

## INTERNSHIP OFFER

### About us

Are you interested in immersing yourself in the field of European cooperation for territorial development? Then think about working with **Atlantic Cities**.

Based in Rennes, our members work together for the promotion and development of the Atlantic Arc (i.e. western part of France / UK, northern Spain, the Canary Islands and the whole of Ireland and Portugal).

We represent +355 municipalities and 4.5 million inhabitants of the European Atlantic coast.

### What will you be part of?

Join our mission to promote Atlantic Youth opportunities at international level through the Atlantic Futures program, designed to enhance training and create job experiences in different areas of European cooperation projects and implementation. Our young trainees are deeply involved in a truly multicultural and international environment, being given real tasks and responsibilities while building professional connections.

You can hear from our former interns [here](#).

### European Atlantic Youth Creative Hubs Project (AYCH)

AYCH aims at providing young people coming from all backgrounds and levels of education the chance to tackle job competency gaps through vocational training and immersion in real life job situations. Participants are invited to think about future needs and innovative solutions from current societal challenges, such as gender inequality, sustainability and resilient communities, with a design thinking methodology. AYCH activities are built around / to engage with the SDG agenda and thought of to work as pull-up platform for creativity and innovation among youth of the Atlantic Arc.

AYCH is co-funded by the ERDF as part of INTERREG Atlantic Area programme.
