Things you have to know about the comic.

Just to give you a better understanding, here are some things to know about the comic. Each page of this comic will be made on a weekly basis and the art style of this comic will look similar to the Street Fighter UDON comics.

### Vampire forms

There are two different forms of the vampires in this comic book. When the person is bitten, she will turn into a vampire. Both of these forms have pointed ears, fangs long red fingernails and long red toenails.

Normal vampire form.

This is the basic form the vampire. In this form, the vampires have white skin and white eyes with red pupils.

Enhanced vampire form "Blue skinned vampires"

This form is the most powerful form of the vampire and she will turn into this form whenever she feels like it. In this form, the vampires have blue skin, a slightly muscular body and red eyes with black pupils. This form will make the vampires even stronger and they will even cum stronger than their normal form. They can even sprout wings in the back whenever they're in this form.

Cover Page - The cover page shows Cammy, Sakura, Karin and Chun-Li turning into vampires and they are standing next to Demitri Maximoff. The cover page will feature Darkstalkers esque font.
