ACTION 150

Super Polish Stripper

Product Description

An effective yet economical stripper for metal cross-link floor polishes as well as regular floor finishes and waxes, **ACTION 150** combines quick stripping power with instantaneous detergent action. No offensive odour is left after use as this product does not contain any solvents.

Areas of Use

ACTION 150 is highly recommended for use on vinyl, terrazzo, marble, mosaic and ceramic tiles and most other hard floor surfaces, where polymer floor finishes have been laid.

Special Features

- No offensive odour when stripping is being done.
- Detergent base classified as biodegradable.
- Excellent with hot or cold water.

Directions for Use

- Dilution rate depends on finish build-up to be removed. For hard water, heating before mixing with product is recommended.

Heavy build-up - dilute 1:4 Normal build-up - dilute 1:8

- Test on isolated floor area to ensure no adverse effect occurs.

- Spread solution on floor; allow about 5-10 mins to react. For heavy build-up, allow 15-20mins reaction time. Scrub using a rotary machine with black pad for total stripping, or green pad for surface stripping. Do not use machine agitation for wood floors, just mop. Vacuum up the residue with a wet/dry cleaner.

- Mop and rinse thoroughly to remove all residues. Allow complete drying before applying a good sealer or finish such as **PREMIUM SHIELD** or **SUPER COATING**.

Precautions

As with most chemical products, avoid ingestion and eye contact. If ingested, dilute by drinking water and seek medical help. If product enters eyes, flush with water and seek medical help. Wash hands thoroughly with soap and water after use.
