### **Email Spike Review – What is Email Spike?**

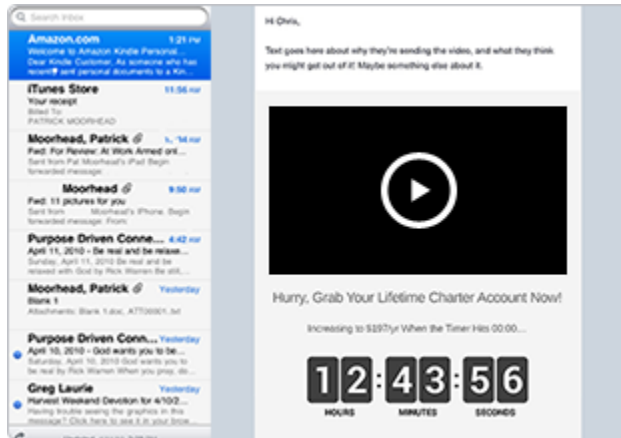

What if you could combine to two MOST important conversion boosters on a sales letter and put them in an email... VIDEO and SCARCITY. Now with a simple embed code you can use **“Video Spike”** to add engaging HTML5 video to your emails.

Now with the built-in GIF creator, it allows you to take a snippet of a video and turn it into a high-quality, engaging GIF, and add it to your emails. Now with a simple embed code you can use “Timer Spike” to add a scarcity countdown timer to your emails. Not only are these two apps going to help tremendously boost engagement, clicks and sales...but you can get them 2-for-1, as a bundle! **This is the future of email marketing.**

Not only are you making your emails MORE engage, more interactive, more fun... But you're also able to utilize the two most important elements on a sales page, directly inside your emails. So the elements which have the greatest impact on Clicks, Conversions and Sales, can now be used on each of your emails.

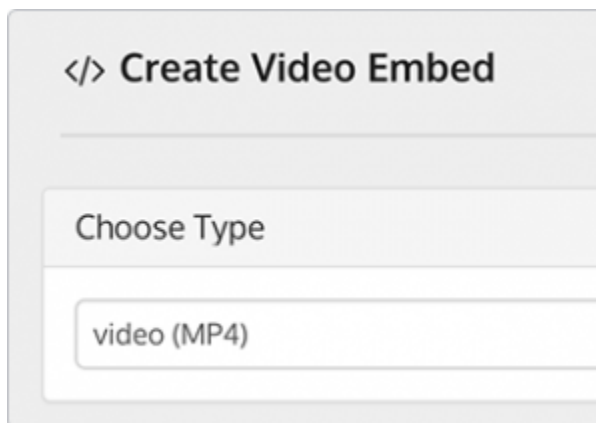

**Email Spike** is a bundle of both of these MUST-HAVE apps at a one-time discount. Start using these two apps in your emails and see the difference it makes (its been proven to 3x clicks)!

### Email Spike Review – Why should you get Email Spike Now?

For EVERY Internet Marketer...

In EVERY niche...

### The money is in the list.

Email Spike will accelerate your email performance, turning unengaged, unresponsive subscribers into hyper-active buyers. But this Email Spike 2-for-1 bundle won't be available for long. When the timer on the page hits zero, you'll have to purchase each app separately at the retail price.

### This is the future of email marketing.

Not only are you making your emails MORE engage, more interactive, more fun... But you're also able to utilize the two most important elements on a sales page, directly inside your emails. So the elements which have the greatest impact on Clicks, Conversions and Sales, can now be used on each of your emails. One thing that seems to hold most marketers back, are the technical hurdles. Let's face it, we don't want to sit and learn how to code...

### We want to MARKET.

Well here is a perfect solution (heck, even developers will start using this) So instead of going through a 5 page tutorial on how to hack up code (errrrr)....Now you can embed HTML5 video and dynamic countdown timers into your emails with two snippets of code that look like this... It literally takes 60 seconds to add the two most powerful sales triggers to your emails now (with NO coding required).
