they are lying on the sidewalk and blocking it all over. This is dangerous and looks like somebody forgot about taking the signs back. I appreciate your help, and will await for your reply. Thanks, Renata Lubinsky

	155 NW 85TH ST, SEATTLE, WA 98117	18-00037468	2/27/18	I'm not sure who or what business owns the property, since it's a section of bushes. The dumping is in the grass/shrubbery area behind the business, along the alley that runs behind it, and a number of residences. It looks like it's an area where homeless people may be dumping and/or camping, due to the appearance of personal items in addition to random junk and garbage. The garbage has been behind this chain link fence at least since April of 2017, and around November the amount has tripled. The apt bldg. a few feet east of the dumping has frequent issues with unauthorized entry and homeless people have been found sleeping in the community kitchens and laundry room. It would be great if this area can be cleaned and the fence repaired/replaced so the natural area is protected and to minimize the risk of homeless trying to enter the apt bldg. near by. The attached 4 images were taken over the weekend. There is also a lot of graffiti on the private residence fences across from this area. There is a spot behind the dumping going back where it looks like people may have been camping, but I don't feel safe getting photos of that area back in there.

Right now it appears there is only one camp but like last time, the camp will most likely grow. There are two shopping carts where the people go behind the wall. One is a silver PT cruiser, another is a small RV, and the last vehicle is a white van. The first two vehicles have been there for at least 4 days, and the white van appeared today. I think these people may be contacting others in a similar situation and telling them that this area is a safe spot for them to reside. I would appreciate it if an officer or city worker would come and speak to these people and, if prudent, ask them to leave the premises.

	339 NE 58TH ST, SEATTLE, WA 98105	18-00042417	3/5/18	A homeless encampment got set up yesterday, 3/4, at NE 58TH ST and 5TH AVE NE, just a few doors from where I rent a room. As co-parent to a 3 year-old, who stays with me half of the week, I am concerned at the presence of an unregulated, and seemingly large and growing, encampment so close by. My preference would be that the people in question be moved to a more suitable location as soon as possible, before, as almost always seems to happen, the above situation becomes a health and safety hazard. Thank you.

NORTH	4015 5TH AVE NE, SEATTLE, WA 98105	18-00072675	4/18/18	Unauthorized camping. While it's great to flush out encampments of homelessness where drugs and sexual predators are otherwise ?off the grid,? I'm concerned about the outcome ? I'm very worried. An encampment under I-5 and NE 45th St was flushed out two weeks ago. The location was 6 -12 blocks from about 3 elementary schools (Greenlake, Latona, and John Stanford Elementary Schools). Now my kiddos elementary school (John Stanford Elementary School) has an encampment less than one block away from its location @ NE 40th St. between 4th Ave NE and 6th Ave NE. It seems perhaps timing that it became populated this past few weeks. Possibly these are healthy people, but about 2 years ago we were driving NE 40th St past a fella lying on the ground with the KCME's van and gurney out ? it?s my opinion but maybe an over-dose?My husband and I had to explain to our 5yr old and 4yr old about the realities of the world. This is the same spot that I am reporting to you, the Seattle Times, after speaking to our police team officer #26 @ 206-625-5011. I was encouraged to instead report by downloading a ?find-it fix-it? App and also given a North Precinct number 206-684-0794 for Sargent N. likely this specific encampment on NE 40th St is off the grid. There is planned in 6 months an organized homeless encampment group setting up small dwellings a few blocks south ? just blocks north of Ivars Clam chowder house.Are there sexual predators and drug dealers less than a block from my kiddos school? And, who do I call to find out- or do I just down-load an App and pray to God I'm techy enough to keep up with being a good citizen!How can we help out others in a meaningful way? It is a privilege to live in Seattle, I am thrilled to pay my heavy taxes because I know there is a solid organized infrastructure. How do we support our officers to keep our children safe? They seem to need reports and feed-back using technology. Let?s help them keep people ?on the grid!?

		18-00035598	2/23/18	Dear Ms. Durkan-I am a long time resident and small business owner in the City of Seattle. I own a small Property Management company. I have been very frustrated by the homeless encampments for a long time. Our city is better than this, and clearly what has been done up until now is not working.I am writing to you today regarding the tent encampment in the University District at 4048 Pasadena Pl NE, Seattle, WA . Recently this encampment became flooded with numerous tents because the homeless people nearby were forced to leave the location where they were, and they were moved to this spot.My client owns a townhouse at 4037A 7th Ave NE, Seattle, WA 98105. Our client worked hard, saved money to buy this townhouse as an investment in order to save for his retirement, and now is receiving no income. He relies on the rental income that he get's from this unit to pay the mortgage. This unit has rented for \$2495 per month for several years. Now that it is vacant, no one will live there. We show the unit to prospective tenants and they all say that they are not interested due to the encampment right across the alley, and that they would not feel safe living there. I do not see how we are going to be able to rent this at any price. This is not fair to this owner.How is our client to be expected to pay the mortgage every month while his unit sits empty? To make matters even worse, the homeless people living in the encampment are stealing water and electricity from this cluster of townhouses.Please make a law that living in tents in Seattle is illegal! Let's get these people resources to help them with their drug addiction or mental illness, and find them a shelter. It is not fair to punish hard working, law abiding citizens. How would you feel if these tents with homeless people were living right outside your front door? This isn't right!Please see the photo attached.I would welcome the opportunity to discuss this with you further.NOTE: If you are requested to Respond Directly please Cc or Bcc the CRM user who assigned you the Sub Assignment so they can Track the email back into CRM and close the Sub Assignment in CRM.

	4500 RAVENNA AVE NE, SEATTLE, WA 98105	18-00069087	4/12/18	There are now TWO stolen umbrellas (from University Village) near Ravenna Woods: one left on the side of the narrow one-lane street (pictured), and another near the entrance to the Woods themselves. The land just up the hill from the Woods entrance is appalling. Garbage, carts of miscellaneous stuff, and clothing in a litter-heap. Why has nothing been done for months to clear this encampment? My street is an embarrassment, and there seems to be no end in sight. The heaps just keep expanding. Please send a crew soon.
		18-00011603	1/19/18	How long will we have to wait for an exclusion order? This camp is a village with outposts now such as an easy-up storage unit in the Southwest corner of the park. Many abandoned grocery carts in the area, too. I have now had two delivered packages go missing. They were delivered to my mailbox, which is near the encampment at Ravenna Woods. Please, please, can you come and do another clean-up of this area? It is so disheartening to live near such flagrant untidiness, and the thought that perhaps our mailboxes are being watched for packages is no fun, either.
		18-00036929	2/26/18	This is another request to do whatever can be done to end the encampment situation on our street. Now the encampment is virtually advertising itself, with a huge banner at its entrance that reads, "Do Homeless Lives Matter?" "Yes, they do. And I feel terrible for their plight. At the same time, our street has become prey to accumulated garbage, abandoned Safeway carts (which frequently block the already-narrow one-lane street), and "borrowed" umbrellas and wooden palettes from nearby stores and companies. Of increasing concern are a few packages that were delivered (per the notifications by their senders) but which went missing, and now an alarming encounter between a homeless man named "Josh" who made several visits to my next-door neighbor's house over the weekend and alarmed her considerably. Can SOMETHING be done to Ravenna Woods to render it less desirable for habitation? I once suggested a coating of fertilizer on the places where tents tend to go up. Please help our street.

Today as I was walking by on my way home from work, I clearly heard him scream "Maybe I fantasize about murdering people because it makes me feel better."Many students walk by this location on the trail every day. This is in the middle of a residential area. This is unsafe, and people are being put at risk by continuing to let this man camp in this area. Aside from the violent screaming and outbursts, he has a grill that he has been using inside of his tent. One tent has already burned down at this location. NORTH	NE, SEATTLE, WA 98105			from rubbish rolling into freeway or a car veering off the freeway into the structure. It is very near where a car killed a homeless man who was sleeping in his tent. There is also another tent near with a lot of stuff that could roll into the freeway just south of 50th
		18-00047905	3/13/18	Piles of garbage 1-5 both sides between 45th and 50th Street on / off ramps - enough to fill 2 trucks and it's been there for months.
		18-00049275	3/15/18	There are campers under the street above the onramp to i5 at 50th. There is garbage from that area that had fallen into the road and is a danger to drivers
4700 RAVENNA AVE NE, SEATTLE, WA 98105	18-00052460	3/20/18	Last night I was driving home shortly before midnight. There was an abandoned grocery cart IN THE MIDDLE OF THE STREET as I made my way up Ravenna Ave. NE towards my house. The cart was directly adjacent to the "main entrance" of Ravenna Woods. Due to the dim lighting on this part of the street, I only saw the cart at a relatively short distance from it. I do not like living like this, and I'm certain my neighbors don't, either. Please do something about this encampment (which looks rattier every day), and if possible, do whatever you can to make the area undesirable for camping.	
	18-00023383	2/5/18	Two more "borrowed" (ahem) grocery carts full of misc. trash, in addition to the already-reported FOUR OR FIVE carts on the street near Ravenna Woods. PLEASE come and do another clearing of this area. It is unsightly, unsafe, and an embarrassment for those of us who merely wish to live on a well-ordered street.	
	18-00070677	4/16/18	As usual, a lot of unsightly trash within the first dozen feet to the Ravenna Woods entrance, including this yellow umbrella that was likely stolen from the supply at University Village.	
	18-00029921	2/14/18	TWO MORE carts of miscellaneous crud at entrance to Ravenna Woods added to the "collection" since yesterday. One is several feet into the narrow one-lane street. Please break up this encampment. Recent history shows that more and more tents will go up and, with them, garbage, abandoned carts, blocked street, etc. will get increasingly worse.	
	18-00009033	1/16/18	Big black cart left at entrance to "Ravenna Woods", making vehicle passage on already narrow street much more difficult. (There are also several abandoned grocery carts around the mailboxes just north of Ravenna Woods.) When can this encampment be cleaned up again? There are more inhabitants than ever. Could something be done to make it less desirable -- e.g., spreading of fertilizer on the grounds where tents are usually set up?	
	18-00013747	1/23/18	Huge mound of something-or-other covered by a tarp, extending into already-narrow Ravenna Ave. NE. Unsightly and unsafe.	
	18-00012892	1/22/18	Abandoned grocery cart full of trash across the road from Ravenna Woods. Another four abandoned grocery carts within 50 or so feet of Ravenna Woods.	
	18-00039131	3/1/18	Large clump of trash, including some sort of metal rods or frame or something...just SITTING there, a major eyesore on our street. The proliferation of trash near the encampment tents gets steadily worse, too. (Photo taken from my car; sorry about the poor quality.)	
	18-00029347	2/13/18	Two abandoned carts of trash at entrance to Ravenna Woods. At least one cart of trash about twenty feet up the hill of Ravenna Woods. Another encampment already starting after recent cleanup. Please nip in the bud before it gets bad again.	
	18-00034188	2/21/18	Man who has been camping on hill along the west side of the Burke Gilman Trail just north of 4515 25th Ave NE, Seattle has begun belligerently cursing at the top of his lungs again, making use of trail difficult.	
	18-00033205	2/20/18	Two carts of misc. junk at entrance to Ravenna Woods. One cart is several feet into the narrow one-lane street. Please get rid of the encampments. They make the neighborhood unsightly and unsanitary.	
	18-00031494	2/16/18	ANOTHER abandoned grocery cart full of trashy things, AND foliage pulled out at least three feet into the narrow one-lane street. Because of the lack of street lights on this stretch of road, I came close to hitting the plants when driving to my house

		18-00067340	4/10/18	Someone from the Ravenna Woods encampment just exploded with a screaming, profanity-laden rant for about ten minutes. This is not the first time I have heard him.I do not enjoy hearing these outbursts on a street I moved to years ago because of its quiet, removed nature.
		18-00025154	2/7/18	There are now EIGHT abandoned grocery carts within a quarter-block of the encampment at Ravenna Woods.I resent my Street and neighborhood being increasingly turned into a garbage dump.
		18-00068832	4/12/18	A QUESTION AND A SUGGESTION Dear Madam or Sir,I noted today there are notices up at Ravenna Woods advising that a clean-up is to occur next Tuesday, April 17. Thank you so much!I have previously reported a one-tent encampment across the road from my driveway (4517 Ravenna Ave. NE), just a bit south of Ravenna Woods. Will/could this be part of the Tuesday clean-up?And is it possible to do ANYTHING to make Ravenna Woods less desirable as an encampment base? The last two times it was cleared, the campers started returning and settling in again within 48 hours. I was wondering if a layer of fertilizer or something could be laid down to make camping there unpleasant.Thanks again very much.

This ordinance is posted in various visible places within Ravenna park, yet there are presently several long-standing illegal campsites throughout the park. I have personally reported these campsites multiple times using the city's Find It Fix It app over the past few months, but the city has been unacceptably unresponsive.Thanks to the city's inattention to this problem, this badly needed urban green space is now littered with garbage, its landscape has been eroded by indiscriminate pathways and illegal encampments, and it is no longer considered a safe place for recreational use by many in the broader community that it is supposed to serve.If you do not agree with Municipal Code 18.12.250 for some reason, then I suggest you attempt to repeal this ordinance in the law. By doing so, however, I expect you would lose the support of many voters in your districts and throughout the city. Likewise, inaction on

	18-00072680		4/18/18	Unauthorized Camping Just an update, we found three more needles by outside of the library by the teen section at the camp I wrote you about earlier. That's over two dozen so far this year. Thank you, Corey W. Sutton Library Clerk Hello Mayor Durkan, I am writing you today as a Seattle citizen, as well as a city employee, to ask for your help. I have worked at the Ballard branch of the Seattle Public Library for twelve years, now, and I love my branch and my neighborhood. As I know you're well aware, the homeless situation has been taking a toll on front line city employees for a few years, now. I know that you are working hard on trying to address these issues, and that it is a large problem for the city. The reason that I'm writing you today is because we are trying to deal with a campsite on the north side of the building that I am worried is a hazard to our community and our library patrons. On December 11, 2017, Seattle Police Department cleared the camp sites out of the Ballard Commons Park. On that same day, one of the campers moved over to the parking strip on the north side of the library, and have been there since. The library has asked for help from SPD in clearing the campsite, but they have told us that they do not plan to address this campsite. And, confusingly, they have told us that we (The City) is not responsible for the parking strip that the campsite is located on. What is confusing about this is the fact that homeowners in Seattle are responsible for the parking strip in front of their property. And honestly, if the city isn't responsible for the parking strip on city property, I am curious, who is?

NORTH	5614 22ND AVE NW, SEATTLE, WA 98107			And how is it that the city could clear the camp sites off of the parking strips for the park, but not the library? We're city property, too!The reason that this particular campsite is such a big problem for the library, and the main reason I have decided to take it to you, our mayor, is the danger of needles from drug use in the area. This camp site attracts a large group of regular visitors, and has become a hang out spot for drug users in the neighborhood. It also seems to grow each day that I come into work. One day staff found over a dozen used hypodermic needles in this area, which is right outside of the teen area of the library. I worry not just about the exposure of this blatant drug use to the teen population of the Ballard neighborhood, but also for the safety of the teens and children, as well as anyone else, who uses the Ballard Branch library regularly. I know you're aware of our custodian being pricked by a needle, and that we are finally getting sharps containers in the branches, but this camp site and the large amount of drug use going on in that area of city property could lead to someone getting really hurt, especially children.I understand that the homeless situation in Seattle is a big problem with no easy solutions. And as I said, I do trust that you are working hard to find solutions to this problem. All I am asking right now is for you to help us make the library a safe place. This kind of camp site, and this kind of drug use, should not be a problem that has gone on this long at a Seattle Public Library branch, or on City of Seattle public property. Our managers have tried everything that they can to minimize the problems from this camp site, but we need more support from the city, and SPD, in order clean up this site and insure the

NORTH	5717 5TH AVE NE, SEATTLE, WA 98105			multiple tents and misc. large objects and pallets. Shouting and wandering in front of homes at night. Elementary school nearby and dogs barking all the time and officially paranoid. I can go on and on. Instead, I'd rather someone from the city to own up to this and get someone out to rectify this issue. It is very concerning to myself and the surrounding neighbors that work hard to live in this neighborhood and pay what they pay in property tax and mortgage/rent, and now have to try to hush their dogs on a walk so vagrants don't give them a strange look and hope they don't say something that will spark a confrontation. Everyone needs a place to live, this is not the place nor is any other neighborhood that does not have the facilities to accommodate where they stake claim. And now it is growing!!!!!!

		18-00069771	4/13/18	Henderson called CSB to report that the camping along 37th PL NW and Seaview has gotten much worse since he reported the site in February. Henderson reports campfires at night, stairs dug out from the landscape, branches being removed from trees, and many bicycles with stacks of bike parts at the site. Henderson also reports excessive garbage, worries about drugs/needles and deterioration of the land, since this area is slide prone.

	5900 5TH AVE NE, SEATTLE, WA 98105	18-00029345	2/13/18	(this is primarily about illegal encampments.. there was no option for this in the drop-down selector. There is illegal dumping too) Multiple groups are camping in the bushes on both sides of the I-5 noise barrier. On the West side there are at least three tents and the campers are becoming very brazen. They have been using the faucets at my neighbours house and scaring them repeatedly. Trash often accumulates and we have seen them mistreating a dog. On the East side (ie in the green space immediately adjacent to I-5) there is a large group in an almost enclosed space caused by jig-and-jag of the noise barrier. They often leave shopping trolleys and general trash in the green belt West of the barrier - ie they throw their trash over the wall. We try to be tolerant but it has become a serious issue and I think that city intervention is absolutely required. Thank you

		18-00042670	3/6/18	Customer called CSB to report an unauthorized camping of two tents. They are starting a huge encampment, they built a huge wood foundation covered with tarps.
		18-00043973	3/7/18	Nine different callers reported this encampment on 3/6. They report that the encampment is about 100 yards long down 5th Ave. Over the weekend, a community member set up a coffee table with a sign that said, "welcome our new neighbors" with snacks for the community at this location. One report from a man stated that he saw someone "shooting up in the encampment and the drug user glared as he walked by." There are also several propane tanks, pallets and food being stored in the area. The campers are also clearing vegetation to set up their site.
		18-00067756	4/11/18	Customer reported the encampment is continuing to grow. Campers have daily fires, garbage and needles everywhere. He reported "open defecation" which is a significant health hazard. He said he witnessed a 2 year old girl walking with her mother ran ahead and almost stepped on a needle and in human waste on 4/9/18. He said it is "very disturbing" the city is doing nothing to remove the campers and that he is moving out of Seattle due to this type of inaction on unauthorized camping.

Its a drug den with people coming and going constantly. It's under the overpass at the Lake City/NE 73rd St. exit from I-5 NB. Not easily visible from the road. The man that lives under the overpass has been there for three years. My kitchen window overlooks where this man, "the pirate," appears to be selling drugs on the corner. Cars drive up to him, go under the overpass and come out 15 minutes later constantly throughout the day and evening. In the summer, RV's will consistently frequent this area and head down under the overpass. A few days ago a man went under the overpass and left with a bloody face 15 minutes later. Police reports have been consistently filed for three years. This man needs to leave and the area needs to be cleaned.

NORTH	7235 W GREEN LAKE DR N, SEATTLE, WA 98103	18-00045397	3/9/18	Illegal camper/encampment. I am again reporting the same camper/encampment that I have previously reported multiple times over the last month or so. While I am very cognizant of and sympathetic to the layers and layers of issues related to homeless campers and encampments, I beg, plead and beseech the City of Seattle to enforce Municipal Code 18.12.250 ("Camping not allow our public parks"). Please respect the rights of citizens to have our laws enforced, especially with regard to the public parks we all cherish. Allowing even the most benevolent, respectable camper to break this law ? Especially for long periods of time and after multiple citizen reports of illegal camping ? sets a precedence and delegitimizes the rule of law.
	7244 W GREEN LAKE DR N, SEATTLE, WA 98103	18-00002309	1/4/18	This complaint is about two homeless tents that your agency has been supporting by not enforcing the no overnight camping law. They have camped there for over 3 months without any enforcement. These tents and their stuff are spread out under two old growth trees with rotting garbage, shit and pee and other unknown substances soaking into the soil. I have contacted your officers at the park and was told to call about it and that it wasn't their jobs or there agency. Keeping the trees safe and healthy is your job and letting toxic substances being feed to the trees is negligent and should be addressed immediately. Location: Next to the single tennis court on West Green Lake Dr. N. These two tents and their stuff is within sight of the path and leaves citizens vulnerable to their possible desperate actions. Please keep our parks safe and clean by removing these trespassers. If you allow overnight camping, open it to all taxpayers because camping fees can add up. Please let me know how to lodge a formal complaint against your agency. I will post your response to Social Media.

	LAKE CITY WAY NE & NE 125TH ST, SEATTLE, WA	18-00044341	3/7/18	Dear Mayor Durkan,First, congrats on being elected Seattle's Mayor! I voted for you so I'm truly happy and hopeful Seattle will improve under your leadership. I'm writing to bring to your attention the drug induced violence and nearly constant noise disturbance that permeates my neighborhood. I have been living at CityNorth Apartments located at 12508 Lake City Way NE, Seattle for the past six months. I moved there because it was convenient to catch a bus to commute to work in downtown Seattle. Unfortunately, I have been woken up in the middle of the night countless times and have called the police multiple times because of drug addicts that camp outside the building. I have been late to work and my work performance has suffered to the point my managers had to have a talk with me. This is all due to my lack of sleep caused by people screaming outside at night in what I can only describe as drug induced rage fits.I beg you to please direct the police to remove the violent, angry and extremely loud drug addict vagrants that have been camping on private vacant retail property on 125th and all around this area. I don't feel safe even walking to my car at night but most importantly I can't sleep with the relentless yelling and I'm sure my neighbors are fed up as well. Thank you for your help. The area is getting littered and whoever is living in there I think walks around and cases out the neighborhood. We are seeing suspicious people again walking around (maybe from the tents and RV's south of Northwest Hospital on 115th as well) and the street is constantly being littered, I hear fights and screams at night and had seen people probably on drugs walking up and down Meridian yelling and screaming. We are starting to not feel safe again, mailboxes are being broken into, including mine. We thought the nightmare was over once everybody in the drug house on Meridian was finally evicted and the house remodeled and sold. Now all these weird activity is popping out again. I know there is a new law specifically for RVs that consider these the homes of whoever lives there and are aloud to park in certain areas, but the tents are illegal right? We would like those to be removed please, thank you.

As this is a neighborhood with lots of children and families living in it I am concerned for them, even though the man in the tent currently seems harmless.

Throughout this time there have been some homeless people who have from time-to-time used the park as a base, but the current usage is untenable. I have reported three different encampments to the City and its Nav Team. One is on NE 62nd St. and 15th the Ave. NE. It is a large structure with wood sides, tarps - held on by ropes attached to trees and shrubs - garbage strewn around, propane tanks and quite a few bicycles. The second is to the north of the ball field (at the south end of Ravenna Park) - following the path north, to the east is an encampment of quite a few tents amidst the shrubs and across the stream. A third were two tents set up in the median of Ravenna Boulevard (an Olmstead legacy) just south of 15th Ave. NE. I reported all of these weeks ago and was assured the Nav Team would check them out. I later received an email that indeed they were checked out but that the process moves very slowly and we shouldn't expect anything any time soon. NORTH				ages. When my son was little, we let him roam around on his own and reported his sightings of myriad bird species. Several weeks ago while walking with my husband, a few bicyclists rode by saying one saying to the other, "You wouldn't even know we were in the city."Nowadays, there would be no way I would allow a child to adventure into the park alone. I won't go into it alone. Unfortunately, we have had several unpleasant incidents due to the occupation - needles, one woman pushed down a steep slope by one of these folks, garbage with concomitant rats, a fear of fire from the propane, nightly loud agonized screaming from one of our mentally ill homeless (not a dangerous person, but it is disconcerting to be woken up at 12 or 1 am), and destruction of the park shrubbery and erosion from the occupiers. Ravenna Park is an ecologically sensitive park with steep erosive sides, a fragile wetland, and the current misuse is an assault on the park itself. Importantly, those who cherish this park are afraid to walk it alone anymore, and I counsel my visiting teenage grandchildren not to into the park alone. It is not safe. Calling the City to do something hasn't worked. Calling the police hasn't worked. It's time to get this taken care of NOW!!!

She said campers have "tons of stuff" and have been there approximately one month. She expressed concerns about the close proximity of the site to the school across the street (John Marshall building-interm location of Loyal Heights elementary). She said last week the school had to "shelter in place" because a camper was yelling and harassing students on the playground while they were at recess. She is unsure if the camper that did this is from the site across the street but is concerned because there have been other incidents in the neighborhood that are of concern. She mentioned the school also had a "lockdown" last week because a dead body was found in an RV camper and they didn't want the children to see what was happening so they performed a "lockdown." The customer said the school has been calling security to address some safety concerns but she called SPD to notify them of the site and was told to call "CSB to notify the Navigation Team."

SOUTH	1007 12TH AVE S, SEATTLE, WA 98144	18-00035007	2/22/18	Customer called CSB on 2/13 to report a tent in the middle of the dog park. The customer said it is very obvious and that this is the first time she has seen someone put up a tent in the middle of the park.
		18-00054222	3/22/18	Unauthorized camping
		18-00035026	2/22/18	Watson called CSB to report a man living in a "bunker built out of trees and bushes" in Jose Rizal Park. Watson said it is close to Golf Dr S and 12th Ave S and is near an alleyway and the bridge. Watson said that the camper has been there for a few weeks or so and there are beer cans all around the area.
	1008 12TH AVE S, SEATTLE, WA 98144	18-00014764	1/24/18	CSB received two calls from different customers concerned about the encampments near Jose Rizal Park. Both customers were very frustrated that the gate keeps getting left opened. The gate leads to the encampments. One of the customers said her dog got out of this gate and ended up getting majorly injured in the encampment. The dog had to have surgery that costs thousands of dollars.
		18-00057164	3/27/18	Customer called CSB to report 48 tents in Jose Rizal Park. The customer is also frustrated that the gate to the dog park is often left open, making it dangerous to bring dogs to this location. The customer is suggesting that if people are going to continually camp in Jose Rizal, then maybe the Parks Department can keep the gate locked.

Prior to building, the portion of Grand Avenue that connected 18th to 19th Avenue was just a grass path. During construction the grass was torn up by Barcelo Homes vehicles and loads of gravel were dumped. Now that the grass is gone it's just gravel that leads to the sidewalk that lines the townhomes. It is a dead end road and people park for weeks and sleep in their cars as well as dump garbage and defecate next to my fence (1/12/18 - one camper in Toyota van, WA license BOY6684). This seems like very poor and irresponsible planning. I don't feel comfortable letting my kids play in a yard now that Grand Ave is a garbage dump, toilet, parking lot. This only became an issue since Barcelo built there. I wrote to them and they told me to take it up with the city. Thanks

	1800 LAKE WASHINGTON BLVD S ZONE: B1_B7, SEATTLE, WA 98144	18-00056242	3/26/18	I am a part of a WNPS Master Plant Steward Class and on Saturday we visited sites that will be a part of a restoration program from Mid May 2018 until December 2019. A Team, as part of the Green Seattle Partnership, will begin restoration at Coleman Park, Zone B1_B7 in May by holding open to the public restorations on pre-selected weekends to begin removing invasive plant materials, mulching, and planting of native plant materials. On Saturday, as we walked and did an initial assessment of the park a well established campsite, including a log pile for fires, was found. (see included photo and map) For public safety for this team and local community volunteers, it would be imperative to have this site removed and the grounds cleared of any waste material or drug related paraphernalia before the work begins. Thank you. I am including the head of the program from WNPS, should there be any further questions. 		18-00024760	2/6/18	We have a homeless encampment that has been right outside our office parking lot for the past 3 months. This encampment continues to grow, causing an unsafe environment for the tenants of this encampment as well as causing stress and a feeling of being unsafe for both building staff and the children and families accessing our services. The encampment often extends its boundaries out into the street, causing a danger to them and drivers coming around the corner. After work, I often see many people coming in and out of tents and have concerns about drug use in this encampment. One night, we witnessed someone lighting a fire (looked like a camp stove) inside the tent. There are many individuals at the encampment with clear mental health needs. Our clients have remarked they feel unsafe coming (due to the increased issues within the surrounding areas) to our building to access needed services due to feeling safe in our neighborhood. The trash coming from this encampment continues to grow and is spreading through out the neighborhood. This week, the encampment expanded with trash and mattresses thrown from their area to directly outside of the doors of our parking lot with a shopping cart full of trash pushed into our parking lot. In the past couple weeks, the police have been out at the encampment, but we are unsure as to why. We have seen increased evidence of drug use within our building since the encampment has moved in. We are hoping that the people in the encampment get the services they need and are asking for help from the city for this encampment be removed from the current location with the tenants relocated (due to safety concerns for all). Thank you.

Not sure what's going on specifically, but it doesn't give off a safe feeling to the neighborhood. Some of my co-workers have reported seeing drug related activity in and around the tents. Sorci sent an email with a description of her concerns and photos of the vehicles. Sorci states that employees have witnessed prostitution, open-air drug use and campers parked for more than 72 hours. In addition to the unsanctioned car camping, the sidewalk is peppered with human waste, rubbish and drug paraphernalia. Clearly this poses public safety and quality of life concerns. All City Fence customers have complained about the acrid odor from human waste and All City Fence owner, Rick Koch, is genuinely concerned about the wellbeing of his employees and customers. The camper that engaged in prostitution left Tuesday night. However, they left plenty of trash that is now attracting rats. Is there a way to request SPU to clean up the mess?

He reported 3 RV's with multiple vehicle, trash and belongings surrounding the vehicles parked for months along 1st Ave S between Front St and S Michigan. He said the vehicles are not moving, one is inoperable (it was towed there) and it is becoming increasingly difficult for vehicles with oversized loads to make deliveries to his business. He said there has been a loose dog associated with the campers and SAS has been out multiple times to investigate. He said he contacted SDOT Commercial Enforcement as well and applied for a street use permit to block off the parking but hasn't heard anything. He said SPD patrol has been out numerous times and everyone keeps telling him to call "the Mayor's office." He said he reported a fire recently from one of the RV's. The customer said he is expecting a lot of deliveries at the end of February that need to go to Alaska and is concerned the trucks won't be able to get in/out because the RVs are parked making it difficult for trucks to turn around.
		18-00069899	4/13/18	From: RichardSeslar@samsontug.com <RichardSeslar@samsontug.com> Sent: Thursday, April 12, 2018 3:53 PM To: DOT_ROAD <684-ROAD@seattle.gov> Subject: 1st Ave South Hello SDOT Team, Forgive me for this long email. My business neighbors and I are at our wits end. We have made many complaints about the folks that have decided to live under the 1st Ave Bridge and along 1st Ave. The street in between the bridge and our businesses is a two way street up until the entry from I-99 but these folks have parked and blocked off half of the street causing a safety concern as people exit I-99 on to 1st Ave south and trucks are coming from the other direction. This is starting to really frustrate the drivers coming off I-99 as well as the truck drivers to the point where horns are used to stimulate the illegal parkers to move. The gypsy community in turn attempted to confront the loud drivers and well that did not go over well. No one hurt that time. But someone was killed under that bridge not but a couple of months ago. These gypsies get high and harass my employees scaring one into the bathroom for extra security, while she called for help. The folks across the street from my place of work continuously build up trash behind them and the edge of the road making my customers hesitant to do business with us. With the build up of the gypsy community, our costs for operating has increased \$8700 per month to ensure our customers fish remain frozen because of the folks that scavenge wire. And theft went up when they moved in. We are running out of employee parking, not that you are supposed to provide parking but the squeeze is pushing us closer to them. And one of our employees did not make it home last week because he parked next to the them. Seems one of them needed gas so they cut his gas line and drained some of his gas. I misstated that he made it home but after being broke down on the road. Everyone

	RAINIER AVE S & S HILL ST, SEATTLE, WA	18-00006026	1/10/18	<p>Hello,I'm writing in hopes that you can do something about a sidewalk/safety issue that is impacting some of our employees as they travel from the bus stop to our facility, many of whom are blind and DeafBlind.A couple months back a single tent was set up on the median between the street and sidewalk near our facility. Since then it has now grown to approximately four tents. They sit literally at the edge of the sidewalk and are a potential tripping hazard for those who pass by. In addition the occupants of the tents have accumulated a lot of garbage and other junk that often end up on the sidewalk causing navigation issues for our employees. They also often have bikes, bedding and other items on the sidewalk as well. The entire encampment in becoming a very unsightly/unsanitary addition to our neighborhood. One of our employees recently contacted Seattle police about the problem but they basically refused to do anything. Since your department is tasked with overseeing city sidewalks I'm hoping that you will at least evaluate the situation and maybe help these people move on and restore the safe travel route for our employees.Our employees exit buses both north and southbound on Rainier Ave S at S Walker Street. They travel the two blocks to our facility at 2501 S Plum Street from Rainier Ave South via South Hill Street up to 25th Ave South and into our facility. This tent encampment is set up in the first block between Rainier Ave South and 24th Ave South on South Hill Street on the South side of the street adjacent to the abandoned building on the SE corner of Rainier Ave South and South Hill street. The building address is 2106 Rainier Ave S. The tents are set up just around the corner on the North side of this building along South Hill street.This encampment and the obstruction it causes on the sidewalk is creating a very dangerous situation for many people with disabilities. Many people feel unsafe passing by the tents and have taken to walking in the street to avoid it. These are blind people so for obvious reasons walking in the street is not an acceptable option.Your immediate attention to this matter would be greatly appreciated. This is very close to many homes with young kids, and the trail is deemed no longer safe for families to hike through. That's not acceptable. People cannot just decide that public space belongs to them and start taking over and throwing their trash everywhere. Please help. It's not like the neighborhood can band together and do something about it themselves. There's a bureaucratic process that has to take place. Well, here we are, engaging in that process, trying to do something about this encampment before it becomes a bigger and more complicated issue.

	7144 SHINKLE PL SW, SEATTLE, WA 98106	18-00062919	4/4/18	I reported this 94 days ago. Since then the structure has doubled in size. We're seeing a lot more trash. I purchased a home here with the understanding this was a green belt the city cared to maintain. I also understand resources are limited. However the city continues to increase my taxes to combat homelessness. But the resources seem to only be applied to building expensive fencing near businesses. This problem used to be contained until that fencing was put up. Now we have an encampment 50 yards off my front porch and near 200 additional homes where we regularly have package thefts and car prowls. My neighbors have also reported this same encampment. I'd rather our tax money be spent providing these people services instead of on fencing in industrial areas so that they can be pushed out of public view and into my front yard.

	9701 MYERS WAY S, SEATTLE, WA 98108	18-00000807	1/2/18	Hi. I am reaching out to you as I have a few questions regarding the area across from Camp Second Chance. First of all, why are we allowing a non regulated camp to form across the street from a regulated camp w/ as far as I know strict no drug or alcohol policies? Not only is this illegal for people to find their way into private property but they light fires,which is also illegal and potentially dangerous to anyone living above 509. (for example 6th St. S) In addition to the risk of our land and homes burning down there is also a sanitary issue with allowing these people to live and excuse my french "shit" in the woods. We have laws in place and there seems to be a gross negligence regarding whose responsible for removing these people and their belongings from the woods. I have called Burien Police on multiple occasion as well as Seattle police and SDOT and WSDOT per Officer Cunningham from the King County Sherifs office. To be quite frank, I feel like everyone is passing the buck on responsibility and that has to stop. I'll be quite honest, I'm looking to form a gross negligence suit against all responsible if this isn't addressed. I realize that these people are down on their luck and I have compassion and empathy for the homeless, I do, I volunteer quite often to help on their behalf. The people across from camp second chance are a potential threat towards our lives whether you want to admit that or not. Living high in the woods with no care in the world isn't fair to them or tax payers who are fearing for their safety of their lives and homes. I also think it would be extremely awful if one of these high homeless people wander, which they do, onto 509 during the dark. Is that fair to anyone involved? How do you see us addressing this so it stops? I am at my wits end with this. It's not enough to just label it a crisis and do nothing!! WE NEED A SOLUTION and people need to be held accountable for all the inaction this problem has caused. I hope this holiday season is treating you well. If you want to chat please feel free to call me at 415 694 2995.

It's not a very safe feeling place for a female to get off the bus alone when it is light or dark. 		18-00046716	3/12/18	Tents with lots of litter
		18-00044403	3/7/18	A homeless encampment has taken over this sidewalk. Increased vandalism has recently affected the adjacent property. People have broken into the vacant building, left drug paraphernalia, stripped wiring, and defecated in the surface parking lot. Ownership (who I represent) has had to spend thousands of dollars to continually clean and re-secure the building. The vandalism only started occurring when the tents were allowed to remain on the sidewalk. This is not only having an effect on the property, but local adjacent businesses are losing customers due to potential customers feeling unsafe and uncomfortable due to the amount of defecation in he surface lot. (Recology Cleanscapes was previously cleaning but once it got bad enough they refused until the biohazards were removed. This is also an ADA concern as the tents and ancillary items are making it extremely difficult to negotiate around.

Castilleja would like to meet with the Navigation Team to discuss the problems the area has had. Castilleja works for Hayes Elliott Properties and they rent out several properties along Elliott. She explained that this used to be a beautiful location for her clients, but now her clients have concerns about the area. The Fire department has responded to the area twice, more permanent looking camping structures are being built, trash is everywhere, clients have seen campers undressing, urinating, and yelling at people. Castilleja is worried about the safety of her clients as well as losing their business if the camping situation cannot be controlled. The properties have been posted with No Trespassing signs, but this does nothing.

Campers are also located above the hillside on the flat land (where an old encampment was located). Rebecca, Operations Manager states there are two easy ways for the campers to enter the area. One is North on Elliott Ave W; the city greenway and the other way is behind the neighboring building that is south of 1436 Elliott building. At this entrance, they go behind the dumpsters and climb up onto the hillside. The campers are tossing trash, needles and other belongings near property dumpsters and it has become too much for property owners to clean up. She feels the campers have grown in numbers since the tiny home encampment opened across the street. Rebecca reports tenants are afraid to come in early or stay late due to previous criminal activity. She also reports break ins and property damage stating the campers are affecting the way they do business. She asks to have the green space fenced to make it difficult for campers to trespass. 	1467 14TH AVE W, SEATTLE, WA 98199	18-00020250	1/31/18	This is a site of repeat encampments and dumping in steep slope hazard area of green belt. The city roughed in a road at the toe of this slope months ago in order to bring in heavy equipment and clear garbage. Unfortunately, this access used for new encampment, further tree clearing, and new dumpling in critical are/green belt. I'm concerned about both garbage and extensive tree cutting and clearing at toe of landslide prone slope, especially in winter. This site is too hazardous for camping (area of previous land slides) and each time we drive by we see more garbage and recently downed trees. City should have restored the temporary road bed and placed fence or bollards to discourage rather than facilitate more dumpling and clearing.

Before it used to be only two tents, but this morning I counted 15. I have seen an increase in illegal activity including drug use, and property theft (stolen bikes, goods, broken car windows in nearby parking lots), litter strewn about including needles and broken beer bottles. I have seen an increase in rats and vermin in the area. Not to mention the human waste. I have with my own eyes seen vandalism to public landscaping (breaking branches on bushes) and defecating into public land to conceal. This is a highly trafficked area, being that it connects the waterfront to the Pike Place market. This means that children and tourists are walking by literal human feces and needles to get to the Aquarium. Frankly, its fairly shocking this camp hasn't been swept yet. 	1920 TAYLOR AVE N, SEATTLE, WA 98109	18-00032795	2/19/18	Homeless Encampment. Once again there is a large homeless encampment in the Queen Anne green belt. While the folks sleep there doesn't bother me, finding my stolen packages in the green belt and seeing the dumpster loads of trash in the "public park" is getting ridiculous. The Green Anne Green belt used to be a trail/park that the neighborhood could use to walk their dog or get of the house. Now its filled with trash, sharps (heroin needles) and no longer is safe for kids to play in. At some point the city of Seattle will need to decide if this is truly a public park or a place for people to get high

Staaecker's daughter filed two different police reports around Christmas about her car being prowled. The area does not feel safe to walk around because of the crime and people camping. Footprints were seen in the snow coming from the greenbelt. Staaecker would also like to know why MacLean Park's hours are until 11:30pm. 		18-00055174	3/23/18	My name is Peter and I am a small business owner. My shop is located at the corner of 2nd ave ext. and Washington st. There has been a homeless camp of tents blocking the sidewalk and bus stop for months now. I have called in and I know my building owner and the property development company next door have also contacted the city and nothing is being done. There is a row 11 or so tents blocking the sidewalk between 2nd ave ext and 3rd ave on Washington st. I have seen needles, crack smoking, people shooting up, male and female private parts being exposed to children, prostitution and severe violence coming from this camp. The bus drivers have not been pulling up to the curb at this bus stop because there is no room to safely let passengers off the bus, which is dangerous to the riders and traffic. The folks living in the tents have trash everywhere and have been stealing from me constantly. There is a puddle behind the camps that they have been using as their bathroom and it has turned into a huge pond of raw sewage. Pedestrians have been walking in the street with traffic to avoid the tents and people in wheelchairs find the sidewalk completely impassable. This has been going on for months. I find it very frustrating as a business owner, tax payer, and resident. This is a very dangerous situation for all in this area. I have talked to the city and the police and no one is doing anything about it. This situation must be dealt with for the safety of the public and the homeless folks living in these conditions. I look forward to hearing back from you. Thank You Peter Robinson

These people make noise, strew trash, have parties on the sidewalk and pick fights with people who pass. I saw them heckle a group of tourists yesterday parking in the lot to go visit the Space Needle. I have reported this before and nothing has been done about it. More tents have arrived since I last reported and you said you were looking into it. Per the news report and the spokesperson in the Mayor's office, nothing is planned on being done about this. More debris arrives every day and the people are emboldened to add more by the day. They brag that the city can't and won't do anything. That if they are cleared out they will just come back the next day. They are a menace and yell at passersby. I fear for my safety and my child's safety. I have called 9-1-1 and the nonemergency number for the city but they said it's a city problem and there's nothing they can do. I'm a tax payer who has been driven from the sidewalk next to my home. This is outrageous.

		18-00042052	3/5/18	There is a growing encampment along this sidewalk, every day there seems to be another tent propping up around the block. I saw a homeless man pee on one of the zip-cars beside it the other day and another who completely trashed the sidewalk when they moved, littering the entire block. There is also another encampment along Broad and Denny (the usual spot in the triangle). That encampment has expanded greatly, now occupying almost the entire triangle (likely what's forcing people onto the sidewalk across the street). It looks like it might just be a single person/campsite who took up the entire triangle.

	304 BROAD ST, SEATTLE, WA	18-00027705	2/10/18	There's an encampment on the south side of Broad Street between 3rd Ave and Denny. It has been there for about 8 weeks, but for the last 2-3 weeks it has been expanding to take up the entire width of the sidewalk and sometimes spills over onto the road. I'm concerned for the safety of those living in this encampment and for people walking that part of the street. On the best days, there's been only a 1.5-2 ft width of sidewalk to walk on, which is barely big enough for one person to walk through, let alone someone in a wheelchair or scooter. I usually walk to and from work along that side of Broad St, but ever since it started expanding across the entire sidewalk, I've had to alter my route. I'm also concerned because I've noticed that the articles of clothing hanging from a nearby tree have grown in number and variety, which seems to indicate that more and more people are staying in these particular tents.

	306 MCGRAW ST, SEATTLE, WA 98109	18-00073688	4/19/18	There is an illegal encampment under the bridge and accessed via well-worn path at southeast corner of bridge. This encampment is only a few blocks from a school, and many children walk to school over the bridge. We have observed trash strewn on the path and an increase in rats at the site. We request that this encampment be removed from the site.
18-00064519		4/6/18	I would like to report an encampment that is causing public health, safety, and ecological issues and needs to be removed ASAP. This encampment has popped up in the Wolf Creek Ravine Natural Area, under the McGraw St. Bridge (east end) in Queen Anne. As mentioned, there are health and safety issues as trash and human refuse collects. This is attracting rats and other dangerous animals. The encampment is in a residential area where numerous young children live, play, and go to school. Also, there is a trail that acts as an entrance to the encampment, which leads directly to the route that the neighborhood kids use to walk to and from school. The encampment is located in an ecologically sensitive watershed that is important to the local ecosystem. We'd like to request that this camp is moved and cleaned up as soon as possible due to the health, safety, and ecological issues it presents to the residents of the neighborhood. There has been an increase in criminal activity in the neighborhood (break-ins, car thefts, etc.). There is the possibility this is related to the encampment.

		18-00069409	4/13/18	Constituent Message: Sally - -I just got back from my daily run - - this time from 3rd and Broad to Fairview and around MOHAI. After a short hiatus it seems the encampment on the triangle at Denny and Broad is back - - that and the one across the street on the sidewalk in from of the old Car Toys building. We really need to give people a choice to either move to a sanctioned tent location or another shelter or leave the area. Where they are camping is not only unsafe, it is unsanitary and unhealthy. Garbage is everywhere and there are no bathroom facilities to speak of. Believe me; this creates a situation that's worse than many 3rd world countries that I've visited. It's time we stopped indulging certain of our homeless population to the detriment of our children, our communities and our visitors. We have the resources but somehow we don't have the backbone to enforce existing regulations. It's not just 3rd and Broad - - it's on Mercer under Aurora, and it's at Coleman Ferry Dock. It's not caring about people to let them camp on the sidewalks and in our parks. Our "permissiveness" is doing a disservice to all.Jon

		18-00067305	4/10/18	My wife and I live in a building at 2720 3rd Avenue in Belltown. I recently wrote to you regarding the growing homeless encampments in our neighborhood. Since I last wrote a few weeks ago things have only further deteriorated. You may have seen a report yesterday on KIRO 7 news regarding a "tent mansion" that was built in the last 48 hours. This is directly across the street from where we live. You can see the story here: https://www.kiro7.com/news/local/seattle-homeless-tent-mansion-low-priority-for-city-cleanup/727621918I want to emphasize that we are very supportive of the City's efforts to find suitable shelter for our homeless population and fully appreciate the fact that before moving an encampment that people are offered a place to stay. However, this situation is an example of what's wrong with this solution. As you will see from the KIRO 7 story these individuals have made a decision to refuse help. When Melissa Burns, one of the individuals in the camp, was asked if she would accept permanent housing offers, she said "she would not likely accept them." She stated, "We intend to stay here. This is the solution to the homeless problem. We want autonomy, right here." She went on to say on television that she didn't like the rules imposed on her in public housing, so she has chosen to build the structure they now reside in. This is a very aggressive group of people and we believe this has crossed a line. They have actually built a structure to go along with tents and have moved in furniture. What is happening is clearly not in the spirit of the law or programs intended to help people. In fact, they are essentially saying we will do whatever we want. And at the moment there does not appear to be any consequences to their actions. They are in fact doing what they want with no consideration of how it impacts families and businesses in our neighborhood. We are regularly watching encampments being moved, and we assume being offered housing. And often people simply pick up and go across the street. This particular "tent mansion" was moved from down the block at the small park at Denny & Broad. I will add that the week before it was moved from the park it had a fire break out and there was a fire and police call to that location. At the time the fire department made them leave their building and taped off the area.Given that this group has clearly stated they have no intent of seeking permanent housing we would like to see this area cleared immediately and that these individuals must accept housing. At the very least they should not be allowed to build where ever they please. We appreciate your immediate attention to this matter and look forward to your response.

It is the same group, same encampment, located 300 ft from the previous site. This site should be immediately condemned and the group evicted.If the city does not more strictly enforce the laws, you will always have an unmanageable backlog. 	3RD AVE & DENNY WAY, SEATTLE, WA 98121	18-00041989	3/5/18	Why are these folks allowed to set up tents at this corner? It is a hazard not only to themselves but to everyone who crosses the street there. Little children going to the Pacific Science Center are afraid when drunk, drugged, crazy people pop out of the area. These folks are also now camping down 3rd Avenue between Broad and Cedar. This is not OK. I know there is a homeless issue, and that the City is working to deal with it. I see this as the City's paramount duty. I've lived downtown for a good number of years and most of these tent folks are drunk or drugged. They need to be in rehab, a mental health unit, assisted housing, or out of Seattle if they will not participate in one of these options. This cannot continue. Our city is looking like a scifi movie and the vast majority of these people need serious help.

Recently, they have started sleeping on the sidewalk by the bus stop on 3rd Ave/Pine St. I catch the bus at that stop at 5:30 or 6:00 am during the weekday. I now have to walk on the outside of the sheltered sidewalk area, keep my eyes wide open for feces, vomit, needles, food garbage and other trash. I no longer feel safe waiting there for my bus. I have complained to Metro, who says it is the City's responsibility to address this and not Metro.I have been catching the bus in this area for decades and this is the first time I have experienced this. Previously, the few people sleeping there were not intrusive and did not create a mess. Now, I have seen people passed out, strung out on drugs, throwing cigarette butts at people passing to get to the bus stop, some guy picking at his scabby arms that was literally ALL bright red with blood.I am afraid that one day one of them will have some kind of episode and we bus riders may get hurt.I think they get cleared out later in the morning but there are many of us who wait for the bus during the 5am timeframe. I am very upset and very uncomfortable waiting there and if I miss my bus, I sometimes have to wait there for 10-15 minutes.Isn't there anything the City can do to clean up the bus stop and make it safe again (at the very least).

		18-00073065	4/18/18	A Homeless encampment has been set up on both sides of 4th ave, directly under the Yesler Way bridge. The tents and random items take up so much of the sidewalk, that having to walk into the street or bike lanes is required. individuals have been seen using drugs and also standing in the street while cars move around them and block traffic.
		18-00072704	4/18/18	Homeless encampment under the bridge is out of control. It looks like someone brought in a dump truck and emptied it all over the sidewalk. There are piles and piles of waste. They are blocking the entire sidewalk now. It's pretty disgusting and a lot of people have to walk through there to get to work from the train and link stations. Usually it's just a few tents off to the side, which is fine. But it's completely out of control now. It's really unsanitary.

	4TH AVE N & FLORENTIA ST, SEATTLE, WA	18-00064918	4/6/18	Donahue is an SDOT Bridge Structures manager who is requesting the Navigation Team remove a male camper under the south end of the Fremont Bridge who has been hostile towards employees. Donahue said a crew chief had to call 911 last week because the camper was threatening him and he could not get out of his vehicle (SPD #2018-115212). Donahue said officers suggested staff go to court for a restraining order. Other staff have had "face to face" confrontations with the camper and he daily screams into an office window. Donahue is concerned about a lone employee who works evening shift and sometimes must leave the property several times a night. Camper stays behind the yard fence under the bridge.

They've been there for several weeks, they have mattresses, garbage. I'm hoping they can be connected with human services and moved out of this location. Living in the open like that is unsafe for them and for users of the trail. Please let me know if you need more details. Thank you for all your work. -Brad If possible, please update me on the status of this illegal encampment. Again, thank you for all the work that you do. I realize homelessness is a complex issue. -Brad

WEST	568 AURORA AVE N, SEATTLE, WA 98109	18-00036249	2/26/18	For the past few months there has been a homeless encampment under the bridge on Mercer Street near Dexter Ave (near the Gates Foundation). It's absolutely stunning to me that this colossal mess has been allowed to persist for so long given that this is a main corridor into the Seattle Center, which of course must not impress the many visitors to our city, not to mention those of us who live here. In my opinion, this is low-hanging fruit and the city should be making every effort to keep this corridor clean, as this is a blight that's clearly visible to so many tourists. In short, this area needs to be cleaned up for the good of the city. I should also mention that the walls in this same area are covered in graffiti (with one message proclaiming "Trump 2020!"). Please, for the good of the city, can you take care of this?
		18-00044570	3/8/18	The entire south side of Mercer under Aurora has been used as a dumping ground and encampment for over a month now. Waste includes propane tanks, charcoal, food waste, human waste, shopping carts, broken glass, tarps, clothes, shopping baskets, and much more. Clear evidence of open fire being used on the sidewalk. The debris pile is taking up more and more space and will soon block the crosswalk entirely.

Both have been renovated into modern office buildings and have been seismically upgraded. Both have maintained their historical character and are home to some of Seattle's finest architectural and technology companies. Both of these properties, office tenants and tenant employees have been impacted by the constant unauthorized homeless encampments that are sited along Columbia Street, between First Avenue and Alaskan Way. Over the past few years, our building superintendent is forced to deal with the removal and sanitizing building entries from urine, feces and vomit. Finding used syringes in and about the properties are a constant reminder of the degradation occurring in the neighborhood. We and our tenants encourage the City to continue to provide services to individuals experiencing homelessness, to find solutions to build more affordable and permanent housing for individuals experiencing homelessness and to continue to clean-up dangerous and illegal encampments. Not only are illegal encampments unsafe and unhealthy places for people to live, but are unsafe and unhealthy for those business and their employees who make Seattle their place of business. We encourage your taking the necessary steps to find solutions to help homeless individuals while at the same time taking the necessary steps to clean up illegal encampments that put others at risk. We and our neighbors at the Daily Journal of Commerce Building have submitted a petition to extend the recently enacted Belltown and Pike Place Market emphasis zone to the area of Western Avenue and Columbia Street and as far south to Jackson Street. We are in desperate need of a safer and healthier environment for all. Attached are photos taken this morning of the area immediately adjacent to our managed properties.

There are tents that are set up on the North side entrance of a public parking lot. This is very dangerous since you can't see on-coming cars coming off the freeway while trying to merge from the parking lot onto 6th Ave. These tents should be removed immediately because this is a hazard for people trying to leave the parking lot because these tents block the view of on-coming vehicles.

		18-00065898	4/9/18	Illegal encampment again at this location. Tents cleared up barely for one day before they all came back. I can only imagine the wasted dollars to sitting fence material on the sidewalk while waiting for tents to move. How safe is it to leave fencing material on the street next to cars and sidewalks, meanwhile tents set up new locations there everyday. The rule to give tents over a month notice to move is clearly not working, nor being supervised. It seems someone asked them to move, and then no one followed up enough to make sure the site was clear. I can also only imagine the tax payer dollars that go to these fences and the hourly rate to employees setting up these fences. Nonetheless employees show up to put these fences up, and can't do they work because tents are back up. It's so much wasted money to put band aids on this issue. Seattle needs to stop being an inhibitor to this homeless crisis. Provide a real solution and don't bend on general rules most cities observe (not allowing Needles and garbage to litter sidewalks)

This area is heavily congested as is due to ferry terminal so roads are often hazardous with people exiting Uber's in traffic lanes so many cyclists use the path but debris and people crawling out of tents poses a hazard also.
	18-00053248	3/20/18	Illegal encampment. I've contacted about this encampment before and it seems nothing happens. Tents are growing and encroaching onto sidewalks. The entire area is becoming filled with tents, and in some cases there is no room for pedestrians to walk on sidewalks. On other side of Alaska, tents take up the entire crosswalk waiting area- forcing pedestrians to stand in streets on a busy road waiting for the walk sign. 	71 COLUMBIA ST, SEATTLE, WA 98104	18-00024735	2/6/18	Dear Mayor Durkan and City Council, I am writing to express my horror, disappointment and anger at the current state of the city, Pioneer Square, Columbia Street and the area in front of the building in which I work (71 Columbia- the Polson Building). I am a Seattle native- born at Swedish Hospital and raised in the city. I have lived and worked in the Puget Sound area my whole life. In June of 2017, I came to work at Bassetti Architects. I have kept relatively silent and calm about the state of our street. At any given time, there are 6-8 tents directly across from our building. I have watched drug deals, drug activity, seen "pee bottles" and needles. There has been intentional garbage dumping on our doorstep. There have been individuals holding ice axes. Our east doorway often reeks of urine. Our west doorway is often used for shooting up. Today, however, a whole new level was achieved. I came to work at 7:30am and found human feces smeared all over our door pad, the ADA access pad and the front doors and handles. This is a clear threat. The person(s) doing this are deliberately threatening all who work in this building. Whether it's personal or aimed more at the "system," does not matter. This is a crime. This is a health hazard. This is beyond what we should be allowing for human decency. These people do NOT have the RIGHT to live on the street. They do NOT have the RIGHT to do whatever they want. They do NOT have the RIGHT to threaten me. I do not know the answer to this problem but it is out of control. I compare it to a soccer match where the referee didn't call the fouls early enough and now the game is a series of yellow and red cards. This activity makes me sad for my hometown. It makes me sad for me (because I hesitate to continue working downtown), for my husband who is a first responder, and for my children who have to experience a disgusting city, not the city I love. PLEASE get tougher on these people. They are not the displaced families living in cars who deserve services. The people living across from 71 Columbia are criminals. Thank you for your attention and response. Sincerely, Kari Pelaez

		18-00025327	2/7/18	Homeless encampments under the viaduct on the bridge to/from the ferries. Filling the location with garbage, food waste, and encroaching on the narrow access in that location. This might present an ADA compliance issue with how narrow the passable area is. There are people there writhing on the ground and mumbling. Several of the homeless are regularly there and seem to be suffering from a severe mental crisis and are in need of help. The first and last place you see in Seattle by water is a urine soaked and garbage laden tunnel, pressed by those who are unwell and occasionally aggressive, lashing out at those walking by or each other. This isn't all homeless or even all homeless by the ferry docks or the walkway; but that section of bridge is a marring mark on an otherwise succeeding city. This is a shame to the people who are living there in crisis and a restriction of passage for those who work and live in Seattle. Commutes that start or end in puddles of food waste and urine are a shame to the city. Has there been outreach attempts with the people sleeping and living there? What solutions can be expected, both for the people sleeping there, and for reclaiming public infrastructure with the primary purpose of transportation. Thank you for time and effort. I understand your ability to answer my questions and request might be limited. I just wish to impress that something needs to be done for the sake of all stakeholders in the Seattle community. Ditto with the overlap of potential issues between SDOT and WSDOT property. Please do your best with this request, then forward this Request to the council offices of Sally Bagshaw (District 7), and Teresa Mosqueda (at-large), and M. Lorena González (at-large). Even if nothing can be done to return that tunnel to a well lit location with the beautiful murals representing Seattle and the Puget Sound (more's the pity), please at least help the people in crisis. Thank you sincerely, A concerned citizen

		18-00000818	1/2/18	Dear Mayor Durkan,I am a daily commuter on the Bainbridge Island ferry and am fortunate to be able to walk from my residence to the ferry dock on Bainbridge and then from Colman Dock to my office in Seattle.I want to express my concern at the alarming deterioration of the raised walkway between Colman Dock and First Avenue. The homeless individuals camping on both sides of the walkway leave only a narrow corridor for several hundred ferry commuters to get by. Trash is strewn throughout the span. Rental bicycles further obstruct the walkway and are now being used as structural support for lean-to's used by the homeless.There is a strong odor of urine on the walkway. Several of the homeless talk to themselves and are quick with hostility directed at pedestrians. One recently kept shouting at me, "Do you think I'm afraid of you?" Whoa. Nearly all ask for money as we commuters do our best to avoid eye contact with them, never knowing what might set someone off.I'm seeing an increase in commuters leaving Colman Dock to avoid the raised walkway, taking side streets. But the construction throughout that area has many of them either going several blocks out of their way or dodging through traffic with so many sidewalks closed.I am convinced that this is going to lead to a tragedy with either an unstable homeless person becoming violent or a commuter getting struck by a car.I would like to ask if the raised walkway can be cleared of homeless and cleaned up. I'm embarrassed knowing tourists see the way it is now. I realize once cleared it would quickly become re-populated unless routine patrols keep it cleared for pedestrian traffic.Thank you for considering this request.Cordially,Chuck HirmanBainbridge Island, WA(206) 567-5613

		18-00069421	4/13/18	Constituent Message: Dear Kelsey,Here is what my employees and tenants deal with on a daily basis. Garbage, graffiti, noise, urination, defecation. We are at 83 Columbia near the downtown ferry terminal. One of my street level spaces has been vacant for six months. For some reason I can't find a tenant, yet my property taxes keep going up. It is dirty and messy and troublesome for us. We've always had street people in this part of Seattle, but today's street person is younger, more aggressive and usually addicted to hard narcotics. Truly and honestly, the council's policy of accommodation is not working and will not work no matter how much we are taxed an how much is spent. I'm not sure the extent of the problem is understood at city hall.-Phil

WEST	97 MARION ST, SEATTLE, WA 98104	18-00031519	2/16/18	I am a commuter who walks on the walkway on Marion after i get off of the ferry daily. I have been noticing for the last week that there has been an increase in the bad/ foul smells in the area, especially under the 99 on the walkway right by the ferry terminal before the metal bridge. It has gotten so bad that I am having to hold my breath when I walk though this area. I am not sure if it is related to the increase number of homeless that are now staying under the 99 on the walkway area. I am not sure what can be done, but I wanted top bring it your attention.

	ALASKAN WAY & MARION ST PEDESTRIAN WALKWAY TO FERRY, SEATTLE, WA 98104	18-00006310	1/11/18	I have been a foot passenger commuting to Seattle for 7 years. I have seen the problem on The Pedestrian walkway to and from the ferry get worse and worse over the years. There are drug addicts and homeless people living in the walkway and there is garbage and feces and the smell of urine and there's homeless people who need to be dealt with and they're withering away on the street with garbage everywhere. I wish to make a formal comment and complaint to have this taken care of. I have several times at least perhaps seven or eight times emailed the City of Seattle Mayor about this issue and received standard operating procedure emails in return but nothing has been done. I've also seen a couple of homeless men get in a fight and one threatened to pull a knife but I never saw the knife and this happened two years ago. Commuters do not feel safe and also the City of Seattle should realize that this is an entryway to their city and first impressions of travelers should be thought of. Please have someone patrol daily and clean up that area with some bleach and please help that poor drug addict or person who was off his medications to be placed with medical professionals. He is withering away there in the pediatrician walkway surrounded by garbage and feces. I would like to receive a response. Thanks.
	ALASKAN WAY & MARION ST, SEATTLE, WA	18-00030885	2/15/18	Customer called CSB to report the Marion St overpass is full of trash, food, drug activity, feces and campers. She said the urine smell is so strong and one can see stains on the walls from urine. There are tons of cigarette butts all over and it is hard for her to believe this area has ever been cleaned
		18-00006247	1/10/18	The pedestrian bridge between 1st Ave and the Colman dock is usually narrowed by 2/3 due to rubbish, people loitering and making the sides of the walkway their residence along with piles of left over food, cardboard, clothing and trash. By the smell It is obvious this area is also used as a toilet. Apparently some poor soul from the city cleans it periodically which lasts about 1 hour. Not only is it la safety and health hazard but it's embarrassing (have seen many many disgusted faces walking toward me as I go to and fro the ferry via this stench and am embarrassed for the city). This walkway is used by thousands of commuters, tourists and community members on a daily basis and if people are going to be allowed to make it their residence, open air bathroom and garbage dump then it needs to be cleaned at least daily. That or it needs to be made uninhabitable. I know this is type of situation is multiplying everywhere but the number of pedestrians that use this route can't even get through safely due to the space used up by trash and bodies sprawled out. Your efforts are appreciated!
		18-00037642	2/27/18	Customer called CSB to report the man that has been living in the overpass dropping his pants to go to the bathroom while people were walking by. The customer is concerned about how this person seems to have no awareness about what is around him.
		18-00035588	2/23/18	Good Afternoon Mayor Durkan, Congratulations on winning the very interesting mayor's race. While we are Bainbridge residents, we all work in Seattle and followed the race closely. I am confident you are going to do an amazing job and you have our support as you navigate the challenging issues in the city. One such issue, which I know is top of mind is the homeless and how do we give them the support that is needed, while caring for the rest of the constituent's rights and concerns. One very visible area that we see twice on a daily basis, is the walkway from the Coleman dock to 1st Avenue. It is an area that is used for sleeping and that is usually not an issue. However over the past couple of months, it has become totally disgusting with trash and debris from one end to the other. It has become a very big topic of conversation for the ferry riders and it is unclear who to ask for help. Again, sleeping is one thing, but keeping the area picked up should be expected in return. We appreciate your guidance on how to get this resolved and still support the homeless effort. Thanks so much

	S WASHINGTON ST & 2ND AVE S, SEATTLE, WA	18-00056598	3/26/18	Mayor Durkan: please read this article, and ask why do we tolerate tents???? I know you're working to reduce homelessness - but I got off the bus at S Washington Street and 2nd Av, and almost stumbled into FOUR tents set up on the sidewalk.From: Richard PageTent cities: Seattle's unique approach to homelessnessBy Sara Bernardon Jun 10, 2015Asa Yoe Sara BernardAsa Yoe is a mild-mannered 30-year-old with boyish features and warm eyes. He's from Georgia, speaks with a gentle, Southern twang, and usually has a cigarette hanging from the corner of his mouth. He makes good money fishing in Alaska every summer, then heads south every fall to pick up the odd construction job.And that life works well, most of the time. There's just one hitch. When Yoe was 19 and still in high school, he was convicted of a felony. It was a drug possession charge, the nonviolent kind - the kind that can get expunged if you pay up. So he did: Five years after the conviction, he paid a lawyer two grand to get the crime removed from his record. It didn't work. To this day, the smirch makes it nearly impossible to sign a lease - and therefore rent a place of his own. He resorts, instead, to crashing at friends' places or living with a girlfriend.But last fall, when Yoe got back from Alaska, he had no place to go. He had money in the bank, but no landlord would take him. He and a fishing buddy, Darby, piled into his pickup and took to the open road, sleeping in the truckbed, setting up a tent now and again, trying to find a place to call home until next fishing season. They ended up in Seattle, parked at a curb one evening, and minutes after they put their heads on their forearms, someone was calling the cops.The next day, Yoe and Darby found Nickelsville.Sara BernardNickelsville is one of several roving tent cities in Seattle. Christened in a deliberate slam against Seattle's former mayor, Greg Nickels, whose administration regularly cleared homeless encampments, it has relocated about 20 times since its creation in 2008.Today, at the corner of 10th and Dearborn, a few hundred yards from the I-5 overpass, a cluster of tents and tiny houses painted flamingo pink huddle together against the Seattle chill, bright splotches of color under a dove-gray sky. The houses were built by Home Depot Foundation volunteers. The pink paint pays homage to the encampment's original tents, which were donated by the Girl Scouts.Amid the March drizzle, I trail Yoe as he trudges comfortably around the property in muddy boots, calling out friendly hellos to his neighbors as they peer from tent flaps or slowly pick up another log to throw on the communal campfire.It's a Sunday, so some workaday residents are off taking care of important life tasks, such as bathing. There's a small bank of Porta-Potties here, but no showers, no electricity (except when there's enough gas to power up a generator), and no water.
