What is Upholstery Fabric?

- Upholstery Fabrics has been our expertise and none can resist the beautifully crafted fabrics at the sale in our fabric shop. Vibrant colors, delicate designs, millions of patterns in exotic fabric materials are sure to drive you crazy. You can enjoy a wide collection of upholstery and curtain fabrics in terms of fabric type, fabric color, cost of material, quantity, and patterns.
- On our online site, we provide customers with information about different fabrics so that they can select the best for their home furnishing needs.

Type of Upholstery Fabrics

Linen

Linen fabric has the classic textured look needed for simple homes. Homes embrace Linen upholstery perfectly in Summers. Airy, breathable, moisture absorbing without getting wet, durability, antistatic property, low thread count are the features every individual finds in linen while shopping for summer upholstery. Linen blends with rayon and cotton are also highly durable fabrics.

Cotton

Cotton fabric has been a routine fabric of all Households since ages. Fabric House cotton is brought from select cotton mills to provide a breathable, airy and affordable ambiance at home. Cotton velvet and chambray are unique luxe products crafted from cotton. Cotton blends with linen, rayon, and other fabrics can be availed at our shop.

Velvet

Velvet Fabric is an ultra-sheen and ultra-soft fabric of all ages. Velvet upholstery is the ultimate royal upholstery for elite royal homes. A rich European fabric supplied in chiffon, crushed, embossed type is perfect to suit your home furnishing demands. Velvet is trending in draperies and window treatments due to the excellent flow it provides

Chenille

Chenille Fabric is made from soft textured cotton and has a frizzy appearance similar to a caterpillar. It is the chic and trendy upholstery fabric especially suited for youthful homes. Chenille is an ultra-soft fabric available in three different weights making it a multipurpose home furnishing fabric. It reflects iridescent light
