

Beware of mRNA/COVID-19 Vaccines

Gates Pushes Experimental Technology on Seven Billion Humans*

By Robert F. Kennedy, Jr., Chairman, Children's Health Defense | July 21, 2020

Almost no one understands what's at stake: Pharma has 80 COVID vaccines in development, but Gates & Fauci pushed Moderna's "Frankenstein jab" to the front of the line. Scientists & ethicists are sounding alarms. The vaccine uses a new, untested, and very controversial experimental RNA technology that Gates has backed for over a decade. Instead of injecting an antigen & adjuvant as with traditional vaccines, Moderna plugs a small piece of coronavirus genetic code into human cells, altering DNA throughout the human body and reprogramming our cells to produce antibodies to fight the virus. MRNA vaccines are a form of genetic engineering called "germ line gene editing." Moderna's

genetic alterations are passed down to future generations. In January The Geneva Statement the world's leading ethicists and scientists called for an end to this kind of experimentation.

Moderna has never brought a product to market, proceeded through clinical trials, or had a vaccine approved by FDA. Despite Gates' investments, the company, was teetering on bankruptcy with \$1.5 billion debt before COVID. Fauci's support won the company an astonishing \$483 million in federal funds to accelerate development. Dr. Joseph Bolen, Moderna's former R&D Chief, expressed shock at Fauci's "bet." "I don't know what their thinking was," he told CNN, "When I read that, I was pretty amazed." Moderna and Fauci launched federally-funded human trials on March 3rd in Seattle.

Dr Peter Hotez warns of potentially fatal consequences from skipping animal studies. "If there is immune enhancement in animals, that's a show-stopper." Dr Suhab Siddiqi, Moderna's Ex-Director of Chemistry, told CNN, "I would not let the [vaccine] be injected in my body. I would demand: 'Where is the toxicity data?'" Former NIH Scientist Dr. Judy Mikovits says it's criminal to test MRNA vaccines on humans. "MRNA can cause cancers and other dire harms that don't surface for years." As precautions, Moderna ordered trial participants to avoid unprotected sex or sperm donations & Fauci directed that all COVID vaccines to be protected by blanket immunity. Gates hopes to sell his experimental gene-altering technology to all 7 billion humans & transform our species into GMOs. #transhumanism Are you ready for this? | Shared from Robert F Kennedy Jr. | *Abridged Version of Article
