

Dance - All these buckle apartments are cute and comfy, as well as eco-friendly and vegan! They are available in a black diamond print or a navy print with faux suede.

Beyond Skin provides ethical, eco-friendly women's shoes which are also all vegan and vegetarian, in addition to sweat-shop free! All their packaging and promotional materials are also eco-friendly; they are either recycled or by a sustainable source and they are printed using vegetable-based inks. Past Skin Care also donates a portion of their profits to charities that are ethical.

Babylon - These brown flats are shown in chocolate, but can also be available in black, white, citron, red, and copper. They're cute, casual ecofriendly women's shoes. These [Get more info](#) women's sneakers will also be vegan and made out of faux suede.
