

I CAN TALK TO GOD MEGAPHONES

This week, the kids are learning about the Bible story “Moses and the Plagues.” In this story, Moses had followed God’s instructions but the Israelites still got upset. This is when Moses cried out to God! We want the kids to know that when things are going wrong for them, they can always talk to God about it! To help reinforce this concept, the kids will be making their own paper megaphones so they can practice calling out to God!
