**KEEPING ON ENTERTAINMENT** 

Just like YouTube, ShowTime Anytime is famous for watching TV shows, films, and documentaries. And, you can use the native Showtime Anytime app and [showtimeanytime.com/activate](https://showtimeanytime.com/activate) to connect your Showtime account to multiple devices. With Apple TV, Playstation, Samsung Smart TV, Roku, Chromecast and most smartphones, there are native applications. In this post, we'll take you through how to enable Showtime Anytime on any device using your Showtime account or Showtime Anytime account. For clarification, allowing forward slash is not necessarily [showtimeanytime.com](https://showtimeanytime.com), it is enabling [showtimeanytime.com/activate](https://showtimeanytime.com/activate). It resembles [showtimeanytime.com/activate](https://showtimeanytime.com/activate). It redirects to [www.showtimeanytime.com/activate](https://www.showtimeanytime.com/activate) when you access that web address. Then, if you haven't already done so, you will see the following screen where you must sign in:
