

Hi and welcome to the 4th annual (s)hiver winter arts festival. Again, we hope to illuminate the darkness of this season with three days and two nights of relatively random art, performance, music, and dance from both local and out-of-territory artists. We are able to do so with the support of the Yukon Arts Fund, the City of Dawson, the Klondike Visitor's Centre, Parks Canada, KIAC, SOVA, the Westminster Hotel, the Klondike Conservation Society, the artists themselves, the volunteers, and especially the participants such as you.

Please note! We are going to be taking lots of pictures of everything. You may inadvertently be in some pictures. If you don't want to be in a photo, please tell our photographers and they'll adapt.

Also, a pre-emptive thank you to all of you who are just out checking out the art, performances, music, etc. You enjoying yourselves is an integral part of this festival. We know that it may be cold and dark and you might have thought about not getting out of bed today and just continuing to sleep until it's a respectable temperature outside but you didn't listen to that logical but boring voice in your head and now you're here reading this program. Thanks. If you have nice things to say about us, please post something on our facebook feed or send us an email. Our sponsors love hearing these types of things.

About (s)hiver arts society – We started in 2015 by putting on this festival and became a not-for-profit in 2017. Obviously, one of our main efforts is putting on this festival that you are currently attending. But this is just a start. We strive to promote the arts in the Klondike region by offering opportunities for local artists to show their work and for nascent artists a venue for exhibition. We are looking forward to expanding our

activities in the near future (depending on resources!) and we would love some input about fun things to do. If you want to get involved, please come to our AGM in April or visit our website at www.shiverartsociety.ca or send us an email at dawsonshiver@gmail.com.
