### Fifty Families Drawn For Navy Yard Affordable Housing At Faneuil Hall Lottery

by Kathy Giordano

It's been almost two years since an open invitation was extended to this community by Tom McIntyre of the Bricklayers and Laborers Non-Profit Housing Co., Inc. to come to South Bos-

ton and tour the newly constructed affordable housing units they built for residents being priced out of their own neighborhood. McIntyre wanted to bring similar housing to Charlestown, but needed to see if the resi-

dents would be receptive to the idea.

Quite a few residents took the jaunt over to Southie that morning to take the tour and liked what they saw and heard. Interest began to grow as word spread through town of the possibility that "Townies" might be able to purchase housing within the boundaries of Charlestown — an option not open to them with the spiraling price of houses. Interest grew to the point that over 1,200 applications were distributed last April for only 50 available units to be constructed by the Bricklayers in the Charlestown Navy Yard.

Applicants had to meet guidelines in order to be eligible for the housing: first time home owner, be of low or moderate income

## HELPING YOUR CHILDREN BUY A HOME

Many of our younger buyers are taking up their parents' offers of help in buying their first house or condominium. Parents may provide loans or gifts for the down payment or offer to co-sign the mortgage. At the same time, the children try to involve the parents in the buying process, taking them to see the properties they are considering seriously and hoping for approval of their final decision.

Many of the parents have owned their homes for years and go into shock when they realize how much their children will have to pay for a small starter home, especially if they are looking in a large urban area. If you're helping children, try to remember how expensive your home and mortgage seemed years ago. Remember the buyers' remorse you felt then and the pride of ownership you feel now. Like you, your children will soon grow into their mortgage, and compared to the rent they would be paying for a similar home, it will seem like the best investment they ever made — and they will thank you a lot for helping them to make it possible.

For solid advice on buying or selling real estate, consult the professionals at Century 21, Silva Realty Associates. Please call us at 242-7470 or stop by our offices at 142 Main Street, Charlestown.

Each office is independently owned and operated.

## Ambulance Designated For Charlestown Will Also Be Used In Other Areas

by Mary Ziniti

On a Sunday during the summer of 1987, Charlestown resident Thelma LaVallee was stricken at the Knights of Columbus Hall and waited approximately 45 minutes for medical assistance. All 12 city ambulances were busy at the time and the private company ambulance driving to the scene became lost.

Recently, the state and city agreed to station an ambulance in Charlestown to improve response time during medical emergencies, especially while road construction continues in the neighborhood. However, Dan White, president of Union Local 636 representing the Emergency Medical Technicians (EMTs), has raised some startling facts concerning ambulance service in the City of Boston and, in particular, how it affects Charlestown.

The Massachusetts Department of Public Works (MDPW) will finance a 16-hour per day ambulance for Charlestown, with the city funding the staff and equipment, according to both White and Terry Murray, planning coordinator for the Central Artery/North Area (CANA) project. However, White noted that the vehicle will not always remain within the perimeters of the

Town.

He said that the city is making no commitment to retain the ambulance in Charlestown, as emergencies around the city will call the vehicle into service where needed. Murray said that both state and federal law requires that an available ambulance must respond to an emergency when needed. She did add that Health and Hospitals assured her that Charlestown would have proper ambulance coverage at all times.

Charlestown does not have a high call load of medical emergencies as compared with the rest of the city. Statistics are available from the last quarter of 1987 (October to December), which are multiplied by four to estimate the figures for the total year.

A summary of citywide ambulance demand for this three month period shows Charlestown as the second to last community for both medical calls to 911 with 406 calls and a total ambulance response of 395.

The 12 pieces of equipment covering the whole city include nine EMT units with Basic Life Support Systems and three paramedic teams covering Charlestown, East Boston, Brighton and an area up to the Prudential Center.

Murray said that the state will finance the ambulance for the duration of the CANA construction period, which White said his department, Emergency Medical Service (EMS), understands to be for five years. The 16 hours of Charlestown and Downtown coverage will extend from 7:00 a.m. to 11:00 p.m., according to White. He added that during the eight hours from 11:00 p.m. to 7:00 a.m., one ambulance will cover East Boston, Charlestown and the Downtown area.

This additional ambulance, that may begin service in March, will bring the total of city ambulances to 13.

White also said that no staff yet exists for this added medical vehicle. Although ten people were hired last week, 11 are needed to adequately staff an ambulance and six to

eight weeks of training are needed for new personnel.

An ambulance meant for the town that will leave when needed elsewhere brought to White's mind a similar situation that occurred in East Boston. He said that Action for Boston Community Development (ABCD) got the funding for an ambulance specifically for the East Boston community. However, only 46 percent of the emergencies answered by the East Boston ambulance actually occur in that community.

Such past history in the case of East Boston, White warned, could repeat itself in Charlestown where the ambulance would move a few times and then eventually spend more time in other neighborhoods than the original station area.

The local union president stressed that the construction occurring in and around Charlestown creates

a geographic difficulty for ambulances gaining entry to the neighborhood. White said that the medical vehicle should remain in Charlestown at all times.

An attempt made in having a special detailed am-

bulance stationed in the City Square area for four hours a night during rush hour lasted three to four weeks, White said. He added, however, that the ambulance usually traveled Downtown.

## Life Behind The Wall

by Ronan FitzPatrick

Paris, the City of Lights, is universal among travelers for its news and gastronomic surprises. To date, the inner harbor has been treated to the continual illumination of the **USS Constitution**. The Christmas and New Year activity has waned, but the bright lights cheer the nights and generate solitude. If budget line items warrant the consumption of kilowatt hours, so be it. Approaching City Square from downtown, its sparkling display is indeed a welcome sight. With Roughan's, Barrett's and Blossom's in the vicinity, competition is growing. Without Concorde fares, Paris, a caveat is in order.

Anchorage resident Danny O'Neil was active on an early and cold morning in front of his residence. With Hefty green bags in hand, Dan was loading the trunk of his vehicle, the exact contents subject to wide interpretation. Was the laundry in arrears? A new wardrobe might have predicated a quick trip to Saint Joseph Retreat League for surplus garments. Hopefully the "Townie" uniforms were cleaned from the fall Ireland trip, thus precluding that explanation. When the official word is ready for dissemination, it will be shared. For Dan's mother, Agnes O'Neil, if laundry was the issue I hope your South vacation was well underway.

A return to Saturday banking hours commenced on February 6th at Newworld Bank. Early indications are that this relaxing day convenience received welcome and positive reviews. On a trial basis, the hours on Saturday henceforth will be from 8:30 to noon. Rest and avoid the Friday hassles — management might have struck a needed outlet. With the plethora of automatic teller machines, the return of the human services element of banking will be championed by many.

Without much adieu, the staff at the various residential facilities removed the snow that visited on February 4. A superlative job was rendered by the shovelers with an extra kudos to Cindy of the Anchorage. Within a short period of time, the area boundaries were free of the white deposit. A barren sidewalk greeted the pedestrians with a hearty and huge sigh of delight. Job accomplished, Cindy was able to continue her rounds from within.

Enjoyed the comments from Massachusetts Water Resource Authority member Walter J. Ryan, Jr. last week regarding his aunt and "Townie" friends. Walter graduated from English High with many local residents. Although taciturn on his time of attendance, he did refer to "Townie" Jim Heelen (class of '64), a recent inductee into the English High Sports Hall of Fame. He had fond memories of his aunt who taught at Cathedral with the Congregation of Saint Joseph, who would tutor Walter in his geometry. As a business agent with the heavy equipment operators, Walter has mastered his numbers and logistics. Presently serving as a Mayoral appointment to the MWRA, Walter will be working closely on the mitigation issues with the community. A capable and dedicated professional, Walter is a fine appointment with a strong sense for rational solutions.

At this time, the remaining ten members will be introduced or re-introduced as the case warrants: Chairman James S. Hoyte, members Paul N. Anderson, John J. Carroll, Robert J. Ciolek (Charlestown resident), Lorraine M. Downey, Anthony V. Fletcher, Charles Lyons, Samuel G. Mygott, Margaret A. Riley, and Jonathan Z. Souweine. This is a body that has monumental work at hand (no pun intended), in conjunction with Executive Director Paul F. Levy, to ameliorate Boston Harbor.

Visibility was deliquescing each second during the recent storm, but Marr Construction equipment forged upward at the Carriage Building. Timetables had to be accommodated, storm or shine. In addition to constant traffic, the Marr project occupied a substantial portion of First Avenue resulting in a few detours and different pickup positions for early downtown commuters. The morning ran fairly well. Appreciate the courteous remarks made by the 8:30 a.m. Andre bus driver which warmed the cockles of one's heart.

Struggling over the high bridge, also known as the North Washington Street Bridge, a good samaritan plucked Mary and me from the harsh night. On an abbreviated work day, a ride home under these conditions was gratefully accepted. Shipways' owner Lynn LaMotte was most gracious with her gesture. Arriving at the yard, her kind deeds continued in directing a concerned party to its desired destination. Lynn, we appreciated your warmth and concern.

## Mary Dolan Celebrates Her 90th Birthday

by Kathy Giordano

Mary Dolan turned ninety years young last Saturday, February 6th, and to celebrate the occasion her grandchildren hosted a party in her honor for over one hundred relatives and friends at the Salem Inn in Salem, New Hampshire.

Mary was chauffeured by limousine to the Inn, being told that she was going to see the play "Nunsense" with her children. Instead, she was treated to a surprise party of a life-time that included her grandchildren dressing in gay nineties attire as the disc jockey played music from each decade of her life, while his assistant changed costume to depict the various eras.

Mary has lived in Charlestown for over fifty years — years that have not always been easy for her. Although she has gone through the grief of burying her first husband, Frank Hart, and her second husband, Raymond Dolan, as her granddaughter Barbara Rogers states, "This woman lives life for today and doesn't worry about what may be down the road and it must work, because she still has a great mind and is

more active and peppy than people I've seen half her age."

Mary raised six children, Frank "Albert" Hart, who recently passed away; Henry Hart of the Saxonville section of Framingham; Eva Dillon of Framingham; Regina Holland of West Medford; Shirley Ghiradelli of Somerville and Judith Mitrano of Woburn. She has 24 grandchildren, the oldest being 33 years of age, and 33 great-grandchildren, the youngest being one year old.

She has always enjoyed dancing, bringing her children along with her three nights a week to go dancing and still enjoys watching sports, playing cards and listening to radio talk shows.

Mary has been an R.S.V.P. volunteer at the Kennedy Center for the past sixteen years. She runs the Bingo at the Senior Lounge on Bunker Hill Street three days a week. The Seniors showed their gratitude and affection to her last Thursday when sixty of them turned out in a snow storm to treat her to a party to celebrate her big day.

What better tribute can

## Change In Hours Of Operation At Charlestown Post Office

The United States Postal Service has announced that effective Tuesday, February 16th, there will be a change in the hours of operation at the Charlestown Post Office, located at One Thompson Square.

This postal facility will be open from 8:30 a.m. to 1:00 p.m. and from 2:00 p.m. to 5:00 p.m. on Monday through Friday. There will be no window service from 1:00 to 2:00 p.m. On Saturdays, the hours will be from 9:00 to 11:00 a.m.

In addition to the change in hours, Sunday mailbox pickups will be eliminated beginning Sunday, February 14th. The Postal Service stated that eliminating mailbox pickups on Sunday,

the day fewest letters are mailed, would mean a one-day delivery delay for mail deposited in mailboxes on Sunday.

Postal officials have attributed these changes in service as a means of complying with operating cuts mandated in the recent federal budget.

## Residents Voice Opposition To MWRA Transfer Facility On Revere Sugar Site

"Be aware — be awake — or we are going to get it all if we don't speak up. Ask them nicely, but ask them to take it somewhere else." This statement was delivered by Neal Court resident David Dow in testimony presented to the Massachusetts Water Resources Authority (MWRA) at a public hearing on Tuesday night, February 9th at the Charlestown High School.

The public hearing was required under the Environmental Policy Act to solicit community input on the

change in MWRA's Water Transportation Facilities Plan to utilize the Revere Sugar site on Medford Street rather than Piers 48, 49 and 50, adjacent to the Moran Terminal, as a staging area for the transfer of construction materials to be used in the building of the waste treatment facility on Deer Island.

Residents, some with anger and others with obvious emotion, voiced opposition to the location of the transfer facility in Charlestown, pointing out issues such as

noise, pollution, vibrations, public safety, dirt and health problems.

In his introductory remarks, Paul Levy, executive director of MWRA, stated that when that agency was planning a staging area, they stated a preference for Piers 48-50. Levy said that Massport indicated to MWRA, upon their acquisition of Revere Sugar, that the sugar site would be preferable to the Piers and made the property much more attractive to MWRA by offering them a lower rent and a longer lease. He also indicated that this arrangement fits better into Massport's long term plans for the Piers. He said that there is currently a letter of intent between MWRA and Massport on the use of the Rev-

ere Sugar site.

In a later interview, these points were raised with Lana Razdan, public affairs manager for Massport's Maritime Division. She stated that she was unable to discuss the rental terms of the lease with MWRA as they are still under negotiation. She did say that it would be a ten year lease with two two-year options. As to the plans for the use of Piers 48-50 by Massport, Razdan said that the area is not useful for cargo handling and would be used as an adjunct to operations at Moran Terminal for storage, although the commodity involved has yet to be determined.

Kevin O'Brien, project manager for MWRA, briefly outlined site, truck and

traffic plans. He stated that the present negotiations involve five acres of the Revere Sugar site with the possibility of negotiating for more space at a later date.

He said the truck traffic is estimated at approximately 18 round trips a day at the start of construction in 1990 to the peak of construction in 1994, when the estimate rose to 72 round trips per day. O'Brien said that the truck trips would level off to between 48 and 56 round trips per day through the end of the construction period. He told the group that this traffic would be in "off-peak hours."

As to the truck route, O'Brien said the traffic would use Medford Street to Sullivan Square in order to access I-93.

Resident David Dow opened the public hearing, stating that he was 100 percent against the proposal. He said that there was not room in the community for such a proposal and the impact would be "incredible." Dow pointed out the present traffic congestion. He described the scenario of trucks back-to-back through the streets of Charlestown, with gridlock, pollution, noise.

As to the construction of a service road parallel to Medford Street that has been discussed as a possibility of alleviating truck traffic, Dow compared it to "a chance to change the furniture on the Titanic after it hit the iceberg."

Questioned as to just what would be transferred through the site, O'Brien responded that the operation would involve moving all materials needed for the construction of the \$2 to \$6 billion facility on Deer Island.

Neighborhood Council member Tom Cunha testified that a service roadway or railroad bed wouldn't be built in time for the start of the project and the impact is going to be on what is here now. He expressed

concern for the children playing at the Bunker Hill Pool and the air they will have to breathe. He also noted the traffic jams that will create public safety hazards for the Town. Cunha stated, "Quincy was Winthrop's mitigation, Charlestown is Quincy's mitigation, and there is no place for Charlestown to go... we have two agencies together (MWRA and Massport) and Charlestown is stuck in the middle."

Ken Stone questioned the MWRA officials as to what traffic studies have been actually done, to which O'Brien replied that they have worked with CPTS and the Department of Public Works in coordination for projected traffic. Stone asked how Sullivan Square could handle the projected traffic at peak hours, to which O'Brien responded that "it fails," and qualified that by stating this is the reason off-peak hours are being proposed.

Resident Sis O'Neil told of the difficulties in getting out of Charlestown even in so called off-peak hours. She told the officials, "Take it someplace else, Charlestown doesn't want anymore."

Cunha questioned MWRA as to when the community had accepted the transfer facility. Levy stated that MWRA needs a staging area and based on "reviews," Charlestown was determined to be the best place. Cunha asked him whether the reviews dealt with the people who are affected.

Bob Wallace of Mount Vernon Street brought up the contents of a recent letter that he had sent to elected officials calling for a Blue Ribbon Panel to conduct a health study based on information from a Johns Hopkins University report that the combination of carbon monoxide and noise destroys the cells in the inner ear. He said that the community has lived with the Tobin Bridge for a long time and with factories in the area, "we are in a valley of pollutants."

Wallace complimented Senator Fran Doris, who was present at Tuesday night's hearing, as being the only official to respond to his letter. He said that he felt that Charlestown will definitely get the MWRA staging area and thought

## Resident Honored As United Way's Most Outstanding Volunteer

Lifelong Charlestown resident Helen Chin Schlichte of 50 Main Street, has been named "most outstanding volunteer leader" by the Alexis de Tocqueville Society of the United Way of Massachusetts Bay.

Schlichte received the annual Alexis de Tocqueville Award, in recognition of her deeply rooted commitment to and compassion for people in need, at the United Way's Annual Meeting held recently at the Boston Park Plaza Hotel and Towers.

Founded in 1984 by the United Way of Massachusetts Bay, the local Alexis de Tocqueville Society — named after the French historian who admired America's spirit of voluntary association and voluntary effort for the common good — is made up of individual donors who annually pledge \$10,000 or more to the United Way campaign.

Governor Michael S. Dukakis personally congratulated Schlichte on her award, saying he was delighted to learn that she was being honored by the United Way. "I'm certain that Helen's efforts in support of health and human services have had a real and positive impact on many, many people," said Dukakis. "I'm proud that she is part of my administration."

Very active in the Chinese community and state-wide charity fund raising, Schlichte says her philosophy on volunteering is simple. "We give of our time and our resources not only to improve the lives of those

HELEN CHIN SCHLICHTe

around us, but also to enrich our own lives," she says. "We are blessed to have the opportunity to share."

A state employee since 1955, Schlichte, assistant to the Massachusetts Secretary of Administration and Finance, became associate chairman of the Commonwealth of Massachusetts Employees Campaign (COM-EC) in 1981. Her volunteer efforts through COM-EC benefit hundreds of thousands of people through COMEC-funded human services throughout the state and around the world.

Born in Charlestown, Schlichte's voluntarism began when she was 15 years old reaching outside of her hometown to help elderly relatives in Chinatown find medical care at local hospitals and nursing homes.

"I learned then how to find resources and get them to those in need," she says.

"I spoke English, while many of my older relatives were isolated from care by the language barrier."

Later, Schlichte extended her energies to the community at large. She was appointed to the board of Trinity Neighborhood House in East Boston and later became president of East Boston Social Centers, pioneering a landmark planning study. She also became the first woman to serve on the board of the Boston Council, Boy Scouts of America.

Currently a director of the American Red Cross of Massachusetts Bay, Schlichte arranged for the Red Cross first-aid course to be translated into Chinese, material still in use nationwide.

Also, now president of the South Cove Nursing Facilities Foundation, Inc., she assisted in all of the fund raising, planning and development to build the

\$5.5 million nonprofit South Cove Manor Nursing Home for the Chinese community. She also did volunteer work on the dedication of the Chinese Merchants Association building.

In addition, Schlichte currently holds volunteer positions with numerous other community organizations, including vice president of the United Way of Massachusetts Bay; vice chairperson of School Volunteers for Boston; vice president of the Greater Boston Council, Boys Scouts of America; a trustee of New England Deaconess Hospital; and a director of the Chinese Cultural Institute.

## Fifty Families Drawn For Navy Yard Affordable Housing At Faneuil Hall Lottery

and be a resident of Boston. 70 percent of the housing would go to Charlestown residents and the remaining 30 percent to residents from throughout the City. The units would range in size from one to four bedrooms, and three handicap accessible units would be included. The prices of the units would range between \$75,000 and \$118,500. After all the returned applications were processed, six hundred were deemed to be eligible for a lottery drawing to determine the occupants of this new housing. This lottery took place at Faneuil Hall last Saturday afternoon.

REVIEWING THE AGENDA for the affordable housing lottery last Saturday at Faneuil Hall were Stephen Coyle (left), director of the BRA, and Tom McIntyre (right) of the Bricklayers and Laborers Non-Profit Housing Corporation.

As the hopeful applicants entered the hall, anticipation and excitement filled the air. The hopes and dreams of so many families were visible on their faces. A family of four sat off to the side holding hands and biting their lips. Young couples, newly marrieds and those with growing families sat beside young and older singles — all eager to move into a unit in the Charlestown Navy Yard. Busy small talk could be heard and anxious glances at the competition were exchanged. As each wished the other luck, it was difficult to sit and wait as every nerve in their bodies tightened in anticipation. It was known that by the end of the afternoon fifty very happy families would leave the hall alongside the 550 disappointed applicants who

weren't lucky enough to have their name drawn from the barrel.

Finally, Tom McIntyre took the microphone to greet the over-flowing crowd and he publicly thanked the Boston Redevelopment Authority Board and Director Stephen Coyle for their support and cooperation that helped bring this housing into Charlestown.

Coyle congratulated McIntyre for his genius and willpower to overcome all the obstacles it took to bring the first of the affordable family housing units into Charlestown, stating that "Boston needs affordable housing for Boston fami-

lies." He further stated that both McIntyre and Ted Raymond of The Raymond Cattle Company, the major developer in the Navy Yard, worked together to bring housing of great quality with an urban design to the residents at an affordable price. Coyle also stated that it is the desire of the Authority to build a total of 200

affordable units in the Navy Yard.

City Councillor Bruce Bolling spoke eloquently to those who would be the unlucky applicants of the day's lottery. "You deserve a home to raise your families and supply a better quality of life. Don't be discouraged." He told them to keep applying for every unit made available to them.

Reverend Thomas Reilly, Pastor of Saint Catherine's Church in Hayes Square and Reverend Brian Murdoch, Pastor of Saint John's Episcopal Church on Devens Street were called to the stage to conduct the drawing and the lottery began.

As names were drawn for the three available handicapped units, screams could be heard from around the hall, even up into the balcony as the winners realized that their dreams had come true. More wrenching in chairs and biting of nails continued as each category approached — one bedroom, then two bedroom, then two and a half bedroom, onto three bedroom and finally the four bedroom units. The joy was heartwarming, but at the same time, the disappointment on the faces of those not chosen brought a lump to many a throat.

There will be other chances and other lotteries, but none will be as innocent, nor as hopeful as this, the first. A chance for a home. A chance for a better life. A chance to stay — home.

Listed below are the winners and the alternates picked for each of the six separate categories of housing to be built at the corner of First Avenue and Thirteenth Street in the Charlestown Navy Yard. The completion date is expected to be in October 1988.

## Rumors Surface On The Possible Closing Of Domino Sugar

Unconfirmed rumors surfaced this week that the Amstar/Domino Sugar Refinery on Medford Street would be closing shortly, possibly as early as the end of this week.

Employees have reported that there is little sugar stocked in the plant — only enough for several more days of work. They have also been angered by the fact that the firm, which employs some 230 workers at the Charlestown site, have failed to confirm or deny the rumors of the closing.

John Willis, plant manager for the Charlestown facility, referred inquiries as to the status of the plant to the "president's hotline" in New York. A spokesperson from Amstar in New York stated that she could make no comment on the rumored closing.

Don Gillis, director of the Mayor's Office of Neighborhood Services, stated that the rumor of the possible closing reached their office last week. He said that an emergency meeting was held with the City and representatives of the Sugar Workers Local 1660 on Monday.

Gillis stated that the "Amstar owners have been stonewalling inquiries from the City on this closure." He said that repeated attempts from his office and EDIC to secure information have gone unanswered or

met with a "no comment." Gillis pointed out that the company has an obligation to talk to the workers, the community and the City as to their plans.

Gillis stated that Mayor Raymond Flynn is going to get answers and is committed to do everything in his power to protect these workers. He said that the Mayor will make every effort to see that these jobs stay in Boston.

Gillis stressed that his office will continue to follow this situation closely.

## Attending Conference On "Women And The Constitution"

The Conference is being held in Atlanta, Georgia from February 10 to 12.

Billed as a Bicentennial Perspective, "Women and The Constitution" brings together a broad cross section of Americans for reflections, evaluation and projection of women's past, present and future. The highlight of the conference,

## News From The Charlestown Boys And Girls Club

### PROGRAM HIGHLIGHT OF THE WEEK ★ ★ BAKING CLASS ★ ★

Since October of last year, Joy Gaddy, a volunteer from the Charlestown community, has been teaching a baking class at the Clubhouse each week. This has quickly become one of the most popular activities and Joy and the girls and boys have served up some wonderful creations. For any of us who have tried to bake with one or two "helpers," you can appreciate Joy's patience as she directs as many as 12 Clubhouse members in the fun art of baking. The class meets every Wednesday night at 6:30 p.m. and anyone who would like to join should come on up Wednesday night.

### SCHOOL VACATION SCHEDULE

The schedule of club hours for school vacation week will be as follows: Clubhouse Open Tuesday through Saturday from 10:00 a.m. until 5:00 p.m.; Teen Center Open from 3:00 to 9:00 p.m.; and the Alumni Gym will be open from 4:00 to 5:00 p.m.

### NEW MEMBERSHIP ORIENTATION

Due to the number of new members we have had sign-up at the Clubhouse recently, we have decided to have a weekly orientation time at the Clubhouse. Every Saturday from 1:00 to 2:00 p.m., Eileen O'Brien will meet with new members and explain the rules and responsibilities that are part of a Club membership and also explain the various programs and activities that are available. Each new member will also receive a tour of the Clubhouse and have an opportunity to meet the staff. This is also a time when parents who are considering a membership for their child may come up and find out more on what the Club has to offer. So come on up this Saturday and check us out! You will be surprised at how much is going on at the Clubhouse.

### THANKS

A special thanks to the members of the Charlestown Lions Club who recently helped one of the Club members obtain a new pair of glasses. This young girl, who had broken her glasses, faced a two month wait until Medicare processed her claim. Thanks to the Lions Club, she was able to receive a new pair within days and due to the severity of her poor eyesight, she was spared the difficulty she would have faced in participating in school and Club activities. John Brennan and Bud Coleman of the Lions Club were especially helpful. Charlestown is indeed fortunate to have such a fine group in this community.

### BATTLE OF THE BRAINS

The names of Mariann Smith and Jennifer Ray were inadvertently omitted in last week's column from the list of members who won the Battle of the Brains Contest in South Boston. Sorry about that, Mariann and Jennifer. You are both making a wonderful contribution to the Clubhouse and we are sure your parents are very proud of both of you.

### VALENTINE'S DAY DANCE

The Valentine's Day Dance for six to 12 year olds will be held on Friday, February 12th from 6:00 to 8:00 p.m. The cost is \$2.00 and the dances are open to non-Club members. There will be dance contests, limbo, musical chairs, prizes and much more!

### BOSTON SYMPHONY ORCHESTRA TRIP

The trip to the Boston Symphony Orchestra on Saturday, February 6th was a huge success. The performance, "Music, Movement and Words," included pieces by Stravinsky, Walton and Ginastera. A wonderful breakfast at Huskies was enjoyed before the performance as well as a tour of the Mapparium afterwards. Those who attended were: Melissa Juliano, Julie Treanor, Kerry Pierce, Nicole DeRoeve, Linda Rizzo, Kelly Moloney, Shannon Houlihan, Jodie Wright, Shannon Blaikie, Michelle Gibbons, Stephanie Ward, Katie O'Leary, Tiffany Benoit, Christine Southern, Dawn LaVallee and Kimberly Lawrence.

### COLLEGE CLUB

A Financial Aid meeting will be held on Thursday, February 11th at 7:00 p.m. Anyone interested should bring the F.A.F. form and their tax information. All are welcome.

On Thursday, February 18, a trip to St. Anselm's College is planned, leaving at 9:00 a.m. Anyone who is interested should contact Jean in the library.

### SKI TRIP

On Thursday, February 18th, the Club will be sponsoring an all day ski trip to the White Mountains. Everything you will need is being supplied — all the equipment, lessons, lift ticket and transportation on a greyhound-style bus are included in the \$28 cost per person. In order to reduce this fee, each member who plans on going on this trip will be given 28 raffle tickets to sell in order to raise the money. The prize is two tickets to an upcoming Celtics game. The trip is limited to 30 youth between the ages of 11 and 17. For more information, ask Eileen at the Clubhouse.

## Happenings At The Rink . . .

by Bernie "Scoop" Kelley  
It's Magic . . .

I stand corrected, or better yet, I extend an open public apology to Eddie "The Baron," "Fast Eddie," "Magic Ball Eddie," whatever tickles your fancy when you refer to the "Commish," but the "Baron's" magic ball prediction about something nice coming to our MDC Rink in C-Town, has, as he calls it, "come true," Amen! I suppose some of the praise must go to Eddie's magic ball or a belated Xmas present from Santa. Either way, we now have a brand new "Zamboni" making a permanent home right here at the Emmons-Horrigan-O'Neil MDC Rink. Alleluia!

Assistant Manager Bill "Spiffy" Pesce, who is elated with the efficient, brand-spanking new ice maker and it's obvious as he chauffeurs it around the rink at ice making time, appearing proud of his new machine's work which is like a dream come true for Bill because he had to fix the old "Zamboni" himself everytime it broke down, right, Bill? Now he only has to wash it down! Again, our thanks to those persistent people who didn't give up! I am now a firm believer in the Baron's magic ball. Which reminds me, Eddie, are the locker rooms and the seating stands visible in that magic ball, because we were promised them and they are overdue? Eh, "Baron," now where

did he go? He's in the magic ball room, Scoop!

**Head Referees Never Die, They Just Retire . . .**

Senior Hockey League head referee Stevie "The Claw" Sullivan announced his departure or retirement this past Monday night, effective immediately. This is due to a sudden change in his work hours that unfortunately conflicts with the Senior League schedule. Much to our dismay, we wish Stevie the very best and express a standing "O" for his years of dedication to our League and the part he played as our "Justice of the Un-Peaceful." Good luck, Stevie!

A call has been sent to our "Bush League" in Saskatchewan, Canada for his replacement, Bob Buckley — real bush!

**"Hawkeye," The Man . . .**

A sure sign of manhood is the ability of a real man to stand tall. Sure was nice to see the "Hawkeye" encouraging his teammates from the side-line this past Monday night while sitting out his one game suspension and looking forward to the up-coming play-offs, right, "Hawkeye?"

**A "Bush League" Star . .**

Who's that strong and rangy "Bush Leaguer" acquired recently by the "Huskies," who has the "Rink Hockey Buffs'" tongues wagging after his two goal, two assist performance against the League-leading Crusaders this past Monday night. He display-

ed plenty of hockey smarts, putting his opponents on notice that he comes to play and score. He goes under the name of Pat "Mucka" Myers. His mom and dad, Helen and Phil Myers, say, "He's going to be a great one when he puts it all together, just wait and see." Beware, ye goalies!

**Stomp Out Those Sour Grapes . . .**

The Eagles were devastated after their recent loss to the Terriers, realizing they are now in last place. Talk about someone fainting and losing his breath, how about the entire team . . . screaming and flopping, yelling "foul" about everything including the "aroma" from the team jerseys.

"Sour Grapes," is an excuse from the real cause of their problem — no team-spirit, no team-work . . . gives you . . . no team victory, right, Captain Joe? So, get busy as a team! Remember, with unity you stand, divided you fall!

**Hats Off . . .**

. . . to the Doherty boys, Richie "The Hun" and Mike "The Dasher," who both found the range this past week against the Terriers. Each of them lit the light with one goal and one assist in a losing cause, making ready for the "Man-ly Cup" action in the few weeks ahead. So, hold your fire you "Far-Downs," save them goals for the play-offs when they really count!

**The Real Star Of The Week . . .**

The real "Star" of the week was the veteran Terrier wing, Johnny "Showbiz" Dowd, who performed the "Hat-trick" plus one. He became a "one man army" with some "huning" and some set-ups. Johnny "The Showbiz Kid" did it all, as they say, on his way for the "Gold," and by the way, that's "Showbiz."

**A Standing "O" On A Job "Vera" Well Done . . .**

Our hats are off to the stand-in goalie, swiftly becoming the stand-out goalie, namely, Randy "Rusty not Risky" Vera, the New-man Preppie who fills in for the oldest living veteran net-minder in the League called Tom "Buff & Blue, Always True" Bruiser Bryson on forced R & R (ranting and raving) at some medium security rest home near Quincy, which puts the pressure on the Bush Nov-ice Preppie, Risky Randy, who can handle the net pressure very well as he has proven everytime he was called upon. A super job, "Vera well done," Randy! **From "Ensign" To "Brig - Rat" . . .**

Any "Ensign" worth his "salt," deserves to climb to the rank of "Lieutenant Commander," provided he earns the title, but he may be trading that title for the title of "Brig-Rat" if he doesn't dig his oars in deeper, start pulling his weight and start back-checking his man or he'll win the new title, if the Crusaders con-

tinue to play the way they have, rather than the way they can. Their two loses in the last five games could be just the "Tip of the Iceberg," with them being "Top Heavy" and all, on their "Ego Trips." This reminds me of the 1985-86 "Hot Shot Huskies," who led the League throughout the year only to be eliminated in the Semi's by the last place "Terriers." Sound familiar, Crusaders? Oh, "Brig-Rat," dig them oars in!

**Players Worth Praising . .**

Jack "Jocko" Martin, Leo and Ann's boy, is starting to look like the "Jocko" of old since he stopped reading his stats in the "Sportsline Column." Reading about the "Cadet" as another Wayne Gretzsky, eating up the League was just ruining him. It was too much for him and now it's over. Now he has his Mom, Ann, reading the "Sportsline," which seems to have calmed "Jocko's" nerves. Now he's back to the old "Jocko" again! So, goalies beware, Jocko's back, cover up the net!

Joe "Tip-Toe" Upton, Big Mel's boy, has plenty to brag about down at the fire-barn. "Tip-Toe," who has been lighting fires on all the goalies with his blazing speed and his fiery blasts, has been known to set their pads aflame, or at least aglow or quietly smoldering. Man, this "gaslight" is glowing, right, "Tip-Toe?"

Crusader Captain Ed "Mugsy" Kelly (C.C. Class

of '80), showing some flashes of his tie-breaking victory goal against Malden Catholic at the Walter Brown Arena for a 7-6 Columbus win back in 1980 that had the crowd on its feet, only to watch his own players in victory jubilation pile on him, breaking his ankle bone and almost putting an end to his first love, sports. Ouch, what price glory, for the agony of victory, right "Mugs?"

**Stubble Means Trouble . .**

Eddie "Baron" Johnson, keeping a close eye on the Crusaders star goalie, "Gi-Gi" Mike "Gumper II" Giordano, who also serves as team "Doc" or "Medic" for the internationally acclaimed Boston Baron's that "GiGi" keeps in good physical shape for their upcoming twelve day invitational European Tournament. The Tournament will be held in March, around the 22nd and concludes around April 4, with the Baron's sparing off against Europe's best National Teams (ages 14 to 17) competing in the Chris Verwijst Tournament!

I got it through the DDA (Dime Droppers Association) that the "Baron" would like to change "Gi-Gi's" birth certificate and take him along as a 15 year old goalie for his Baron Team, but "GiGi's" beard stubble makes him look 25. Nice try, "Baron," but it won't work. Besides, what about "GiGi's" girlfriend having no "stubble to rub-ble!"

## Terriers Top Eagles, 7 - 6! Huskies Over Crusaders, 7 - 4!

by Bernie "Scoop" Kelly

### BANQUET COMMITTEE'S REPORT . . .

Commissioner Eddie "Baron" Johnson finally approved and sanctioned the Third Annual Senior League Banquet to honor those outstanding players whose achievements went beyond the call, worthy of our praise and recognition for feats accomplished through competitive play and team victory.

These award presentations will highlight the gala evening planned for Friday, April 22 at the Knights of Columbus (lower hall), 75 West School Street. The evening will commence at 7:30 p.m., following the "Early Bird Special" . . . one complimentary "Dose of Bravado" per player!

The honorary Madam Chairlady for the affair will be Lillian "Sis" O'Neil, wife of our distinguished, honorary Senior League founder and legend, the late Matt O'Neil, Sr. The style of play taught by Matt still nurtures among the older players of the Senior League, which is the hallmark of those early lessons by Matt years ago!

The Committee promises a wide selection of hot and cold entrees, sure to please the most sensitive palate, and, of course, seconds for those with class. But, leave a little room for your sweet tooth . . . that should score a "Goal!"

A guest speaker, or a mystery guest, is being considered to hopefully mystify this spectacular event.

The tickets are presently going to press and should be available within the next few weeks. ### TERRIERS . . . 7, EAGLES . . . 6!

The "Bull Terriers" struck first blood at 12:54. The former Terrier Captain, Paul "The Fox" Wilkins, looking more like the "Ox," has sparked new life into the Terriers hoping to repeat their performance of two year ago when they came from behind to beat the top team. He moved swiftly up the ice, hitting the free man, John "Showbiz" Dowd, who snapped a shot over "Non-Stop Knobby" for a quick 1-0 Terrier lead!

The second period got underway and at 12:17, the Eagle "AAA" Star, Paul Duffy, went post to post, unassisted, and

stuffed it by the "Bubba" for a 1-1 tie game!

Then at 8:19, "Warr-Blitz" Fitz found an errant puck at mid-ice, out-raced the defense and hit the upper corner over "Brawny Bubba" for a 2-1 Eagle lead.

At 6:50, the IRA Far-Downs attacked poor "Bubba" when the "Dasher," Mikey Doherty, working the corner, sent a perfect pass to center ice that brother Richie, "The Hun," spun for fun, making "Bubba" numb, for a 3-1 Eagle lead!

The Terriers fought back when at 5:12, the "Comet," D.J. Harrington, rocketed up-ice, sent a sharp pass to Vic "Mercury" Merullo for a tip-in, and a 3-2 Eagle edge!

At 4:51, Lance "Legs" LeFreniere stopped the puck at the point, sent a slap-shot at "Knobby" that John "Showbiz" Dowd slammed home for a 3-3 tie!

With the second period about to end, the "Hun," Richie Doherty, raced up-ice carrying the defense into the corner. He sent a quick pass back to "Rambo," the USMC Sharp-shooter, who sent a quick, sharp pass over to the "Dasher," Mikey Doherty. The "Dasher" smashed it by "Bubba" for a 4-3 Eagle edge!

Then at 12:24, the "Comet," D.J., hit "Showbiz" Dowd with a sharp pass that "Showbiz" put into the upper corner on the glove side, for a 4-4 tie game. Now, that's "Showbiz!"

The Screaming Eagles took the lead at 12:16 when the "Hot Stuff," Paul Duffy, went unassisted for a 5-4 Eagle edge!

The Eagles soared, then roared, when at 8:48 the Captain, Joe "H & J" Doherty, beat the defense and hit the upper corner over the "Broad Bending Bubba" for a 6-4 lead!

The Terrier Captain Joe "Gung Ho" Wilkins was yelling secret plays to his teammates, when at 3:51, "Showboat" Thornton, under pressure from "Rambo," sent it back to the point where "Captain Joe" slapped it by the "Non-Rob Knobby" for a 6-5 edge!

The "Hat Trick" star, Mike "Casty" Castano, stole the puck at mid-ice and went in alone to beat "Knobby" for a 6-6 tie game!

With only 0:32 seconds on the clock, "Hat Trick Casty" Castano picked up a loose puck at center-ice and sent a neat pass to his pal, "Showbiz" John, for a quick tip-in and a sudden death Terrier victory as time ran out!

### HUSKIES . . . 7, CRUSADERS . . . 4!

The Huskies opened the scoring at 13:12. Wes "Tip" Taylor shot up-ice and sent a quick pass to the Captain, Ed "Biff" Considine, who drew the defense out of position, sending a perfect pass to the new "Bush Leaguer," Pat "Mucka" Myers, who snapped a wrist shot by the "Gumper II," Mike Giordano for a quick 1-0 Huskie lead!

Then at 4:30, the "Gunboat," Ken Guitarr, playing a coy defense, picked up a loose puck and sent a lead pass to the "Bush Leaguer," Mucka" Myers. He worked the puck in close and sent a neat pass to Dennis "Sparky" Callahan who tucked it under "GiGi's" pads for a 2-0 Huskie edge!

The Crusaders looked like "Wimps" until 13:52 of the second period. The "Flash," Matt Mahoney, Moe's boy, broke over the blue-line pursued by Captain "Biff," who forced the "Flash" to let a quick pass fly toward the net. The "Bloody Yank," Mike Anthony, snapped it up and flipped it by "Risky Randy" for a 2-1 Huskie edge!

At 11:23, Mike "Frenchy" Gautreau went unassisted through everyone, including the "Gumper II," for a 3-1 Huskie lead!

Then at 2:41, the "Awesome Ones" led by the "Yank," Mike Anthony, buzzed the Huskie net a few times and sent a quick pass to the "Sheriff," Scotty Geezil, who passed to the "Flash" Matt Mahoney who ripped it by "Randy" for a 3-2 lead!

The energetic "Bush Whacker," "Mucka" Myers, was beating the bushes until he found a loose puck in the Crusader zone. Pulling the Huskie defense in towards the corner, he sent it back to the point where "Gunboat," Ken Guitarr, sent it screaming by "GiGi" for a 4-2 Huskie edge!

At 14:42, the "Frenchman," Mike Gautreau, sent a neat pass to Billy "K.O." Kirk, who hammered it by the "Gumper II" for a nice solid 5-2 Huskie edge!

The Huskies still appeared strong when at 12:38 the Captain, Ed "Biff" Considine, went the full route unassisted, and beat the "Gumper II" hands down on a perfect goal for a 6-2 edge!

At 11:23, the Crusader Captain, Ed "Mugsy" Kelly, circled his net and sent a neat pass to the "Bloody Yank," Mike Anthony. Mike made a lay-off pass to "Dusty Dan" Hegarty who snapped it home for a 6-3 lead!

Within a few minutes, at 9:09, the "Wimps" hit for pay dirt. The "Cadet," Jack "Jocko" Martin, hit the speedster Chris "G.G." Connolly in front of his net. Chris slid it under the open pads of "Rusty Randy," like eating candy, for a 6-4 Huskie lead!

Then, with only 0:11 seconds on the clock, the new "Bush Whacker" Pat "Mucka" Myers sent a wizzer through the near closed pads of the "Gumper II," so blue, to put an end to the slaughter. A victory to the Huskies, 7-4!

## Columbus Falls In Hoop Classic

by Kevin "Hoop" Kelly

This week's action saw the Christopher Columbus girls' basketball team defeat a vastly improved North Cambridge Catholic (5-7) by a score of 50-40. Once again, some outstanding Lady Friar performances were highlighted. Senior guard Mary Nee of South Boston, CC's leading scorer (12 points per game), tossed in a school record 19 points while also dishing out five assists. She received help from senior Stephanie Shamshack of Dorchester (14 rebounds, eight assists), senior captain Cathy Mahoney of Chelsea (12 points) and junior guard Sharon Fidler of Charlestown (ten points).

Columbus was clinging to a shaky 26-25 third quarter advantage when the North End duo of freshman standout Carmen Tammaro and steady-as-a-rock senior guard Lynn Longo (7 points) broke the game wide open. Tammaro set some thunderous picks which sprang Longo for a

couple of clutch long-range bombs. North Cambridge Catholic was never able to recover.

The important win set the stage for the biggest game of the year, as the two hottest teams in the league met in what will go down as one of the finest games ever played in the Columbus gymnasium. Division Three power Saint Clements of Somerville (14-2) outlasted Christopher Columbus (7-7) in a bitterly fought, emotionally draining 48-47 contest. The heartbreaking loss leaves Columbus (5-4 in league play) in a second place tie with Saint Mary's of Lynn in the Catholic Suburban Large conference.

Saint Clements jumped out to an early lead, paced by seniors Flo Russo of Somerville (18 points), Marie Conner of Medford (12 points) and the overall sensational play of Fran Dagle of Melrose (16 points). It was Dagle who would eventually do in Columbus with the game winning bas-

ket. The Saint Clements advantage peaked at 27-18 when the halftime buzzer sounded.

Christopher Columbus shook off their first-half jitters and returned to form in the third quarter. Some nifty passing by Sharon Fidler (eight points, ten assists) and Stephanie Shamshack sparked the Lady Friars to a rally. A much needed lift was also provided by rising star Kristine Fowler of Saugus. The junior center deposited two pressure-packed hoops in the last minute of the quarter to whittle the Saint Clements lead to 35-31.

The momentum continued to swing in CC's favor as Mary Nee (14 points) and Cathy Mahoney (13 points) started to dominate the game early in the fourth quarter. The ever-hustling Nee combined with Sharon Fidler in smothering the Saint Clements offense while Mahoney emerged as a force under the boards. Lynn Longo then stepped up to the free-throw line,

guaranteed money in the bank, and calmly canned both freebies to give Columbus their first lead of the game. Things really looked good for the Lady Friars when a clutch Stephanie Shamshack layup upped the CC lead to 43-39. The teams traded baskets until in the waning seconds of the game and Columbus desperately holding on to a 47-46 lead, Saint Clements' center Fran Dagle, who had a phenomenal eight steals, once again stole the ball and drove to the hoop for the game's deciding points.

## Boston Police Charlestown Explorers Post 1212-15

The good news for Charlestown is that your Charlestown Explorer Post took Third Place at the Winterfest '88 Olympics. Charlestown was able to overcome the stiff competition by a spirit of winning and team cooperation. A large trophy was presented to the Post by the Boston Council. A search is on for a suitable place to display this trophy publicly. Any suggestions? A very Happy Valentine's Day to all.

The next meeting will be Friday, February 12 at 3:00 p.m. in the basement of Saint Catherine's Rectory, 49 Vine Street, side door entrance.

## CHARLESTOWN HEADSTART FIRE FUND

The children of the Headstart Program need the help of each resident, business and organization in this community to assist with the rebuilding of their school on Moulton Street which was destroyed by fire in December. Headstart provides an educational pre-school program and day care for nearly 170 Charlestown children. Although the rebuilding of the structure will take several hundred thousand dollars, a minimum of \$100,000 is needed from this community. Applications have been made to various grants and programs for additional funds.

The building, which is owned by the City, was not insured. Monies must be raised to reopen this vital facility for the community's children.

A Fire Fund has been established and donations are being sought and the help of all is needed. Donations in any amount are welcome — no contribution is too large or too small. All donations will be publicly acknowledged. Please lend a hand in this effort.

## Objects To Globe Editorial On Dividing Charlestown

Mr. Martin F. Nolan  
The Boston Globe  
Editor, Editorial Page  
135 Morrissey Boulevard  
Boston, MA 02107

Re: Response to the **Boston Globe** editorial entitled: "One Community, One Vote," Monday, February 8

Dear Mr. Nolan:

After reading your February 8, 1988 editorial entitled "One Community, One Vote," I find myself compelled to respond. At the outset, your comments relative to the legislative redistricting priority of "keeping communities intact" is highly inconsistent with your suggestion that the Charlestown Navy Yard be "lopped" from the rest of the Charlestown community.

The twin issues of one-man-one-vote and representative government are of the utmost importance to the Charlestown community. This is particularly so in light of the fact that no Charlestown resident has served in the Massachusetts Legislature in the past decade, nor has any Charlestown resident served in an elected capacity in municipal government in over 35 years. This level of disenfranchisement is not the result of an apathetic electorate, but rather the result of a consistent pattern of gerrymandering. The **Globe's** suggestion of further dividing Charlestown will only insure that this disenfranchisement will remain a political reality for years to come.

Your broad intimation that the Navy Yard shares no "community interest" with Charlestown is meritless. From a historical perspective, the Navy Yard has served as a place of employment for generations of Charlestown families. Today, Navy Yard residents "shop in the same stores, worship in the same churches, belong to the same clubs, and attend the same schools" as do the other members of the community. Moreover, many Charlestown elders now reside in the Navy Yard and upon completion of the Bricklayers affordable units, many more Charlestown families will become Navy Yard residents.

To this end, I fully endorse the principal of "one community, one vote." I must strenuously object, however, that this principal may be obtained by "lopping off" an integral part of my neighborhood and further dividing a community along social and economic lines.

Sincerely,  
Brian G. Callahan

## Students Seeking Recipes

The fifth grade students of the Harvard Kent School are working on a special project and would appreciate your help.

Our class would like to assemble a collection of recipes from people who help make Boston the interesting place that it is. We would be grateful if you could send us a copy of your favorite recipe so that we could include it in the cookbook which we hope to create.

The cookbook will be sold to our friends and supporters and the proceeds will be used to fund numerous class activities. We need to receive your recipe as soon as possible so that we will have sufficient time to complete the organizing and printing of the book.

Thank you for your interest and cooperation.

Sincerely yours,

## Residents Voice Opposition To MWRA Transfer Facility On Revere Sugar Site

(continued from page 6)  
that the study should be undertaken in advance of any such project.

Resident Linda Sacco described growing up across from Revere Sugar noting that there was always truck traffic, but not as much as now. She called attention to the noise, the dirt in her house and on her windows. She said that even her house, which is adjacent to the Doherty Playground, shakes when trucks go by.

Paul Murray of Chappie Street reiterated the problem with vibrations in his house from the trucks. He stated that there is a traffic back-up now each morning on Medford Street. He questioned MWRA as to whether they had tested the road, which was constructed on filled land, to see if it could take the weight of the heavy loads. He said that he would like to see studies that have been done. Murray stated, "I don't know what the ramification of this project is . . . but building that multi-million dollar facility is going to wreak havoc in this community."

Soley Street resident Ed Connolly spoke for the ILA in support of this project, pointing out the need for jobs for his members and the resulting support for the pension fund of his union's retirees. He said that he was not going to argue whether the project was good or bad, but he would fight for truck traffic if it meant jobs.

Moe Gillen of Saint Mar-

tin Street, who was appointed by the Neighborhood Council to serve as chairman of the Mitigation Committee for this project, stated that Charlestown was used to agencies and organizations coming in, doing perfunctory public meetings to listen to the residents at least once, and then going on their way. He stated that even though residents prefer that MWRA not be here, the community will probably have to work with this agency. Gillen told them to keep their sludge out of Charlestown, admonishing them that before they bring in their equipment transfer facility, they must listen to the residents.

An Allston Street mother expressed fear of the safety of her three children on the streets. She told them, "If you are telling us there are off-peak hours in Charlestown, you are lying to us." She told them to go down to Allston and Medford Streets and watch and listen to the trucks. She stated, "You are rolling us over and my kids are going to be hurt."

Judy Tibbetts of Cook Street reiterated the fact that trucks are lined up daily, blocking access to and from Medford Street. She made a plea for the safety of the children and asked them to look at these factors in another study.

Elaine McCarthy pointed out the problems with vibrations damaging their house, which is adjacent to the Tobin Bridge. She added that she had gathered over 700 signatures herself within several days, in opposition to the facility.

Cunha questioned the officials as to why use of the railroad had been apparent-

ly dismissed, noting that there are railroad spurs at Revere Sugar.

Jim Walsh from Congressman Joseph Kennedy's office related some of the preliminary discussions their office has had with Guilford Transportation regarding use of the railways. He said that Guilford has indicated verbally an interest to do business and they want to investigate the feasibility of rail transport.

Walsh said that there were several alternatives in the use of rails to this site. He said a "dedicated route" could possibly be established where suppliers would bring materials to the Ayer/Lowell area or along the rail route which would then be brought in on the existing contiguous rail to this area. Another possibility posed by Walsh was that materials could be trucked into the B&M Freight Yard 7 on the Cambridge-Charlestown line and from there be sent by rail to the transfer site.

Walsh stressed that the Congressman's office has only had verbal discussions with Guilford on rail transport and that nothing was in writing. He said that the Congressman supports MWRA's efforts for a clean harbor, but feels that rail must be looked at more seriously as a mitigation measure.

Belmont Street resident Paul Howell cautioned that if rail is feasible, the cars should be brought in all at once during the day and not during the middle of the night.

Levy told the gathering that he thinks MWRA owes it to the community to look at the possibility of utilizing the railroad.

Residents Linda Howell and Jim Mansfield questioned Levy about the site designation. Howell told him to look for another site. Mansfield told MWRA that they came to the community and then went ahead. He said MWRA didn't take the community seriously.

Levy stated that MWRA had to make a decision and "it's too late in the schedule to look for another site."

Resident Bob Ciolek, who is also a member of the MWRA Board, told the residents that he has attended all the MWRA meetings and always expressed opposition to Charlestown as a site. He said that three out of the 11 member MWRA Board are from the City and the vote by the Board was eight to three to put the transfer site in Charlestown.

Ciolek said that Levy and the MWRA Board is committed to working on mitigation measures for Charlestown. He added that he will make sure that MWRA doesn't stay here any longer than is needed to build the facility. Ciolek stated that he will "be damned if sludge is going" here. He said that MWRA has identified 12 sites which will be narrowed to nine at this week's Board meeting, noting that Charlestown is not on the list for the sludge facility.

Levy urged residents to attend a meeting on Thursday, February 11th at 7:00 p.m. at the MWRA Offices in the Charlestown Navy Yard to establish a committee that will work on mitigation measures for the community.

### It's A Girl . . .

Louie and Julia Nadeau of Tibbetts Town Way, Charlestown are proud to announce the birth of their daughter, Kaitlyn Mikal, on January 24th.

Kaitlyn was welcomed home by her sister, Lauren.

The maternal grandparents are Mr. and Mrs. Juan Rodriguez and the paternal grandparents are Mr. and Mrs. Louis Nadeau, all of Charlestown.

### Not For Nothin' . . . But Have You Heard . . .

• **Ernie Oakes** . . . Where were you when we needed you? Proof positive that you weren't around during (and after) our last snowstorm was the deplorable condition of Charlestown's streets! Snow can still be found on many main streets - never mind the side streets. The outstanding job you and your men do (including our own Tommy Donahue) year round is appreciated. Hope you'll be here to dig us out from the storm being predicted for this weekend!

• **Hold the Presses** . . . Wait 'till you hear what they're doing to us now . . . Cutting back hours and service at the Charlestown Post Office! Although our post office at Thompson Square has shown a drastic increase in sales and service due to all the new businesses and residents moving into the town, the "powers-that-be" are cutting back the hours to 8:30 a.m. to 5 p.m. and closed down tight between 1 and 2 p.m. daily. Saturday hours will be down to 9 to 11 a.m.! AND no Sunday pickup of mail in all outside boxes! So if you mail a letter on Saturday, it won't be picked up until Monday. Delays will occur in business and residential deliveries. (Bills can wait, but what about those checks you're waiting for?) Want to complain? Write to our Congressman who has promised to do all he can to urge the Postal Officials to reconsider their plans. Send letters to: **Congressman Joseph Kennedy, Thomas P. O'Neill Federal Building, 10 Causeway Street, Room 1111, Boston, MA 02222.** Congressman Kennedy will be here in Charlestown on February 22nd at Saint Catherine's Hall and you can personally complain to him then, too!

• **Busy Week For Birthdays** . . . Mary Ziniti (former Brenda Starr of the *Patriot*) celebrates her big day tomorrow . . . Dorothy Conway, Boston College senior, turns 22 today . . . Peggy O'Brien of Elm Street turns 41 this week (Peg, what your friends wanted to say couldn't be printed) . . . Paul Chaisson of Pleasant Street turns 26 . . . and oh how could we have forgotten to say Happy Birthday to the one and only (thank goodness) "Scoop" Kelly, who's birthday passed by without us noticing?! Happy birthday to all and many happy returns of your day!

• **Get Well Wishes** . . . go out to Eddie Everett who's in the Deaconess Hospital. Ed had his leg amputated and will be hospitalized for a while. So, why not drop him a card?

• **Belated Anniversary wishes** . . . to Mr. and Mrs. Teddy Horn of Devens Street, who celebrated their 46th a few weeks ago.

• **Kudos** . . . to Stephen Coyle of the BRA and Tom McIntyre and his crew of the "Bricklayers" for the superb job done at last Saturday's lottery for the affordable units in the Navy Yard. A round of applause to Tom for bringing this opportunity into Charlestown so "our own" can afford to stay in the community. I hope it was noted how many were in that hall that were disappointed in not winning but still looking for a home! We're running out of room — but not out of need for affordable housing.

• **Job Well Done** . . . Father Tom Reilly and Father Brian Murdoch performed exceptionally well at last Saturday's lottery as they pulled out the lucky winning names. Gave the whole system of picking the winner an added touch of honesty and class.

• **Don't You Just Love It** . . . when those yahoo liberals have TV and newspaper editorials telling us what's best for our community? Latest comment comes from the *Globe* stating that when the new re-districting takes place, the Navy Yard should be joined with the North End! Are they afraid that there might possibly be a chance that in the future we'd have enough voters (with the new residents moving into the Yard) to elect a "Townie" to some open seat? Wish they'd leave us alone instead of making that wall on Chelsea Street seem larger and larger.

• **Everybody Loves A Lover** . . . and a good love story. Soooo "Put On The Ritz" Glen and Susan (Russell) Ellis when you enjoy your dinner at the Ritz for winning the love story contest in one of Boston's dailies. Susan is the daughter of Arthur and Nancy Russell of Cordis Street. She and Glen now live on High Street. Happy Valentine's Day, you two love birds!

• **Remember** . . . with the start of the Winter Olympics this weekend in Calgary, think back eight years ago when "Townies" sat on the edge of their seats watching Team USA capture the Gold in hockey with "one of our own," Jackie O'Callahan, a member of that team? Certainly a proud moment for Charlestown!

• **Tid Bits** . . . If you catch someone dumping in a vacant lot, please call and report them to 725-DUMP . . . Joe Foley was kept busy last Monday night tying up all the loose ends for the filming of "The Warlock" at St. John's Church. Special effects were great as a wind machine blew leaves and the church door blew open. Of course, all the snow had to be melted away first and who's job was it to find all those autumn leaves, Joe? . . . Spring is only 38 days away . . . Keep smiling and *Happy Valentine's Day!*

### PRAYER THROUGH APPLICATION OF HOLY SPIRIT

Holy Spirit, you who solve all problems, light all roads so that I may attain my goal, you who gives me the Divine gift, to forgive and forget all evil against me and that in all instances of my life you are with me. I want to thank you for all things as you confirm once again that I never want to be separated from you, even and in spite of all material illusion. I wish to be with you in eternal glory. Thank you for your mercy toward me and mine.

The person must say this prayer for 3 consecutive days. After 3 days, the favor requested will be granted even if it may appear difficult. This prayer must be published immediately after the favor is granted without mentioning the favor. Only your initials should appear at the bottom. J.E.S.

## An Ecumenical Lenten Workshop On "Exploring The Road Less Traveled"

For the second time in Charlestown, a workshop on Scott Peck's classic best seller, "The Road Less Traveled," will be offered. This workshop, which uses Dr. Peck's book as a springboard text is led by a priest, (Brian Murdoch — Episcopal, Saint John's Church), a psychologist, (Jan Hannah — Roman Catholic, Bunker Hill Health Center), a pastoral counselor, (Gordon Benson — Protestant, Monument Square Counseling Center) and a social service administrator (Philip Mangano — Franciscan Division of Emergency Social Service for the city of Cambridge).

These facilitators seek to offer, through the variety of small group, exercises for insight, healing and empowerment. Moreover, the various spiritual traditions represented by these facilitators should provide a rich ecumenical milieu to examine one's deepest beliefs. They believe bonding together and sharing personal experiences on topics such as "what love is and is not," "delaying gratification," "balancing responsibilities," "addressing a person's unfinished business" and looking how we resist the miracle of grace, can enhance one's ability in traveling with life's inevitable difficulties.

"Life is difficult," says Scott Peck in the opening line of "The Road Less Traveled." Facing life with all its complexity and drama can be a painful process. Avoidance is one response; working through the difficulties with others is another response. This workshop will provide the group a carefully structured opportunity to look at how people choose this avoidance and how to begin to choose another road to reach this life's longing.

The registration has already begun for this workshop and indicates an exciting mix of Charlestown people. Once again this workshop offers both a chance to meet neighbors who believe "growth is the only sign of life" and provide a disciplined way for people to recover significant little dreams from better self understanding.

The workshop will meet for six Mondays from 7:30 to 9:30 p.m. starting February 22 at the Parish House of Saint John's Church, 27 Devens Street. The cost is \$35 for "The Road Less Traveled" and its companion workbook, plus miscellaneous workshop expenses. Call 242-1272 to register or for more information. No need to travel alone.

## Research Subjects Needed For Alzheimer's Study

People considered to have Alzheimer's Disease are needed for a study at New England Medical Center. Accompanied by a close relation, friend or caregiver, the patient would spend several hours receiving a careful clinical assessment.

They would be asked to return for a small biopsy of olfactory epithelial cells, which are located inside the

nose. There would be no charge.

It is hoped that by understanding changes in the cells of Alzheimer's patients, treatments can be developed to prevent or reduce the memory loss and the deterioration of intellectual functions. For more information, please call George Ellsworth, M.D., at 956-5750.
