

Beware of the Dog

CAVE CANEM

“fuck, i need some hentai rn”
- Med Amine, 2023

TL;DR:

Med Amine is a user who claims to be a poor manlet ethnic from Libya with disfiguring burn scars from childhood. He also voted against anime avis and says anime is a gateway into homosexuality. He also expresses love for animals and says hes poor.

In contrast to this, he has also claimed that his face is not burned and that he is a *white european* 8/10 mentalcel with blue/green eyes. He has also admitted to

- a) watching anime and drawing anime (posted lolis)
- b) poisoning the neighbors dog
- c) masturbating to hentai
- d) being a pedophile
- e) believing most incels just lack “social skills” and should leave their basement and that he “overcame his shyness” by talking to people

Furthermore he also posted pictures of nordic blue eyes and asked for a rating. Then he claimed his eyes are the same. The eye picture he posted was traced back to the reddit account of a foid from Finland.

Additionally he posted pictures of his hands with burn marks, claiming the pictures are years old. But the filename indicates the pictures are from 2023. They also were uploaded to a turkish website.

Further, he posted a picture of a dog being boiled alive and said he threw poisoned meat to his neighbors dog to kill it. This contradicts his claims of animal love.

On other occasions he defended femcels. He has also said he would defend women with physical violence and he would not let “disgusting degenerate incels” breed with his daughter.

Finally, he is a pedophile who say attraction to children (actual children, not teens) is normal. He randomly changes his profile picture to images of little kids, screenshots at the towards end of this document.

He also claims to be poor but says his dad is a doctor, that he himself studied medicine and that his mom married his dad for money.

He also accuses incels of not going outside enough and just having bad social skills while claiming he himself is 8/10 but not NT, therefore truecel.

End of TL;DR

The Lybian Dog is a treacherous beast. He bites the hand that feeds him. He cries out in pain as he strikes you. Let's examine the ways of this dog:

Index:

- 1. He hates dogs, for he is one**
- 2. He hates incels and loves the woman, for he worships her**
- 3. He confesses his love for hentai while saying he hates anime**
- 4. He has an 8/10 face despite being facially disfigured by burn marks**

- 5. He has a femdom fetish**
- 6. He is poor but studies medicine and has a wealthy father**
- 7. He is used to solitude but says two weeks is the longest he has been without social contact**
- 8. He is a healthy, has lots of energy, goes to clubs and doesn't understand internet culture**

- 9. He has the mods clear his entire post history for him because users called him an infiltrator**
- 10. He calls himself white despite claiming to be ethnic from Lybia**
- 11. He is a self-admitted pedophile and obsessed with cum and making gay insults**
- 12. Believes in NT-Pill, "social skills" and Oofy Doofy theory (incels should just go outside)**

1. He hates dogs, for he is one

"just a month ago i threw a poisoned piece of meat to the dog of my neighbor because that shit head kept waking me up at the night with his loud barking. dogs are for fags and pretty much all pets are for homosexual men"

- Med Amine

"close the door or hit the dog so he can fuck off"

- Med Amine

source: <https://incels.is/threads/my-sisters-dog-keeps-watching-me-fap.467101/#post-10785079>

In another thread, the lybian dog Med Amine also posted this video, of a dog being boiled alive:

source: <https://incels.is/threads/485795/post-11154571>

In a thread where user @Mortis posted about a viral video of a cat getting blended. Many users expressed empathy for the suffering animal. But what is this?! The lybian hypocrite strikes again!

“i am definitely not going to watch that video. that's just sick asf”

- Med Amine

source:<https://incels.is/threads/wide-spread-outrage-over-a-man-who-ground-up-a-cat-in-a-blender.482826/post-11104726>

Yet in his other threads he posted a video of a dog getting boiled alive and confesses to poisoning his neighbors dog?
Tsk tsk.

2. He hates incels and loves the woman, for he worships her

“touch starved males (without control) are disgusting asf”

- Med Amine

“why everyone here says that femcels don't exist?”

“Just A Reminder That Black Men Hate Black Women”

- Med Amine

source: <https://incels.is/threads/just-a-reminder-that-black-men-hate-black-women.467826/>

“i wouldn't want my daughter near a degenerate fucking incel too”

“i wouldn't want ugly incels to breed with my daughter yoo, i don't want incel grandchildren”

- Med Amine

source: <https://incels.is/threads/fathers-of-daughters-are-honorary-females.485835/post-11155437>

- Med Amine

source: <https://incels.is/threads/i-wouldnt-date-subhuman-foids.486502/post-11169841>

3. He confesses his love for anime while saying he hates it

“if we allow female anime avi because they're not real and they do not represent real foids then it will be normal to allow avi of gay anime men because they're not real and they do not represent actual homosexuals.”

- Med Amine

source: <https://incels.is/threads/my-personal-opinion-on-the-anime-foid-avi-issue.483893/post-11118258>

no u anime troon fucker faggot”*

- Med Amine

source: <https://incels.is/threads/remove-3dpc-avis.487402/post-11188377>

So he dislikes anime because it is gay and foid worship. But then:

“i don't watch any anime that have that kind of colorful very shiny art style it looks weird and ugly to me”

- Med Amine

source: <https://incels.is/threads/all-animecels-should-watch-oregairu.487049/post-11183881>

Med Amine posting lolis:

4. He has an 8/10 face despite being facially disfigured by burn marks

“168 cm deathnic and suffered from burn scars since childhood that caused me to have a deformed face.”

- Med Amine

source: <https://incels.is/threads/introductions.2/post-11000392>

“It's Over there's no meaning in life if your face is burned”

- Med Amine

source: <https://incels.is/threads/theres-no-meaning-in-life-if-your-face-is-burned.464910/>

“...she drops the boiled water in my whole body leaving me with a ton of scares in my hand ,legs ,neck,chest,bely and my ear(i was lucky it didn't go to my face)”

- Med Amine

source: <https://incels.is/threads/my-body-has-been-destroyed-through-the-years.452923/>

“my legs are also tall and my frame is perfect with a 8/10 face but not NT, does that make less of the truest truel in this forum?”

- Med Amine

source: <https://incels.is/threads/how-tall-are-you.453005/post-10915436>

“i am white euro”

- Med amine

source: <https://incels.is/threads/i-sometimes-wish-races-were-equal.487574/post-11192371>

Additionally he posted pictures of his hands as evidence of his burned skin. He claims they are very old and he has lost weight since.

“that was before i lost the weight (90 kg). now i am 69kg

the image is very old. i used it on reddit on my other med amine account”

- Med Amine

Source: <https://incels.is/threads/what-colour-skin-pigment-does-ethniccel-have.482970/post-11101994>

But the name of the pictures is

“IMG_20230305_192057427”

and

“IMG_20230305_192117017”

May 4, 2023

img_20230305_192031841-png.743895 GZG

source of images:

<https://incels.is/threads/theres-no-meaning-in-life-if-your-face-is-burned.464910/post-10759103>

Now you might argue that the website he uploaded the images too is just changing the filename to the upload date.

The website is: <https://www.linkpicture.com/>

Multiple things stand out immediately.

1. The website does not change filenames of uploaded pics, I tested it.
2. The website is a Turkish website. See image:

Remember that Med Amine claims to be from Libya.

So he is lying about the pictures of his hands being years old.
And he is lying about his location.

Now another thing.

He made this thread called “rate these eyes:” <https://incels.is/threads/rate-these-eyes.464445/>

In this thread he posts this image and says his eyes look the same:

“nope but mine look the same”

- Med Amine

source: <https://incels.is/threads/rate-these-eyes.464445/post-10729962>

“apology accepted , these eyes are the only reason i look at the mirror at the morning”

-Med Amine

source: <https://incels.is/threads/rate-these-eyes.464445/post-10729974>

“no i live in a third world country and i see some sand niggers here who have green eyes all the time all my family are either blue or green but not black skin tho

- Med Amine

source: <https://incels.is/threads/how-rare-is-it-to-see-a-black-guy-with-blue-eyes.467091/post-10784957>

So here we have an “ethnic” user who claims to be white with blue European eyes and supposedly lives in Libya.

Again, he lies about his eyes or its multiple users sharing one account since in another post he says:

“i am planning to go through an eye color changing surgery (seriously)”

- Med Amine

source: <https://incels.is/threads/48-ftm-tranny.486499/post-11169764>

So, does this mean his eyes are not light colored, i.e. green or blue as he claimed previously? See the pattern, he is constantly lying, changing his story. It's either pathological lying, or multiple people share the same account and mix up their stories.

“i am white euro”

- Med amine

source: <https://incels.is/threads/i-sometimes-wish-races-were-equal.487574/post-11192371>

But it gets worse:

Reverse image search shows only one source for the image, which is this reddit post:

The account has been inactive for two years.
It belongs to this fooid:

https://www.reddit.com/r/redditgetsdrawn/comments/o5519u/this_is_me/

Med Amine claims to have skin issues but from burn marks. This fooid claims to have skin issues but from a disease:

“What type of vitiligo do I have?”

https://www.reddit.com/r/Vitiligo/comments/13d52ce/what_type_of_vitiligo_do_i_have/

*“**Vitiligo** is a chronic autoimmune disorder that causes patches of skin to lose pigment or color.^[1] The cause of vitiligo is unknown, but it may be related to immune system changes, genetic factors, stress, or sun exposure.^{[5][6]} Treatment options include topical medications, light therapy, surgery and cosmetics.^[6] “*

Does look kinda burned, doesn't it?

Also notice how she posts it on the subreddit "redditgetsdrawn" – a subreddit where you go to post pics and have people draw you.

Med Amine mentioned hes into drawing in this thread:

*"**i am 20 rn** but i started probably at 13-14 seriously but drawn pictures before that for all my childhood . **most of what i drawn is anime stuff** or realistic but i need to see a real life picture in front of me to do it . i still can imagine the manga drawings since all of them have the same principle"*

- Med Amine

source: <https://incels.is/threads/no-talents-no-creativity-ogre-for-me.464972/post-10742657>

In the above post he says he is 20.

Then in this post the story changes again:

*"i am in my **mid twenties** and i know it's not over yet"*

- Med Amine

source: <https://incels.is/threads/im-24-but-got-the-feeling-that-its-over.485475/post-11150173>

So Med Amine

- a) constantly raves against homosexuality and anime pfps but faps to hentai, watches and draws anime.
- b) is ethnic from Libya but also euro white with blue/green eyes
- c) has a face disfigured by burn scars but also his face was fortunately spared
- d) is 8/10 facially but a truecel because he is not NT

Med Amine's entire persona is like a game where you try to make as many contradictions as possible.

I am not saying he is that foid btw, I am saying, that is the only place the picture can be found online. And it's linked to a foid who has skin issues, is into drawing and has blue/green eyes like Med Amine claims. Med Amine claims to be 8/10 euro white on top of everything. The links to where he claims this are in this document. Additionally I have made screenshots of every single post I cite, so contact me and I will send them.

5. He has a femdom fetish

NorthernWind says:

“What would you do if you visited a clinic and were surrounded by young attractive busty nurses who are taller than you and handmog/wristmog you. And they told you to follow their orders or otherwise they will punish you. And you cannot overpower them since there are many of them (12-20) and they framemog you?”

Med Amine replies:

“that looks nice”

source: <https://incels.is/threads/shii-type-thread.487190/post-11184410>

6. He is poor but studies medicine and has a wealthy father

7. He is used to solitude but says two weeks is the longest he has been without social contact

“i didn't socialize in a very long time also but i got used to it tbh and it's nothing serious for me now.”

- Med Amine

source: <https://incels.is/threads/i-just-havent-socialized-in-so-long-my-brain-is-slowly-starting-to-function-more-and-more-now-that-i-joined-here.478999/post-11030760>

8 .He is a healthy, has lots of energy, goes to clubs and doesn't understand internet culture

"i can't sleep 6 hours straight without feeling like i am in full energy,..."

- Med Amine

- Med Amine

source: <https://incels.is/threads/i-deleted-all-social-media.471692/post-10892032>

Med Amine does not know who idubbz is:

"i don't really know what i am looking at but ok"

- Med Amine

source: <https://incels.is/threads/idubbbz.487093/post-11183877>

Med Amine does not understand the value of books:

"no one read books these days, they're a waste of time"

- Med Amine

source: <https://incels.is/threads/i-wish-this-thread-were-more-active.485931/post-11157205>

He also has tattoos on his hands:

"as i said before, the image is very old. my tats are very new, they're almost 4 months and my moon tattoo is on my wrist. you can't see it from that angle."

- Med Amine

source: <https://incels.is/threads/what-colour-skin-pigment-does-ethniccel-have.482970/post-11101994>

9. He has the mods clear his entire post history for him because users called him an infiltrator

“i asked marquis to delete my postmaxxing threads since people are doubting me of being an "infiltrator" or an "alt" here of a previous postmaxxer .”

- Med Amine

source: <https://incels.is/threads/this-user-is-homosexual-we-need-to-to-do-something.471423/post-10888037>

10. He calls himself white despite claiming to be from Libya

“or probably nigger foids are fed up with those black bbc chimp and it's time to spread our white flu among them”

- Med Amine

source: <https://incels.is/threads/end-game-ldar.464136/post-10724112>

Suddenly he lives in Iran, not Libya:

*“even tho i don't think that **Iran** can be considered a desert in the first place”*

- Med Amine

source: <https://incels.is/threads/types-of-incels-i-envy-the-most.475107/post-10959635>

Then he lives in Tunisia (next to Libya, granted, but definitely not Iran):

*“i don't live in the middle east
i am a sandnigger libyan living in tunisia”*

- Med Amine

source: <https://incels.is/threads/how-did-middle-east-get-so-based-while-the-rest-of-the-world-get-so-cucked.487890/post-11198159>

“i am white euro”

- Med amine

source: <https://incels.is/threads/i-sometimes-wish-races-were-equal.487574/post-11192371>

11. He is a self-admitted pedophile and obsessed with cum and making gay insults

This is the same Med Amine who gets others banned for “degeneracy” btw.

User @PhilipBlake refers to Med Amine in a thread:

“What can you expect from him? he also say its normal to be attracted to little children”

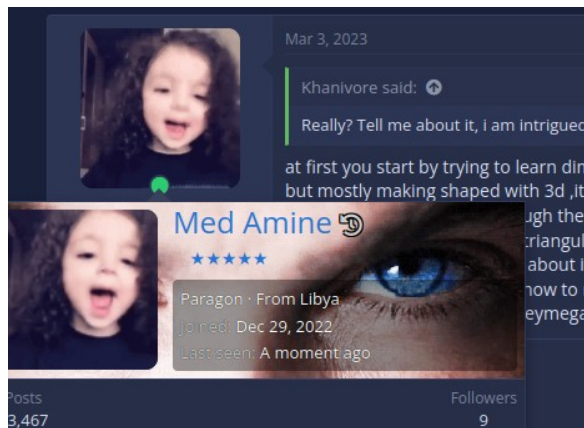

To which med amine replies:

“ok agecuck”

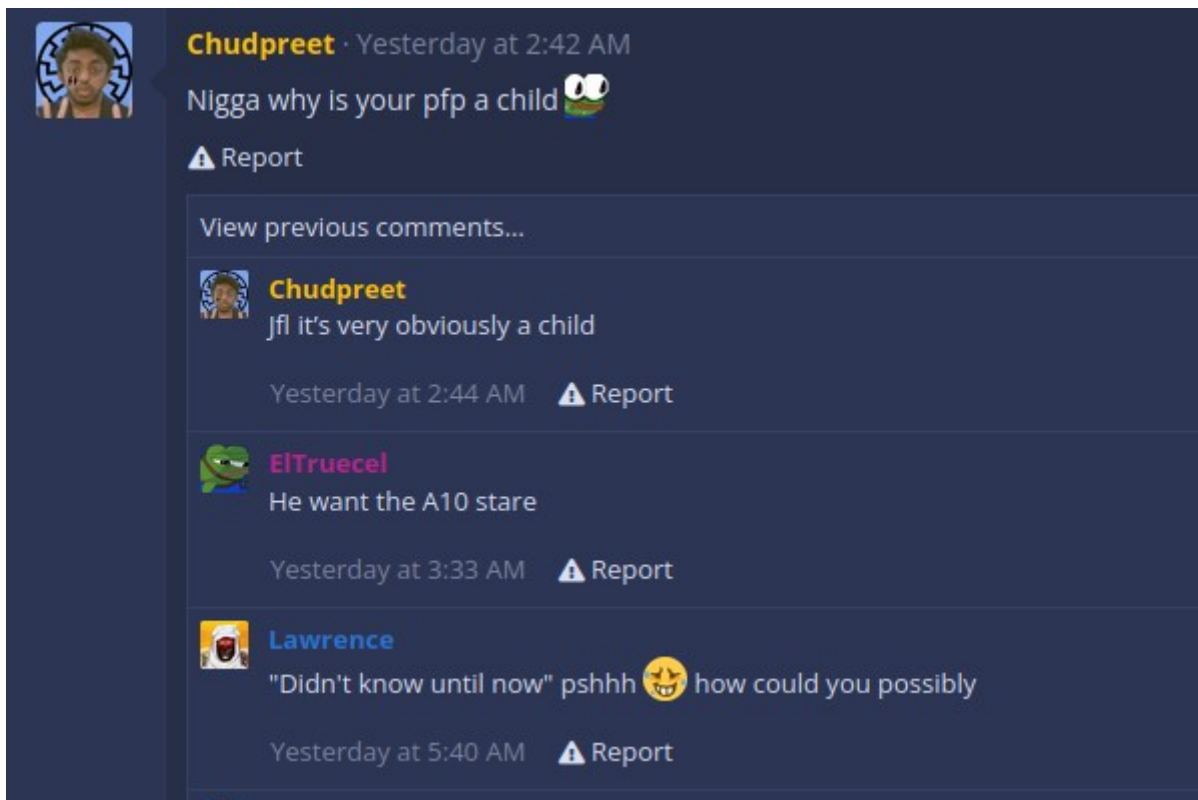

- Med Amine

source: <https://incels.is/threads/animal-abuse.487616/post-11194509>

To be clear, Med Amine is not referring to 17 year old fully developed girls here. For evidence, look how he randomly changes his profile picture to gifs of toddlers:

From his profile page:

Notice how Med Amine deletes his own reply from his profile when people call him out. Fortunately user @Lawrence quoted him so we can clearly see what is happening. *"i still have faith in the offy doffy, i am going to europe and ascending with a girl like this"* - Med Amine
source: <https://incels.is/threads/im-24-but-got-the-feeling-that-its-over.485475/post-11150173>

The image hes referring to:

In this post he reacts with a horny emoji to a picture of hebe-age girls:

He is also obsessed with using the insult “cum drinking:”

Example 1:

Please take note of the fact that he is a self admitted pedophile, the majority of which are also homosexuals.

12. Believes in NT-Pill, “social skills” and Oofy Doofy theory (incels should just go outside)

Oofy Doofy:

“i actually beleive in the offy doffy sometimes toilets can have weird lookism standards. i saw a ton of threads in cuckit about toilets wanting to fuck ugly males just for a fetish. also luck can be a strong factor in this shit. if you get lucky, i am sure some toilet will be down to have sex with you.”

- Med Amine

source: <https://incels.is/threads/incel-tv-study-debunks-oofy-doofy-cope.485269/post-11144743>

NT-Theory (READ CLOSELY):

“most of them are self diagnosed but in reallity, a lot of users are the way they're just because they spent all their lives not interacting with people outside and rotting in their rooms in front of the screen 24/7.

it's not even too late for them to go and try to learn some social skills but they rather blame their imaginary "non NT" and "autism". they just have a lot of potential but they still waste it for nothing”

- Med Amine

source: <https://incels.is/threads/being-shy-is-the-worst-thing-you-can-do.477609/post-11006618>

“shyness isn't a mental illness and it have nothing to do with being autistic, schizophrenic or any kind of mind fuckery. shyness is just the same way as social anxexity, it's the result of not having enough social interactions in while in childhood.

*a lot shy users in the forum are just shy because **they're basement dwellers that never got out of their rooms and spent all their time playing video game then they blame it on being "non NT".***

i used to be shy myself due to my parents having a " no friends " policy while i was young and for my whole HS and middle school years i never got any friend to talk with and only focused on studying. it wasn't the same problem when i went to college and got into a job.

i was forced to interact with other people and became non shy eventually. if i managed to do that while being literally facially deformed due to injury plus a manlet then i wonder how others can't”

- Med Amine

source: <https://incels.is/threads/being-shy-is-the-worst-thing-you-can-do.477609/post-11007434>

A clear case of just world fallacy and fundamental attribution error. If bad things happen to others, they must've deserved it somehow. They did something wrong. If good things happen to me, it is because of what I did and I deserved it somehow.

Also, as cited before:

“my legs are also tall and my frame is perfect with a 8/10 face but not NT, does that make less of the truest trucel in this forum?”
