

Have you ever played a game and you got hooked on it even though you only wanted to relax and unwind? This often occurs when you play classic word puzzle games which involve words and letters. You can play for many hours and proceed from one level to another in a fun and entertaining way.

Play Word Link and see how addictive the puzzle game is and that's no lie. you may get engaged for more hours than you think while you attempt to solve a puzzle on the board. You may face blanks in each level and you need to fill them in using letters you will link in order. Usually ranging from 2 to 7 letters, English words can be formed using the letters found on the screen. It can also be educational as you train your brain and improve your vocabulary in the simple yet challenging game. Look for various words in a fun way and find additional words that are not on the board. Earn additional bonuses when you're able to also find the longest word in the puzzle.

Over 2000 Levels to Complete

You can never get enough of the Word Link game since there are more than 2000 levels to beat. Test your vocabulary without using any cheats so as to find your way to the next levels. However, there are times that you can't avoid hard levels and discover the right answers to the board so you need to use hints.

Available Useful Hints

Just like any other type of game, no one can avoid getting stuck at a particular level. Thankfully, you can use the available hints in exchange for 60 diamonds. It will be easier to advance the next time you realize that the answer is right there but you just can not seem to find it when you unlock more bonus words.

Straightforward Gameplay

It's not difficult to follow the rules and there are no time limits so that you can enjoy a game that is free of stress. You can have all the time to clear each level and continue on to another level to make it easier for you. There are no penalties if you get stuck and you have the choice to leave the game so you can come back later with a fresh beginning. You can always play the game if you would like to take short breaks in between your hectic day.

Daily Puzzle Challenge

Aside from the usual puzzles, make certain that you start solving the Daily Puzzle challenge when you have already completed level 30 of the game. Clear the crossword puzzle in the daily challenge to earn more diamonds which you can add to your inventory. Get the streak when you come back daily to earn loads of diamonds.

Have you ever wondered how to play Word Link on PC because you want a better gaming experience on a bigger screen? Download and install the game on your desktop or notebook and there's no [WordLink](#) need to use the emulator to play with it. Check out several mini-games which you can play between regular levels and you may have all the reasons to play the game every now and then.
