Pharmacist Ashish Patel of Coastal Care Pharmacy is the best. I receive very good feedback from my

He provides education regarding the medications. Several of my patients told me that he spent time to ensure medication as prescribed. The staff in his pharmacy is helpful to our patients as well.

The pharmacy functions in a very efficient manner. Prices are very low. I remember on three or four occasions I had to deliver medication himself on a weekend because of the urgent nature of the situation.

My patients love this guy. Mr. Patel is a very good person for patients and myself. He is very helpful to have questions about medications. He does compounding. He is a diabetes educator as well.
