

How to join ?

- 1) Go to:
<https://eduspace.lv/course/index.php?categoryid=1806&lang=en>
- 2) Create an account here:
<https://eduspace.lv/login/index.php?lang=en>
("Log in" button at the right top of page, if in Latvian change language under "Valoda")
Fill in information about you, then go to e-mail address you specified and click profile confirmation link.
- 3) Go back to <https://eduspace.lv/course/index.php?categoryid=1806&lang=en> (if you are not automatically redirected here) and press button "Enrol me" at the bottom of webpage (see below)

Enrolment options

6th Baltic chemistry competition (2018)

Come and join!
[How to join?](#)

- 1) Create user profile at eduspace.lv (if you applied for participation via e-mail to organizers, then profile is already created), students from Latvia must use E-klase authentication;
- 2) [Enrol yourself](#) into course (see on left side);
- 3) Download participation form and fill it to confirm that you are school student;
- 4) Upload participation form in designated place (only students with uploaded participation forms will be included in final results table; students from Latvia do not need to upload registration form as student status is confirmed by E-klase);
- 5) Try sample problems (these problems are used for system test only, they will not be graded);
- 6) [Come back after October 1st and solve problems. enjoy!](#)

Self enrolment (Student)

No enrolment key required.

[Enrol me](#)

- 4) Now you are registered as participant, download, fill and upload participant registration form (to confirm that you are school student) and enjoy competition!
