Staley denies he used code words of course:

Possible significance of "Snow White" in Emails:

- Verification that the ped0 elite are using coded language in their communications and emails (as suspected with John Podesta and his gang)
- The alternative meanings/slang usages of "Snow White" may shed light on Staley, his sexual deviancies, and what Epstein was able to provide (as well as what the media is keeping hidden from us regarding Epstein's syndicate)

Being as investigators are debating on whether or not "Snow White" is coded language, let's see if it's mentioned in Urban Dictionary

To further explore the possible meanings and significance of the "Snow White" emails, let's revisit Jean-Luc Brunel:

JEAN-LUC BRUNEL UPDATES, HISTORY, & POSSIBLE RELEVANCE TO "SNOW WHITE"

----> Interestingly the article doesn't really mention anything new from what I can tell....didn't the initial articles of his arrest from last year mention he was charged? This next article does mention something additional though:

Interesting recent article here talking about Brunel and Gerald Marie's brief collaboration in 2006...Marie being another modeling agency creep:

BRUNEL'S HISTORY:

Brunel has been accused for decades of sexual abuse, assault, and rape (see my video: "Jean-Luc Brunel: A Refresher" on Bitchute)

In summary: Brunel became an international staple in the world of glamour and modeling after he created Karin models

Eventually turned Karin models into the MC2 Modeling agency - the one Jeffrey Epstein funded for the purpose of supplying underage girls

 - > Timestamp: 11:56 (girl meets Brunel/date rape)

Not only was Brunel a sexual abuser of underage girls, but he drugged and raped them:
