Proviron is a synthetic, laboratory developed form of testosterone.. The brand-name drug is also known by a generic name: Mesterolone. So when you buy Proviron Mesterolone 25 mg oral tablets, you're buying just one thing: a single steroid.. Before turning to Proviron/Mesterolone however, take the time to research the drug so that you can gauge expectations with use.

Staying in and celebrating this Eid with your loved ones is still a feeling relief in these trying times, hope you all are staying safe. Wishing you a happy & healthy Eid !! ☐☐ We look forward to see you all sooner on Thu 28th May insha'Allah.. !!

The good news is that Proviron does not aromatise. It hinders this dangerous process by binding itself to the enzyme that promotes aromatisation. Therefore Proviron prevents estrogenic side effects and therefore offers protection against the side effects brought about by these side effects.
