**ABOUT US :**

Nurturing love & care for over 33 Years, We at **NARULA OVERSEAS INDUSTRIES PVT. LTD.** have been a trusted name in the field of baby care products. We have been known for developing products that go hand-in-hand with every special moment you share with your baby. Our spectrum of baby care products includes **FEEDING BOTTLES, BABY TEATS** and many more.

Safety, hygiene and gentleness are our priority while internalizing the design process. No wonder, our products are available under the brand name **“SMARTY TWOMAX”** – is a household name in the market. The complete range of products undergoes rigorous clinical testing and is as per the guidelines of **FDA**.

We have been accredited with An ISO 9001:2008 certification for following a total quality management system. Based on extensive research, our polypropylene feeding bottles are considered to be the next best thing to the breast feeding. The silicone nipples of bottles are odorless, tasteless, soft and broad. It has a unique venting system to help reduce colic in the infants.

We are committed for using the latest science and technology to stay on the edge of baby care. Our latest concept involves Liquid Silicone Nipples that are manufactured on LSR automatic plant from Germany. These nipples are made from best quantity imported material from G.E. Bayer silicone and Wacker silicone.

**NARULA OVERSEAS INDUSTRIES PVT. LTD.** Strives to remain the best source for baby care products trusted by parents and health care professionals worldwide. With our product's acceptance in domestic and international markets, our expertise also lies in offering customized products according to the specifications of customers.

# OUR ALL RANGE OF PRODUCTS

# QUALITY ASSURANCE

We, being an ISO 9001:2008 certified organization, are discrete and conscious of our responsibility to abide by and adherence to observance of normative requisites in maintaining of Quality Measures through stringent quality regulation surveillance and controls at our organization.

With process supported by all requisites at our well-developed Quality Testing Unit, we assure of Quality Attributes of the Range of our Baby Care Products in accordance with FDA, ISO and SGS Lab tested.

We pursue Quality Management through effective handling of production cycle and the same is also duly tuned and honed so as to remain effective in achieving high quality standards.

Our team of Quality Operatives also ensure use of Quality inputs to manufacture the Product. They also exercise strict controls at the following stages:

- ⊙ Inspection of raw material at the procurement level
- ⊙ Supervision while processing
- ⊙ Assurance of quality packaging
- ⊙ Random checking at the time of dispatch
- ⊙ Ascertaining a close supervision of the delivery procedure

Under this quality control process, in particular the 'Printing Inks' used for print designing of plastic feeding bottles, undergo coherent Testing and Checks to determine the ink's conformity to following:

- ⊙ Non Toxicity
- ⊙ Food Grade
- ⊙ Dish-Washer Safe

Quality is an integral part of our corporate culture & heritage. Total Quality Management has been in practice with us from the very beginning and is further validated from the fact that ours is an ISO 9001:2008 certified company and our products are FDA Approved. Moreover, all our products confirm to SGS Lab tested. Quality is monitored at all stages of production with procurement of raw materials, processing, packaging, dispatch and delivery process of the finished goods to the clients.

The use thoroughly inspected raw material, advanced production technology, skilled workforce and demanding quality control processes are also well directed by an efficient management system to ensure world-class products at competitive prices. Strict quality control procedures are followed to ensure that the products meet international standards in quality.

Our Quality Assurance control also ensure that entire process, from initial customer order through to final delivery, is carried out in the most efficient and cost-effective manner. Regular internal procedure audits are also conducted to make sure that all the system are perfectly co-ordinated and that any necessary improvements or changes are brought into action immediately.

# FEEDING BOTTLES

BPA  
FREE

Feeding Bottles, these have been designed and constructed as to ensure minimum Feeding Effort during sucking of feed by the Infant/Baby.

Our 'Range of Feeding Bottles' is considered to be 'Baby Friendly' and appreciated across clients and users for reasons of being unique in many ways in features and design considerations by way of convenience through assistance in holding of Bottles during Feed Sucking by the Baby/Infant.

Unbreakable and heat resistant, we supply highest quality smooth neck polypropylene bottles. Our feeding bottles come in original smooth neck which is not only safer and healthier but also easier to clean from bottles that do not have smooth neck feature.

In addition, these bottles have measure marks. Our feeding bottles are processed on fully automatic Japanese machines using modern day **ISBM** technology.

# Embossed Bottle

**Product Name:**

Embossed Plain Bottle

**Material:**

Polypropylene (Food Grade)

**Accessories:**

Hood Cap Set

Liquid Silicone Nipple or  
Dotted Nipple

**Size:**

Available in 8 oz. / 250ml

Available in 4 oz. / 125ml

**Packing:**

180 pcs per carton

(12 units X 15 pcs per unit)

## Features:

- BPA Free
- Easy Grip bottle for babies
- EN 71: Part 3 test approved
- Spill Proof Caps (Leakage Free)
- Top Cap Hoods multi designs
- FDA Approved Quality

# Round Plain Bottle

**Product Name:**

Round Plain Bottle

**Material:**

Polypropylene (Food Grade)

**Accessories:**

Hood Cap Set

Liquid Silicone Nipple or  
Dotted Nipple

**Size:**

Available in 8 oz. / 250ml

Available in 4 oz. / 125ml

**Packing:**

180 pcs per carton

(12 units X 15 pcs per unit)

## Features:

- BPA Free
- Easy Grip bottle for babies
- Food Grade ink for printing of bottles
- EN 71: Part 3 test approved
- Spill Proof Caps (Leakage Free)
- Top Cap Hoods multi designs
- FDA Approved Quality

# Decorated Bottle

**Product Name:**

Decorated Bottle

**Material:**

Polypropylene (Food Grade)

**Accessories:**

Hood Cap Set

Liquid Silicone Nipple or  
Dotted Nipple  
Filter

**Size:**

Available in 8 oz. / 250ml

Available in 4 oz. / 125ml

**Packing:**

180 pcs per carton

(12 units X 15 pcs per unit)

## Features:

- ◉ BPA Free
- ◉ Easy Grip bottle for babies
- ◉ EN 71: Part 3 test approved
- ◉ Spill Proof Caps (Leakage Free)
- ◉ Top Cap Hoods multi designs
- ◉ FDA Approved Quality

# Round Plain Handle Bottle

**Product Name:**

Round Plain Handle Bottle

**Material:**

Polypropylene (Food Grade)

**Accessories:**

Hood Cap Set

Liquid Silicone Nipple or

Dotted Nipple

Filter

**Size:**

Available in 8 oz. / 250ml

Available in 4 oz. / 125ml

**Packing:**

144 pcs per carton

(12 units X 12 pcs per unit)

## Features:

- ⦿ BPA Free
- ⦿ Easy Grip bottle for babies
- ⦿ Food Grade ink for printing of bottles
- ⦿ EN 71: Part 3 test approved
- ⦿ Spill Proof Caps (Leakage Free)
- ⦿ Top Cap Hoods multi designs
- ⦿ FDA Approved Quality

# Decorated Handle Bottle

**Product Name:**

Decorated Handle Bottle

**Material:**

Polypropylene (Food Grade)

**Accessories:**

Hood Cap Set

Liquid Silicone Nipple or

Dotted Nipple

Filter

**Size:**

Available in 8 oz. / 250ml

Available in 4 oz. / 125ml

**Packing:**

144 pcs per carton

(12 units X 12 pcs per unit)

## Features:

- BPA Free
- Easy Grip bottle for babies
- EN 71: Part 3 test approved
- Spill Proof Caps (Leakage Free)
- Top Cap Hoods multi designs
- FDA Approved Quality

# Cerelac / Spoon Bottle

**Product Name:**

Cerelac / Spoon Bottle

**Material:**

Polypropylene (Food Grade)

**Accessories:**

Hood Cap Set

Liquid Silicone Nipple or

Dotted Nipple

Filter

**Size:**

Available in 8 oz. / 250ml

Available in 4 oz. / 125ml

**Packing:**

144 pcs per carton

(12 units X 12 pcs per unit)

## Features:

- ⦿ BPA Free
- ⦿ Easy Grip bottle for babies
- ⦿ Food Grade ink for printing of bottles
- ⦿ EN 71: Part 3 test approved
- ⦿ Spill Proof Caps (Leakage Free)
- ⦿ Top Cap Hoods multi designs
- ⦿ FDA Approved Quality

# Our Infrastructure

We have over 40,000 sq feet of covered area and we use latest machines manufactured by leading companies to produce our products. over the years the year we have also perfected our manufacturing techniques based on the gained insights in the field of baby nursing needs that are handled by us under hygienic conditions(independent of human touch) on state-of-the-art machines that reduces the chance of infection and prevents gathering of dust. Further, we also apply LIMS technique in manufacturing of baby nipples & use injected stretch blow moulding process for manufacturing.

For effective handling of the production operations, the company premises feature plant and machinery housed in well ventilated dust free environment. We use advanced technological process that is designed and tailored for handling specialized methods of manufacturing of plastic polymer products in techno domain of production process.

- ⊙ Cold runner mould processed LSR baby nipples.
- ⊙ ISBM for hot runner moulding of plating-feeding bottles plastic-polymer range of PP.
- ⊙ Plant & machinery has been imported and outsourced from reputed international suppliers as of the kind ASB, ARBURG, 2KM, NEGRI, BOSI, B.M.BIRAGHI well known for their proven quality and performance record.

Quality control and quality checks are also systematically applied and implemented in manufacturing of baby products are backed by Quality-system that is ISO certified with compatibility to FDA.

# Warehousing & Packaging

For the safe storage of our Baby Care Products, we are facilitated by a highly-automated ware house unit that helps in effective storage of our products. In order to safely store our products and avoid any damages, we have a team of skilled store-handlers. Proper ventilation facility is also provided here to ensure moisture free environment to guard against fungus/bacteria on stored goods of Food-Grade quality.

Following are the features of our warehouse unit:

- ⊙ Spacious
- ⊙ Semi-automated handling
- ⊙ Controlled temperature
- ⊙ Proper ventilation
- ⊙ Clean and hygienic

Further, the packaging unit at our works ensure that the products are properly packed in heigh quality packaging materials. This allow us to conduct Safe and Damage-free delivery of products while in transit, up to destination.

# Bottle LSR Silicone Nipples

BPA  
FREE

We are known for offering a quality range of LSR Silicone Nipples that is available in various shapes and sizes for requirements of the babies. These are manufactured from LSR (Liquid Silicone Rubber) using advanced technology that makes the product durable. Provides a natural sucking experience. Our offered range of nipples is soft and supple act gentle on baby's tender gums and teeth.

# Liquid Silicone Nipples

**Product Name:**

Cardbox Pack Liquid Silicone Nipple

**Material:**

Liquid silicon (Food Grade)

**Packing:**

900 pcs per carton

(60 units X 15 pcs per unit)

## Features:

- ◉ BPA Free
- ◉ Nipples made on automatic plant by LIMS technique
- ◉ FDA Approved Quality
- ◉ Untouched by human hands

# Baby Max

**Product Name:**

Cardbox Pack Baby Max

**Material:**

Liquid silicon (Super White Superior Quality)

**Packing:**

900 pcs per carton

(60 units X 15 pcs per unit)

**Features:**

- ⦿ BPA Free
- ⦿ Nipples made on automatic plant by LIMS technique
- ⦿ FDA Approved Quality
- ⦿ Untouched by human hands

# TWOMAX NIPPLE

**Product Name:**

Lipcy Nipple Lunch Box Pack

**Material:**

Super White

**Packing:**

540 pcs per carton

(36 units X 15 pcs per unit)

**Features:**

- BPA Free
- Nipples made on automatic plant by LIMS technique
- FDA Approved Quality
- Untouched by human hands

# LIPCY NIPPLE

**Product Name:**

Lipcy Nipple Lunch Box Pack

**Material:**

Super White

**Packing:**

540 pcs per carton

(36 units X 15 pcs per unit)

## Features:

- ⦿ BPA Free
- ⦿ Nipples made on automatic plant by LIMS technique
- ⦿ FDA Approved Quality
- ⦿ Untouched by human hands

# Baby Sippers

BPA  
FREE

Rabbit Sipper   Mp Sipper   Sipper

# Baby Soother

**Product Name:**

Baby Max Soother

**Material:**

Polypropylene (Food Grade)

Liquid silicon (Food Care)

**Packing:**

288 pcs per carton

(12 units X 24 pcs per unit)

## Features:

- ⦿ BPA Free
- ⦿ Nipples made on automatic plant by LIMS technique
- ⦿ FDA Approved Quality
- ⦿ Untouched by human hands
