

K I Z E R

2016

Precision and quality define the Kizer line-up. Since we made our entry into the knife market, our products, paired with our commitment to Passion, Pride and Performance have allowed us to meet users from all walks of life and bring innovations to cater to drastically different needs.

A Kizer is an everyday-carry precision tool ready to tame any tasks at hand. Whether you need to discover the content of a box or blister-packaging; perform camping work on a fishing trip; even brave a tactical situation where the equipment simply cannot fail, Kizer is there for you. Ready, Willing, and Able.

The commitment to Passion, Pride and Performance is reflected in our 2016 Catalog. We have combined our passionate collaborations in the BLADESMITH series, the pride and the quality of KIZER PRIME line-up, and the performance-oriented VANGUARD label to bring you this product guide that answers the desires and needs of our customers, wherever they are.

As we continue to serve the ever-growing spectrums of the knife market, we believe no matter what your preferences and needs are, you will find a design in these pages that speaks to your heart and serves your needs.

You can count on Kizer Cutlery's elite designers, state-of-the-art production technology and selection of premium materials. When you carry a Kizer, the quality and innovative designs will bring you that genuine pride of ownership and peace of mind.

BLADESMITH

Innovation is power. Always living on the edge, Always searching for the unknown, Always braving the next horizon. Whether overbuilt to take on the world, or emerge stylish and full of grace, Innovation is the separation from the mundane. Collaborating with some of the best creative minds in knife making and designs, Kizer presents the BLADESMITH series. Exceptional Designs and Impeccable Craftsmanship, this is PASSION for neverending adventures!

MATT CUCCHIARA

An avid knife collector, Matt began venturing into knife-making over a decade ago. A knifemaker of the tactical persuasion, Matt's creations are beefy multi-purpose knives standing ready for the worst scenarios. Hard use is made easy with Matt's skillfully executed design manifested in S35VN and Titanium, optionally decorated with his signature handle graphic engraving.

FLASHBANG

MATT CUCCHIARA

Straight forward with no drawbacks, the Flashbang hits like a ton of bricks. Powerful blade kicks into the fray with the flipper tab, combined with Titanium handles contoured for easy handling, the Flashbang will be burnt into the memory of those who see it in action.

KI454A1

Steel: CPM-S35VN
Handle: 6AL4V Titanium
Blade Length: 3.43"
Overall: 8.11"
Weight: 5.3oz

KI454A2

TRIFECTA

MATT CUCCHIARA

Powerful re-curve blade, smooth ball-bearing pivot action, comfortable ergonomic Titanium handles. This is no gamble, The Trifecta by Matt is a winner on all fronts, delivering a package full of action and quality you cannot deny.

KI5462A1

Steel: CPM-S35VN
Handle: 6AL4V Titanium
Blade Length: 3.93"
Overall: 9.07"
Weight: 5.99oz

KI5462A2

BAD DOG

MATT CUCCHIARA

A good dog is a faithful companion that will guard your back in any trouble spot. The Bad Dog will do all that and more, with a fist full of attitude. A distinct re-curve blade of S35VN adds to the bite of the Bad Dog as it chases away evil and makes sure it never returns.

KI5463A1

Steel: CPM-S35VN
Handle: 6AL4V Titanium
Blade Length: 4.25"
Overall: 9.79"
Weight: 6.7oz

KI5463A2

DUKES

MATT CUCCHIARA

With the "Chipped Flint" style Titanium handle, the Dukes will stand out from the crowd. Its true EDC size and stellar design style makes this knife a treasure to hold. Smooth action with ceramic bearings and steel lock bar insert further add to the premium folder that will be the ace up your sleeve.

KI5466A1

Steel: CPM-S35VN
Handle: 6AL4V Titanium
Blade Length: 3.58"
Overall: 8.54"
Weight: 4.93oz

KI5466A2

DORADO

MATT CUCCHIARA

Tap the flipper tab and the ball-bearing pivot system swings the re-curve blade effortlessly into play; fully contoured Titanium handle takes comfort and luxury to a new level on the Dorado by Matt Cuchiara. Secure lock up allows the user to focus on the business at hand as the Dorado flies through the tasks with ease and pleasure.

KI455A1

Steel: CPM-S35VN
Handle: 6AL4V Titanium
Blade Length: 3.46"
Overall: 8.4"
Weight: 6.06oz

KI455A2

COMPADRE

MATT CUCCHIARA

A loyal friend at your side, the Compadre stands ready to see you through all your troubles and celebrate all the good times with abandon! Streamlined Titanium handles with gorgeous flame motif highlights its unique appeal. Despite the large size, the Compadre remains a lightweight and comfortable user anytime.

Steel: CPM-S35VN
Handle: 6AL4V Titanium
Blade Length: 4.15"
Overall: 9.18"
Weight: 6.68oz

KI5465A1

KI5465A2

HUSTLER

MATT CUCCHIARA

Sometimes the paths in life take one down unusual and unknown paths. Encountered with strange tests, the Hustler will keep strong that "Go-Getter" spirit till the goal is within grasp. Equipped with the Ball-Bearing Pivot system, the Hustler's wide blade swings out and is ready in an instant. The handle provides perfectly fitting ergonomics with its thin profile and features smooth finish surface or with the designer's signature engraving proudly displayed.

KI5464A1

Steel: CPM-S35VN
Handle: 6AL4V Titanium
Blade Length: 3.6"
Overall: 8.48"
Weight: 6.06oz

KI5464A2

MATT DEGNAN

A self-admitted metalsmith, Matt Degnan has been designing and making highly acclaimed blades to realize his true passion as a custom knife maker.

ROACH

MATT DEGNAN

With the Titanium frame and S35VN blade, this compact knife will be a survivor in more than just the name! No matter where you conceal the compact Roach, it will find opportunities to present itself during moments when you need it the most. Adorned with hand hugging curves, this Roach will be the one you cannot bear to put down.

Steel: CPM-S35VN
Handle: 6AL4V Titanium
Blade Length: 3.5"
Overall: 8.32"
Weight: 7oz

KI4477

KANE

MATT DEGNAN

Derived from the acclaimed Kane XL, Kane is a sensational tactical blade standing at the ready, always. The harpoon style blade of S35VN swings out whisper quiet on caged ball-bearing pivot action between full Titanium handles accentuated with sparking blue anodized pivot and screws.

Steel: CPM-S35VN
Handle: 6AL4V Titanium
Blade Length: 3.8"
Overall: 9.23"
Weight: 6.97oz

K15467

JUSTIN GINGRICH

Founder of Ranger Knives and Gingrich Tactical Innovations (GTI), Justin has leveraged his experience in the Ranger Battalion and the Special Forces Group to enhance his creation of market leading designs. Respected in both the military and civilian world, Justin is always on the cutting edge with his unique take on hard use knives and tactical products.

ASSIST

JUSTIN GINGRICH

Boosted by a powerful spring, the Assist will jump into action with lightning speed. Razor Sharp S35VN blade, window punch at the pommel, the Assist is the perfect companion for any occasion or that special place in your Go-Bag.

Steel: CPM-S35VN
Handle: G10
Blade Length: 3"
Overall: 7.2"
Weight: 4.05oz

KI4448

HUNTER (SMALL & LARGE)

JUSTIN GINGRICH

Drawing inspiration from classic hunting blades, the Hunter series are the perfect companions for all of life's tough situations that demand a stout edge. Tested in numerous Virginia hunts, the dynamic duo will be indispensable in the quest for wild trophy or inner peace.

Steel: CPM-S35VN
Handle: G10 Scales
6AL4V Titanium Liner
Blade Length: 2.5"
Overall: 6.06"
Weight: 2.9oz

KI3416A1

KI3416A2

KI4416A1

Weight: 7.05oz

KI4416A2

JOHN GRAY

"Overbuilt, Practical, and Tactical" describes John Gray's knife design philosophy. Created with a full Titanium frame and S35VN stainless steel, the smooth action on these knives makes them a joy to carry and deploy. A lifelong avid outdoorsman and knife enthusiast, John's designs are perfectly suited for those occasions when sharp business suits conceal sculpted muscle bulk.

GPB1

JOHN GRAY

The GPB1 (Gray's Pocket Brute 1), true to its name, is a muscle knife executed with supreme finesse. The generous blade with the cutting edge positioned below the grips is the perfect companion in all tasks, from the kitchen counter to hard uses in the field.

KI4473

Steel: CPM-S35VN
Handle: 6AL4V Titanium
Blade Length: 3.48"
Overall: 8.48"
Weight: 7.05oz

S.L.T

JOHN GRAY

Aptly named, the S.L.T (Slim Line Tactical) designed by John Gray fits into the hand with each sweep of the handle's ergonomic curve, crafted in Titanium. Whether in a board meeting or out in an arena, the S.L.T will be your guardian with style.

KI4474

Steel: CPM-S35VN
Handle: 6AL4V Titanium
Blade Length: 3.59"
Overall: 8.52"
Weight: 5.71oz

RAY LACONICO

A lifelong artist, Ray was well versed with the finesse of design before he turned his passion full time to knife making. Known for his modern and clean looks, Ray takes pride in the precision of the fit and finish he put onto his knives. His goal remains the same since day one, to provide a tool that cuts efficiently while looking good and feeling comfortable in the hand.

GEMINI

RAY LACONICO

The Gemini is derived from the awesome Jasmine model by Ray. It is a "twin" of the Jasmine, but with subtle changes that make the Gemini come into it's own. A gorgeous blade of S35VN steel is set into a silver contoured Titanium handle for smooth handling. Contrasting blue pivot and hardware catches the eyes at every pass, beckoning you with its charm.

Steel: CPM-S35VN
Handle: 6AL4V Titanium
Blade Length: 3.13"
Overall: 7.24"
Weight: 3.71oz

KI3471

INTREPID

RAY LACONICO

Be fearless with the Intrepid in your hand. A high caliber folder with a clip point providing great utility for all tasks. S35VN steel and Titanium handle, combined with an outstanding blade-to-handle ratio to give the user awesome control and cutting power. No edge goes unnoticed on the Intrepid, the entire handle is contoured for comfort and the contrasting blue anodized pivot will provide a distinct separation from the crowd as you brave your adventures.

K14468

Steel: CPM-S35VN
Handle: 6AL4V Titanium
Blade Length: 3.64"
Overall: 8.23"
Weight: 5.74oz

SCOT MATSUOKA

A native of the Garden Island of Kauai of the Hawaiian archipelago, Scot made his first knife at the age of 9, the beginning step on the journey to become a professional knife maker. Originally trained under Ken Onion, Scot has developed a style that is uniquely his own, combining the natural beauty of his surroundings with the ancient art of man's first tool. Comfort and ease of use remain Scot's top priority in his creations.

KALA

SCOT MATSUOKA

A tactical homage to the Loveless style. The Kala was born to be a lightweight skinner style flipper, comfortable in all hand sizes. All Titanium handle encloses a Ball-Bearing Pivot, enabling the lightning fast opening of the Kala, yet still safe with a solid lockup from the beefy frame lock.

Steel: CPM-S35VN
Handle: 6AL4V Titanium
Blade Length: 3.74"
Overall: 8.87"
Weight: 6.32oz

KI4479

DIRK PINKERTON

Honed by 18 years in the Security Industry, Dirk is famed for his effective, no non-sense, and explicitly purpose-driven models. This dynamic approach to knife designs fuels the growing demand for Dirk's creations.

ROGUE

DIRK PINKERTON

One of the most versatile EDC folders, Rogue is perfectly suited as a small, lightweight Urban Carry. From a letter opener to an extremely effective self-defense tool, the Rogue features an ergonomic handle with jimping and a modified wharncliffe blade with multiple grip rests.

Steel: CPM-S35VN
Handle: 6AL4V Titanium
Blade Length: 3"
Overall: 7.14"
Weight: 4.01oz

KI3480

ESCORT

DIRK PINKERTON

A robust and nimble EDC folder, the Escort will accompany you on every step of the way. Hidden with the tip up/tip down deep carry pocket clip and a reserved appearance, the Escort may be subdued in its looks but will astound in its performance.

Steel: CPM-S35VN
Handle: 6AL4V Titanium
Blade Length: 3.5"
Overall: 7.94"
Weight: 5.44oz

KI4481

NOMAD

DIRK PINKERTON

Power and Authority are embodied in the Nomad. Inspired by the Khanjar dagger of the middle-east, the Nomad features a powerful upswept blade and attractive ergonomic handle. Simple and effective, Nomad gives control and versatility in any cutting task you have.

Steel: CPM-S35VN
Handle: 6AL4V Titanium

KI4482

TOMCAT KNIVES

Tomcat Knives' designers have been producing innovative knives and tools in the knife industry for over fifteen years. They have a passion for combining cutting edge knife designs with high quality custom manufacturing. Tomcat Knives is designing a series of custom knives for the discerning custom knife collector or anyone with appreciation for a high quality knife. These designs combine Tomcat's highly unique and functional design aspects, Extreme Precision Manufacturing and use of Ultra High End Materials. Tomcat Knives believes the customer deserves an incredible knife design with world class build quality.

KI3457A1

SPLINTER

TOMCAT KNIVES

A slender, stylish, and unique gentleman's folder, the Splinter blends in so well that it is easy to forget it's in your pocket. The handle texture makes operation easy, as well as giving the knife a style that is unique and charming. This is one splinter that you will actually be longing to get.

Steel: CPM-S35VN
Handle: 6AL4V Titanium
Blade Length: 3.23"
Overall: 7.48"
Weight: 2.58oz

KI3457A2

RIVER CAT

TOMCAT KNIVES

A splendidly crafted gentleman's tactical folder with flowing waves machined into the Titanium handle, this clip point knife is pure style combined with practical simplicity and strength. The River Cat holds in its S35VN premium steel blade stunning performance to match the looks. Get the impressive River Cat, and you'll fall in love with its daily company.

KI4456A1

Steel: CPM-S35VN
Handle: 6AL4V Titanium
Blade Length: 3.34"
Overall: 7.74"
Weight: 4.58oz

KI4456A2

PANTHURA

TOMCAT KNIVES

Sleek, aggressive, and more than capable EDC knife. Ergonomically designed, the Panthura has great traction in the hand, paired with a long and efficient edge that cuts like razor sharp teeth, just like a Panther.

Steel: CPM-S35VN
Handle: G10 Scales

KI4443A3

TIGON

TOMCAT KNIVES

Large, formidable, and elusive as its namesake big cat, the Tigon inspires confidence from its massive chain ring pivot screw to the large wharncliffe blade. This beast is roaring to be unleashed and put to work, no matter the tasks.

KI4450A1

Steel: CPM-S35VN
Handle: 6AL4V Titanium
Blade Length: 3.65"
Overall: 8.46"
Weight: 5.73oz

KI4450A2

TK KNIVES

TK knives grew out of the need of a pair of survival adventurers and artists who were in search for a tough yet easy to carry everyday use knife. David Michalik and Robert Chromcak began their custom knife production to make folding knives serving the same duty as fix bladed knives, but in a compact package. Their experiences as developers of high-tech machining tools and artists helped TK knives excel in both function and style.

KYRE

TK KNIVES

Based on the TK Knives Kyre series, created over two years of rigorous tests, this is a compact knife with elegant stylish look and capable of striking performance. A remarkable package of style and power, Kyre is a fascinating combination of the techno-age and traditional values.

KI4484A1

KI4484A2

Steel: CPM-S35VN
Handle: 6AL4V Titanium
Blade Length: 3.43"
Overall: 7.80"
Weight: 4.23oz.

MICHAEL VAGNINO

For over 20 years, ABS Master Bladesmith Michael Vagnino has been designing and making acclaimed edged tools. Always searching for and creating something unique, Michael's goal is to instill excitement and enthusiasm about his art and passion.

VELOX 2

MICHAEL VAGNINO

When opened, the ingeniously hidden flipper on the Velox 2 adds to the agile mix of form and function while maintaining an innocuous image to the casual eye. "Low Profile" was the key inspiration for this knife. It blends seamlessly into your everyday life till it is time to cut your troubles away.

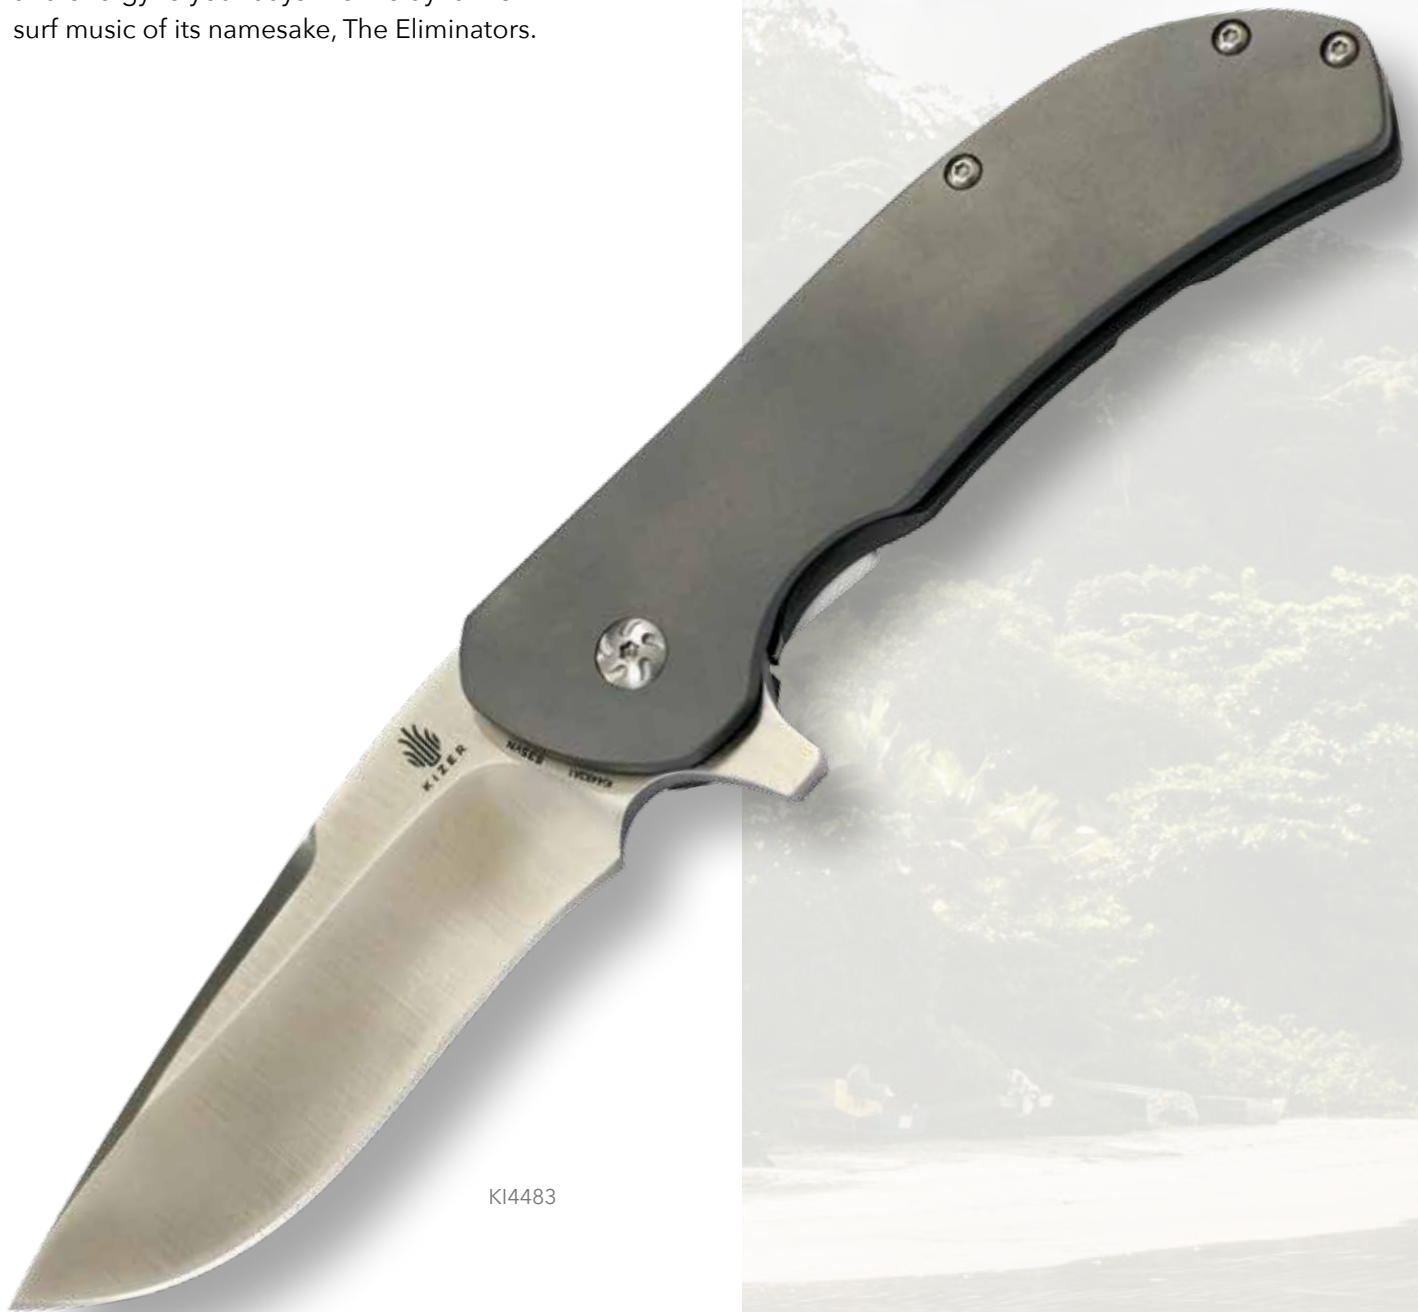

K14478

Steel: CPM-S35VN
Handle: 6AL4V Titanium
Blade Length: 3.37"
Overall: 7.77"
Weight: 4.81oz

ELIMINATOR 2

MICHAEL VAGNINO

With a powerful recurve blade and masterfully designed handle, this knife will "wipe out" your woes and bring back the fun and energy to your days like the dynamic surf music of its namesake, The Eliminators.

KI4483

Steel: CPM-S35VN
Handle: 6AL4V Titanium
Blade Length: 3.28"
Overall: 8.04"
Weight: 5.45oz

NING

With over 20 years in the knife industry under his belt, Kim Ning is a veritable veteran when it comes to bringing his designs to life. Whether creating intricate folders or rugged fixed blades, Kim's devotion to attention shows thoroughly in each minute detail of his design.

SHOAL

NING

When buffeted by current from all sides in the river of daily life, the Shoal, the Sandbar, will stand against the tide and bring you a harbor of stability and balance. With the 3D Titanium handle and S35VN blade flying into full display with the Ball-Bearing Pivot, its highlight of blue anodized pivot and screws will make you the envy of all the by-standers.

KI4469A1

Steel: CPM-S35VN

RATTLER

A warning in the bushes of the American Southwest, the Rattle snake will always warn first then prepare its deadly attack. Like its namesake, the Rattler will serve to keep the everyday dangers far from you, and when necessary, bare its fangs and strike true!

ZUGANG

"Don't leave home without it" declares the handle in ancient script, and that's exactly how we feel about the Zugang. Anywhere you might need a beauty with a dangerous edge, the Zugang will be by your side to separate you from harm.

Steel: CPM S35VN
Handle: 6AL4V Titanium
Blade Length: 3.71"
Overall: 8.46"
Weight: 5.33oz

KI4439B

ZAMBI

When Zambis (Bull Shark) makes itself known, all attentions are drawn to it. Curvaceous and attention-grabbing, this shark of a knife will devour its competition and rule all it sees.

KI4434A3

Steel: CPM S35VN
Handle: 6AL4V Titanium
Blade Length: 3.62"
Overall: 9"
Weight: 4.96oz
