## Free Julian Assange

The attempted extradition of Julian Assange is politically motivated. Donald Trump wants to punish Assange for his role in Wikileaks exposing the brutality and the level of killing involved in the wars in Iraq and Afghanistan. If Assange is extradited, he faces a 175-year prison sentence in the US. His silencing would be a blow against freedom of speech and against all those who oppose the West's foreign wars. We call for his release.
