Group Two Captures All Fifteen Slots On Ward 2 Democratic Committee

Just over 28% of the registered Democrats in

Ward 2, Charlestown fought the late winter snow

storm on Tuesday, March 13, 1984 to cast their ballots

in the Presidential Primary and elect a State Committeeman, State Committeewoman and a Ward 2 Democratic Committee to serve a term of four years.

Charlestown voters gave Presidential contender Gary Hart 34% of the vote followed by Walter Mondale with 28%, George McGovern with 22%, John Glenn with 9% and Jesse Jackson with 1%.

Senator Francis D. Doris

was elected State Committeeman, capturing 75% of the vote cast for that office.

Katherine E. Collins of Revere was re-elected Democratic State Committeewoman, narrowly defeating Patricia M. Chisholm of Everett, by capturing 53% of the vote in the Suffolk, Essex and Middlesex District.

In the contest for Ward 2 Democratic Committee, Group Number 2 took all 15

spots. The top vote-getter in this race was Matthew O'Neil with 1093 votes.

On the Republican ticket, Harriet S. Erikson and Diane E. Saunders were elected to the Ward 2 Republican Committee. The actual figures on the Republican ballot were incomplete at press time.

The unofficial vote by precinct for the Democratic ticket can be found on page 6.

Charlestown "Mayor" Visits Boston Mayor

CHARLESTOWN "MAYOR" Marty O'Brien paid a courtesy call on Boston Mayor Ray Flynn last week. The two Mayors discussed their pending trips to Ireland. Mayor Flynn will be leaving for Ireland this week and Mayor O'Brien will be going in July. The meeting's agenda also included preliminary plans for "Twinning" Charlestown with Charlestown County

Mayo. "Mayor Flynn has indicated that he will work closely with me on the 'Twinning' ceremonies", Mayor O'Brien said. The Boston Mayor will also attempt to insert a visit to Charlestown County Mayo into his itinerary when he goes to Ireland. Revere Sugar Refinery To Close

The Revere Sugar Refinery on Medford Street, Charlestown will close after 66 years, it was announced this week. The closing of the plant will put some 400 employees out of work.

A Revere spokesman stated that the shut down is occurring because of the changes in sugar use by the beverage industry. The beverage industry has stopped using sucrose, which is processed from cane sugar, as its major sweetening agent and is now using fructose, which is processed mainly from corn.

Over the past few years, Pepsi has changed to 50 percent fructose and

Coca Cola to 75 percent fructose. Both manufacturers previously used 100 percent sucrose.

The refinery has undergone several changes in the past ten years. In 1974, United Brands closed the refinery and sold it to Sucrose Corporation and it came under the private

ownership of Revere Sugar Corporation in the late 70's.

Revere Sugar, whose headquarters are in Lyndhurst, New Jersey, will also close its plant in Chicago, with all refinery operations being transferred to its facility in Brooklyn, New York.

The Shamrock

by Anthony O'Manconi

In the Emerald Hills of Ireland
On the river banks so grand,
St. Patrick spread the Christian Faith
And sowed the seed of love not hate.

From fields he picked a wee Shamrock,
Then held it high above his flock.

But from it learn the Trinity."

A clover in a field of green
Tells more to me than any theme.

BOSTON REDEVELOPMENT AUTHORITY INVITATION FOR PROPOSALS FOR THE OPERATION OF A PUBLIC MARINA AT THE CHARLESTOWN NAVY YARD CHARLESTOWN, MASSACHUSETTS

The B.R.A. invites proposals from qualified bidders for the operation of a marina adjacent to Pier 4 in the Charlestown Navy Yard.

The marina is an integral part of Shipyard Park, a new public waterfront facility located at the western boundary of the project. The marina includes floats for berthing of about twenty (20) smaller private boats as well as a commuter and tourist vessels.

The principal terms under which the marina is to be operated are:

1. The term of occupancy is three (3) years, commencing on May 1, 1984.
2. Bids will be based upon a monthly payment for use of the premises.
3. The marina is to be operated for use by the general boating public seven (7) days a week, on a temporary tie-up basis at legal market rates as established by the Licensee and approved by the Authority. Maximum length of stay at the marina shall not exceed three (3) days.
4. Bidders must have demonstrated experience in managing marinas of comparable size.
5. Bidders must show evidence of a formal agreement with at least one local community organization for the operation of the marina and must demonstrate adequate plans for employment of local residents in said operation.
6. The license shall be terminable immediately on written notice from the Authority with cause or with 180 days written notice without cause.

Plan of the marina, proposal forms and license forms, containing full requirements for bidding and operating the Pier, may be obtained upon the payment of \$50.00 in cash or certified check, nonrefundable, payable to BOSTON REDEVELOPMENT AUTHORITY daily at the office of the Authority, City Hall, Room 910, on or before 12:00 o'clock, noon, EST, April 17, 1984, at which time and place all proposals will be publicly opened and read.

The Authority reserves the right to reject any and all proposals should it be deemed in the public interest to do so.

Committee Seeks Members

The Charlestown Muscular Dystrophy Association Committee is seeking new members from the Charlestown community. The committee, which this year celebrates its tenth year of service in aiding victims of Muscular Dystrophy through their fundraising activities, extends a welcome to any interested person.

Significant contributions are raised each year from the community through dances, their annual carnival, and various other programs. Willing hands are needed in order that these activities can continue and flourish.

The committee has planned a Basketball Game for Thursday evening, April 5, 1984 at 7:00 p.m. at the Charlestown High School Gym on Medford Street. This game will pit the

Mayor Ray Flynn Allstars against the Charlestown Girls' Championship Basketball Team. This promises to be an evening of unparalleled entertainment and, at the same time, the proceeds will benefit M.D.A. Donation for the event is only \$2.00 per person.

On June 23, 1984, the Annual M.D.A. Carnival will be held, featuring rides, crafts, white elephant, food, and games of chance — just to mention a few. Save the date!

This is an opportunity for life-long "Townies" and new residents in our community to join together and work for a common cause — helping "Jerry's Kids".

For further information on the Charlestown M.D.A. Committee or to offer a helping hand, contact Dora Atkinson at 242-4092.

Parent's Night At Clubhouse

On Thursday evening, March 22, the Charlestown Boys and Girls Club will hold a Parents' Night at the Clubhouse on 15 Green Street from 6:30 p.m. to 8:30 p.m.

All interested parents should put this night aside to come to the Club to see, enjoy, and get involved with their children's activities. There will be many parent/children activities including swimming (bring a towel and suit), billiards, educational games, and gym activities (Nate Hurwitz Basketball Tournament to watch). Tournaments and prizes will make the evening fun for everyone.

Even if you don't want to get involved, we urge all parents to come and meet the staff, take an interest in your children, and see how they spend their time at The Club. Let's have a big turnout!

For further information please call Kay Cowin, Membership Director, 242-1775, extension 117 or 118.

Before you sell your house consider these questions:

1 Do you know the realistic market value?

Pricing your home correctly is critical. Over-pricing can stall the sale; under-pricing could cheat you of earned income. Your CENTURY 21 Neighborhood Professionals™ can help you price your house realistically.

2 Do you know how to show your house?

Do you know the best way to dramatically play up its special features? Can you tell a looker from a buyer? Your CENTURY 21 Neighborhood Professionals™ have experience in all these areas.

3 Do you know buyers don't like to walk through a house with its owner?

They feel inhibited, unable to say what they really think about the house, unable to look at it as carefully as they want to. But you don't want strangers walking unescorted through your house. Your CENTURY 21 Neighborhood Professionals™ can solve both problems by working for you.

4 Do you know how to negotiate a sale?

Reaching the best agreement between buyer and seller can be difficult without a third party to handle the give and take. Your CENTURY 21 Neighborhood Professionals™ are specially trained to negotiate the best terms for you.

5 Do you know how to market your house?

There's more to it than just putting up a sign and placing a newspaper ad. Your CENTURY 21 Neighborhood Professionals™ have a multi-million-dollar mass media television, radio and print advertising campaign that establishes their professionalism even before they meet a client. When CENTURY 21 advertises your property, you know that our nationwide referral system will put you in touch with qualified buyers from all over the country. Views On Dental Health

by Jeffrey D. Cohen, D.M.D.

WHAT CAN BE DONE ABOUT TOOTH EROSION?

Erosion is the gradual wearing away of tooth enamel at the gumline. It appears as a wedge or cup-shaped area with a smooth hard surface. The usual cause is incorrect brushing with a hard toothbrush, although excessive consumption of citrus fruits or highly acid glandular secretions are additional factors.

This area very rarely decays but can be quite sensitive due to the thinning of the tooth at a point close to the nerve. In addition, accumulation of food debris in this area can cause gum recession along with increased sensitivity.

Until recently there was no successful treatment for this condition due to closeness to the nerve. However, there is now a "bonding" material which can adhere to the eroded surface without mechanically altering the tooth, thus avoiding potential nerve damage.

A public service to promote better dental health. From the office of Jeffrey D. Cohen, D.M.D., 338 Main Street, Charlestown, 242-3550.

MDC Receives Planning Grant For New Pump Station

Commissioner Anthony D. Cortese of the Department of Environmental Quality Engineering (DEQE) announced that

the Metropolitan District Commission (MDC) is the recipient of a state planning grant of \$531,537 to prepare plans and design

for a new pump station on Alford Street in Charlestown. The MDC will pay the remaining cost of \$94,762 for a total of \$626,299. The new station will replace the current station, built in 1895, which, because of its historic significance, will remain on its present site.

A new pump station is necessary because the present stations' pumps are outdated and require frequent maintenance. The present structure could not physically accommodate the necessary renovation work and the site is too small for any further expansion.

The new station will be designed to handle existing wastewater flows through the installation of updated equipment and improved facilities. It will service the wastewater needs of Charlestown and parts of Somerville, Medford and Cambridge MDC systems.

The Department of Environmental Quality Engineering is the state's regulatory agency responsible for developing, administering and enforcing programs which regulate air, surface water and ground water, water supplies, wetlands and solid and hazardous waste.

Children's Films

The Winter Films for Children Program continues at the Charlestown Branch Library, 179 Main Street on Tuesday afternoon, March 20, 1984 at 3:30 p.m.

The features will be "The Legend of Sleepy

Hollow", the Walt Disney version of the classic folk tale about a schoolmaster and a headless ghost; "You Irresistible You", which is a comic look at the cosmetics which make you irresistibly attractive; and "People Soup", in which the creative cooking of two youngsters turns them into animals.

Suggested readings in conjunction with this program are: *The Legend of Sleepy Hollow* by Washington Irving, *Messing Around With Baking Chemistry* by Bernie Zubrowski, and *Pretty Girls: A Guide to Looking Good Naturally* by Judith McGrath.

\$125,000 TAX FREE QUESTIONS

Great confusion still surrounds the "\$125,000 decision," the law that allows those over 55 to exclude federal income taxes on gain from the sale of their home up to \$125,000.

What is the basic rule? The person must be 55 years of age on the day title passes and must have lived in the principal residence for three out of the last five years.

You can only have one main residence but that can be a house, a condominium, or a mobile home. Yachts and houseboats have been ruled main residences.

If you are married and only one spouse is over 55, then both qualify and must make the claim jointly. On the other hand, if you are divorced (with a final decree) prior to the sale of the home for which you both qualify, then each of you could file as unmarried individuals and claim the entire amount.

You have three years to revoke the exclusion, but then you'll have to pay back the taxes you deducted. Also, you have three years to decide to take it after the sale of the home.

If there is anything we can do to help you in the field of real estate, please phone or drop in at **ETHEL MAC REALTY, INC., 10 Allston Street - Phone: 242-2006. Professional Service you can trust!**

Our SBA certification is big news for small business.

Bank of New England has been designated a participant in the Certified Lenders Program of the Small Business Administration.

"LET LOVE AND FRIENDSHIP REIGN"

As we approach "Wearing of the green" time each year, there is always a spate of requests for information on the origins and legends concerning the internationally famous "Claddagh Ring." According to the request of Jack Wallace, of Saugus, we researched the matter, and found there are many "variations on the theme," depending on the reference and, even, what strikes one's fancy. So, being most careful not to challenge any leprechauns, we make bold to present the following.

For the few still unfamiliar with this ring, worn by Irish and non-Irish alike, it consists of two hands, holding between them a heart, and the heart is topped by a crown. We have heard the uninformed refer to this design as "hands across the sea" (a curse be on their household!), while correctly, the traditional posy which usually accompanies the ring reads - as our headline - "Let Love and Friendship Reign."

The word "Claddagh" itself means a village situated near the seashore, and refers, specifically, to the Claddagh, Galway, where "the" ring was used exclusively by its inhabitants for over 400 years. They were ruled by their own king, strangers were never allowed to settle amongst them, and the rings were used as marriage rings.

Lore attributes its origination to the Joyce family of Galway, City of the Tribes. It is said that Margaret Joyce married a rich Spanish merchant, Domingo de Rona, who died when their marriage was still young. She later married one Oliver Frenney, Mayor of Galway in 1596, and is credited with having spent her fortune in much-needed bridges for fording streams in the Province of Connacht. It is said that an eagle dropped the ring into her lap one day, as she sat at her sampler board, in recognition of her good works. Another tale (many presume more likely) is that Richard Joyce, who learned the trade of goldsmithing as a captive of Moorish pirates, designed the ring upon his return to Galway after his release was ordered by King William III. Some believe that he brought the design from Algiers, while others maintain he also could have obtained it from his kinswoman, "Margaret of the Bridge."

Whatever, you should be aware that how its worn bears special significance. A married person positions the crown nearest the fingernail, while a single person wears it with the crown nearest the knuckle. It is principally still used as a wedding ring, but is often given as a token of love here in

the United States ... or worn as a bond of friendship.

After prolonged hinting, my eight darling daughters patched-in and gave me my very-special own gold Claddagh Ring for Father's Day some fifteen years ago. We mention this to emphasize that you cannot buy your own ring - it must be obtained as a gift. WARNING: To defy this custom is to run the risk of extremely bad luck ... and a possible set-to with a few leprechauns. You don't really want to take the chance of missing out on Megabucks, do you?

Suit yourself in all of the preceding, or even let our Editor know if you heard it all differently. In any event, have a Happy Saint Patrick's Day!

MORE THAN JUST A CARPENTER....

Those few words are the title of a captivating paperback book called to our attention by a former Brother Knight of Redberry Council K. of C., Dorchester, and we unhesitatingly recommend its placement on your "must reading" list.

Its author, Joe McDowell, leads off with the questions, "Why is it that you can talk about God and nobody gets upset, but as soon as you mention Jesus, people often want to stop the conversation?" and, "Why have men and women down through the ages been divided over the question 'Who is Jesus?'" Mr. Dowell then proceeds to systematically (and succinctly) prove - beyond a doubt - Jesus' deity, His resurrection, and His claims on our lives. Doubters and skeptics will surely better understand His uniqueness, and why Ernest Renan once observed that "All history is incomprehensible without Christ," and those called "Christians" will undoubtedly be better Apologists for having read it. Wouldn't sometime during this current Lenten Season be the most propitious time to give it a look-see?

We purchased our copy at "The Mustard Seed" on Gallivan Blvd., Dorchester (one minute from Neponset Circle), where you will find Gene White, Missy Deveney and Peg Cullupy ready to assist you in obtaining yours. By

all means, tell 'em S.T.O.P. sent you!

And thanks, Walter.

FUNNY MONEY

Minutewomen of Florida recently passed along an item from the Bara Morris Report that we know you'll find interesting, as follows:

AM I BLUE?: Very quietly over the last two years the Treasury Department's Bureau of Engraving and Printing has been laying plans to print a new, colored currency. It was all very hush hush until Representative Ron Paul of Texas, who sits on the House Banking Committee, lifted the lid off the decade's best kept secret. The new funny-money will have a metallic thread in it the better to catch you carrying unauthorized sums onto planes headed out of the country. The government rationale (at least the one given to the yokels) is that this will help catch the bigshot drug runners, who do business in one hundred dollar bills. That the really big guns have their own fleets of boats and small aircraft is a fact apparently lost on the feds - or maybe Washington thinks grassroot Americans are stupid. Word also has it that the new bills will contain a "universal" seal. The Trilateralist nations are mixed up in this currency change and it will be interesting to see if we're headed into not just a universal seal, but universal money. Remember - you read it here first.

THE BEAUTY OF BEING ENERGY EFFICIENT.

Quarry tile floors, concrete block walls and fireplace mass store solar heat

Photovoltaic cells produce electricity from the sun's rays

Superinsulation and earth sheltering retain warmth in winter, cooled air in summer

Ground source heat pump warms the home using the earth's energy and cools it in the summer

If you think our IMPACT 2000 solar dream house looks great outside, wait until you see all the energy efficiencies inside. We're building this solar demonstration home so that we—and our customers—can learn how the latest energy technologies and construction techniques can help us all control our energy consumption and reduce dependence on foreign oil.

We hope you'll come see our dream come true when it opens for tours this spring. In the meantime, don't miss its step-by-step construction on Channel 2's *All New This Old House*, Thursdays and Saturdays.

Second Annual Charlestown Night At The Pops

The second annual "Charlestown Night at the Pops" to benefit the Charlestown Boys and Girls Club, will be held on Friday, May 4th at 8:00 p.m. at Symphony Hall. All proceeds from the evening will be donated to the Charlestown Clubhouse to supplement the programs and activities offered to the boys and girls in our community.

Because of the shortage of parking in the Symphony Hall area, free round trip transportation will be provided from the Navy Yard. Guests will board buses at 7:00 and 7:30 p.m. for the trip to Symphony Hall. After the performance, the buses will transport guests to the Navy Yard for a post-concert reception at the Officers' Club.

Tickets are \$25.00 each and \$125.00 for a table of five. This price includes the concert, round trip transportation and the cocktail reception following the performance.

Space is limited and tickets must be purchased at the Clubhouse, 15 Green Street, before April 11th. Clubhouse hours are Mondays from 9:00 a.m. to 5:00 p.m., Tuesdays through Fridays from 9:00 a.m. to 8:00 p.m. and Saturdays from 10:00 a.m. to 5:00 p.m. Call Clubhouse Director Tom King at 242-1775 for more information or to make a reservation.

Complete City Gardening: Part 1

It is not too early to start planning that vegetable garden as Margielynn Stratton explains when she visits with the Charlestown Library Parents' Discussion Group on March 16 at 10:00 a.m.

Beginning with a slide-and-tape presentation on garden design, Margielynn will then explain how to select the best vegetables to plant, taking into consideration Boston's climate and insects. She will discuss soil testing and soil amendments, and participants will have a chance to have their own garden soil tested.

Margielynn will follow up her March 16th program on April 13th when she discusses "Transplanting the Garden."

Next week, on March 23, the Charlestown Library Parents' Discussion Group programs may call 242-1248 or visit 179 Main Street.

Judy

Only those who loved her saw the sadness in her eyes. She guarded it so carefully, no one could hear her cries. Although she lived in darkness, she would not display her pain. The sunny smile she wore - now only images remain. Her bravery and fortitude were plainly clear to see. Her love and kindness always will live on in memory. Although her life has ended, when it should have just begun. We must go on and realize nothing more could be done. Though images of sadness will remain with us a while. Remember her as she once was - alive and with a smile.

Lovingly,
Karen

Athenry's Unique Historic Heritage

I had heard the stories, read the books, and sang the songs, yet nothing prepared me for the incredible beauty of Ireland. The magical island is warm, yet remote in a mystical way. The country has been steeped in challenges for centuries, yet this fragile, delicate land has persevered—its beauty unscathed.

My introduction to the beautiful land began with the magnificent sunrise above the clouds over the ocean, opening the door to my first glance of the verdant land as we approached Shannon. The picture-perfect landscape of the many shades of green welcomed me to the most enjoyable vacation of my life.

The first day was spent at a lovely manor in County Clare. How well I remember the peace and serenity as we had our first cup of tea served to us out on the lawn. We drank in the beauty of the surrounding landscape anticipating the days ahead. Act One of our adventure in the Emerald Isle was a grand opening of the pleasure yet to come.

As I met the Irish people, I was captivated by their friendliness, charm and with and immediately experienced a sense of belonging. The hospitality of the people at the Bed and Breakfasts started each morning in a delightful manner. The instant smile and greetings at each abode, plus the excellent food was a cheery beginning to days filled with awe at the sight of the glorious countryside. The smell of the peat—strong and pungent—conjured up memories of my mother's description of her land. The Ring of Kerry was majestic beyond belief with its serenely beautiful scenery shaking the worries and cares of everyday life. The bedazzling Cliffs of Moher, Blarney Castle, coupled with the blue-green ocean and the rolling hills was a mind boggling experience.

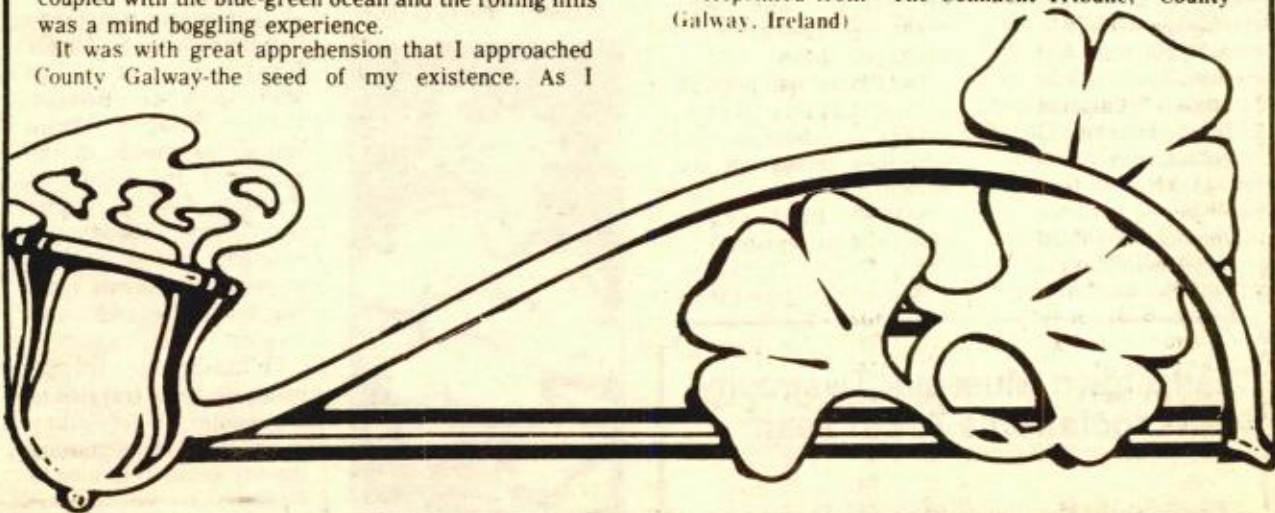

It was with great apprehension that I approached County Galway—the seed of my existence. As I

travelled the road my anxieties built. It was a stretch of land stark, desolate and rocky, a contrast to the green of Kerry, yet it had its own spectacular appeal. The quiet of the tone and color was broken by the grazing of sheep throughout the rocky expanse, each one marked by the color of its owner. As we approached Clifden, I felt a kinship to my dear mother closer than anything I had experienced since her parting left a deep void in my life. I recalled her stories of dancing at the crossroads, the ruins of the castle, and the neat, compact streets set in the beautiful hillside. I recalled hearing her talk of the picturesque names of Errislanon, Letterfrack, Ballyconneely and relished the joy of entering these villages. The warmth of the people I met there is deeply instilled in my mind—generous, compassionate people with a rare sense of humor sharp enough to crack an inhibitions. I had the feeling of being among close friends although most of them I had met for the first time. I saw "the sun go down on Galway Bay" with the deep golds and oranges imprinted in a vibrant blue sky mirrored in the beautiful sea—a classic sight.

I remember the night when my mind ran riot looking out at the terrain in Ballyconneely. The tumultuous clouds appeared to be leaping from the sky as the wind swept by my window. The stillness of my spirit amid the assault of the elements was a feeling I had never experienced before—an unexplainable high that I recall so vividly. I had a sense of belonging to the land and its people. Ireland magnetically holds the generations. You belong to this incredible beauty—it is yours and you are home.

Discover Ireland

CEAD MILE FAILTE!

What nicer way to tour the Emerald Isle and attend the Irish Charlestown Rose Festival than with the Mayor of Charlestown, Massachusetts and our own Rose Queen.

We'll depart for Ireland aboard a luxurious AER LINGUS 747 Shamrock Jet. After arrival at Shannon Airport we will proceed to Killarney; while there we drive the magnificent Ring of Kerry. On to Waterford via Cork and Blarney where we will kiss the famous Blarney Stone and receive the gift of eloquence. We travel via New Ross, Enniscorthy, through County Wicklow, the "Garden of Ireland" and on to the city of Dublin. Here we'll enjoy a city sightseeing tour and have time for shopping in the fashionable Grafton Street area. We'll drive then via Longford into Sligo and Donegal, tour the rugged, scenic Donegal area, then on to Charlestown in County Mayo for the crowning of the Western Rose Queen. You may then elect to spend the next day enjoying more of the festivities, or tour the Connemara region west of Galway. We will attend Mass at the Shrine of Our Lady of Knock, travel south to Galway and on to view the awesome Cliffs of Moher, then step back in time and enjoy a Medieval Banquet at a 15th Century Irish Castle.

See beautiful Ireland with us and become absorbed in its people and its warm hospitality. Relax in its atmosphere and bring home memories you will never forget.

Be sure to place your reservations early since our reservations are limited. So, don't hesitate — catch the "Irish Fever" now, and join us for a holiday that will truly make Irishmen out of you all!

WHERE: American Legion Hall

WHEN: March 21st

TIME: 7:30 p.m.

Columbus Hockey Friars Advance To Championship Games Tonight At Boston Garden

by Bob DeCristoforo,
Athletic Director

I am so excited and thrilled that I don't know where to begin. We're skating at the Garden TONIGHT for the Eastern Mass. Hockey Championship!

Our kids did it, and TONIGHT the dream of all of us, of every Boston City kid comes true. We're skating at the Garden! Everyone is talking about Columbus High School Hockey.

All week the phone has been ringing, people have been looking for tickets, alumni have returned, and TONIGHT we will be there.

A little after 5:00 p.m. the kids will skate on that Garden ice, their helmets will come off, they'll line up on the blue line for the Star Spangled Banner, and the emotion will ring from the crowd. We're skating at the Garden!

The winner of tonight's game against Wilmington will go to the Worcester Centrum this SUNDAY for a 2 p.m. State East/West Championship Game.

How did this all happen? On Wednesday of last week we travelled to Salem State for the quarterfinal round against North Andover, and won 4-1. Jim Vesey got the first goal.

Billy Nolan put us ahead 2-0 early in the second period, but North Andover cut the lead in half at 10:05.

The third period was all Columbus. Brian Ward scored his first of the tournament, and then Bill Nolan got his second of the night to give the Friars the 4-1 win. Bobby Cuddy, as usual, stopped a number of North Andover shots.

A few of us rushed over to Boston University to catch the final period of the Scituate-Triton quarterfinal, and Scituate pulled off the come from behind 3-2 win.

As somebody said, "the table was set" and it would be a Columbus-Scituate SemiFinal.

Well on Saturday we journeyed to Merrimack College for the game, but first we took a little ride by the building on Causeway Street that would be the site of the Finals.

Everybody was just sky high, and we got even higher when we looked to the stands and saw a tremendous crowd rooting for us. We knew we couldn't let them down. They also had the Garden on their minds!

Scituate took a lead at 7:09 of the first period. Billy Nolan tied the game up about a minute and a half later on a pass from Jim Vesey and Paul Beatty, and then Jim Vesey got loose.

With five seconds to go, the Friars shot handed Vesey picked up the puck on the blue line, and went in all alone, and scored the go ahead game winner with the second to go in the period.

A stunned Scituate crowd was silenced, and an ecstatic Columbus team went to the locker room. Score card Vesey 1 goal, 1 assist.

Columbus scored three more times in period number two at 7:47, at 10:44, and at 45 seconds. Jim Vesey has all three, Bill Nolan assisted on all three, and Bill MacDonald and Brian Ward had one each.

Scorecard, Vesey 4 goals, 1 assist.

Period three and the sixth Columbus goal shorthanded at 8:40. Jim Vesey unassisted.

Scorecard, Vesey 5 goals, 1 assist.

Goal tender Bob Cuddy played his best of the year to date, and Columbus' defense shone like gold.

A 6-1 semifinal victory, and we're skating at the Boston Garden TONIGHT.

If you can't be there tonight stay awake, because you'll HEAR the results!

Little League News

Little League registration will continue on Thursday, March 15 at the Medford Street Gym and the Boys and Girls Club, 15 Green Street from 6:00 to 8:00 p.m. There will be an additional registration date at the Boys and Girls Club on Saturday, March 17 from 11:00 a.m. to 1:00 p.m.

Remember you must be 8 years old before August 1, 1984 and not 13 years old

before August 1, 1984. Everyone must bring a birth certificate which will be returned the same night. Registration is \$15.00 per family.

The Patriot will print all Little League News, scores, standings and schedules throughout the season.

NOTE: Last year's players must register.

Thank you,

Tours Sweden

With Hockey Team

Recently, Marty O'Brien

MARTY O'BRIEN

of Charlestown traveled to Sweden with the St. Moritz Bantams of the Metropolitan Boston Hockey League. While staying as guests in the homes of the people of Vasteros, the St. Moritz team competed in an international hockey tournament against teams from Norway, Finland, and Sweden.

Following the tournament, the team traveled to Stockholm, where they spent three days touring the city before returning to Boston.

Marty, a student at St. Francis de Sales School, is the son of Joan and Marty O'Brien of Oak Street.

Letter In Hockey

Varsity School letters were awarded at the end of the winter season of play at St. Paul's School, Concord, New Hampshire.

Receiving recognition was James M. Galvin, son of Mr. and Mrs. William J. Galvin Jr. of Charlestown who was awarded a letter for boys' hockey.

C.Y.H.A. News

The Pee Wee B Hockey Team schedule for the State Tournament is as follows:

Friday, March 23 at 6:35 p.m. vs. Franklin County (Landry Arena)

Saturday, March 24 at 10:15 a.m. vs. Groton (Civic Arena)

Saturday, March 24 at 3:00 p.m. vs. Malden (Landry Arena)

Should they win the East Division, they will face the Winner of the West Division on Sunday, March 25th at 10:15 a.m. for the semi-finals. If they win that game, they will play that same afternoon at 4:00 p.m. for the championship.

All of the games will be played at the George R. Wallace Civic Center, which has two arenas, the Landry Arena and the Civic Arena. The directions to the Civic Center are: Route 2 to Route 12 North exit (Fitchburg). Go approximately 1.9 miles to the second traffic light. Take right at the light (Bemis Road). Go under the railroad underpass straight through traffic lights in front of you, this is John Fitch Highway (dairy bar on the left and fire station on the right). Go straight through the next set of traffic lights and the Civic Center is approximately .6 miles from there.

We hope to see many supporters from Charlestown there to cheer the team on. It's not that often that we have a team from Charlestown competing for the State Championship, so let's get out there and show them how proud we are of them.

Any present coach or anyone else wishing to coach a team next year, please call Mike Donovan at 242-4077 or Denise Ezekiel at 242-3478 and give your name and the team you would like to coach.

Congratulations to the Friars of Christopher Columbus for their win over Scituate in the Semi-Finals on Saturday. We wish them good luck and success at the Gardens on Thursday in their quest for the M.I.A.A. Eastern Mass. Division Two Championship against Wilmington.

TAKE A SHOT: BIG POT.

Wonderland's Twin Trifecta—here's how to bet it:

Trifecta means you have to pick the exact order of finish of the first three dogs in a single race.

Twin means you have to go do it again in yet another one.

It is not easy. But it is also not impossible.

In fact, not long ago one fellow bet \$3 that he could do just that, and won himself \$114,966.

The Twin Tri-kitty keeps on building—and building—till somebody wins it.

Then it starts all over again.

Kent/Charlestown Community School

254 Medford St. 50 Bunker Hill St.
242-2770 242-3148

Congratulations are in order to the winners of the 19 and under and 15 and under Community School Intramural Basketball Leagues. Both teams won their championship in the fifth game of a best of five series.

The 19 and under Champs are: Kevin Mehigan, Tommy Ridlon, Robert Delaney, John Collier, Glenn Miller, Mike McGonagle, Jimbo Murphy, Mark Mahan, and Frank Quinn.

The 15 and under Champs are: Joe Wrenn, Joe Hennessy, Bobby Yandle, John Rivers, Jimmy Swales, David Leighton, Danny Tucker, Greg Jackson, Danny Ward, and Mike Murphy.

The Kent/Charlestown would also like to thank Bobby DeCristoforo and Massport for providing shirts and trophies to the Intramural League. Again, congratulations and thanks to everyone involved.

Registration is continuing for computer literacy, basic sewing and aerobic classes.

The computer literacy class meets Monday and Wednesday evenings from 7:45 to 9:15 p.m. This is a "hands-on" class, taught by Pat Greator at Charlestown High Community School. A fee of \$40.00 is charged for this ten week course.

Basic Sewing teaches the fundamentals of sewing and includes a study of textiles, pattern terminology and primary garment construction. A home sewing machine is helpful, but not necessary. A fee of \$40.00 is charged for this ten week course located at the High School Community School.

Aerobics classes meet Monday and Thursday nights from 7:00 to 8:00 p.m. at the Kent Community School. A fee of \$25.00 is charged for this 10 week course taught by Pauline Davis.

These classes begin the week of April 2nd. Some seats remain in the computer literacy and basic sewing classes. Aerobics has an open enrollment. Individuals must register in person, preferably before classes begin. Call 242-2770 weekdays for information.

The Kent/Charlestown's Council Election will be held on Tuesday, March 27th, from 3:00 to 8:00 p.m. Nomination papers are now available at the High School Community School Office. They must be returned with 25 signatures by March 19th. Candidacies will be announced in next week's Patriot. Charlestown residents 18 years of age and older are eligible for membership on the Community School Council. Currently, three at-large seats representing the entire Charlestown neighborhood and seats in Precincts 1, 2, 3, 4, 6, and 7 are up for election. Again, call 242-2770 weekdays for further information.

Healthworks planning is underway. This preventative and educational health program offering free blood pressure, eye, vision, breast self-examination, foot and dental screenings, height and weight tests, and nutrition counselling for adults 18 years of age and older will be held on Wednesday, April 4th, 2:00-5:00 and 6:00-8:00 p.m. Blood chemistry tests that screen for diabetes, cholesterol, kidney and liver disease will be available at the cost of \$8.00. These tests ordinarily cost as much as \$100.00. Transportation for senior citizens will be available. More information on Healthworks will appear in the next two editions of the Charlestown Patriot. We are still seeking nurses, nurses aids, and nursing students to help us with this program. Volunteers can call 242-2770 weekdays.

Free Umpire Clinics

The Boston Parks and Recreation Department, in conjunction with the Amateur Softball Association will offer softball umpire clinics on Tuesday, April 3, Thursday, April 5 and Tuesday, April 10 from 6 p.m. to 8 p.m. in Room 801, Boston City Hall.

To qualify for these free clinics, those interested must be 18 years of age or older and reside in the City of Boston. The clinics will provide instructions on A.S.A. rules and regulations, umpire techniques

and training for certification as an Amateur Softball Association official. To qualify for certification, attendance at each of the three clinics is mandatory.

Softball leagues from throughout the Boston area are in need of qualified umpires for the upcoming season. Working as a softball official during the summer months is an enjoyable way to earn extra money!

For additional information contact Dorothy Curran at 725-4006.

Boys And Girls Club Road Race Needs Volunteers

The annual Bunker Hill Day Road Race to benefit the Charlestown Boys and Girls Club will be held on Sunday, June 17th, before the start of the Bunker Hill Day Parade. Race organizers need manpower to make the event a success.

Volunteer positions are:

RACE COURSE MONITORS - monitors are stationed along the race route and at the finish line to alert runners to

mileage and time.

REGISTRATION PERSONNEL - pre-race registration on the day of the event.

WATER STATION MONITORS - to make water available to runners during the race.

FINISH LINE MONITORS - to record runners' numbers with correct time of finish and order of finish.

REFRESHMENT STATION MONITORS - to dispense juice, etc. at finish line.

DISTRIBUTION OF POSTERS AND REGISTRATION FORMS - at other road races, sporting goods outlets and throughout the community.

With your help, this year's Battle of Bunker Hill 10K road race will be the biggest and best yet. The Clubhouse needs volunteers of all ages and talents. If you can help, call Tom King, Clubhouse Director, at 242-1775.

Outward Bound:

Twentieth Anniversary

In August of 1964, two Charlestown teenagers, John Brennan and Paul Griffin, boarded a train at South Station. After three days of non-stop traveling, they arrived in Glenwood Springs, Colorado. So began a twenty year association between Charlestown and Outward Bound.

Over one hundred and fifty townies have since ventured to Outward Bound schools in Maine, Florida, North Carolina and Wyoming. Why? If you ask the one hundred and fifty graduates of Outward Bound, you will probably get a 150 different reasons. But no matter what the reasons for going, the end results were basically the same: they came away with a realization that no task that they were confronted with was beyond their capabilities. They now know that if they work hard enough and take things one step at a time, they can overcome all ob-

stacles. They realize that the primary goals were not climbing that 14,000 foot mountain, not sailing 120 nautical miles in two days, and not to scale 150 feet of sheer cliff. These were but the vehicles used to make them aware of what is necessary to overcome adversity. Most of them have never again attempted the feat that was part of the Outward Bound training, yet they remember vividly the solos, the rope course, or the morning dip.

The torch has been passed for twenty years and the flame is a bright now as it was in 1964. "Townies" thrive on challenges.

John Brennan is accepting applications for 1984 courses at Hurricane Island, Maine. Call John at 242-1775 or drop by the Club after 2:30 p.m. on Tuesdays through Fridays and 10:00 a.m. to 5:00 p.m. on Saturdays.

Community Boating

Sailing on the Charles River gets underway on Saturday, March 31 and Sunday, April 1, with Community Boating's Annual Open House. Everyone is invited to go for a sail and attend free classes and films.

The boathouse is located on the Esplanade between the Hatch Shell and the

Longfellow Bridge and will be open from nine a.m. until sunset.

The membership fee includes all instruction and use of the boats, and ranges from \$40 for thirty consecutive days to \$120 for a full season (April first to November first). Call 523-1038 for more information.

Travaglini Asks For Opening Of Charlestown Police Station

The Honorable Raymond L. Flynn, Mayor
City of Boston
New City Hall
One City Hall Square
Boston, MA 02201

Dear Mr. Mayor:

The recent increase in crime in Charlestown mandates immediate attention. As District City Councillor of this neighborhood, I urge you to carefully consider the opening of the police sub-station on Main Street, Charlestown.

Without a neighborhood police station, the people of Charlestown must rely on police service from the District 1 station in the North End. Lack of man-power, traffic, as well as numerous other deferring factors, contribute to the level of effectiveness of police service in Charlestown. A local, fully-staffed station will meet the concerns of Charlestown residents by ensuring their safety. As Boston City Councillor representing this district, it is my inherent responsibility to guarantee public safety in the neighborhood.

Please give this matter your immediate attention. I am available for any questions you may have in reviewing this situation.

Sincerely,
Robert E. Travaglini
Boston City Councillor

Immobiliare Taken To Task For Employment Policies

March 7, 1984

Mr. Paul Van Dien Davis
Immobiliare New England
Building 42 Associates
Eighth Street
Charlestown, MA 02129

Dear Mr. Van Dien Davis:

It has been brought to my attention that the four custodians, all Charlestown residents, employed at Constitution Quarters have been terminated and will be replaced by a contract maintenance service. The circumstances surrounding this layoff are disturbing.

First, the four were employed by Codman Realty, the management contractor for Building 42, but terminated by Immobiliare New England Building 42 Associates. Secondly, the employees were requested to sign documents relative to the use of free time that were, at best, a violation of their individual civil rights. Thirdly, employees have undergone a series of harrasing personnel practices that can be readily linked to the fact they are Charlestown residents. The most disturbing fact is that these men, who

received only \$4.50 per hour, have been treated as second class in words and deeds simply because they are from Charlestown.

This is the latest in a long series of complaints brought to me regarding the employment practices of Immobiliare New England and Codman Realty, especially relative to the employment of Charlestown residents. The actions outlined above are a direct contradiction to the spirit and letter of commitment made by Immobiliare to insure that its impact on Charlestown would include community participation in employment and related opportunities.

Immobiliare's record with the Charlestown community is poor. I suggest you take corrective action and soon.

Sincerely,
Leo Carey,
Executive Director

Facts About Drugs

- F.A.D.

It is estimated that 10% of all drinkers in America will become alcoholic. The reason why one person rather than another becomes alcoholic is unknown. Ultimately the disease causes all its victims to behave in destructive and anti-social ways.

Why does it take so long for alcoholics to recognize their disease and do something about it? All of the alcoholics studied by the Johnson Institute suffered a build up of crises that forced them to recognize their disease. If a person is alcoholic, by definition, that person is unable to recognize the fact. Alcoholics are increasingly deluded, increasingly there is impairment of judgement. The incidents of "spontaneous insight" just are not common. Persons dependent on other chemicals such as amphetamines, barbituates, and tranquilizers seem to have the same symptoms as alcoholics. All persons who become dependent change their life-style around the use of the drug. And it takes more and more of the drug to get the effect wanted. Rigidity around the time of use is another sign of chemical dependency.

Why is AA always suggested for alcoholics? Because it has proven to be most effective. Why? It has all of the elements necessary to help the alcoholic recognize this disease and a way of life to help him/her change his behavior. AA is built on confidentiality and honesty. The meetings bring together so many different people who have a common purpose: to stay sober, one day at a time. There is laughter and friendship. In this atmosphere, the alcoholic learns about himself and how to use the program. The basis of the program are the 12 steps. It is a way of life based on a turning your will over to a "Higher Power" as you understand Him and looking at your life from a new perspective. As they say, it is a "simple" program. But it is a wise program, and very effective for helping alcoholic grow into a new full life.

The meetings last one and one-half hours and are held all over the city. In Charlestown: Sunday nights at St. Catherine's Rectory at 8:30 p.m.; Wednesday at the Bunker Hill Health Center at 8:00 p.m.; Wednesday at MBTA Building 2, Sullivan Square, at 7:00 p.m.; and Friday at St. Catherine's Rectory basement at 8:30 p.m.

Warren-Prescott School Holds Assembly

by Harold G. Robinson

February was a very busy month for all at the Warren-Prescott School. On Monday, February 13th, an outstanding program of salutes to many varied observances was presented by the second grade classes of Mrs. O'Rourke, Mrs. Carter, Mrs. Kelly and Mrs. Tibbetts, as well as the fifth grade classes of Miss Lee and Mr. Robinson. The children worked with great

diligence to appropriately observe the birthdays of two great American presidents, George Washington and Abraham Lincoln; the celebration of Valentine's Day; the Chinese New Year; and Black History Month.

Larry Heafey of grade 5 served with great poise and confidence as the Master of Ceremonies for this performance. He opened the program by inviting the as-

semblage of parents, students and teachers to participate in the salute to the flag and the singing of "America". He then introduced the second graders who would perform brilliantly.

In saluting Lincoln and Washington, the second graders sang "This Land Is Your Land", "Yankee Doodle", "The Red White and Blue" and recited the poems, "Lincoln", "To Meet Mr. Lincoln" and finally, "A Patriot". A very entertaining number was the "Valentine Song" and this brought a pleasant reaction from the audience who really appreciated the efforts and contributions of these youngsters to the magnificent program. The two children who stole the hearts of their appreciative audience were Nancy Kwan and Jamie Smith.

The second part of the program which involved the fifth graders, was opened by Bill Banh, who presented a brief biography of Lincoln. He then introduced Mildred Wong who presented a poem on Lincoln. These narrations were followed by the singing of the stirring musical composition, "Battle Hymn of the Republic", by both fifth grade classes. The pupils of Miss Lee then presented a very informative bit of poetry, "Washington".

"America the Beautiful", was sung by the students who were accompanied on the piano by Mrs. Smith, music specialist of the Warren-Prescott School. A fitting poem entitled, "February Thoughts" was then recited. In dedication to the two great American

presidents born in the month of February, it was only fitting that John Philip Sousa's "Stars and Stripes Forever" be sung.

Chinese New Year, February 2, was saluted with 12 children giving the background story of all the symbols of each of the years so designated on the Chinese Calendar. This Chinese New Year of the Rat was aptly described as were all the other signs. Finally, in saluting Black History Month, eight students rendered the biographies of eight famous Black Americans being remembered — Martin Luther King, Jr., Jackie Robinson, Marian Anderson, Thurgood Marshall and Langston Hughes.

The beautiful program closed with the singing of "Let There Be Peace on Earth". An appreciative audience was most generous with its applause of recognition of the efforts of all the children participating in the program.

A bouquet of thanks to the children of Mrs. Kinsella and Mrs. Devone's fourth grade classes for their fine efforts in serving as the school's official greeters for the program. These guides included: Caswell Murchison, Melissa Yeung, Sasha Williams, Faye Lui, James Byrd, Bonnie Ma, Sandy Chung and Michelle Moy.

Charlestown Police Line

From the desk of

Deputy Superintendent Joseph V. Saia, Jr.
Commanding Officer, Area A

Downtown, Charlestown, East Boston, Beacon Hill

On March 3, 1984, Detectives from Area A responded to an Elm Street address on a report of shots fired at the house. Upon arrival, the detectives spoke to the victim who stated that persons unknown had fired a bullet through his outer front door. The detectives then searched the inner doorway, and found the bullet. The bullet was sent to the ballistics unit for analysis. The Detective Unit at Area A is now conducting an investigation into this incident.

On March 3, 1984, Officers responded to Sullivan Street on a report on an assault and battery with a dangerous weapon. Upon arrival, the officers spoke to the victim, who stated that a group of three men were making loud noises and drinking in front of his house. When the victim went out to speak to them, he was struck from behind causing him to fall the the ground. While the victim was on the ground, the three suspects started to kick him about the head. The of-

ficers then searched the area and found one of the suspects. This suspect was placed under arrest, and brought to Area A, where he was read his rights and booked for assault and battery with a dangerous weapon, to wit, a shod foot.

On March 5, 1984, Officers responded to Medford Street on a report of an attempted larceny of a motor vehicle. Upon arrival, the officers spoke to the victim who told the officers that a man in a brown Toyota tried to steal his car while it was parked in front of 465 Medford Street. The officers observed that the ignition had been popped, and there was damage to the steering column. The victim got the registration of the suspect's vehicle, and this information was placed on the report which will be turned over to the detective unit. This incident is to be further investigated by the Detective Unit at Area A.

On March 7, 1984, Officers observed a vehicle run a red light on Main Street. When the officers pulled the vehicle over, they asked the driver for his license and registration.

The suspect told the officers that he did not have the license or registration in his possession. The officers placed the suspect under arrest for violation of automobile laws. After observing the suspect, the officers felt that the suspect could possibly be intoxicated, and called for the Duty Supervisor to administer a breathalyzer test. The results of this test were negative.

The officers checked the V.I.N. numbers and found that the vehicle was not registered. The vehicle was towed for safekeeping and the suspect was transported to Area A, where he was read his rights and booked for violation of the auto laws.

The next Community Service Meeting will be held on Tuesday, March 20, 1984, at 7:00 p.m. at the Kent Community School, 50 Bunker Hill Street.

Apply Now For ABCD'S Summerworks Program

Are you between the ages of 14 and 21? Now's the time to apply for a summer job in ABCD's Summerworks program, a neighborhood - based employment program for Boston's low-income youth, operated by Action for Boston Community Development (ABCD) and administered through the city's Neighborhood Development and Employment Agency (NDEA).

Beginning March 19, staff members at your local Area Planning Action Councils (APACs), Neighborhood Service Centers (NSCs), and other Summerworks intake sites can help you fill out your application for a summer job. If you are a Boston resident aged 14-21, in or out of school, and your family meets federal income guidelines for the program, you are eligible

to apply. Visit or call the Kennedy Center, 27 Winthrop Street, Charlestown, Monday to Friday from 9:30 a.m. to 4:30 p.m. (telephone 241-8866).

If you want a job with Summerworks, pick up an application and have a parent or guardian fill out the income information and sign it. You must also supply your Social Security number; if you don't have one, apply for it today at your local Social Security office - it takes six to eight weeks to process. In addition, you must provide proof of your birth date, family income and residence (such as a bill with an address on it). Handicapped youths are also encouraged to apply.

Summerworks places Boston youths in a wide range of jobs at more than

400 public and non-profit agencies in all of Boston's neighborhoods. Youths in the program will work in recreation facilities, museums, hospitals, day care centers, offices, and other sites.

In addition to paid work experience, youths are required to attend workshops on career development and finding and keeping a job. Each of

ABCD's neighborhood offices implements the program in its own area, from the application and selection process to job placement.

If you need more information about the application process for Summerworks, call or visit your local Summerworks intake center, or call ABCD at 357-6000, extension 372.

Cooperation Of Residents Needed

Charlestown residents are being asked to assist the Boston Police Drug Control Unit in cracking down on the sale and distribution of illegal drugs in this community. Information is needed as to the locations of drug activities, the names of persons involved with the distribution of drugs, along with any and all other information on drug trafficking in the community.

Persons with such information, are asked to call the Drug Unit number, 247-4695, between 8:30 a.m. and midnight, seven days a week.

All information will be held in strictest confidence. Callers may remain anonymous. If a caller wishes to leave his/her name, that person's identity will be protected.

The Police need the cooperation of the residents. Report any drug activity to: 247-4695.

"Teacher Of The Month" At C.H.S.

The award for the "Teacher of the Month" at Charlestown High School, is to an individual who has the respect and admiration of the students, as well as his colleagues. The person has superb teaching abilities as well as artistic excellence. The standards in his classroom are high, and the students rise to his expectations.

The "Teacher of the Month" is always cooperative and enhances the beauty of the school at all times. The Committee is pleased to present the "Teacher of the Month" award to Mr. David Erwin. The award is a \$25 gift certificate donated by Tuttle's Cleaners.
