

'Minecraft' Hits the Nintendo Switch On May 11th

Minecraft: Nintendo Switch Edition lands on May 11, bringing the most played sandbox in the world to yet another gaming platform. Minecraft on Switch supports the Pro controller, as well as up to eight players online and four local players in split-screen mode. It also comes with the Super Mario Mash-Up Pack, which adds classic Mario characters and locations directly into the game.

Minecraft: Nintendo Switch Edition, including the Super Mario Mash-Up pack, will launch in Nintendo #eShop on May 11. pic.twitter.com/VPxJ726Ex9

- Nintendo of America (@NintendoAmerica) April 12, 2017. Nintendo announced the date of release for Minecraft: Nintendo Switch Edition during its Nintendo Direct stream. Robinson is back The stream also revealed details regarding Arms, Splatoon 2 and other games coming to the 3DS or Switch.
