HOTEL CUBO

The CUBO Hotel is located in Ljubljana, the charming capital of Slovenia. The location of the hotel within Ljubljana is also ideal, bordering the old city quarter on one side and within walking distance of Ljubljana's large Tivoli park on the other. The hotel is easily accessible by car, but the traffic free zone of medieval Ljubljana is just across the street. You are in the city center but still able to complement exercise in the hotel's fitness room with jogging in a park or forest. The CUBO Hotel was not built new but ensconced in an historical building protected by the Institute for the Protection of Cultural Heritage of Slovenia. The 1930's art deco building has been completely renovated. It preserves its charm while being enhanced by modern design and functionality.
