### 4.- Statement from DJ Detweiler regarding the John Cage 4'33" remix controversy

*"The whole life of those societies in which modern conditions of production prevail presents itself as an immense accumulation of spectacles. All that once was directly lived has become mere representation.*

*Beauty, however, in its general aspect, is the inseparable characteristic of the idea when it has become known. In other words, everything is beautiful in which an idea is revealed; for to be beautiful means no more than clearly to express an idea.*

*In the era of the general restructuring of domination, Dj Detweiller finds itself hunted everywhere and within each individual, being the unemployed as well as the stranger or the pariah. That is why it must camouflage itself under so much artificiality, because DJ Detweiller is the face of the civilian in the midst of the universal militarization of disaster.*

*Yes: it was a Justin Bieber song, but is that really important?"*

-Dj Detweiler
