

SUBS.Crypto

Welcome to the new world
of **Decentralized &
Regulated Subscription
Payments!**

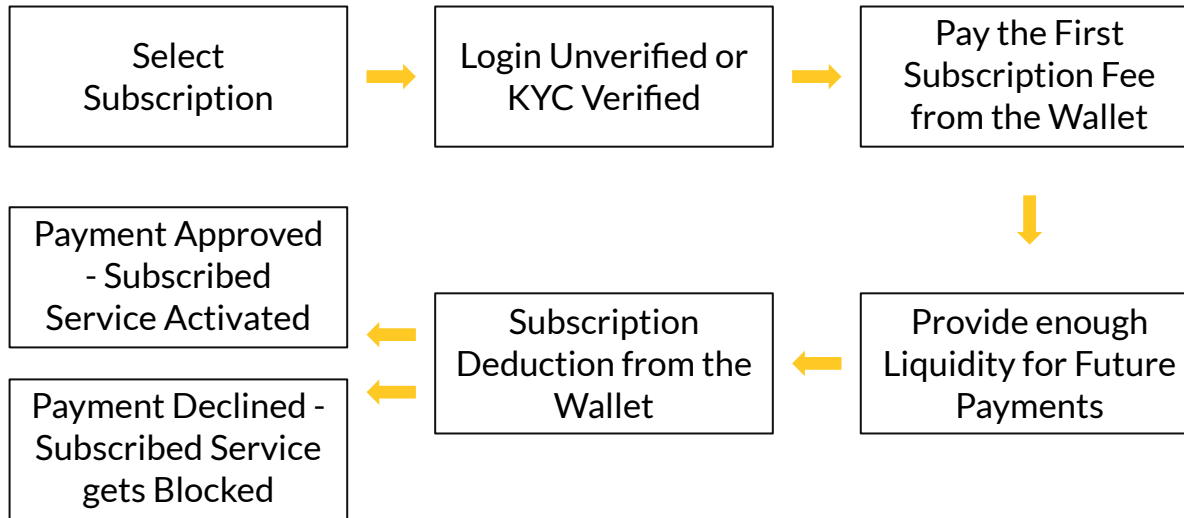

Why Adopt SUBS.Crypto as your Platform?

- Decentralized Subscriptions
- No Chargeback Fee
- Immediate Payment Updates
- KYC verified Users:
Increased sales without multiple
test or fake accounts

Lucky
SUBS.Crypto User

User wants to use the Decentralized Subscription Service

SUBS.Crypto Partner Use Cases

- Telephone subscriptions
- Mobile contracts / Utility connections
- Insurance policies
- Satelling / Online TV / Broadband internet

Freedom from managing payment errors and mistakes: No confusion due to wrong payment details or wrong purpose of Payment. When the Smart Contract confirms the payment has arrived, then it is confirmed, else not!

No Chargeback fees: Companies pay chargeback fees for each transaction between \$5 - \$25. No more chargeback fees!

Great applications for a small fee: The 100% decentralized service can be used to manage mobile contracts, insurance policies and premiums and any other subscription based service for small fees.
