Collection 1: COVID PEEPS

V1.0

INTRODUCTION

COLLECTION 1: COVID PEEPS

Covid Peeps is a community based project. A unique NFT collection designed to document and give recognition to the everyday people impacted by Covid-19 throughout the world in the form of digital assets in the metaverse.

The life-changing effects that Covid-19 had on the world will be preserved as digital art NFTs in the form of Covid Peeps so that we can always look back on how this virus changed our lives forever.

This collection also allows future generations to look back and understand the unique ways people coped with this global pandemic through NFTs. A piece of digital history in the metaverse.

PURPOSE

Each Covid Peep has something entirely unique about themselves, whether it be their clothing, actions, description, etc. Leaving each owner holding something they only have access to. Covid Peeps is made to be a relatable NFT collection, having a Peep for almost every situation during the pandemic, strengthening our bond with the community.

Covid Peeps will also have various characters representing and honouring critical figures in society that helped dramatically improve the living conditions the world went through while enduring the pandemic. For example, Doctor Peeps, Nurse Peeps, Carer Peeps etc., all with the key aim of giving respect and recognition to these helping hands in the form of NFTs as well as holding a position in the digital economy. In addition, Covid Peeps will also come with lucrative features that will give holders access to future NFT drops, access to Peeps gaming tournaments and much more!

Thus, Covid Peeps is a collection designed to ensure future generations can have access to something that holds monetary value and educational value.

ABOUT

COMMUNITY & BENEFITS

Covid Peeps stands out from other NFT collections as the main focus is the community. We will be holding discussions, activities and events as the project unfolds. Most importantly every Covid Peeps holder will be entitled to benefits including the monthly Covid Peeps Giveaways and unlimited access to the Peeps Gaming Platform.

5% of all sales made on Opensea will be distributed to the tournaments and giveaways outlined below. Every month, 3 Covid Peeps members will be selected randomly for prize giveaways. We want all holders to have a fair opportunity to earn prizes.

This also gives all Covid Peeps NFTs incredible value as the only way to be part of the community and a part of the monthly giveaways is to be holding a Covid Peep's NFT.

MONTHLY GIVEAWAY SYSTEM

Prizes will be given away monthly to Covid Peeps members. Winners will be selected based on their community engagement across all Peeps Social media pages.

Winners will be announced on the Peeps Official website front page and all winners have 48 hours to claim their prizes via contacting the team, at EnchantedNfts@gmail.com.

Please note: Winner must be in possession of a Covid Peeps NFT during the announcement period.

COMMON VS LEGENDARY PEEPS

Whilst 5000 Covid Peeps will fall under the "Common" rarity category, there will also be 55 Ultra rare Covid Peeps that will be released after the mint, stay tuned on our discord and other platforms for more information regarding their role in the Peeps Official world.

A legendary Covid Peep also has a golden appearance and stands out from the standard Covid Peeps NFTs. Users will be able to mint these legendary NFTs on our launch date. These Legendary NFTs will come with extra benefits.

Each legendary peep will give holders more points on the Peeps Gaming platform.

NON-PROFIT

Covid Peeps powered by the EnchantedNFTs team will also be donating 5% of profits from the NFT sale to a mental health organization to help those who suffered during this pandemic. We're dedicated to giving back to the global community through this unique collection.

Covid Peeps consists of 3 main waves, as of now we're actively developing wave 1. Wave 1 will consist of 5555 Covid peeps split into 10 categories.

The 10 Covid Peeps Categories are as follows;

- CATEGORY 1:** Front Line Workers
- CATEGORY 2:** Fashion Icons

PEEPS GAMING PLATFORM
