

You can't drone your way out of a problem.

General David Petraeus

2017 Interview with *Business Insider*

A Cause Worth Supporting

Many organizations already fight terrorism but they only deal with the tip of the iceberg. What can be done to stop it *before it even starts*?

This holiday season, **donate to Ideas Beyond Borders!** We're a nonprofit organization founded by an Iraqi refugee who escaped violent extremism with the vow to prevent extremism before it takes root.

We've created anti-extremist programs that are guided by acclaimed advisors (including Steven Pinker) and funded by people just like you. Together, we can empower the vulnerable with enlightened ideas and meaningful conversations that encourage alternatives to terror.

House of Wisdom 2.0

Rekindling the Golden Age of the Middle East

Centuries ago the region embraced science, pluralism, and the open exchange of ideas. We're translating hundreds of articles, books and works from esteemed authors, influencers, and former extremists to make the inaccessible accessible to millions of people.

Global Conversations

A Robust Forum for International Dialogue

Religious and political polarization is rising globally, forcing us to choose between conversation and violence. Global Conversations encourages civil dialogue about issues affecting us and brings people together for more reasonable action.

An Ask For Your Generosity

We can't wait to translate and distribute more content and enlightened ideas to millions more in 2019 and beyond. Quality translations, community management, and strategic, international distribution take expertise and money. Help us empower the world with enlightenment ideas and prevent extremism before it takes root. Every word translated and conversation started makes the world a better place.

Our mission relies on you. Donations can be made directly to our office via check or via our Paypal donations page. Can't donate, but want to help in other ways? Help us spread the word. Forward this attachment, follow us on social media, and join the conversation.

**IDEAS matter. Ideas can
CHANGE THE WORLD.**

- Steven Pinker

*Harvard University Professor &
IBB Advisory Board Member*
