

VOTE ON ELECTION DAY, TUESDAY, NOV. 3

YOUR VOTE DOES COUNT

Go to the polls on state Election Day – Tuesday, Nov. 3 – and **VOTE**. Your vote really does count!

The number of Charlestown voters going to the polls in recent elections has been on the decline. The registration for Ward 2 Charlestown in this upcoming election stands at a total of 8,893, with 4,746 Democrats, 1,040 Republicans, 3,070 Unenrolled and seven Reform.

This year, as you well know, the offices of governor and lieutenant governor are up for election, with strong competition on both the Democratic and Republican

ballots.

Another race affecting Charlestown is that of Congressman from the Eighth District. The next representative will be elected to travel to Washington, D.C. to occupy the congressional seat previously held by Congressman Joseph P. Kennedy.

Does your vote really count? A thinking person will immediately and emphatically say, "YES," and will make every effort to go to the polls on Tuesday.

**Vote on Election Day –
Tuesday, Nov. 3!**

Registered voters will be able to vote be-

tween the hours of 7 a.m. and 8 p.m. at the following sites:

Precinct Six

With the large number of candidates and questions on this year's ballot, it is suggested that voters clip either the ballot from this newspaper, mark the candidates of your choice and your vote on the ballot questions, and bring it with them to the voting booth on Tuesday.

Annual Halloween March Around The Monument

All are invited to join the annual Halloween March Around the Bunker Hill Monument, which promises to be bigger and better than ever.

Come in costume, bring a flashlight and meet at the lodge at the base of the Monument at 5 p.m. on Saturday, Oct. 31. There will be music by the Tony Barrie Band to set the pace as the marchers go around Monument Square and frighten away all the evil spirits. The Tony Barrie Band is a

favorite with youngsters during the Bunker Hill Day Parade.

The march is being co-sponsored by the Monument Square Neighborhood Association, the Boston National Historical Park and the MGH*Charlestown HealthCare Center.

A howling good time will be had by all. Don't miss this spooky event that is fun for the whole family!

Massachusetts Turnpike Authority Begins CANA Parcel Disposition Process

The Massachusetts Turnpike Authority is taking the first steps toward disposition and development of four parcels of land in City Square created by the Central Artery North Area (CANA) Project.

"The Turnpike Authority wants to work with the mayor's office and the Charlestown community to

ensure high quality development on these parcels that meets the community's needs and expectations," said Turnpike Chairman James J. Kerasiotes. "The authority is committed to a public disposition process, and welcomes the city's input."

The authority is currently drafting a Request for

Proposals (RFP) seeking developers for the CANA parcels. A working draft of the RFP has been submitted to the Zoning and Development Committee of the Charlestown Neighborhood Council, which will seek public input and provide comments on the RFP. The RFP will then be submitted to the full Neighborhood Council for its review and comment, probably at its December meeting.

The authority is planning to issue the RFP in (continued on page 7)

Tonight's Development Committee Meeting Cancelled - Plans For Hotel On Tudor Wharf Withdrawn

The Charlestown Neighborhood Council (CNC) Development Committee meeting slated for tonight, Oct. 29, has been cancelled.

In a report published last week in a Boston daily, James E. Lydon of Daylor

Consulting Group, was quoted as saying that because of the plunge in stock prices, the Summerfield Hotel Corp. wanted plans for the 175-suite hotel at Tudor Wharf in Charlestown put on hold.

The hotel plan had been criticized at several CNC meetings, primarily because there was no on-site parking. Overtures had reportedly been made to the auto port for parking at the Terminal Street facility, with autos transported by valet to and from the hotel.

Residents and CNC members had also been critical of the design of the hotel, to be located at the gateway to the town.

Bunker Hill Community College Fights Hunger

"God bless you" was a frequent response Bunker Hill Community College (BHCC) student volunteers heard on the night of Oct. 8 while handing out brown-bag meals to homeless persons.

On that rainy evening, 14 student volunteers from both BHCC and UMASS Boston gathered at the Park Street T-stop and dispersed meals to homeless persons throughout the city of Boston. Three groups headed out for a two-hour period with boxes, bags, and backpacks filled with brown bag meals to give to the homeless. Although it was pouring buckets, the students still had a great time, and were empowered by the success of the event.

The meals had been assembled earlier that day in the C-corridor of BHCC. Over 40 students, faculty and administrative volunteers gathered to assemble

Among the volunteers were state Rep. Eugene O'Flaherty, BHCC President Mary L. Fifield and BHCC Vice President of Communications Bill Hart. The meals, themselves, were made with food donated from the Fame Food Service Co. at BHCC and local businesses.

REAL ESTATE MARKET TRENDS

Last summer your neighbors put their house on the market and had so many buyers that they were on the winning side of a bidding war. Now you're trying to sell, and there's just no action.

The real estate market is highly fickle. Many factors come into play, the most important ones being interest rates and prevailing asking prices. In a strong seller's market, for example, prices tend to escalate. When they reach a certain point, many prospective buyers will begin to say no, and the listing inventory increases. When this happens, sellers who price their homes over the level of previous sales prices must rethink their pricing strategies. If they do not, their homes may not sell. Whether you're buying or selling a home, it's important to remember that the shift from a seller's to a buyer's market can reverse itself very quickly. You can count on us for sound advice on what our market is doing right now.

Charlestown Dog Owners To Meet Tonight, Oct. 29

The second meeting of the Charlestown dog owners will take place tonight, Thursday, Oct. 29, at 7 p.m. in the Mary Colbert Apartments, 20 Devens St.

At the first meeting, that took place last month, a discussion was held with regard to requesting the MDC to consider putting a dog park in the new Paul Revere Park near the Charlestown Bridge. Petitions have been circulated requesting that a part of the new park be fenced in for the purpose of allowing

dogs to run unleashed.

David Paisner, governor of City Square Park, will be present at this meeting to discuss the possibility of the dog owners becoming an ad hoc committee of the Friends of City Square Park. Much support has been coming forth from both dog owners and non-dog owners in the community.

If you are unable to attend the meeting and would like more information, please call Rosemary at 422-1694.

Ballot Questions For State Election On Nov. 3

QUESTION 1

PROPOSED AMENDMENT TO THE CONSTITUTION

Do you approve of the adoption of an amendment to the constitution summarized below, which was approved by the General Court in joint sessions of the two houses on July 29, 1996 (yeas 127 - nays 65); and again on June 9, 1998 (yeas 149 - nays 41)?

YES	<input type="checkbox"/>
NO	<input type="checkbox"/>

SUMMARY

This proposed constitutional amendment would prohibit the state Legislature from changing the base compensation received by members of the Legislature as of January 1, 1996. As of the first Wednesday in January of 2001, and every second year thereafter, the base compensation would be increased or decreased at the same rate as increases or decreases in the median household income for the Commonwealth for the preceding two-year period, as ascertained by the Governor.

A YES VOTE would prohibit state legislators from changing their base pay and instead would adjust that pay according to changes in median household income.

A NO VOTE would make no change in the method for setting legislators' base pay.

QUESTION 2

LAW PROPOSED BY INITIATIVE PETITION

Do you approve of a law summarized below, on which no vote was taken by the Senate or the House of Representatives before May 6, 1998?

YES	<input type="checkbox"/>
NO	<input type="checkbox"/>

SUMMARY

This proposed law would create a new voluntary system allowing candidates for state office who agree to campaign spending limits and \$100 contribution limits to receive a set amount of public funds for their campaigns, starting with the 2002 election. The proposed law would also limit transfers of money from national political parties to state political parties for administrative, overhead, or party-building activities. It would also require candidates for state office who had raised or spent at least a set minimum amount in an election cycle to file their required campaign finance reports with the state electronically, and the public would have prompt electronic access to such reports.

The new funding system would replace the existing system of limited public financing of campaigns for statewide office. To participate in the new system, a candidate would have to raise a minimum number of contributions from registered voters in the relevant district, as follows: Governor, 6000; Lt. Governor, Attorney General, or Treasurer, 3000; Secretary of State or Auditor, 2000; Executive Councillor, 400; State Senator, 450; State Representative, 200. Such contributions would have to be between \$5 and \$100 and be collected during a limited period: for statewide candidates beginning on August 1 of the year before the election, for other candidates beginning on January 1 of the election year, and for all candidates ending on the last day to file nomination papers with the Secretary of State.

For any election, a participating candidate could not accept contributions of more than \$100 from any person or political committee and could not raise or spend any money other than these contributions and public funds.

Question 2 (cont.)

Candidates meeting all of these requirements would, subject to appropriation by the Legislature, receive public funding in the primary and general elections. This would come from a new state Clean Elections Fund, consisting of amounts voluntarily contributed through the checkoff on the state income tax return, any amounts appropriated by the Legislature, and any money in the existing state election campaign fund.

The chart below shows the amounts of public funds a candidate could receive in the primary and general elections. A candidate could raise and spend private contributions in order to bring his or her spending up to the spending limit shown below.

Office	Primary Election: Public Funds	Primary Election: Spending Limit	General Election: Public Funds	General Election: Spending Limit
Governor	\$1,500,000	\$1,800,000	\$1,050,000	\$1,200,000
Lt. Governor	\$383,000	\$450,000	\$255,000	\$300,000
Attorney General or Treasurer	\$360,000	\$450,000	\$240,000	\$300,000
Secretary of State or Auditor	\$120,000	\$150,000	\$80,000	\$100,000
Councillor	\$19,000	\$24,000	\$13,000	\$16,000
Senator	\$43,000	\$54,000	\$29,000	\$36,000
Representative	\$15,000	\$18,000	\$9,000	\$12,000

A participating candidate running unopposed would receive only half the listed amount of public funds and could spend correspondingly less than a candidate with an opponent. All funds could be spent only for campaign purposes. Any unspent public funds from a primary or general election would have to be returned after that election. A participating candidate who violated the contribution or spending limits would have to return all public funds, become ineligible for further funds, and in some cases pay fines.

Candidates who do not accept public funds would have to report any spending in excess of the limit shown above and could be fined for failing to do so. If such a non-participating candidate spent more than the limit, participating candidates in that race would immediately receive, and could spend, public "matching funds" equal to the amount of the excess spending. The total amount of public funding (including matching funds) a candidate could receive would be limited to twice the spending limit for that race. During the general election campaign, running mates for Governor and Lt. Governor would be treated as teams in order to determine the distribution of any matching funds.

An individual or political committee's total in-kind contributions (such as goods and some services) to a participating candidate would be limited to \$500 per election. Higher limits would govern political parties' in-kind contributions. Participating candidates could not accept more than a set amount in such contributions, ranging from \$3,000 per election for Representative up to \$35,000 for Governor.

The expenditure, contribution, and public funding limits would be adjusted every two years for inflation. A special commission (including elected officials and private citizens) would be set up to meet every two years to review the system and recom-

(continued in next column)

mend any needed changes. The state Director of Campaign Finance could issue regulations to interpret and enforce the proposed law.

The proposed law states that if any of its parts were declared invalid, the rest of the law would stay in effect.

A YES VOTE would change the laws governing public financing of campaigns.

A NO VOTE would make no change in the laws governing public financing of campaigns.

QUESTION 3 LAW PROPOSED BY AN INITIATIVE PETITION

Do you approve of a law summarized below, on which no vote was taken by the Senate or the House of Representatives before May 6, 1998?

YES	<input type="checkbox"/>
NO	<input type="checkbox"/>

SUMMARY

This proposed law would change the state income tax rate on interest and dividend income, which was 12% as of September 1997, to whatever rate applies to Part B taxable income (such as wages and salaries), which was 5.95% as of September 1997. The change would take effect starting in tax year 2000.

A YES VOTE would reduce the state tax rate for interest and dividend income.

A NO VOTE would make no change in the current state tax rate for interest and dividend income.

QUESTION 4 REFERENDUM ON AN EXISTING LAW

Do you approve of a law summarized below, which was approved by the House of Representatives on November 19, 1997 by a vote of 124 to 30, approved by the Senate on November 19, 1997 by a vote of 32 to 6?

YES	<input type="checkbox"/>
NO	<input type="checkbox"/>

SUMMARY

The law changes the state's electric utility industry. Starting in March 1998, instead of buying power from the utility that owns the power lines, customers may choose to buy power from separate generating companies competing with each other to sell power to be delivered by the existing utility. Customers not choosing a new competing generating company will be provided power by their existing utility under a transition rate for 7 years, starting from a rate 10% less than 1997 rates. By September 1999, rates for such customers must be further reduced from 1997 rates (adjusted for inflation) by 5%. Subject to restrictions in the law, rates paid by such customers may be adjusted up or down if approved by the new state Department of Telecommunications and Energy (DTE).

The law lets a utility recover, from customers, previously incurred costs related to generating plants and contracts that have become uneconomical under competition. Utilities must first reduce such "transition costs" in all reasonable ways, which may include selling non-nuclear generating plants. DTE must approve such sales and the utility's way of financing transition costs, and DTE may limit which costs may be charged to customers. Public agencies may arrange the sale of special bonds to help a utility finance transition costs to provide savings to customers.

Utilities claiming they cannot offer the required rate reductions must work with DTE to find all possible ways to do so. State tax revenues related to sales of power plants may be used, if found necessary by DTE and subject to legislative appropriation, to ensure that utilities provide the 15% rate reduction. Utilities must maintain discounts for low-income customers.

DTE must issue consumer protection and related regulations related to energy sales, and the law lets the state Attorney General enforce consumer protection laws and regulations against energy companies. To maintain reliability, DTE must set performance-based rates and service quality standards for electric and gas utilities. Utilities failing to meet the standards may be fined up to 2% of their annual revenues.

Such utilities will not be allowed to cut staff levels unless either the relevant unions agree or DTE finds that the cuts will not lead to sub-standard service. Utility employees who are laid off due to the law will, if eligible for unemployment benefits, also be eligible for reemployment assistance benefits.

If a generating plant loses value due to the law, the responsible company must pay the affected city or town until 2009 to offset lost property tax revenue. Cities and towns may set up power purchasing cooperatives for local customers. Businesses and other organizations may also set up cooperatives. A municipal lighting plant that chooses to sell power outside its own service area must compete with other generating companies within its service area.

The law requires electric utilities to continue energy efficiency and demand management programs until 2003 and directs DTE to ensure that such programs are cost effective. The law imposes a charge on electricity consumers to promote renewable energy projects and to help cities and towns pay to add pollution control equipment to existing trash-to-energy plants. By 2003, power suppliers must provide an annually increasing percentage of power from new renewable sources, and fossil-fuel power plants must start to meet efficiency standards limiting pollution. The law ends the requirement that the state find a need for a proposed power plant but preserves environmental reviews.

The law changes the State Department of Public Utilities to the new DTE, controlled by a 5-member commission with expertise on specified issues. The law gives the state Division of Energy Resources new duties related to energy restructuring, such as educating consumers and helping cities and towns.

A YES VOTE would continue the new law changing the electric utility industry.

A NO VOTE would undo these changes in the electric utility industry.

Ceremony Marks The Closing Of The Old Ironsides Pennies Campaign

A gentle fall breeze blew across the decks of *USS Constitution* on the afternoon of Oct. 21, the 201st birthday of "Old Ironsides." This was in stark contrast to the ceremony on a bitter cold day in March of 1996 for the kick-off of the Old Ironsides Pennies Campaign.

Last week, guests gathered on her decks and reflected on the past 2 1/2 years that saw a total of \$234,666.56 in pennies and other donations collected from throughout the world to purchase sails for the ship, the oldest commissioned warship in the world. This was the Pennies Campaign of the 1990s, and the National Chairman, CDR. Robert L. Gillen, USN (ret.), 59th in command of Old Ironsides, was there to express his thanks to all who had any part in this venture.

Through these efforts, the campaign paid for seven of the ship's nine sails and all of the running rigging, and there is still over \$131,000 in the bank to purchase whatever other sails the Navy may wish to put on *Constitution*. The fund will be maintained in a separate account by the USS Constitution Museum to be used only for the purpose of purchasing sails and related materials for the ship.

Gillen took the gathering back to a meeting in January 1996 in the office of the ship's then-commander, Michael Beck, USN, who is now retired from the Navy. Gillen told of American Legion Past National Commander John P. "Jake" Comer and Past National Historian James W. Conway and himself, and their thoughts when Beck shared

his dream of having Old Ironsides sail under her own power.

To accomplish such a feat, the ship would need sails and there were no funds in the budget. This meant that such monies would have to come from a non-governmental source. Gillen said he thought back to the contributions from the Pennies Campaign of the 1920s and, using that fund-raising effort as a model, the 1990s version got underway.

Gillen accepted the chairmanship and the Pennies Campaign was off. Beck told Gillen that in order to conduct crew training, he would have to have the first sail by September 1996, and he was concerned about the time factor in raising funds.

Conway, chairman of the Bunker Hill Post 26, A.L. Killilea Fund, immediately wrote out a check from the fund for \$1,000 to open the account at The Charlestown Cooperative Bank. Conway also guaranteed that the Killilea Fund would provide a line of credit for \$100,000, interest free, in case it was needed. Gillen noted that the line of credit was not needed, but knowing it was available made his job easier. Gillen also thanked Comer for gaining the support of the Legion's national

organization for the campaign.

Gillen spoke of two Powder Monkeys, his grandchildren Bobby and Johnny Dannemiller, who represented all the children in America on the 26th of March in 1996, as they made the first public donation of pennies.

He spoke of the countless hours spent by Jacqueline "Jackie" Latta, then-vice president of the Charlestown Cooperative Bank, and her assuming responsibility for handling this account. He also noted the support of the bank and of Jackie's husband, David "Bud" Latta, and the time he spent in counting coins.

Gillen went on to credit Dan Rowe for the organizing of a computer program and administrative system to track all donations and correspondence. He spoke of the Larry Miller Production Co. that produced the first campaign video, with special thanks to the state's Veterans Services Commissioner and Medal of Honor Recipient Tom Hudner, USN (ret.) for doing the narration.

Gillen's thanks also went out to the Boston National Historical Park, the Military Order of the World Wars, members of the Ancient and Honorable Artillery Co. as well a num-

ber of corporate sponsors, organizations and individuals.

Gillen singled out two groups for praise, Robert and Jackie Belliveau and their son, Bob, who acted as camera people and were instrumental in gathering footage for a second video. The other group was Boston College interns who devoted much time and talent to the campaign.

While Gillen told about the importance of the fund-raising efforts of this campaign, he stressed that what the campaign has been and still is all about is taking the same patriotic values expressed by the children of the 1920s and transferring them to the children of today. By calling attention to *Constitution*, the ship, it is hoped that it will help teachers relate to their students facts about *Constitution*, the document and individual duties and responsibilities - our country's fundamental values.

As the cover came down on this great chest, the acquisition portion of the Pennies Campaign of the 1990s came to an end and another chapter in the history of Old Ironsides was written.

Girls Ball Hockey - Both our 17 and under and 12 and under teams have been successful in the early going. Each team beat a very tough Dan Marr squad and on Friday they swept arch-rival Waltham in a very convincing way.

The 12 and under team consists of Kathleen Delaney, Bridgette Barten, Janelle Tucker and Colleen Considine.

The 17 and under team consists of Lauren Brennan, Michelle Hart, Julie Gryczlyck, Courtney Considine, Brittany Wilkens, Michelle Kane, Kathleen Lacey, Kerry Brennan, Kelly Mahan, Kristin Swales, Aileen Gorman, Kelly Myers, Jessica Brassil, Jen Fidler and Ellen Marie McCann.

HIKERS Lisa Kimball, Denise Tompetrini, Flo Gaist, Samantha Johnson, Holly DiFava, April McMillan, and Kristi Hayes strike a pose on the summit of Mt. Monadnock.

Boys Ball Hockey - The boys won their first game of the year 8-6 over South Boston. Our short-staffed squad had Pat Considine, Michael Lacey, Steven King, Mark Hanscom, Michael Buckley, Chris Pacey, Derek Garceau and Danny Castro.

★ YOUTH INTERVENTION

A Peak Experience - After an initial failed summit attempt on Columbus Day (we won't go into details here) a second

attempt on Oct. 18 was successful. Club members Lisa "Felicia" Kimball, Kristi "Felaysha" Hayes, Samantha "Kylie" Johnson, Holly "Alicia" DiFava and April (just April) McMillan hiked, climbed, crawled, and slid up to the top of Mt. Monadnock. The girls took in views, lunched "pond-side" and posed in gale-force winds before making the trek back down.

"Let us assist you
in your business and
tax planning"

by Nicholas C. Pino
Counsellor to Small Businesses

HIRING YOUR KIDS CALLS FOR PLANNING

Many entrepreneurs dream of bringing their children into the family business. They picture themselves guiding their children's growth and passing along their knowledge and experience, until one day they are ready to transfer the reins. But all too often the dream turns bad. The reality can be family turmoil, shattered employee morale, and a damaged company.

Does this description sound extreme? Professionals who work with business owners hear variations of this story all the time, usually after the damage has been done. One child might have interest in the family business. Another might have the interest but lack the discipline or ability. Here are some ways to avoid the most common pitfalls:

- Before hiring your children, discuss your work with them often. If their eyes glaze over whenever you raise the subject, perhaps they should be allowed to pursue other interests.

- Encourage your children to finish their education first, and allow them to work outside the company for at least a couple of years. When you finally do hire them, they'll come with experience, discipline, and realistic expectations.

- Don't try to supervise family members yourself. Instead, have them work under capable non-family managers.

- Ensure that your children are supervised, evaluated and compensated as though they were unrelated employees in comparable jobs. Demanding more or paying them less than their position calls for is likely to discourage them and incur their resentment. Demanding less or paying them too much will incur the resentment of other employees.

Remember, your objective is not only to keep the business in the family but to ensure that your company continues to thrive. Call if you would like help reaching these goals. We can work with you to find a solution tailored to your business and family situation.

POP WARNER CORNER

The road to the play-offs traveled to White Stadium against the undefeated and always tough Boston Raiders. The Raiders have been undefeated for the past three years and at the end of the day, their record remained unblemished. For those who are in the opinion that the Boston Raiders have ineligible players because we were a bit overmatched at the younger level, you are dead wrong. The Raiders are a first-class organization and one that should be used as the model for any youth football program.

This was not a step backward but a challenge to where we need to bring this program to compete for league championships and eventually a berth in the New England Championship Pop Warner Tournament. We have traveled every road through the Bay State League, from Walpole to Weymouth, from Natick to Wellesley, and returned home with victories, but the path that takes us to the next level travels directly to White Stadium. Though we returned home with five losses, Harry and Dennis Wilson,

who coordinate the Raider program, stated that this was their toughest test of the season and gave credit to where our program is today. Boston Raider announcer, "H-Town," continually rapped to all in attendance at White Stadium that their beloved Raiders were in a dogfight with the Townies, and he was so right.

Best wishes go out to Steven Awbrey who was transported to Mass. General Hospital with a neck injury and early reports are that Steven is back home and ready to strap on the pads. Thankfully, his injuries were not serious as it took the ambulance over 25 minutes to arrive at White Stadium.

The lost weekend started with a bang as the A- and B-Team cheerleaders traveled to Weymouth High School on Saturday to take part in the Bay State League Cheerleading Competition. The B-Team cheerleaders drew the number one spot and were the first to perform in front of the 2,000 fans in attendance. Talk about pressure! They came out and performed like crafty cheerleading vet-

erans and danced, cheered and executed their mounts to perfection. Congratulations to Coach Monique Walton, Casey Allen, Jill Boyden, Alicia Castronova, Zara Doyle, Jill Flynn, Meaghan Gallarelli, Jacqueline Croon King, Lorraine Hollien, Leesia Lawton, Charlene Owens, Courtney Schievink, Yessina Torres and Danielle Whelan. Unfortunately, being new to the competition circuit, the judges saw things differently.

The A-Team, according to many cheerleading coordinators in attendance, should have placed with their incredible performance. As their practices were as secretive as Bill Parcells, the girls were holed up in the Kent School for the past few weeks working on their routine which was finally choreographed sometime late Friday evening prior to Saturday's competition. Congratulations to coaches Sue Wrenn and Kerry Woods, and cheerleaders Ann Marie Fratalia, Christen Moulten, Kathleen O'Hearn, Kaileigh Burke, Meaghan Burke, Jessica Grace, Jessica Lawton, Christina Dalrymple, Kristina

Matarrazzo and Shauna O'Neil.

The final home game is this weekend against South Boston and we hope everyone comes out to say thanks to all the players and cheerleaders who have worked so hard since this summer. Disc Jockey Brendan Coleman has some big shoes to fill after "H-Town's" performance and, yes, Tank's Franks will be served promptly at sunrise. Cablevision will be televising the A and B games, which is being produced by Charlestown's own Kevin Burke.

We are awaiting word on the play-off format that apparently has changed from year's past. We can only believe that this is a result of so many city teams making the play-offs, which just does not jive with Bay State League politics. Politics aside, the Bay State Conference's lack of leadership and direction on league policy is just another reason why this conference and its executive board are on probation at the New England and National Pop Warner level.

Christmas Wish List Program Seeks Names Of Charlestown Families

Charlestown Mayor Debbie Lang and Charlestown Rose Momo Miyaguchi, with support from the Charlestown Community Center, are accepting names of children and families who need help this holiday season.

Continuing the tradition started by former Mayor Linda Howell, Lang, Miyaguchi, and the program's committee, are organizing the Charlestown "Christmas Wish List" program this year. Made possible through the generosity of local businesses and community support, the committee plans to provide Christmas gifts and winter clothing to Charlestown residents who

need extra help during the holidays.

The committee is asking people to send in the name of any family in need, along with the address, telephone number, number of children, and their ages. Also include what the family or child could best use: toys or clothes.

Names should be sent to: Charlestown Christmas Wish List, P.O. Box 408, Charlestown, MA 02129. The names of those submitted will be kept anonymous. The deadline for the submission of names is Nov. 20.

Donations to the program are greatly appreciated. Make checks payable to: Wish List/Charlestown

Community Center and send it to the above address.

Lang and Miyaguchi urge everyone to get involved in this program so that some Christmas wishes can come true this year. Two years ago, Mayor Frankie Stillman made over 3,000 Christmas wishes come true through the generosity of local businesses and residents.

They would also like to invite everyone to join them at the K. of C. Hall on Friday, Nov. 20 for an early holiday dance and the opportunity to become part of this holiday event. A \$10 donation will be required at the door, wrapped toys are voluntary.

BOB D'S BEAT BY BOB DeCRISTOFORO

♣ **Halloween** . . . Saturday, Oct. 31 is a special night for everyone, especially children. Keep this in mind when you go out and celebrate. It's a night to have a good time with your friends. It's a night to have positive fun. There are many fun events in Charlestown this Saturday for every age. You won't have to go far to have a good time.

♣ **Proline** . . . If you like hockey, and we know most Townies do, take a quick trip around the area and catch an AHL game. Like college hockey, this area is a hotbed of hockey action. Providence, Worcester, and now Lowell have AHL franchises, and they are not far away. Tickets are very inexpensive, and they have many promotions - puck day, hat day, etc. You can catch a lot of future NHL players "down on the AHL farm," and you might even catch some former NHLers working on their game.

♣ **High School Prep Notebook** . . . Tony Hobbs did put Charlestown on the scoreboard after two shutouts, and Cedric Warren did rush for the extra two, but the Townies lost their third straight, falling to West Roxbury 30-8. Big gun for Westie was Furlance Bascombe, who had two touchdowns. Robert Nichols had three touchdowns as O'Bryant shutout Burke 32-0 and Jimmy Holder, Kahrie Langham, Caron Tubbs, and Greg Young each had touchdowns as Madison Park stopped Latin Academy 30-0.

East Boston scored its fifth win of the season, downing crosstown neighbor Savio Prep 24-6. Jet guns were Wendy Moise, Wayne Harris, Mark Cilabrisi and Ricky Brisson. In the Dual County League, Dennis Harris had a touchdown for Boston Latin, but Aaron Jeanson was the man as

Acton-Boxboro halted the Wolfpack 28-6.

Malden Catholic won. Ryan Costigan had both touchdowns as the Lancers posted their first win of the season, nipping winless Matignon 14-13. Russell Grogget did it again, but St. Clement didn't, Brighton 20, St. Clement 14. South Boston shutout Trinity Catholic 34-0.

Everett continues to roll. Diamond Ferri had three touchdowns as the "E" popped Medford 33-12. Xaverian pounded BC High 23-7. Pope John ousted Northeast 46-28. The Tigers got strong performances from the one-two punch of Jim Rabideau and John Passemato. St. John's Prep defeated Catholic Memorial 30-6, and Arlington Catholic shocked Marian 18-6. In a nonleague contest, Blue Hills upended Boston English 35-8.

♣ **College Board** . . . Beware of the Huskies. They're young and physical, tough and talented. Northeastern's hockey team is definitely going to up many a team this winter. To stand is to see in the press box at historic and beautiful Matthews Arena. I still remember the fries, and here on Friday night I gained a new appreciation of the school my sister Debbie graduated from. Bob D's hockey opener saw Northeastern defeat ECAC Colgate of New York 2-0. Freshman goaltender Jason Braun turned in a fine performance, bolstered by the equally impressive play of such defensemen as Joe Mancuso, Mike Jozefowicz and Rich Spiller. Kevin Walsh was also another who stood out, but the highlight for me was the play of Catholic Memorial gem, freshman defenseman Jimmy Fahey. At 3:39 of the second period, Fahey scored his first collegiate goal, and it would be the game winner.

Boston University is off to a very uncharacteristic start. The Terriers dropped their

second straight, falling to Vermont 8-6. St. Lawrence spoiled the debut of Merrimack Coach Chris Serino, stopping the Warriors 4-1 and 6-3.

Watch out for Maine, the Bears are back. Shawn Walsh's crew is already 4-0. On the weekend they won their JC Penny Hockey Classic, defeating Union 6-1. New Hampshire won two out-of-conference games, defeating Lake Superior 5-2 and Miami of Ohio 4-1. The ULowell Riverhawks geared up for their Friday visit to Boston College, defeating UMass Amherst 4-3 and RPI 8-4.

There was only one bright spot on the football front. Bridgewater moved to 4-3 defeating Westfield State 18-6. Navy just about sank BC's post-season plans, 32-31. Northeastern fell to Richmond 21-20, snapping an eight game home win streak. Curry was defeated by Salve Regina 24-12. Stony Brook upended Merrimack 19-14, and Bentley downed Plymouth State 30-19.

Just a note - The "College Board" reflects the interest of many Townies and, more importantly, where many of "our" kids are attending and playing. Of course, if I leave anyone out or any school out, let me know.

Tucker Brings Monet To The Artists' Group Of Charlestown

Professor Paul Hayes Tucker, a resident of Charlestown, shared his vast knowledge on "Claude Monet's Life and Art" with members of the Artists' Group of Charlestown and their guests at a recent Champagne Reception in the

Commanant's House in the Charlestown Navy Yard. The Artists' Group is a committee of the Charlestown Preservation Society.
Tucker, who is guest-curator of the exhibition, "Monet in the 20th Century,

currently at the Museum of Fine Arts in Boston, enlightened and entertained the gathering and was available after his talk to answer questions and sign his book on Monet.
Funds raised by this event, which

was co-sponsored by the Boston National Historical Park, will be used to provide art education at the Charlestown Branch Library. Also, art classes for children are being planned for February and March.

Resident Parking . . . Let's Do It Right!

The meeting held on Oct. 20 for Precinct 3 Resident Parking sticker program seemed to be a waste of time. The signatures required should have been all done, not just certain streets of the precinct that were presented as the part that is ready for sticker parking.

There should be a public location to gather these signatures, and it should be over 50% of the precinct, and not street-by-street. What happens if a street in the precinct does not gather the needed signatures? The options the city has to offer should be readily available and should have been supplied to each and every person at that meeting, not have some member of the board waving the different options that are available. Also, if the automobile that has a sticker is in for repairs, what does this person do if there is a need to rent an automobile?

The whole town should be done as resident parking instead of this piece-meal way of doing things. It seems to be a waste of time to have a resident parking sticker program when the city eagerly permits the conversion of single-family homes to three one-bedroom condominiums and there are no options for parking. Then each of these one-bedrooms brings in two additional automobiles. A town such as Charlestown is touted

as a walking town by the realtors. They are misrepresenting themselves and the town, but what the heck, a buck makes the world turn around!

What happened to the long-standing rule with the Boston Redevelopment Authority that when new development is to be done, there is supposed to be parking allocation that go along with the new development? Has this rule been changed? As was mentioned relative to Tudor Wharf, a hotel and a restaurant were proposed with no parking. This is completely mind-boggling! Do we have a City Council and a state Representative who are sleeping or is it that that Charlestown and its town council are not doing their jobs? So maybe the old boy board has lost some of its luster and are just yes-men for whatever and whomever goes before the board.

In and around the Mount Vernon Street area, there are three homes being converted into condominiums. There will be 18 more autos in the area, as two automobiles for each condominium seems to be the going rate.

So let's do it right and call a meeting to finalize the parking plan and not have a repeat of the Oct. 20 meeting.

Sincerely,
Ann Wallace

Charlestown Pop Warner Cheerleading

Competition is over, but the pride I feel about these well-behaved, talented girls will linger on for a long time. Ask anyone who was at Weymouth High School on Saturday and they will tell you, the Townies persevered. We didn't place, we didn't win, but we represented our town with pride and joy.

Competition was good. The caliber of talent among girls

in this age range of 10- to 14-year-olds is amazing, and our girls are included. Most of the towns that our girls competed against are very big, compared to ours and they have a lot of girls to choose from. We have 10 to 15 girls who want to be cheerleaders, and leaders they are.

I am very proud to say these girls are from Charlestown. No, they are not angels. No, they are far from perfect. But last Saturday they were the best to me.

I want to thank people personally. Kerry Woods and Sue Wrenn, with what time they had to give, they gave it their all. I appreciate that and admire the talent they both have. Thanks so much.

Not many people know Monique Walsh, but she was my B Team coach. If anything, she should be sainted, but really she is an out of town girl helping out our town girls and she did a great job. Thanks so much.

Hopefully, they will all return. I have to say that all our cheerleading coaches are wonderful and, if I can, I will thank all of them. Shannon McGlaughlin and Tracy Buckley coaches for the C-Team; Katie Farrell and Krista Kennedy, our D-Team coaches; and our E-Team Coach Jannelle DiFrummolo, with assistance of Annie Collier. Thanks for all your help. It is very hard to get good people to help with young kids, but we did. So again, thanks to my A- and B-Team squads for your dedication and commitment.

You make me proud.

Oct. 22 and 7:45 a.m. on this date, someone threw a brick through the front passenger window of her motor vehicle while it was parked at High and Wood streets. Nothing was reported missing.

A Charlestown resident told police that checks from a closed account had been taken from her Lexington Street home at an undetermined time. She stated that her bank notified her that an attempt had been made to cash two checks in excess of \$10,000. The account had been closed for two years. The suspects were unsuccessful in cashing the checks.

At 12:30 p.m., police were called to 50 Terminal St. on the report of an auto being struck by a truck in the parking lot.

Police officers were conducting a drug investigation in the Tremont Street area at about 2:15 p.m. when they saw a 38-year-old Charlestown man sitting in the driver's seat of an auto with two other males in the car. Officers approached the auto and observed that the occupants had a white substance on their laps. The officers identified themselves and showed their badges when the first man placed the auto into drive and fled, striking an auto parked in front of him. The officers activated their blue lights and siren, and attempted to stop the auto. The auto circled around coming up a one-way street the wrong way and the police called off the pursuit due to the time of day and the fact that school was getting out. The driver was later seen on foot on Putnam Street and was placed under arrest for refusing to submit to a police officer and reckless and dangerous operation of a motor vehicle. The auto, which was later found on Mt. Vernon Street, was towed.

At 2:20 p.m., officers responded to a call for a larceny at 50 School St. The officers spoke to the school principal who stated that a computer had been stolen from the nurse's room closet between Oct. 8 and Oct. 22. There was no sign of a break-in and no suspects at this time.

The first man, who reported that words were exchanged, was struck in the face by a teen, causing him to fall to the ground. One of the teens produced a knife and told one of the men to stay out of it. The woman was pushed to the ground and the other men were assaulted. The teens fled down Main Street as the police responded and a search was made to no avail. Three of the persons assaulted were transported to New England Medical Center, one with a lump on his cheek and the back of his head, one with a broken nose and the woman with pain in her wrist.

A Charlestown man reported that between 1:30 p.m. on Oct. 20 and 10 a.m. on this date, both license plates were removed from his motor vehicle while it was parked on Eighth Street in the Navy Yard. The license plate number is Mass. 336WPH.

At 1:20 p.m., officers responded to Walford Way to meet EMS. A Charlestown woman had been attacked by a dog and was being treated for bites to her neck, right arm and shoulder. She stated that the unleashed dog attacked her in the hallway. The dog, belonging to a Quincy man, was taken into custody by Animal Control and a citation was issued to its owner.

Sunday, Oct. 25

A Charlestown man reported that between midnight and 7:30 a.m., someone broke the rear windshield of his auto while it was parked on Perkins Street.

At 2:53 p.m., officers responded to a call for a robbery in progress at Blockbuster Video. The store manager told the officers that he observed a man leave the store and remove three Sony Playstation games from the hood of his sweatshirt. Upon being noticed, the man fled toward Main Street. Later, officers pursued a person matching this suspect's description on Bunker Hill Street but he escaped into the Bunker Hill Housing Development. The manager stated that there have been problems with this person in the past.

Halloween Haunted Halls At Boston City Hall

In an effort to offer children in the city of Boston a safe place to celebrate and participate in Halloween festivities, Mayor Thomas M. Menino welcomes all children and families to come out to enjoy "Haunted Halls 98."

Between 11 a.m. and 6 p.m. on Friday, Oct. 30, City Hall's lobby will be transformed into an assimilated haunted house with spooky Halloween music, bales of hay, corn stalks, a graveyard filled with walking dead characters, Count Dracula, Mummies, and Frankenstein's Laboratory.

The Halloween celebration will feature a

variety of activities from creative face painting, spooky story telling, the making of beaded necklaces, and arts & crafts.

Children are encouraged to dress up in their favorite Halloween costumes. Haunted Halls has become a city tradition, and promises to be great fun, and educational for all who attend. Children will be able to trick o' treat safely inside the Haunted Halls.

"Haunted Halls 98" is sponsored by the Mayor's Office of Special Events and Tourism, in conjunction with several businesses and agencies.

This event is free and open to the public.
