

HUBBARD COMMUNICATIONS OFFICE
Saint Hill Manor, East Grinstead, Sussex

HCO BULLETIN OF 5 APRIL 1973

REINSTATED 25 MAY 1986

(Also issued as an HCO PL, same date and title)

AXIOM 28

AMENDED

AXIOM 28:

*COMMUNICATION IS THE CONSIDERATION AND ACTION OF
IMPELLING AN IMPULSE OR PARTICLE FROM SOURCE-POINT
ACROSS A DISTANCE TO RECEIPT-POINT, WITH THE INTENTION
OF BRINGING INTO BEING AT THE RECEIPT-POINT A DUPLICATION
AND UNDERSTANDING OF THAT WHICH EMANATED FROM THE
SOURCE-POINT.*

*The formula of communication is cause, distance, effect, with intention, attention
and duplication WITH UNDERSTANDING.*

The component parts of communication are consideration, intention, attention, cause, source-point, distance, effect, receipt-point, duplication, understanding, the velocity of the impulse or particle, nothingness or somethingness.

A non-communication consists of barriers. Barriers consist of space, interpositions (such as walls and screens of fast-moving particles) and time. A communication, by definition, does not need to be two-way.

When a communication is returned, the formula is repeated, with the receipt-point now becoming a source-point and the former source-point now becoming a receipt-point.
