At Scrap Today Ltd, we buy any cars across the South East. Opening in 2004, we have been delivering quality car scrappage solutions to the people of the region for some 15 years now. We buy any cars for cash value, paid out via bank transfer or cheque, no matter what kind of condition they might be in.

In the years that we have been in business, we have earned ourselves a reputation for the professionalism of our staff, for the great value that we offer when we buy any cars, and the quality of the car scrappage solutions that we provide.
