Alpha-Pharma Oxanabol (Oxandrolone, 50 pills x 10mg, aka Anavar) is a very popular anabolic androgenic steroid and is considered to be one of the friendliest in terms of side effects. This is one of the few anabolic steroids that carry with it a high rate of success among women, so much so it's often referred to as "The Girl Steroid."

The image features two muscular men standing side-by-side. The man on the left is thinner and has a 'LOW' gauge above him, while the man on the right is much more muscular and has a 'HIGH' gauge above him. In the center, there is a logo for 'SM' (Scott Murray) and a list of effects comparing low and high testosterone levels.
