

Here's the grail! **History; the connection between the house of Orange and the Church**

Orange, a town in the Vaucluse twenty kilometres north of Avignon, was taken by Guilhelm (William), a fief of Charlemagne, around the year 800. **Guilhelm d'Orange is considered to be the ancestor of the present dynasty of the Kingdom of the Netherlands. The origin of this Guilhelm d'Orange is still being discussed by historians, he is said to be of Jewish or Mengrogian origin.** He was canonized twice by the Vatican, Saint William of Orange, also Willehalm, Guilhelm, Guillaume (9th century) the feast day is April 30. Guilhelm (William) d'Orange was Count of Razcs, Toulouse, Barcelona and Duke of Aquitania. He is said to have mastered the Arabic and Hebrew languages and the Lion of Judah would have stuck on his shield. He was an important fief and warrior at the court of Charlemagne. <http://members.home.nl/pushkar/orange.html>

The work of the Swiss scholar Werner Greub, whose study Wolfram von Eschenbach, first published in 1974, and the reality of the Grails. Greub, born in 1906, is a pupil of the Austrian philosopher Rudolf Steiner (1861-1925), the spiritual father of anthroposophy, also known by him as 'the science of the grail'. Like Steiner, Greub places the story of the grail in the ninth century. Interestingly, Greub designates none other than William of Orange when writing the Parsifal story: the ancestor of the house of Oranje the southern French count Guilhelm d'Orange. **This Orange, twice canonised as the blissful patron saint of knights**, was one of the most famous rulers of the Middle Ages. His shield was adorned with the **Lion of Judah**, the forerunners of the Dutch lion that would introduce the house of Orange-Nassau.. <https://www.groene.nl/artikel/hier-die-graal>

The Lincoln, Baigent and Leigh, base their theory that **William was of Merovingian descent** on this statement. The **Merovingians were the first generation of princes with whom the Vatican** entered into partnership after the fall of the Roman Empire. The imperial line was later shunted out by the Pope and replaced by the Frankish rulers in Charlemagne's line.

In his controversial work A Jewish Princedom in Feudal France 1972) the American historian Arthur Zuckermann claims that Ayméry-Theoderik was king of an autonomous Jewish state in southern France, located between Marseille and the Pyrenees, a region called Septimania. It may be assumed that his son William was also affected by some Jewish principles. Thus, according to tradition, he respected the Sabbath even during wars. Another signal is the story that around **792 William founded a large Academy for religious studies in Gellone, where mainly kabbalism was taught ..**

1213 November 4: Pope Innocent III tot the King John of England with record of the King's appeals to the Pope. In this letter the Pope declare the Magna Charta was to be ignored and reports that the King informs the barrons that he had no legal autoigoy to sign the Magna Charta. **The Pope declared the Magna Charta null and void.** <http://freedom-school.com/history/vatican-connection-to-england.html>

It is the business of the pope to look after the interests of the Roman empire, since the empire derives its origin and its final authority from the papacy;..... **therefore we decree that he ought to be accepted and supported as king, and ought to be given the crown of empire, after the rights of the Roman church have been secured.** "Papal Decree on the choice of a German King, 1201" ^[17] https://en.wikipedia.org/wiki/Pope_Innocent_III

STOCK EXCHANGE

1606 The Amsterdam Stock Exchange was created in 1606 for the Vereenigde Oostindische Compagnie (VOC or the Dutch East India Company), an organisation that was granted a monopoly on trade with Asia by the Dutch government in the 17th and 18th centuries. It was the first company to operate with tradable shares sold in Amsterdam. The importance of the stock exchange increased given a **monopoly by the Dutch government on trade with all the colonies in the West Indies, i.e. the regions of North and South America and West Africa.**

In 1851, the Amsterdamse Vereniging voor de Effectenhandel (**Amsterdam Stock Exchange Association**) was founded to regulate the trade in shares. **Only members of these organisations were entitled to participate in trading on the stock exchange.** As early as 1912, the stock exchange moved to a new building on Beursplein 5, because of the rapid growth of the stock market.

In 1978 the first options were sold on the Amsterdam stock exchange by the European Options Exchange. The Amsterdam Stock Exchange and the European Options Exchange later merged into Amsterdam Exchanges, where both shares and options could be traded.

In 2000, the Amsterdam Stock Exchange merged with the Brussels Stock Exchange and the Paris Stock Exchange to become Euronext N.V., the first cross-border stock exchange. **Later this organisation also took over the Portuguese stock exchange, BVLP (Bolsa de Valores de Lisboa e Porto) and the London's International Financial Futures and Options Exchange (LIFFE)** in England. Euronext is headquartered in Amsterdam and is therefore a Dutch company. https://nl.wikipedia.org/wiki/Amsterdamse_effectenbeurs

DUTCH: VOC / BATAVIAN REPUBLIC

The Dutch East India Company abbreviated to VOC (1602-1800)) was a private Dutch trading company with a monopoly on overseas trade between the Republic of the Seven United Provinces and the area east of the Cape of Good Hope and west of the Magellanic Strait. The VOC concluded treaties with eastern potentates and monarchs as it wished, minted its own coins and had its own army and warships to enforce trade with the local population. The Company drove the Portuguese out of Asian trading posts and to keep other competitors at bay. **Within the Asian trading companies and its controlled area, the Company regulated governance and administration of justice.** Trade was conducted (sometimes briefly) with, among others, Mocha, Persia, Gujarat, Malabar, Ceylon, the Coromandel Coast, Bengal, Ayutthaya, Cambodia, Burma, Vietnam, Formosa, China, Japan, Java and the Moluccas.

The VOC suffered greatly from the Fourth Anglo-Dutch War (1780-1784), when the English occupied several trading posts and hijacked full trading ships. The losses are estimated at possibly 60 million guilders. **During the Batavian Republic the company, the symbol of power of the "ancien regime", was nationalised in March 1795.**

COMMITMENTS TO FRANCE

In the Hague Treaty of 16 May **1795 it was agreed with France** that in exchange for the definitive **recognition of a sovereign state, the Batavian Republic** undertook to **pay France 100 million guilders** for the 'liberation' of the Northern Netherlands. The republic also entered into a defensive and offensive alliance with France.[4] England declared war on the Batavian Republic, and began a systematic occupation of the Batavian colonies.

A major problem from the outset was the large debts of the regions from the time when they still belonged to the Republic of the Seven United Provinces. **The Batavian Republic secretly tried to get Prussia on its side, to appoint the inheritance prince of Orange as a kind of president of the Batavian Republic.** In exchange, the republic would have to take a neutral position in Europe. **In exchange for compensation, the House of Orange expressed its wish to surrender its rights and possessions in the Netherlands.** The family initially wanted a sum of 117 million guilders, as well as territorial compensation for large areas in the German Rhine area. However, the republic did not want to pay and England also considered a financial compensation unnecessary, a compensation in the form of land was sufficient for the British.

At the Peace of Campo Formio of 17 October 1797 it was agreed between France and Austria that the **House of Orange would be compensated by territory only.** It was decided that it should not be near the borders of the Batavian Republic, nor the borders of Austria.[26]

On 9 November 1799, Napoleon Bonaparte seized power in France through a coup d'état. As a foreign policy also in the Batavian Republic. The new constitution provided for the introduction of a **presidential system, i.e. under the leadership of one person.** What was to be called the highest government function would become with only nineteen members, given the title of 'secretary of state' and the pensioner of the council became 'secretary of state' for the Ministry of Justice appointed all civil servants, army and naval officers, ambassadors and members of the courts and to elect the members of the **National Court of Justice.** The judiciary remained independent, but proceedings against the state could be stopped by the Hunne Hoog Mogenden at the request of the pensioner.

The Batavian Republic (1795-1806) from **1801 called the Batavian Commonwealth, was a republic** formed after the example and with military support of the French Republic, of which the Batavian Republic was a sister republic and de facto a vassal state.

Napoleon agreed with Prussia in 1802 to donate Orange to the territory of the diocese of Fulda, as well as that of the diocese of Convey, as well as three abbeys and a provostry. **Together they formed the principality of Nassau-Orange-Fulda.**

The Batavian Republic came to an end in 1806 when Napoleon lost faith in the Republic and renamed the country to the Kingdom of Holland and made his brother Louis king to better control the former Batavian Commonwealth.

1815 JUNE 18 THE BATTLE OF WATERLOO

The Battle of Waterloo marked the end of a series of wars between revolutionary France and the other European powers won by the French. French was forced to make enormous reparations and unable to meet the demand of many hundreds of millions of francs at once. **Through British banks,**

high interest rates were used to entice investors to provide the necessary funds. This would prove to be an important step in the development of the international banking system.

https://nl.wikipedia.org/wiki/Slag_bij_Waterloo

The defeat of Napoleon's troops ended South of Brussels, near the town of Waterloo, the French ruler fought against British, German and Northern and Southern Dutch soldiers.

The real winner of the battle of Waterloo is the banker Nathan Mayer Rothschild.

In 1815 Nathan managed to become very rich by using the most advanced communication technology of his time: the carrier pigeon.. In his book "Balla" describes the course of events as follows: *Nathan Rothschild had more and better information about the course of the battle of Waterloo than his competitors. After his return from the continent, he posted himself at his usual position in the London Stock Exchange. Nathan sold his securities at a fast pace, from which his competitors concluded that Wellington had lost the battle. Massive sales were the result and the prices fell to a low point. Nathan Rothschild then bought large quantities of securities in this depressed market, thus laying an important foundation for his fortune. He misled the stock market by his sales tactics".*

Wellington had been complaining since 1809 that he couldn't pay his troops and was forced to borrow from Maltese and Spanish bankers at exorbitant rates.

The Spanish branch of the Rothschilds was already financing Wellington's army before the battle of Waterloo. The founder of the Mayer Amscher banking house had strategically dispersed his sons across a continent that was in a constant state of war.

HISTORY Rothshields

Moses Amschel Bauer places a red sign above the entrance door to his counting house.

This sign is a **red hexagram** (which geometrically and numerically translates into the number 666) which under Rothschild instruction will end up on the Israeli flag some two centuries later.

Following his father's death, Bauer returns to Frankfurt to take over his father's business.

Bauer recognises the significance of the red hexagram and **changes his name from Bauer to Rothschild, after the red hexagram** or sign signifying 666 hanging over the entrance door ("Rot," is German for, "Red," "Schild," is German for, "Sign").

https://illuminati.fandom.com/wiki/Rothschild_Family

The Rothschilds are from a country called Khazaria, which occupied the land locked between the Black Sea and the Caspian Sea which is now predominantly occupied by Georgia. These people knowingly lie to the world with their claims that the land of Israel is theirs by birthright, when in actual fact their real homeland is over 800 miles away in Georgia!

The reason the Rothschilds claim to be Jewish is that the Khazars under the instruction of the King, converted to the Jewish faith in 740 A.D., but of course that did not include converting their Asiatic Mongolian genes to the genes of the Jewish people. **You will find that approximately 90% of people in the world today who call themselves Jews are actually Khazars, or as they like to be known, Ashkenazi Jews.** So, next time you hear an Israeli Prime Minister bleating about the so-called persecution of the Jews, consider this, every Prime Minister of Israel has been an Ashkenazi Jew.

The Book of Revelation, Chapter 2, Verse 9, states the following which would appear to be about these Ashkenazi Jews: "I know thy works, and tribulation and poverty, (but thou art rich) and ***I know the blasphemy of them which say they are Jews, and are not, but are the synagogue of Satan.*** "

HISTORY

1743: Mayer Amschel Bauer, an Ashkenazi Jew, is born in Frankfurt, Germany, the son of Moses Amschel Bauer, a money lender and the proprietor of a counting house. **He works for a bank owned by the Oppenheims' in Hanover, Germany.** He is highly successful and becomes a junior partner. Whilst working at the bank he becomes acquainted with General von Estorff. he discovers that General von Estorff is now attached to the court of **Prince William IX of Hesse-Hanau**, one of the richest royal houses in Europe, which gained its' wealth by the hiring out of Hessian **soldiers to foreign countries** for vast profits (a practice that continues today in the form of exporting, "**peacekeeping**," troops throughout the world). As he plans, Rothschild is subsequently introduced to Prince William himself and ends up doing business with him and members of the court.

He soon discovers that **loaning money to governments and royalty** is more profitable than loaning to individuals, as the loans are bigger and are **secured by the nation's taxes.**

1769: get permission by Prince William to hang a sign on the front of his business premises declaring that he is, "M. A. Rothschild, by appointment court factor to his serene highness, Prince William of Hanau."

Also Mayer Amschel Rothschild **plan the creation of the Illuminati** and entrusts Ashkenazi Jew, Adam Weishaupt, a Crypto-Jew who was outwardly Roman Catholic, with its organization and development. The Illuminati is a Luciferian term which means, keepers of the light.

1776: Adam Weishaupt officially completes his organisation of the Illuminati on May 1 of this year. **The purpose of the Illuminati is to divide the goyim (all non-Jews) through political, economic, social, and religious means.** The opposing sides were to **be armed** and incidents were to be provided in order for them to: **fight amongst themselves; destroy national governments; destroy religious institutions; and eventually destroy each other**

1806: Napoleon states that it is his, "object to remove the house of Hess-Cassel from rulership and to strike it out of the list of powers." On hearing this, **Prince William IX of Hesse-Hanau, flees Germany, goes to Denmark and entrusts his fortune valued at \$3,000,000 at that time to Mayer Amschel Rothschild for safekeeping.**

1814: With regard to the \$3,000,000 Prince William IX of Hesse-Hanau had entrusted to Mayer Amschel Rothschild for safekeeping, The encyclopedia goes on to state, "Nathan Mayer Rothschild **invested this \$3,000,000 in, gold from the East India Company** knowing that it would be **needed for Wellington's peninsula campaign**. "On the stolen money Nathan made, "no less than four profits. The money was never returned by Rothschild to Prince William IX of Hesse-Hanau.

1815: The five Rothschild brothers work to supply gold to **both Wellington's army** (through Nathan in England) **and Napoleon's army** (through Jacob in France), and begin their policy of funding both sides in wars. The Rothschilds love wars because they are massive generators of risk free debt. This is because they are **guaranteed by the government of a country**, and therefore the efforts of the population of that country, and it doesn't matter if that country loses the war because the loans are given on the guarantee that the **victor will honour the debts of the vanquished**.

Whilst the Rothschilds are funding both sides in this war, **they use the banks they have spread out across Europe to give them the opportunity to set up an unrivalled postal service network of secret routes and fast couriers**.

1823: The Rothschilds take over the financial operations of the Catholic Church, worldwide

1832: **President Andrew Jackson** (the 7th President of the United States from 1829 to 1837), runs the campaign for his second term in office under the slogan, "Jackson And No Bank!" This is in reference to his plan to take the control of the American money system to **benefit the American people, not for the profiteering of the Rothschilds**.

1833: President Andrew Jackson starts removing the government's deposits from the Rothschild controlled, Second Bank of the United States and instead deposits them into banks directed by democratic bankers. This causes the Rothschilds to panic and so they do what they do best, contract the money supply causing a depression. President Jackson knows what they are up to and later states, "You are a den of thieves vipers, and I intend to rout you out, and by the Eternal God, I will rout you out."

1861: **President Abraham Lincoln** (16th President of the United States from 1860 till his assassination in 1865) approaches the big banks in New York to try to obtain loans to support the ongoing American civil war. As these large banks were heavily under the influence of the Rothschilds, they offer him a deal they know he cannot accept, 24% to 36% interest on all monies loaned. Lincoln is very angry about this high level of interest and so he prints his own debt free money and informs the public that this is now legal tender for both public and private debts.

1862: By April \$449,338,902 worth of Lincoln's debt free money has been printed and distributed. He states of this, "We gave the people of this republic the greatest blessing they ever had, their own paper money to pay their own debts.

"That same year **The Times of London publishes a story** with the following statement, "If that mischievous financial policy, which had its origin in the North American Republic, should become indurated down to a fixture, then that government will furnish its own money without cost. It will pay off debts and be without a debt. It will have all the money necessary to carry on its commerce. It will become prosperous beyond precedent in the history of civilized governments of the world. The brains and the wealth of all countries will go to North America. **That government must be destroyed or it will destroy every monarchy on the globe**".

1863: **President Abraham Lincoln discovers the Tsar of Russia**, Alexander II (1855 – 1881), was **having problems with the Rothschilds as well** as he was **refusing** their continual attempts

The Tsar then gives President Lincoln some unexpected help. The Tsar issued orders that **if either England or France actively intervened in the American Civil War, and help the South, Russia would consider such action a declaration of war, and take the side of President Lincoln**. To show that he wasn't messing about, he sent part of his Pacific Fleet to port in San Francisco and another part to New York.

1865: In a statement to Congress, President Abraham Lincoln states, "I have two great enemies, the Southern Army in front of me, and the financial institutions in the rear. Of the two, the one in my rear is my greatest foe." Later that year, on April 14, **President Lincoln is assassinated, less than two months before the end of the American Civil War**.

Following a brief training period in the Rothschilds London Bank, **Jacob Schiff, a Rothschild**, born in their house in Frankfurt, **arrives in America** at the age of 18, with instructions and the finance necessary to buy into a banking house there. The purpose of this was to carry out the following tasks.

1. **Gain control of America's money system** through the establishment of a central bank.
2. **Find desirable men**, who for a price, would be **willing to serve as stooges** for the Illuminati and promote them into high places in the federal government, the Congress, Supreme Court, and all the federal agencies.
3. **Create minority group** strife throughout the nations, particularly targeting the whites and blacks.
4. Create a movement to **destroy religion** in the United States, with Christianity as the main target.
Nathaniel de Rothschild becomes Member of Parliament for Aylesbury in Buckinghamshire.
5. **The first world war is fought for the purpose of destroying the Russian Tsar**, as promised by Nathan Mayer Rothschild in 1815. The Tsar is to be **replaced with communism**; to be used to attack predominantly Christianity. The differences between the British and German empires are to be used to foment this war.
6. **The second world war** is to be used to foment the controversy between facism and political zionism with the slaughter of Jews in Germany a lynchpin in bringing hatred against the German people. This is designed to destroy fascism (which the Rothschilds created) and **increase the power of political zionism**. This war is also designed to **increase the power of communism** to the level that it equal to a united Christendom.
7. **The third world war is to be played out by stirring up hatred** of the Muslim world for the purposes of **playing the Islamic world** and the political zionists off against one another. Whilst this is going on, the remaining nations would be forced to fight themselves into a state of mental, physical, spiritual and economic exhaustion.

https://illuminati.fandom.com/wiki/Rothschild_Family

Wilhelmina (1880 - 1962) was not at all the daughter of William III of Nassau (1817 - 1890), Sebastiaan de Ranitz (1846 - 1916) was Wilhelmina's biological father. William III was referred to in well-informed circles as 'King Gorilla', because this oversexed king apparently raged like an insatiable beast. As a result, he contracted syphilis, and it was widely known (in well-informed circles) that he had been infertile for two years when he married Emma, aged 20, at the age of 61. This marriage was necessary because it was already clear at that time that no grandchildren would be born from his first marriage. The eldest son of this Willem III of Nassau had become unmanageable after he was not allowed to marry the woman of his choice. The middle son died at the age of 6. And his youngest son was homosexual, and could not be poached by a marriage of convenience.

Wilhelmina's five pregnancies all ended in a fiasco. After three failures it was decided to adopt a bourgeois girl from a family from Soest. And **then it was pretended that this Juliana was the daughter of Wilhelmina.** In 1960, in June 1961, the home gynecologic doctor, who had assisted Wilhelmina, was suddenly locked up in a psychiatric institution because Soestdijk was afraid that he too would start to talk past his mouth.

In 1991, the Russian Romanov family sent an official request to Juliana to donate DNA. William II (1792 - 1849), the father of 'King Gorilla' William III, married Anna Pavlovna von Holstein-Gottorp-Romanov (1795 - 1865), and so William III also had Romanov DNA in him via his mother's ancestor line. **Juliana has resolutely rejected this request,** but I now think that it was **Beatrix who ordered this rejection?** My suspicion is that Juliana had conscience (a word of which her eldest daughter probably doesn't know the meaning, and of which her eldest grandson probably doesn't even know how to write it). I think that already in 1940 Juliana gave a message to the observant 'subjects'. She said at the time, five days before her mother fled from the German invasion force to Buckingham Palace in London, that "the House of Orange has not fled from any danger for five centuries". This statement is very remarkable, because anyone who knows the history of the Low Countries at all knows that the father of William I (the grandfather of 'King Gorilla' William III) had already fled to England in 1795.

Moreover, with her completely unnecessary flight outside the territory of the Netherlands, Wilhelmina deliberately violated Article 21 of the Dutch Constitution of the time (the version that had been in force since 1938), as a result of which, in fact, everything that was subsequently decided on in the name of this family is unlawful. **This article says: "Under no circumstances can the seat of government be transferred outside the Kingdom".**

In short, the members of the Oranje family are not who they claim to be and **all "royal" decrees after 13 May 1940 are not legitimate.**

Dutch history also shows that the Netherlands has been a republic for eleven years. That was before the intervention of the French emperor Napoleon. The scientific truth of my research clearly shows that the present monarchy in the Low Countries is based on deception, deceit and lies. It is time that this family repay the unjustly received money (at least until the time of Regent Emma), and that we restore the Republic of the Netherlands to its former glory.

4 September 2007: Princess Maxima address the Scientific Council for Government Policy (WRR) in a lecture at the presentation of the report 'Identification with the statement: **“The Dutch identity does not exist”** And also: **“there is no such thing as the Dutchman”**...

HISTORY WORLDWAR II

1 The Netherlands ceased to exist on 18 May 1940.

On the morning of 13 May 1940, the princely family arrived in Harwich. At 10 o'clock that morning Queen Wilhelmina left for Hook of Holland, where an English destroyer [the HMS Hereward] was waiting for her. An hour earlier [around 9 a.m.] the De Geer cabinet had been told that the Queen would leave. It was not clear where to go, in the evening at 19:20 the council of ministers also left with an English destroyer without any order to the commander in chief General Winkelman. <https://gerard1945.wordpress.com/>

This 'relocation' had paved the way for the German civil administration under Seyss-Inquart. With all its consequences. In Poland this also happened because, like in the Netherlands, the entire Polish government had fled.

By violating Article 21 of the Constitution, which was applicable at the time, the Dutch government abolished itself. **Seyss-Inquart was thus able to take over Wilhelmina's place as the Reichstag.**

Article 21 of the 1940 Constitution: "under no circumstances may the seat of the Government be transferred outside the Empire".

Between 1941 and 1943 **Prince Bernhard Lippe Bisterfeld (Father of Beatrix)** visited the United States of America several times. According to various sources, including the British Secret Intelligence Service (SIS), during his second visit (from 20 to 25 April 1942) he **wrote a letter to Hitler that he offered himself to take on the role of stadholder over the Netherlands.**

On May 5, 1945 it is celebrated in the Netherlands that on May 5, **Germany capitulated** WOII in the Western Netherlands. On that date, at Hotel De Wereld in Wageningen, **the capitulation was signed** between the German general Johannes Blaskowiz and the Canadian general Charles Foulkes, in the presence of Prince Bernhard von Lippe -Biesterfeld (Prince of Orange.)

The agreement was signed on 6 May 1945 in the Aula of the former Agricultural College next to Hotel de Wereld. **Prince Bernhard von Lippe -Biesterfeld (Prince of Orange) was not present.** This deed itself is present in the Municipal Archive of Wageningen, is dated Wageningen May 5, 1945.

In reality it was only **an agreement about the technical development for the German troops in the Netherlands of the capitulation on May 4, 1940** of the German troops in northwestern Europe. (source: Wikipedia).

This proves that due to the actions of Prince Bernhard, **nobody signed the capitulation of Germany (the Hitler Cabinet) on behalf of the Dutch Head of State or Government** and nobody attended the signing by the unauthorized German General Johannes Blaskowitz and the Canadian General Charles Foulkes.

In constitutional terms, this means that the Netherlands has been a full member of Germany since 5 May 1945.

Since no signatures have been made, this means that **the Netherlands no longer exists** constitutionally as of 18 May 1940 and after the occupation from the Hitler Cabinet on the former territory of the Netherlands continued after 5 May 1945.

That is why in the Netherlands since then the Prime Minister, the ministers, the state secretaries and commissioners of the King or Queen, the mayors, have not been elected, but have been sworn in or appointed by the Head of State.

That is why there is no Constitutional Court in the Netherlands, due to the lack of legitimate legislation and the lack of Democracy in the Netherlands.

Prince Bernard von Lippe -Biesterfeld (Prince of Orange)) helped prominent Nazis to flee together with the Minister of Foreign Affairs, Mr C.G.W.H. Baron van Boezelaar van Oosterhout (partisan) in the Cabinet Beel (KVP). At least ten Nazi leaders fled to South America after the Second World War with passports of the International Red Cross in Geneva. They include Adolf Eichman, Josef Mengele, Franz Stangl, Klaus Barbie and Erich Priebke.

Because the Netherlands no longer exists constitutionally from 18 May 1940, no Democratic Elections could be called in the Netherlands after the war. That is why Queen Wilhelmina, continued the Hitler Cabinet as an illegal head of state. **This successor Hitler-Kabinet was a Fake 'Royal' Cabinet and is also called the 'emergency Cabinet'.**

In order to be able to continue, it was **necessary** that the next cabinet was formed by the PVDA as successor to the German NSDAP and KVP **because Cardinal Pacelli** (later Pope Pius XII and Franz von Papen, Vice-Chancellor of Germany, under Reich Chancellor Adolf Hitler (since January 30, 1933), was named as the Reich-Concdaat (National Constabulary) on July 8, 1933, with article 14 on next Passage: **The appointment of archbishops, bishops, etc. shall not be made public until the State Governor has duly satisfied himself that there are no objections of a general political nature.**

To this end, **Cardinal Pacelli** awarded Franz von Pape the high papal decoration of the Grand Cross of the Order of Pius. This **made it possible for Hitler to run a one-party regime with the support of the Vatican**, because the Vatican withdrew its support from the "Deutsche Zentrumspartei" (source: Wikipedia).

From that moment on the Hitler cabinet started "The founding of the great German Empire" or "European Union", which was continued from the former Dutch territory from May 5, 1945 under the direction of **the Dutch heads of state King Wilhelmina, Juliana and Beatrix, had full power over the Roman Catholic Church**, the largest Christian church in the world.

Pope John Paul 1 wanted to change this situation in 1978 and was therefore poisoned with arsenic 33 days after he took office (source: Restoration of the Republic 13 May 2012).

Should he therefore be succeeded by Pope John Paul II on 16 August 1978.

Karol Josef Wojtyla (Pope John Paul II and Prince Bernard van Lippe-Biesterfeld (Prince of Orange) worked for IG-Farben (sources Board Question #57569 and Telegraph 8 March 2010). At the time of Hiltler's rise, the holding IG-Farben-Internessengemeinschaft Farben was the most powerful economic organisation in Germany.

IG Farben group soon came closer to the emerging Adolf Hitler and was to work closely with the Nazi regime during the Second World War. It supplied the explosives and synthetic gasoline for the German army. According to a number of experts, Hitler's warfare without IG-Farben would not even have been possible (source Managing21 of 22-02-05)

Pope John Paul II was the first pope to attend the Bilderberg conference from 3 to 6 June 1999 in Sinta, Portugal, at which Queen Beatrix, Boris Yeltsin, Bill Clinton, Steven Spielberg, Ted Turner and Dutch Prime Minister Wim Kok (PvdA) were also present. it's good to know that shortly after that, the Club of Madrid was established in October 2011. This is a club consisting of 70 former heads of state under the chairmanship of Wim Kok (PvdA). In view of the content of this letter, it is clear that this club was not founded to strengthen global democracy as it is written.

The British and Dutch royal families have ties and relationship in the past 200 years to every war and revolution/rebellion enriched enormously.

On 17 March **1824 the English handed the island Biliton**, belongs to banka (Indonesia) **over to the Dutch**. It was the capital power prince Willem Frederik Hendrik who, as the first head of state of the State of the Netherlands, guaranteed the credit. This meant that **the royal house was a 100% shareholder**. This has developed further and in 1924 it was transferred to the then founded company Gemeenschappelijke Mijnbouwmaatschappij Biliton (GMB) in which the Dutch state participated for 5/8.

The royal house remained a major shareholder, creating a conflict of interests between the State of the Netherlands and the royal house.

In 1970 Biliton (the Budelco zinc factory in Budel was part) was **taken over by Shell**.

1953: Andre Donner (ARP), the father of the current vice-president *Piet Hein Donner* of the Council of State, was a member of the *Van Schaik State Commission* from 17 April 1950 to 6 January 1954, which prepared the **revision of the 1953 Constitution**; in Article 60 of the Constitution has been extended as follows.

"The judge does not assess the constitutionality of agreements".

The definition of "treaty" with foreign powers, the 1950 *Commission of the Constitution of Eysinga*, in its plenary report of 16 September 1950, has laid down as follows.

"Without claiming to be exhaustive, the Commission has here follows a list of the most well-known names: Tractaat (treaty, treaty), Convention Convention English and French Charter (Charter, Charter, Covenant, Pacte) Statute, Act, Final Act (final act, acte final) General Act (general act, acte general), Accord (agreement accord), Settlement (arrangement English and French), Declaration or declariation (declaration, declaration) Protocol (protocol, protocol) Agreed Minutes, Exchange of Letters or Letters, Letters annexes (covering letters) Mode vivendi, Arbitration Compromise, Memorandum of Understanding (D' Accord) Memorandum'.

"Without claiming to be exhaustive, the Commission hereby gives a list of the most wellknown names: Tractaat (treaty, treaty), Convention Convention English and French Charter (Charter, Charter, Covenant, Pacte) Statute, Act, Final Act (final act, acte final) Algemente Akte (general act, acte general), Accord (agreement accord), Settlement (arrangement English and French), Declaration or declariation (declaration, declaration) Protocol

(*protocol, protocol*) *Agreed Minutes, Exchange of Letters or Letters, Letters annexes (covering letters) Mode vivendi, Arbitration Compromise, Memorandum of Understanding (D' Accord) Memorandum'*.

Because the constitutionality of a treaty, convention, charter, covenant, statute, deed, agreement, settlement, declaration, declaration, protocol, minutes. Agreement, Letter, Memorandum, Arbitration of Compromise, Memorandum, etc. **may not be judged by a court**, which means that it **may not be judged in the light of the Constitution** (Article 94 of the Constitution, Ned), as a result of which they do not have any applicable legal application in the Netherlands. **André Donner was able to do all** of this without running any risks at all. **His father Jan Donner** was (from 1946 to 1961) **President of the Supreme Court** of the Netherlands.

1962: as a result of this constitutional amendment that was made by Piet Hein Donner's father, Vice-President *Louis Joseph Maria Beel* (KVP) and **President Queen Juliana of the Council of State** paved the way for the publication of a positive advice, on which the DE Quay Cabinet (KVP, CHU, ARP (now **CDA** and **VVD**) on 21 April 1962 **declared that the Pesticides Act came into force that does not take into account**

- **the adverse effects of those pesticides during the use and waste phases**

- **and that the non-active chemical substances, being unknown other very toxic, toxic corrosive or harmful substance(s), do not have to be labelled in a very serious way contrary to Articles 1, 21 and 22 of the Constitution, which can no longer be assessed by a court.**

The major shareholders of Shell/Bilton (including the Royal Household and the Dutch State) took advantage of the shortcomings in the Pesticides Act that the Council of State and the **Dutch State had deliberately built into it to be able to sell its highly problematic hazardous waste containing very high concentrations of extremely toxic, fully water-soluble carcinogenic substances arsenic acid and chromium trioxide (chromium VI) as a pesticide** for a long time, instead of having it stored forever at very high cost, as they were legally obliged to do, at least from 1986.

Afterwards it was discovered that, with the help of Andre Donner, these shortcomings in the Pesticides Act will **result in claims** for damages against Shell/Bilton (and thus against the Royal Family) that **can no longer be paid**, This is because of the simple fact that an "Agreement" or "Treaty" of **which the constitutionality is no longer assessed by a judge** due to the actions of Andre Donner, is not a "Act" like the Pesticides Act and the fact that because of the non-existence of the Netherlands from 18 May 1940 no legal force can be derived from the Pesticides Act of 21 April 1962.

SUKARNO AND JOHN F KENNEDY

Sukarno and Bernhard: John F. Kennedy started negotiations on the future of **Dutch New Guinea** in the United States under the chairmanship of his brother Robert F. Kennedy when the Netherlands had to accept that the **area was placed under UN supervision.**

The UN would hand over New Guinea to Indonesia (Sukarno). Dutch, Indonesian and American diplomats talked about this in secret for more than a year. **Even more secret were Prince Bernhard's interference,** which was proven in retrospect. In 1962 the last Dutch soldiers had to leave Indonesia at the hands of Sukarno, John F. Kennedy and his brother Robert Kennedy who turned against the dark plans of this vein, bankers and their New World Order agenda. The 30,000 Dutch soldiers were unable to ensure that New Guinea and the smaller islands of Bali/Bangka and Biliton were preserved for the Netherlands and had to withdraw from New Guinea. In 1958 the last concession for the mining of tin ore in Indonesia expired, which was not extended. The Common Mining Company Biliton (GMB) went into liquidation, **causing Biliton and the royal family to face a financial catastrophe with which the Dutch royal house threatens to lose their power in the world.**

The financial problems of the royal family were so great that Prime Minister Prof. Dr. J.E. De Quay discussed them personally with former Queen Juliana. As factual evidence of this, I quote below literally the following text from his diary entries, in which Prime Minister *De Quay* literally writes the following: **February 1, 1960: "This morning I had a conversation with HM and ZKH about the financial position of the royal family. We have to do something about that. The Prince asked "sliding scale" Seems legally difficult to me. Prepare well. Discussing with Beel"**

Willem Oltmans (journalist) was **aware of this and met President Sukarno** of Indonesia on 10 June 1956. Conservative Netherlands (*Joseph Luns* / KVP) hated this first head of state of the Dutch former colony. De Dutch Paper The Telegraaf therefore prohibited Oltmans from interviewing Sukarno. He did the natural thing anyway. It meant the end of his short career with this power and the beginning of his problems with the Dutch State. From 1950 to 1962 about 30.000 Dutch soldiers served on New Guinea (1/2/3) Navy for a short or longer period of time. Army, Marechaussee, all sections of the armed forces were represented. In 1963 **President John F. Kennedy signed an agreement with President Sukarno to create funds to enable the American Treasury to make its own treasury dollars banknotes, thereby undermining the Federal Reserve's "right" to print Federal Reserve dollar banknotes.**

This agreement made it possible for 50,000 tons of gold to be transferred to support these currencies. however, the problem was that this would have covered the US domestic currency with gold, which would have been contrary to international agreements designed to stabilize the currency. **Eleven days after the signing** (on 22 November 1963), **John F. Kennedy was murdered** in broad daylight by insiders before the eyes of the whole world in the same way as Dutch politician *Pim Fortuyn*. As with Pim Fortuyn, several Bilderberg members appear to have been involved in this murder. Five years later, on 5 June 1968, during a campaign meeting in Hotel Ambassador in Los Angeles for the 1968 election, **Robert Kennedy was murdered, after which Bilderberger Richard Nixon became president of the United State** on 20 January 1969 (*source: No Cancer Foundation*).

1954 to 1964 one year after changing article 60 in the Dutch Constitution (1953 that judge does not enter into assessment of the constitutionality of agreements) **the Bilderberg Group was established, a secret society established in 1954 on the initiative of Prince Bernhard van Lippe -Biesterfeld** and the Pole Josef Retinger (freemason) as well as the Belgian **Pierre de Bonvoisin** (director of the Société Generale from 1951 to 1962) whose **father** during the

Second World War was **vice-president of the Bis Bank** and H.F. van Walsem (member of the Board of Directors of Koninklijke Philips Electronics N.V.) was founded (source: Wikipedia)

During the 1980s Pierre de Bonvoisin's son (also mentioned in the Belgian Pedofile Dutroux file) came into disrepute because he maintained ties with right-wing extremist organisations and was suspected of having connections with the C.C.C. and the Nivelles gang. The latter accusations have never been proven, but he did keep his nickname: "The Black Baron" (source: Wikipedia). On former Dutch territory the Hitler Cabinet continued from 5 May 1945 under the leadership of the succeeding Dutch heads of state, managed by the secret **Bilderberg** conferences, which were set up in 1954 and **chaired by the Dutch government of Prince Bernhard**, then Queen Beatrix and now the Belgian Etienne Davignon, in which the Nazi regime was taken over by the European Union, with the **next step** being the total destruction of our democracy under the **European Stability Mechanism (ESM)**, which is due to take effect on 1 July 2012.

"The judge does not intervene in the assessment of the constitutionality of laws and treaties."

By including the independent article 120 in this general revised Constitution in 1983 with the addition of "Laws", **the damage liability problem** from 16.5 million Dutch people and 500 million Europeans towards Shell/Biliton (and thus towards the Royal Household and the Dutch State) **was removed because** of the shortcomings built into the **Pesticides Act** on 21 April 1962. *Andre Donner* for Vice President *Willem Scholten* (CDA) and President Queen *Beatrix* of the Council of State has thus paved the way for the publication of a positive advice, on which the **Lubbers Cabinet (CDA and VVD) has decided that the admission of pesticides may no longer be tested against the following articles 1, 21 and 22** of the Constitution, which were inserted below and which were not legally valid anyway from 18 May 1940.

- Article 1 Constitution
All those who are in the Netherlands will be treated equally in equal cases.
Discrimination on the grounds of religion, philosophy of life, political affiliation, race, gender or on any other ground is not permitted.
- Article 21 Constitution
The government's concern is focused on the habitability of the land and the protection and improvement of the environment.
- Article 22 Constitution
The government takes measures to promote public health
The promotion of adequate housing is a matter of concern for the public authorities.
It creates the conditions for social and cultural development and for leisure activities.

With that, Andre Donner, with the help of the Council of State, The State of the Netherlands and the political parties CDA and VVD have succeeded in **ensuring that companies such as Shell/Biliton/Budelco, under the guise of 'sustainability', receive billions of euros in government subsidies** (tax money) **via pesticides** (including **Superwolman salts**).(Co)

Hundreds of millions of kilograms of falsely labelled highly toxic carcinogenic substances such as arsenic acid and chromium trioxide (chromium VI), which are highly problematic hazardous waste, in particular from Biliton/Shell/Budelco, have been dumped through impregnated wood into homes and gardens by consumers, without any administrative action being taken against them, civil or criminal action can and may be taken.

Andre Donner was able to achieve this in the period from 1967 to 1971. Knowing that the same **Andre Donner was also a member of the Court of Justice of the European Communities** in Luxembourg in the same period (from 7 October 1958 to 29 March 1979) means that he also ruled in that capacity, with which the Court of Justice of the European Union has become subordinate to the current vice-president Piet Hein Donner (CDA) of the Dutch Council of State, who **together with his father and grandfather has been at the service of the Hitler Cabinet**, which continued from the Netherlands from 5 May 1945, under the chairmanship of Queen Wilhelmina, then Juliana, Beatrix and now Willem-Alexander Claus George Ferdinand, King of the Netherlands, Prince of Orange-Nassau, Jonkheer van Amsberg (Born Utrecht, 27 April 1967) has been King of the Netherlands since 30 April 2013. He became King of Oranje as upon his mother's accession as queen (30 April 1980 to 30 April 2013). He married Maxima Zorreguieta Cerruti in 2002 and made her Queen!

Queen Máxima of the Netherlands (born **Máxima Zorreguieta Cerruti**;^{17 May 1971}) is an Argentine-Dutch royal who is the wife of King Willem-Alexander.

On 30 April 2013, she became the first Latin American born queen consort in the history of the Netherlands https://en.wikipedia.org/wiki/Queen_Maxima_of_the_Netherlands

In this way Shell/Biliton (under the chairmanship of respectively. The Dutch Hans Alders (PvdA) Jan Pronk (PvdA) and Pieter van Geel (CDA) from the continued Hitler cabinet) have managed to realise that the "Rio de Janeiro Protocol", the "Kyoto Protocol" and the "Johannesburg Sustainability Conference" were signed worldwide with the help of the countries of the European Union, which makes billions of kilograms of falsely labelled fully water-soluble highly toxic carcinogenic substances such as arsenic acid and chromium trioxide (chromium VI) a highly problematic hazardous waste worldwide, were dumped in water, soil and air in an uncontrolled way via temporary leaching products (impregnated wood) with large amounts of European government subsidy under the guise of sustainability, innovation, ecologically environment-friendly, biomass, green electricity, CO2 reduction, KOMO-label, environmental concrete, secondary fuel, reuse.

Europe's recognized Safety Manager Ad van Rooij, who, as a member of the No Cancer Foundation, co-authored this letter, sent the following letter by fax on 2 May 2002 to incoming Dutch Prime Minister Pim Fortuyn on this subject.

Signing with acknowledgement of receipt

*Attn : P. Fortuyn

Sint Oedenrode, 3 May 2002
Our Characteristic: PF/03052/br*

Dear Mr. Fortuyn,

I am very shocked at the way in which Wim Kok, Frits Bolkestein, the Dutch Labour Party, etc. accuse you personally. You are telling the truth.

Wim Kok (PvdA), Jan Pronk (PvdA), A. Kosto (PvdA), Tjeenk Willink (PvdA), etc. have, with the help of this purple cabinet, corrupted the entire politics, the entire judiciary and the entire O.M. (Public Ministry) and poisoned our entire country with extremely toxic carcinogenic substances. All this with abuse of large amounts of public money (subsidy) under the cover of ecological, environmentally friendly, biomass, green electricity, sustainable, CO2-reduction, KOMO-label, environmental concrete, secondary fuel, reuse, Rio de Janeiro protocol and Kyoto-protocol.

This all started from the Lubber III Cabinet, in which Wim Kok was Minister of Finance and Jan Pronk was Minister of Development Cooperation. It is precisely they, the Dutch Labour Party, but also the established CDA in Brabant and Limburg, who pose a great threat to our society and to keeping our country livable. The following appended documents make this absolutely clear:

- i.** My letter of 22 April 2002, ref. VROM/22042/vz, to the Minister of VROM, J.P. Pronk (PvdA).*
- ii.** II. My request for objection dated 28 January 2002, reference: Bes/28012/wra, by A. Kosto to the Council of State (PvdA). iii. III. My letter dated 13 April 2001, reference: TEK/13041/vz to the President of the Lower House of Parliament Mrs J. van Nieuwenhoven and her answer to it (Labour Party).*
- iv.** IV. My complaint of 24 February 2002 to the National Ombudsman about Wim Kok (PvdA) and the response of the National Ombudsman.*
- v.** V. My letter/press release dated 2 May 2002 to environment alderman E.H.G.J.M. Huijbregts van Sint Oedenrode (cause PvdA and CDA). vi. VI. My declaration of 10 April 2002 of committing forgery in writing by the state councils of R. Cleton, Dr. J.C.K.W. Bartel, R.J. Hoekstra and P. van Dijk, including newspaper articles. (Cause: Tjeenk Willink PvdA and formerly Scholten CDA).*

I would like to ask you to take a good look at these documents and their attachments. I hereby give you permission to use all documents in your fight against the current criminal settled political power, called polder dictatorship.

You can count on my knowledge and experience in this matter, if you wish.

I would be grateful to receive your response.

Yours sincerely,

Ecological Knowledge Centre B.V.

For these,

Ing. A.M.L. van Rooij

Director c.d.d. René van den Oord (thanks to him)

Pim Fortuyn should have received the letter by 4 May 2002. However, this did not happen. On 22 May 2002, i.e. 18 days after dispatch, this letter was only offered to Fortuyn BV. Pim Fortuyn was never able to read the two kilograms of evidence. **Shortly after the murder of Pim Fortuyn** (on 25 May 2002) Ad van Rooij was, by order of deputy mayor Cees van Rossum (CDA) and councillor Henriette van den Berk- van de Laar (CDA) of "Sint-Oederoede in the Eindhovens Dagblad", **depicted as an environmental activist** in order to be put on an equal footing with the murderer Volkert van der Graaf, who by the way is not the real murderer. In fact, Pim Fortuyn had a different calibre bullet in his head (from which he died) than in his belly (source: deepjournal 4 May 2007).

According to the book "*Murder on behalf of the crown*" by Ine Veen, the real killer turns out to be a certain *Abu Fatah*? So were Ad van Rooij, his Ecological Knowledge Centre, Rob Brockus, his Sociale Databank Nederland and Robert Kahlman subsequently approached by an agent reporter who called himself Hans Vermeulen, but in reality who was Marco Wetering living in America, in the presence of a certain Allan Waver who only spoke English with a clear American accent? Both gentlemen were said to be employees of the AIVD and the CIA. Ad van Rooij later delivered the two kilograms **of evidence** to Hans Smolders, the driver of Pim Fortuyn. **He stored it in his room** in the Lower House and in a closed cupboard, from which it had **later disappeared**.

He **shared this room with Mat Herben** (freemason), which makes it clear who did this (source: book *Moord namens de kroon*?) Shortly afterwards *Mart Herben* had the cabinet containing the LPF collapse, he **attended the Bilderberg conference** and the *Balkenende I cabinet* was established with the CDA's *Jan Peter Balkenende* (free bricklayer) as prime minister, which is again a personal friend of mayor Peter Maas (CDA) of Sint-Oedenrode (source: *Het echte Nieuws*, 7 November 2009). In order to prevent a new party from emerging that can provide the Prime Minister, Prime Minister J.P. Balkenende set up the "*Innovation Platform*" under his chairmanship in 2003, in which the Presidents *Gerard Kleisterlee* of Philips and *Marjan Ouderman* of Corus, among others, were represented as members, which remained in force until June 2010. The aim of this is to achieve the mass poisoning of the entire world under the cover of "*sustainability*", as described by Ad van Rooij to Pim Fortuyn in a letter dated 3 May 2002, from this continued Hitler cabinet (source: Wikipedia). This is precisely why Philips President Gerard Kleisterlee, in collaboration with the former Minister of Social Affairs and Employment, **Mr J.P.H. Donner** (now vice president of the Council of State) spontaneously **declared her safety manager Ad van Rooij to be 100% incapacitated for work (mentally ill)** as of 24 September 2007 without continued payment of salary as of 25 October 2007, **in violation of the Philips CLA and the Sickness Benefits Act**, in which the lawyer *Ellen Pasman* (the famous Willem Oltmans lawyer) stole € 26,352.13 from Ad van Rooij. (source: dated 22 January 2012 from Ad van Rooij Philips and his lawyer E. Pasman).

It is good to know that the former Minister of Economic Affairs *A. Jorritsma-Lebbing* (VVD) on behalf of "the Dutch State", which no longer exists constitutionally from 18 May 1940, had concluded a "*JSF Co-financing Agreement*" with a large number of companies including Philips Electronica Nederland B.V. shortly before the murder of Pim Fortuyn for the purchase of JSF fighter planes for the benefit of the Dutch Air Force. Mr. *H.J.G. Hendriks*, who entered into this agreement on behalf of *Philips Electronica Nederland N.V.*, is now Chairman of the Board of Philips Benelux and was still the senior manager of Philips safety manager Ad van Rooij. **He has a personal interest in ensuring that Ad van Rooij remains 100% incapacitated (mentally ill) for the rest of his life** without continued payment of wages during illness.

It is also good to know that Pim Fortuyn was strongly against the purchase of the JSF (Joint Strike Fighter) fighter planes and that *Theo Van Gogh* has brought out that ***Mat Herben* received bribes from the American fighter lobby** (source: *De Groene Amsterdammer*). **Theo van Gogh was also murdered on 2 November 2004 in Amsterdam.** Mat Herben was a journalist at the Ministry of Defence from 1977 to 1987. Subsequently he became a journalist for the magazine Manna of Center Parcs founder Piet Derksen. In 1990 he returned to the Ministry of Defence, now as editor-in-chief of the *Defensiekrant*. In 1995 he became general editor-in-chief at the Information Department of the Ministry of Defence. He was editor of "Alle Hens" (monthly magazine for the Royal Netherlands Navy), the staff magazine *De Vliegende Hollander* (monthly magazine for the Royal Netherlands Air Force) and editor for the internet site. In this capacity he played a leading role in keeping the defence whistleblower Fred Spijkers mentally ill to the outside world, because in 1984 he refused to cooperate with a defence plan to cover up the deadly harm of mini-specialist Rob Ovaas as a result of an unsafe mine (source: *Katholiek Nieuwsblad* 29 August 1997).

It is also good to know that municipal secretary *John Jorritsma* (VVD) of Sint-Oedenrode under Mayor *Piet Schriek* (CDA) is a nephew of former Minister of Economic Affairs *A. Jorritsma Lebbing* (now: Mayor of Almere). This ***John Jorritsma* made a quick promotion to mayor of Budel where the factory Budelco is located, of which that arsenic-acidic high-problematic hazardous waste in Superwolman salt-co originates.** After having put everything in order *John Jorritsma* has been promoted to current commissioner of the Queen of the province of Friesland.

On 18 August 1992, under the chairmanship of the public prosecutor *Mr. G. Bos* of the 's Hertogenbosch district prosecutor's office, a secret meeting was held with public prosecutor *G. van Rooij* for this 100% incapacitated (mentally ill) statement from Philips safety manager *Ad van Rooij* by his colleague company doctor *Harry Mol* (both of whom are members of the Philips Occupational Health and Safety Service) on behalf of *Jan Oerlemans*. In that secret meeting it was decided that by order of environmental inspector *H. de Vries* of Noord-Brabant, names Minister *Hans Alders* (PvdA) of VROM, mayor *Piet Schriek* (CDA) of Sint-Oedenrode GGD-arts *Henk Jans* had to send him to *Ad van Rooij* to **declare him mentally ill**. Thanks to *Anton Nigthen* of the *Landelijk Milieu Overleg* and *Jan Juffermans* van de *Kleine Aarde* **this failed.**

In recognition of this, *Henk Jans*, a GGD doctor, was awarded the Provincial Environmental

Prize of North Brabant in 1993 by the commissioner of the Queen of North Brabant Frank Houben (a close friend of Queen Beatrix). (*source: Het Echte Nieuws 26 November 2007*)

From 1993 onwards **Ad van Rooij, his family, his parents and his horse husbandry** (later on, the Camping and Pentecostal 'Dommeldal') **had to deal with** one after the other with **destruction, terror**, attempted manslaughter from the Van *de Biggelaar* family in particular (neighbour of Ad van Rooij).

For this, the van den Biggelaar family was richly rewarded by first mayor *Piet Schriek* (CDA) and then mayor *Peter Maas* (CDA). Ad van Rooij's many criminal declarations against this were never dealt with. On top of that, Ad van Rooij, his wife, his horse husbandry from 1993 to the present had to deal with one after the other unlawful seizure, high imposed penalties and sealing of business premises, up to 19 years long. All this with the help of the police and the judiciary, **which continues to this day** (*source: bezwaarschrift d.d 24 mei 2012 van Van Rooij aan B&W van Sint-Oedenrode*).

It is the same Dutch GGD doctor *Henk Jans* who, from the bi-national (Netherlands and Belgium) expert working group, assessed the medical and environmental aspects of the *pesticide XENTARIWG*, with which, within a number of municipalities in Belgian Limburg (including Bree and Maaseik), he had the preventive control of the oak processionary caterpillars carried out with large amounts of Belgian government subsidy without the required legally prescribed permits. This is because GGD doctor Henk Jans had assessed it as a biological product with no environmental or health risks.

However, research carried out by the Ecological Knowledge Centre B.V. has shown that the **pesticide XENTARIWG is an extremely toxic** and even carcinogenic pesticide, with which all Belgian fruit and vegetables have also been sprayed for no less than 10 years (thanks to this expert Henk Jans?). This is **in addition** to the tens of millions of kilograms of highly toxic carcinogenic arsenic acid and chromium oxide (**chromium VI**), which can be completely dissolved in water, from the impregnated wood that was dumped from the Netherlands and Belgium on the advice of the same medical environmental health physician Henk Jans, for which he received the Provincial Environmental Award 1993 of Noord-Brabant on 16 November 1993 from the hands of the Commissioner of Queen Frank Houben (CDA), chamberlain and personal friend of Queen Beatrix and witness at the wedding of Crown Prince Willem Alexander and Maxima. (*source: Deskundigenrapport d.d. 6 maart 2012 van het Ecologisch Kennis Centrum B.V.*)

When Ad van Rooij entered the elections for the Dutch Second Chamber of the States General on 22 November 2006 for "*Lijst 14*", this list was hushed up by the media (by order of the continued Hitler cabinet). Dutch journalist *Julius Vischjager* (editor-in-chief of *The Daily Invisible*), who for more than 30 years has had the unique lecture that he was allowed to ask the last question during the Prime Minister's weekly press conference, **told Ad van Rooij that a brigade from abroad was on its way to kill him. Julius Vischjager then wrote an article about this in The Daily Invisible which was the rescue for Ad van Rooij.**

Ad van Rooij was at the side of the last raid on 22 April 2010 fled to Belgium and, on 6 May 2010, applied for asylum from the police with responsible minister Joelle F.G.M. Milquet (*source: Het Echte nieuws 12 mei 2010*).

It is these genocide crimes committed from the Dutch Royal House (Hitler Cabinet) from 5 May 1945 to the present day with pesticides poison, Chemtrails poison, fluoride poison, aspartame poison, vaccination poison, radiation poison, cosmetics poison, etc. 5 to 10 years from which only in the Netherlands and Belgium at least 10 million people will die prematurely from cancer or other serious poisoning diseases.

With this in mind, **Belgian Minister Laurett Onkelinx** (PS), who is responsible, has spent no less than **EUR 45 million** in subsidies (**Belgian tax money**) and the Flemish government, on top of that, has spent some **EUR 8 million on vaccinating girls** between the ages of 14 and 18 with the **Gardasil HPV** vaccine against cervical cancer.

Nobody in Europe, even the authorization holder of this Gardasil vaccine, *Patrick Dhont* MD, Medical Affairs Manager of Sanofi Pasteur MSD, is aware of the legally required material safety data sheets (MSDS) to be allowed to introduce these vaccines in Europe and Belgium. Let alone to use. **Nobody in Europe, not even the European Commission, knows what chemicals the Gardasi-HPV vaccine contains.** All children who are vaccinated with it are thus guinea pigs for the **American pharmaceutical company MERCK & CO, INC**, and from the Dutch royal family continued Hitler Cabinet.

Even those who had the Mexican flu vaccine were injected with the banned carcinogenic poison and chemical waste. (*source: Philips safety manager A.M.L. van Rooij's in-depth investigation of 24 October 2009*).

Flaraxin: *Erik Verbeen* of the No Cancer Foundation therefore saw with regret that products of plant origin, such as Flaraxin, which in 90% of cases are efficient and in many cases can make tumours disappear, are being thwarted in Europe. He does not understand this because Flaraxin is 10 to 20 times cheaper than the currently prescribed chemo treatment, which should be welcomed with open arms at a time of great government austerity. This is all the more reason why the chemicals used in chemo treatment have to kill cancer cells in which the patient does not even die. The patient is then allowed to recover and is given a new course of treatment. In this way **the cancer patient with his chemotherapy goes through a deep valley** with usually some chance of healing. With this treatment, the killing of all cancer cells does not always take place completely after which the chance of a relapse is high. Usually this cancer is more aggressive than the first one and the patient still dies from his cancer. Flaraxin tackles the cancer in a completely different way. Flaraxin makes its own intererone, stimulates the immune system and has the property that then the cancer breaks down. Flaraxin works fast and has almost no or no side effects. This may not be used from the same continued Hitler cabinets from former Dutch territory. Therefore, on 7 April 2011, the public prosecutor *Marc Rubens van Hasselt* ordered an unannounced raid on No Cancer Foundation, led by Commissioner *Jos Opdeloch*, in which Flaraxin products, the bookkeeping, the medical supplies and the medical supplies were inspected.

The house from which the No Cancer Foundation operates has been seized and confiscated, and continues to be so to this day. (source: PV002702/2011 from interrogation Erik Verbeek)

The No Cancer Foundation makes it possible for SCIENTIFIC & TREATMENT CENTER FOR CANCER CURING PHOENIS from the Ukraine to apply the permitted Flaxaxin all over the world. Because the countries of the European Union do not support this, it is very difficult within Europe.

The No Cancer Foundation hopes that this letter to Princess Maxima will contribute to a global political upheaval in which no longer thousands of euros are spent on subsidies for products and processes that poison us en masse with carcinogenic substances such as arsenic acid and chromium VI, but that money will go to suppressed technologies and products of plant origin, so that our children and grandchildren also have a life on our earth.

The Netherlands ceased to exist

1 The Netherlands (a member state of the Netherlands) ceased to exist on 18 May 1940.

2. The global consequences of the above revelation.

With the facts mentioned under chapter 1, it is established that "The Netherlands (Member State of the Netherlands) and "The Dutchman" should have been "The German" from May 18, 1940 until May 5, 1945, and that from May 5, 1945, "Germany (Member State of Germany)" should no longer exist. On former Dutch territory the Hitler-Kabinet has continued silently since 5 May 1945 under the leadership of the succeeding Dutch heads of state Wilhelmina, Juliana and Beatrix, driven by the secret Bilderberg conferences, founded in 1954 and chaired by first Prince Bernard, then Queen Beatrix and now the Belgian Etienne Davignon, whereby the Nazi regime was taken over by the European Union. What the consequences are for Belgium, European Union, United Nations, NATO and other associations and clubs as the Bilderberg conference club of Rome, club of Madrid but also involved banks and companies etc. you can read below.

- I. The Dutch Constitution and all other legislation declared applicable in the Netherlands from 5 May 1945 are not legally valid.*
- II. All Dutch prime ministers, ministers, state secretaries, MPs, members of the House of Representatives, commissioners of the Queen, members of the Provincial Council, members of provincial councils, mayors, aldermen and councilors, as well as all Dutch lawyers who have taken the oath of office to the Queen from 5 May 1945 to the present day, have taken it in the continuation of the Hitler Cabinet and are therefore responsible and liable for the general poisoning of the world, which will result in more than a billion poisoning victims (cancer Jews) in the next 10 years. They are therefore responsible and liable for the greatest genocide in world history.*
- III. All judgments, orders, judgments and judgments made by the Dutch Courts, Courts of*

Appeal, Central Council of Appeal, Trade and Industry Appeals Tribunal, the Council for the Judiciary and the Council of State from 5 May 1945 to the present day "in the name of the Queen" are not legally valid.

- IV. *All Dutch passports, identity cards, etc. issued from 5 May 1945 to date are not legally valid. The Dutchmen in question are therefore stateless.*
- V. *In view of points 1 to 4 above, the announced elections to the Lower House of Parliament on 12 September 2012 cannot be held in the Netherlands and part of the elections to the Lower House of Parliament must be held in the Netherlands residents of the former Netherlands (among the rivers) to be allocated to Belgium and to apply for a Belgian passport and the remaining part (above the rivers?) to be allocated to Germany and to apply for a German passport; because these countries do exist in law and have a Constitution and a Constitutional Court.*
- VI. *All decisions, sentences and judgments handed down by the International Criminal Court in The Hague on persons suspected of genocide, crimes against humanity and war crimes are invalid because they were pronounced on the territory of a non-existent country on the recommendation of the United Nations, which was co-signed by the continued Hitler Cabinet from former Dutch territory. In addition, this "genocide" is disproportionate to the poisoning genocide of billions of world citizens from the former Dutch territory of the continued Hitler Cabinet.*
- VII. *All politicians, political parties, individuals, banks, institutions, companies, churches, etc. who have attended the secret Bilderberg conferences since 1954 to date are responsible and liable for the poisoning genocide of billions of world citizens there that took place from the Hitler cabinet, which continued on former Dutch soil. A copy of this letter to Princess Maxima will therefore be submitted to the current Belgian chairman, Etienne Davignon, before 31 May 2012, with the explicit request that the secret Bilderberg conference from 31 May 2012 to 3 June 2012 at Westfields Marriott Washington Dulles hotel, Virginia be cancelled and that it be decided that no more secret Bilderberg conferences will be organised in the future.*
- VIII. *The Benelux Treaty with the Netherlands must be dissolved immediately due to the fact that the Netherlands has not existed since 5 May 1945 and that Belgium does not wish to be associated with the Hitler Cabinet, which continued on former Dutch territory. We will inform King Albert II of Belgium of this by submitting a copy of this letter to Princess Maxima, asking her to consult Princess Maxima, European President Herman van Rompuy, on this matter in Brussels, on behalf of the No Cancer Foundation. We propose that King Albert II ask Princess Maxima to be President, because she has had great difficulty in making this public for the first time and is independent, since she has never attended a Bilderberg conference.*
- IX. *All the European treaties, in particular the Treaty of Maastricht and the Treaty of Amsterdam, are not legally valid. This is because these treaties were signed on former Dutch territory from which the Hitler Cabinet has continued since 18 May 1945 and was co-signed by a member state of the Netherlands that does not exist constitutionally. This means that the European Community will have to be brought back after the time before the Maastricht Treaty with the statement that the inhabitants of the former Netherlands will have to be given a Belgian or German nationalist. This means, in concrete terms, that only Belgium, Denmark, Germany, Greece, Spain, France, Ireland, Luxembourg, Portugal and the United Kingdom*

will be part of this new European Community, that the old coins (with the exception of the guilder) will come back and that the borders will have to be closed again, from which a new politics, new economy and a new social life can be built up, in which our children and grandchildren can also still live. We shall inform the current President of the European Union, Herman Van Rompuy, who is also President of the European Council, by submitting a copy of this letter to Princess Maxima. This with the request to discuss this in Brussels with Princess Maxima, King Albert II of Belgium, other persons he desired and undersigned on behalf of the No Cancer Foundation.

- X. *The announced European Stability Mechanism (ESM) cannot take place on 1 July 2012, as has already been announced, on the basis of the above-mentioned points 1 to 9.*

We ask current President Herman van Rompuy of the European Union to inform the European Council about this and to have it published as soon as possible via the European Union press officers.

- XI. *the Hitler-Kabinet, which was continued from Dutch territory from 5 May 1945, managed by the secret Bilderberg conferences with the support of the Vatican and the Christian parties, from which at least one billion world citizens will die prematurely within the next ten years and at least one billion world citizens will die prematurely within the next ten years from serious poisoning diseases (including cancer), should be immediately banned by the Holy See. This is because the ten Commandments of God have been dealt with in a very serious way. We will inform Pope Benedict XVI of this letter to Princess Maxima and ask him to forgive them all, so that we can work on a new world in which the Ten Commandments of God are actually observed and monitored by the Holy See for their observance.*

- XII. *The United Nations in this form must be dissolved because of the fact that, as of May 5, 1945, the Netherlands did not exist and therefore could not be a member of the United Nations. Nor does the United Nations wish to be associated with the Hitler Cabinet, which continued on former Dutch territory. It is of great importance that the United Nations continues to exist because of its network and infrastructure. We desperately need this in order to achieve a global political upheaval in which no longer billions of euros are spent on subsidies for products and processes that poison us en masse with carcinogenic substances such as arsenic acid and chromium VI, but that money is used for suppressed technologies and products of natural and vegetable origin, so that our children and grandchildren also have a life on our earth. We will therefore send a request to the current Secretary-General of the United Nations, Ban Ki-moon (South Korea), in the form of this letter to Princess Maxima, translated into English.*

- XIII. *The NATO in this form should be dissolved due to the fact that the Netherlands does not exist as of 5 May 1945 and can therefore not be a member of the NATO. Nor does NATO wish to be associated with the Hitler Cabinet, which was continued on former Dutch territory. It is of great importance that the NATO continues to exist because of its network and infrastructure. We need this very much in order to maintain social peace in the coming difficult years, in which more than a billion world citizens will die from poisoning diseases (cancer) as a result of the continued Hitler cabinet from former Dutch territory under the direction of the secret Bilderberg conferences. We will therefore send a request to the current Secretary-General of the NATO Anders Fogh Rasmussen with this letter, translated into English, to Princess Maxima in support of her request.*

- XIV. *Clubs such as the Club of Rome, the Club of Madrid and other clubs, associations, etc. of which the Netherlands is a member cannot continue to exist on account of the fact that the*

Netherlands has not existed since 5 May 1945 and can therefore not be a member of these clubs, associations e.d.

We will therefore ask the chairmen of those clubs, associations, etc. to send the letter to Princess Maxima, translated into English.

3, Proposal for a solution in which our children can also live.

For a solution in which our children and grandchildren can also have a life, we must be able to forgive everyone who has contributed to the poisoning of our earth. That is why it is of the utmost importance that someone from the Dutch Royal Family as chairman is going to pull this turn around in the world. We see Princess Maxima as the most suitable candidate. Dim because I am a hostage to this problem of world destruction, in which the Dutch Royal Family has ended up, is the only one to have made this public from that Royal Family and has never personally attended a Bilderberg conference and is therefore independent.

4. Request from No Cancer Foundation to Princess Maxima

In view of the above facts, we ask Princess Maxima to put an end to this mass poisoning of the earth and its inhabitants, which was set in motion by the Dutch royal family.

In order to put an end to this unnecessary mass poisoning, we ask Princess Maxima to become chairman of the consultative body proposed above, in which the No Cancer Foundation is also represented.

Pending your answer to this request, we will stay.

Please accept, Sir, the assurance of my highest consideration.

1. Cardinal Pacelli awarded Franz von Papen the high papal decoration of the Grand Cross of the Order of Pius. *Correction: Franz von Papen*
https://en.wikipedia.org/wiki/Franz_von_Papen

Note: Franz von Papen: German nobleman, Roman Catholic monarchist politician, General Staff officer, and diplomat, who served as Chancellor of Germany in 1932 and as Vice-Chancellor under Adolf Hitler in 1933 to 1934, and who helped him come to power. Born into a wealthy and noble Roman Catholic family in Werl, Westphalia... He always believed in the superiority of the aristocracy over commoners. Fluent in both French and English, he travelled widely all over Europe, the Middle East and North America. He was devoted to Kaiser Wilhelm II. Influenced by the books of General Friedrich von Bernhardi, Papen was a militarist throughout his life.

2. This made it possible for Hitler to operate a one-party regime with the support of the Vatican because the Vatican withdrew its support from the “Deutsche Zentrumspartei”. (source: wikipedia) <https://en.wikipedia.org/wiki/Reichskonkordat>

The **Reichskonkordat** ("Concordat between the Holy See and the German Reich) is a treaty negotiated between the Vatican and the emergent Nazi Germany. It was signed on 20 July 1933 by Cardinal Secretary of State Eugenio Pacelli, who later became Pope Pius XII, on behalf of Pope Pius XI and Vice Chancellor Franz von Papen on behalf of President Paul von Hindenburg and the German government. It was ratified September 10, 1933 and it has been in force from that date onward. The treaty guarantees the rights of the Roman Catholic Church in Germany. When bishops take office Article 16 states they are required to take an oath of loyalty to the Governor or President of the German Reich.

The treaty was an extension of existing concordats already signed with Prussia and Bavaria. Concordats have been used to create binding agreements to safeguard church interests and its freedom to act, particularly in countries that do not have strong jurisprudence guaranteeing government non-interference in religious matters or where the church seeks a privileged position under government patronage.

The municipality of Wageningen commemorates and celebrates for many years on 5 May a 'capitulation' in that place on '5 and/or 6 May 1945'. The municipality commemorates Prince Bernhard on 1 December, especially his presence at that 'capitulation' on 5 May without a function.

Is it possible that banks insure their staff and the owner of the bank collects the insurance?

Is it possible that we can also talk about 400,000 organ donors or in case of birth acte insurance with the Vatican? Hence my question: Is there a trade in birth certificates and, at the same time, a donor trade because of the obligation to be a donor?

6. The Dutch people want clarification why the current Queen Maxima has not responded to the letter sent by the www.nocancerfondation.org. This registered letter sent on 27 May 2012 has been sent with the request to Princes Maxima to save the world from total poisoning with highly toxic carcinogenic poison. In the same letter you will find a history list of facts of crimes and questions that like if we can call our country “The Netherlands” an legally valid state? **What possible reason is their that our Queen Maxima not responded?**

A. Relationship that Maxima inadvertently caused a wave of massive criticism when in a speech to the Scientific Council for Government Policy 2007 she said that in the seven years that she had been in the Netherlands, she had been unable to find the Dutch identity. Maxima is quoted as having said the following: quote: ‘but 'the' Dutch identity? No, I have not found it’.

B. Relationship Argentina

She graduated with a degree in Economics from the Pontifical Catholic University of Argentina (UCA) in 1995. This private university is governed by a directory of local bishops, including the current Pope Francis, then Archbishop of Buenos Aires and Grand Chancellor of UCA.

During her student years, Francis presided over the traditional Mass at the beginning of classes. She later completed her studies with a Master's degree in the United States.

According to Steve Pieczenik (MD, PhD, former United States Department of State official, psychiatrist) assisted the Argentine Military Junta between 1976-1977 in its crackdown of Priests and Nuns who tried to counter their repressive regime. Pope Francis assisted the Junta in its drive to counter the Liberation Theology movement. Fancy that – the current Pope – assisted in the arrest, torture and subsequent murder of fellow Catholic Priests and Nuns.

Here's the grail! History; the connection between the house of Orange and the Church)

In relationship with her sister dying *Ines Zorreguieta* 33 was *found dead* in her apartment in Buenos Aires. Zorreguieta had died of an alleged hanging, which a palace spokesman described as a suspected suicide. Queen Maxima has cancelled all upcoming engagements and will be travelling to Argentina for her sisters funeral. The Zorreguieta family was both controversial and extremely well connected. Queen Maxima was a recent attendee of the Davos conference, as spotted by a reporter from The Telegraph at the 2016 meeting who described seeing, "Nat Rothschild and HM Queen Maxima of the Netherlands mingled with Marc Bolland, the outgoing chief executive of Marks & Spencer, Jamie Dimon, the chairman of JP Morgan, and Sir Mike Rake, the chairman of BT Group, to name but a few. George Zorreguita, father of both Ines and Queen Maxima, was Argentina's Agricultural Minister under the regime of General Jorge Rafeal Videla, who was responsible for "large-scale human rights abuses and crimes against humanity that took place under his rule, including kidnappings or forced disappearance, widespread torture and extrajudicial murder of activists and political opponents as well as their families at secret concentration camps. An estimated 5,000 -30,000 political dissidents vanished during this period." Ines Zorreguita was a psychologist who had worked as a researcher for the United Nations, and for Argentina's Ministry of Social Development, related to the National Secretariat for Children, Youth, and Family.

It is unclear if the Rothschilds or United Nations are involved in Zorreguita's death. The story is developing.

What do Prince Bernhard's Nazi past, Project Paperclip, the Argentine region of Bariloche and Máxima have to do with each other?

What role did the Pope, the Zorreguieta's and the Oranges play in the human rights violations and laundering of crimes that took place in Argentina during both the Second World War and the Dirty War?

The common past of the Nazis and Bariloche

The Zorreguieta's and the Oranges have a holiday home in Bariloche. If we add this to Prince Bernhard's wrong war past with KLM role in smuggling Nazi criminals to Argentina. Hitler and Eva Braun also fled after the war to this place in order to escape a conviction during the Nuremberg Trial.

The Bariloche area was a kind of Swiss-German enclave in Argentina and Máxima spent an important part of her youth here. **Máxima joined the Dresdner Kleinwort Benson bank and then Deutsche Bank in New York. Immediately after her studies, she was also vice president of Latin American Institutional Sales at the bank HSBC.**

The Dutch royal Queen Máxima Zorreguieta and King Willem-Alexander van Orange share the **same ancestor Pieter Halbach** (1634 - 1686), if DNA research confirms this genetic origin. All these connections are not as accidental and innocent. Certainly what happened during Project Paperclip after the war and during the Dirty War in Argentina.

The fact that both Prince Bernhard and Prince Claus, the grandfather and father of the current king Willem-Alexander, had ties with the Nazis is well known. Both Prince Bernhard and Prince Claus are also mentioned by numerous witnesses in connection with **pedocriminal and satanic abuse**. As spokesman for the organisation ITCCS, Kevin Annett investigate these crimes committed by churches, royal houses and the state for years. Despite the gross accusations of human rights violations against the former Head of State Queen Beatrix, Prime Minister Rutte and other influential persons, they have never openly defended themselves against these accusations. **The Dutroux case is also interwoven with the Dutch Zandvoort case an international paedophile network that extends to all kinds of European countries.** What all these files have in common is that the crimes and involvement of elite figures were either not investigated or quickly covered up.

Their contaminated family history and links with dubious regimes should be reason to dig deeper into the real agenda of the royal family and the role it plays (perhaps partly involuntarily). It is bizarre that the mainstream media has never (honestly) reported on the role of **the Oranges in the Bilderberg group** and the way in which these kinds of secret clubs **influence the real political agenda.**

The special relationship between Máxima and Jorge Bergoglio

At the beginning of the interview I talk to Kevin Annett about the 'special relationship' that Máxima Zorreguieta has (or had) with Jorge Bergoglio, aka pope Francis.

The video footage of the state visit in 2017 shows that the faces of Máxima and Pope Francis begin to shine when they see each other again. This seems to indicate that the two have known each other much longer and much better than the Government Information

Service would have us believe. Moreover, Maxima studied at the Catholic University in Buenos Aires, where Bergoglio was on the board at the time. The fact that the two have known each other for much longer would also appear from the monthly donations that Maxima would have given to the Pope in 2008 for a catholic television station in Argentina. According to the magazine Noticias, **Maxima would have donated a total of 200,000 dollars in that period.**

What kind of relationship Maxima had with Jorge Bergoglio remains to be guessed but in the **Vatican speak of a romance.** "Anything is possible in these circles," based on trauma mind control) and satanic ritual abuse. Looking at the oeuvre of her half sister Dolores Zorreguieta, a visual artist, we see all kinds of references to satanic ritual abuse, child abuse and blood sacrifice. Ines Zorreguieta, Maxima's younger sister, committed suicide in June 2018 at the age of 33.

Bergoglio and Zorreguieta both involved in political disappearances

Bergoglio was a good friend of the Zorreguieta family. During the Videla regime, **Bergoglio would also have played an active role in the disappearance of 30,000 political opponents.**

Most people know that the financial system is not right. The Dutch booklet 'The power of the invisible bankers' sketches a larger perspective of the invisible power structure that determines many things in the world. Below are a number of bizarre facts mentioned.

1 **"The Power of the Invisible Bankers" begins with a list of the American presidents and politicians who have been murdered in the past centuries.** These assassinations all relate to presidential decisions or statements that went against the agenda of the bankers and Federal Reserve.

Andrew Jackson, 7th US president: failed assassination by order of a European banker.

This attack followed Jackson's campaign **to stop the Bank of North America** (the forerunner of the Federal Reserve).

Abraham Lincoln, 16th US president: was murdered because he warned about corruption and power of bankers.

James Abram Garfield, 20th US president: shot because of unpopular financial and fiscal measures, which went against the interests of European bankers.

William McKinley, 25th US president: shot after blocking European Rothschild bankers.

John F. Kennedy, 35th US president: murdered, partly because he went against the interests of the Federal Reserve.

Louis T. McFadden, Republican in House of Representatives: survived two

assassinations. He was poisoned at the third attack. He warned of corruption under the Federal Reserve Board.

The BIS, Bank of International Settlement, acts as a cartel and not subject to Swiss law. In the meantime, this secret bank decides behind the scenes which countries or markets are to be financially attacked. They have the power to cause an economic crisis anywhere and do so deliberately. **The BIS also plays an active role in the worldwide laundering of drug money.**

3

Mark Rutte signed the ESM Treaty in 2012 and gave away control over Dutch Money and put 40 billion euros into the fund. Both the ESM and its staff are inviolable and enjoy full legal immunity.

4

In 1948, **the private Dutch Central Bank sold its shares to the State** but the original shareholders, **including the Dutch royal family** and the supervisory directors, continue to be in charge. Of the ten supervisory directors, **the government may only nominate one person**, the other nine are chosen representatives of the royal or other elite circles.

5

Rothschild founder of the Illuminati. The Illuminati was not created on 1 May 1776 under the direction of Adam Weishaupt, but three years earlier during secret meetings with bankers in the house of Mayer Amschel Rothschild. Adam Weishaupt had later devised a system of striving for absolute power, carried out by people whose people do not know that they exist. Adam Weishaupt enabled the **bankers to implement their secret agenda 21** (referring to the 21st century).

5

The name Illuminati name was inspired by their belief in Lucifer, the bringer of light.

6

Notable ties. In 1785 the Illuminati were banned in Bavaria by Karl Theodoor. Adam Weishaupt fled to Gotha and found protection with Masonic Duke Ernest II of Saxe-Coburg and Gotha, the original surname of the British royal family. **Not only the British royal family, but also the Dutch and Belgian royal family, as well as other European Royals, originate from the German nobility.**

7

At the same time, the Bush family is also related to the British royal family. **Prescott Bush was director of Union Banking Corporation and thus financed Hitler.** Adolf Hitler stems from the bloodline of the Rothschilds.

8Illuminati Rothschild bankers invent and finance all wars and financed Hitler, because they lost control of Stalin. **The Illuminati consists of initiated Jesuits and Masons all of whom are of Kazakh origin. The Vatican has been infiltrated and taken over by Satanic Jesuits and Masons**, who use the Vatican as a cover for their worldwide espionage and dubious banking activities. Their goal is to infiltrate other religions and governments to form one fascist world government and religion based on the Satanism of Lucifer.

"It will be an illusion, so big, so big, that it will fall outside their perception. Those who do see it will be labeled idiots."

A banknote is payable to the bearer on demand, and the amount payable is apparent on the face of the note. Banknotes are considered legal tender; along with coins, they make up the **bearer** forms of all modern money. A **banknote** is known as a "bill" or a "note."16 jan. 2018

What is Fiat Money?

Fiat money is government-issued currency that is not backed by a physical commodity, such as gold or silver, but rather by the government that issued it. Most modern paper "currencies" are fiat currencies, including the U.S. dollar, the euro and other major global currencies. <https://www.investopedia.com/terms/f/fiatmoney.asp>

How your money is protected

If your money is held with a UK institution which is regulated by the Financial Conduct Authority (FCA) or the Prudential Regulation Authority, then you will have access to the Financial Services Compensation Scheme (FSCS) in the event that something goes wrong.

Under the FSCS the first £85,000 (as of January 2017) of your savings (or £170,000 if your money is held in a joint account) is protected in the event that the bank or building society goes bust. **This threshold is the same as the €100,000 compensation offered to savers with European banks.** Remember that the £85,000 limit applies per institution and not per account. That means if you have, for example, £50,000 in an easy access account and £50,000 in a fixed rate bond, both held with the same bank, you'd stand to lose £15,000 in the event that the bank went bust, because you'd only be compensated for a total of £85,000.

If, therefore, you have substantial savings, you should make sure that you don't hold more than the maximum £85,000 with any one bank

The Goldfish Report No. 388: Red and White Dragon's Update on Ending the Fed

<https://youtu.be/eWmT6-q9Vuo>

at min 27:30 approx. the Ambassador is showing the new currencies which are in the central banks since 2 years already ... "The European Union slaves are backing this currency.... nothing else" he said

On The GoldFish Report No. 388, Louisa welcomes the Red Dragon Ambassador and Benjamin Fulford of the White Dragon Society. The discussion surrounds the need to end the Federal Reserve and to establish new currency and a debt jubilee and much more.

The European Economic Community (EEC) was established on 1 January 1958, when **the Treaty of Rome** entered into force. This Treaty was signed on **25 March 1957** by Belgium, the Federal Republic of Germany, France, Italy, Luxembourg and the Netherlands.\

The EEC was the basis of the current European Union. A common market was formed within the EEC. The EEC Treaty contained provisions on agriculture, transport possibilities, and economic relations with non-members. Later on, capital and labour would also be part of the common market.

The Treaty of Rome also established the **European Atomic Energy Community** (also known as Euratom). **The European Coal and Steel Community (ECSC) was already established in 1951.** In 1967, the three organisations were given a single Commission, a single Council and a single budget. They continued to work under the collective name European Communities (EC), but the three treaty organisations continued to exist independently of each other.

In 1993, with the entry into force of the Maastricht Treaty, the name of the community was changed to **European Community**. The reason for this was that, from that moment on, the treaty provisions covered much more than just the economic field.

https://nl.wikipedia.org/wiki/Europese_Economische_Gemeenschap

The Treaty of Amsterdam in 1999 increased the powers of the European Community by transferring part of it from the third pillar. In 2002, the Treaty establishing the ECSC expired after 50 years and the **Treaty of Nice provided for the transfer of powers** from the ECSC to the European Community.

The European Community thus became one of the two European Communities in the first pillar. The European Community ceased to exist in 2009, with the abolition of the pillar structure by the Treaty of Lisbon. https://nl.wikipedia.org/wiki/Europese_Gemeenschap

The European Union (EU) is an association of 28 European countries. The last adaptation to the constitutional basis was in 2009 with the Treaty of Lisbon (signed in 2007).

https://nl.wikipedia.org/wiki/Europese_Unie

The Treaty of Lisbon is a treaty of the European Union, signed in Lisbon on 13 December 2007. It is not essentially a stand-alone treaty: it **changed the functioning of the Union through a series of amendments to the Treaties of Rome and Maastricht**. The consolidated versions of these documents form the legal basis for the European Union. After ratification by all 27 EU Member States, the Treaty entered into force on 1 December 2009.

According to the preamble, the aim was "**to complete the process launched by the Treaty of Amsterdam and the Treaty of Nice in order to enhance the effectiveness and democratic legitimacy of the Union and to make its action more coherent**"[1] The main changes introduced by the Treaty of Lisbon were the abolition of the European pillar structure, the increased importance of qualified majority voting in the European Council, an enhanced role for the European Parliament and the introduction of a President of the European Council and the High Representative of the Union for Foreign Affairs and Security Policy. The Charter of Fundamental Rights of the European Union also became legally binding.

The Treaty replaced the European Constitution rejected by the French and Dutch voters in 2005, https://nl.wikipedia.org/wiki/Verdrag_van_Lissabon

The **Treaty of Lisbon** (initially known as the **Reform Treaty**) is an international agreement that amends the two [treaties](#) which form the constitutional basis of the [European Union](#) (EU).

Opponents of the Treaty of Lisbon, such as former Danish [Member of the European Parliament](#) (MEP) [Jens-Peter Bonde](#), argued that it would centralize the EU,^[5] and [weaken democracy](#) by "moving power away" from national electorates.^[6] Supporters argue that it brings more checks and balances into the EU system, with stronger powers for the European Parliament and a new role for national parliaments.

Negotiations to modify EU institutions began in 2001, resulting first in the proposed [Treaty establishing a Constitution for Europe](#), which would have repealed the existing European treaties and replaced them with a "constitution". **Although ratified by a majority of member states, this was abandoned after being rejected by 55% of French voters on 29 May 2005^{[7][8]} and then by 61% of Dutch voters on 1 June 2005.^[9]** After a "period of reflection", member states agreed instead to maintain the existing treaties and amend them, to bring into law a number of the reforms that had been envisaged in the abandoned constitution. An amending "reform" treaty was drawn up and signed in Lisbon in 2007. It was originally intended to have been ratified by all member states by the end of 2008. This timetable failed, primarily due to the [initial rejection](#) of the Treaty in June 2008 by the [Irish](#) electorate, a decision which was reversed in a [second referendum](#) in October 2009 after Ireland secured a number of concessions related to the treaty.^{[10][11]}

https://en.wikipedia.org/wiki/Treaty_of_Lisbon

The signing of the Treaty of Lisbon took place in Lisbon, Portugal on 13 December 2007. The [Government of Portugal](#), by virtue of holding [Presidency of the Council of the European Union](#) at the time, arranged a ceremony inside the 15th-century [Jerónimos Monastery](#), the same place Portugal's treaty of accession to the European Union (EU) was signed in 1985.^[26] Representatives from the 27 EU [member states](#) were present, and signed the Treaty as [plenipotentiaries](#), marking the end of treaty negotiations. In addition, for the first time an EU treaty was also signed by the presidents of the three main EU institutions.

Prime Minister [Gordon Brown](#) of the United Kingdom did not take part in the main ceremony, and instead signed the treaty separately a number of hours after the other delegates. A requirement to appear before a committee of British MPs was cited as the reason for his absence. <https://www.youtube.com/watch?v=WuhbyHE8mDg&t=235s>

The Lisbon Treaty

KNOWN OUTCOMES THAT HAVE ALREADY BEEN AGREED AS TRUE BY ALL SIDES:

1: The UK along with all existing members of the EU lose their abstention veto in 2020 as laid down in the Lisbon Treaty when the system changes to that of majority acceptance with no abstentions or veto's being allowed.

This is wrong. The Lisbon Treaty did **make changes to how EU law gets passed** which reduced the scope of states' veto ability, but it did not abolish veto powers; Depending on the type of issue it is voting on, it has three different standards for passing laws

a simple majority (where 15 out of the 28 states must agree);

“qualified majority” (where laws must be approved by at least 55% of states, that have to represent at least 65% of the EU's population); and

a unanimous vote (where all voting states must agree, which therefore gives any single government a veto over the law.)

The Lisbon Treaty changed a large number of policy areas from being ones that needed unanimity (thus giving states a veto) to ones that were **decided by qualified majority**.

2: All member nations will become states of the new federal nation of the EU by 2022 as clearly laid out in the Lisbon treaty with no exceptions or veto's.

This is not something contained in the Lisbon Treaty or in any other EU agreements.

3: All member states must adopt the Euro by 2022 and any new member state must do so within 2 years of joining the EU as laid down in the Lisbon treaty.

4: The London stock exchange will move to Frankfurt in 2020 and be integrated into the EU stock exchange resulting in a loss of 200,000 plus jobs in the UK because of the relocation.

The London Stock Exchange (LSE) and Deutsche Börse (its German equivalent) announced in February 2016 that they had proposed a merger to combine their activities. However the merger was blocked by the EU in March 2017, on the grounds that it risk create a monopoly.

5: The EU Parliament and ECJ become supreme over all legislative bodies of the UK

EU law has to be approved by the European Parliament the Council of the EU (comprising relevant government representatives from each EU country). The Lisbon Treaty put the European Parliament's power to approve law on an equal footing with the Council, and **widened the number of areas over which they could make laws.**

The European Court of Justice (ECJ) is the highest court on matters of EU law.

For all EU member countries, **EU law takes “supremacy” over domestic law**—to ensure that rules are applied uniformly throughout the EU. The UK has accepted the supremacy of EU law for some time—

6: The UK will adopt 100% of whatever the EU Parliament and ECJ lays down without any means of abstention or veto, negating the need for the UK to have the Lords or even the Commons as we know it today.

7: *The UK will NOT be able to make its own trade deals.*

8: *The UK will NOT be able to set its own trade tariffs.*

9: *The UK will NOT be able to set its own trade quotas.*

The EU applies a number of “tariff quotas” As a member state, the UK follows these and **can’t set its own quotas.**

10: *The UK loses control of its fishing rights*

Under this policy, the EU sets a limit on the number or tonnage of each species of fish that can be caught by each country in a year.

11: *The UK loses control of its oil and gas rights*

Within the EU, national governments have control over where companies can search for and produce oil and gas in their countries, and over granting licenses to companies. In the UK, onshore oil and gas licensing powers are devolved to Scotland, Wales and Northern Ireland. **So remaining in the EU wouldn’t mean losing these rights.**

12: *The UK loses control of its borders and enters the Schengen region by 2022 -*

This is false. The Schengen area is a group of 22 EU countries and four non-EU countries (Iceland, Liechtenstein, Norway and Switzerland) which don’t have internal border controls. Six EU countries aren’t part of Schengen, including the UK.

13: *The UK loses control of its planning legislation*

This is false. Member states have to follow EU laws on some aspects of planning. **But EU laws on town and country planning must be unanimously supported by member states.** This means the UK can effectively veto EU planning legislation as a member of the EU.

14: *The UK loses control of its armed forces including its nuclear deterrent*

This is false. The EU doesn’t have its own army, although some key players are supportive of the idea. **The Lisbon Treaty sets out that the EU’s “common security and defence policy shall include the progressive framing of a common Union defence policy.”**

UK law also states that no such common EU defence powers can be handed from the UK to the EU without the approval of parliament and a referendum on the decision.

The House of Commons Library says: “Decision making on the use of British nuclear weapons is a **sovereign matter for the UK**. There is no requirement to gain the approval of the United States or other NATO allies for their use and only the Prime Minister can authorise an instruction to fire.”

15: *The UK loses full control of its taxation policy*

The EU does not have a direct role in raising taxes or setting tax rates, and the EU also has no say in how countries spend their tax revenues. **However, the EU does oversee national tax rules, in order to ensure they are consistent with relevant EU policies.**

For instance, all member states have to have broadly similar rules and minimum rates on VAT, and taxes on petrol, tobacco and alcohol.

16: *The UK loses the ability to create its own laws and to implement them*

False. See answers to claims 5 and 6.

17: The UK loses its standing in the Commonwealths

The UK is a member of the Commonwealth—“a voluntary association of 53 independent and equal sovereign states”, **where** “**all members have an equal say**—regardless of size or economic stature”. Commonwealth countries aren't a collective trading bloc, but the UK might seek to do trade deals with Commonwealth countries after Brexit (something it can't pursue on its own as part of the EU). There is some debate as to how feasible and valuable these would be.

18: The UK loses control of any provinces or affiliated nations e.g.: Falklands, Cayman Islands, Gibraltar etc This is not stated anywhere in the Lisbon Treaty, nor would it happen as a result of the UK remaining in the EU.

The future of the UK's relationship with Gibraltar has previously proved a sticking point in Brexit negotiations. The government has set out a “Memoranda of Understanding” on matters relating to Gibraltar, stating that this does “not imply any modification of the respective legal positions of the Kingdom of Spain or of the United Kingdom with regard to sovereignty and jurisdiction in relation to Gibraltar”.

However, some new processes will be established (in areas like police and customs) to ensure cooperation between the UK and Spain after Brexit.

19: The UK loses control of its judicial system

False. See answers to claims 5 and 6.

20: The UK loses control of its international policy

False. See answer to claims 7-9, and 14.

21: The UK loses full control of its national policy

That depends on what you mean by “full control”. The Lisbon Treaty **widened the number of areas over which the EU parliament could pass laws**, see the answers to claims 5 and 6.

22: The UK loses its right to call itself a nation in its own right.

This isn't true.

23: The UK loses control of its space exploration program

The UK has its own space agency that's part of the Department for Business, Energy & Industrial Strategy. It is responsible for leading on UK civil space policy and “its contribution to European initiatives”, coordinating investment and regulating UK civil space activities, among other things.

It also says that **the EU can draw up a European Space policy** and “promote joint initiatives, support research and technological development and coordinate the efforts needed for the exploration and exploitation of space.”

It also gives the European Parliament and the Council powers to create a European space programme. But excluded from this is the power to ‘harmonise’ the laws and regulations of member countries—or make them all the same on the issue.

The UK is a member of the European Space Agency (ESA), which sent astronaut Tim Peake into space in 2016.

The ESA is not an EU body, so whether we stay in or leave the EU our membership of the ESA won't be affected.

Brexit will affect the UK's ability to participate in some collaborative space programs such as the Galileo satellite navigation system.

24: The UK loses control of its Aviation and Sea lane jurisdiction

The **EU has significant influence over the UK's transport policy**. Its rules on aviation cover a number of areas including licensing and safety. Most of these regulations were set out in Treaties which pre-date the Lisbon Treaty.

25: The UK loses its rebate in 2020 as laid down in the Lisbon treaty

The UK, like several other EU members, gets a “rebate” which reduces the amount it pays into the EU budget. The EU has proposed that we would lose our rebate if we stayed in the EU as a full member beyond 2020. **This is in line with an EU proposal to get rid of all the rebates it gives to its members**—including Denmark and the Netherlands—over the course of the next budget.

26: The UK's contribution to the EU is set to increase by an average of 1.2bn pa and by 2.3bn pa by 2020

The Office for Budget Responsibility, the UK public spending watchdog, has forecast that the UK will contribute around €16 billion to the EU budget in 2018, €17.2 billion in 2019 and **€18.5 billion in 2020**. That's after any rebate or discount the UK receives, but before any money is spent in the UK by the EU. In pounds that works out at around £14.1 billion in 2018, £15.2 billion in 2019 and £16.3 billion in 2020, based on the latest exchange rates, or **an increase of around £1 billion per year**.
